J. C. E. BRANSON,
Head Commissioner of Paper Currency.

THE HON'BLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATION.

Dated Abu, the 31st March 1906.

No. 314.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 10th May, 1906.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid, will be considered by the Hon'ble the Chief Commissioner.

THE HONORABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

DRAFT NOTIFICATION.

No. of 1906.

Dated Abu, the 1906.

In exercise of the powers conferred by section 9 of the Indian Petroleum Act VIII of 1899, and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the additions and amendments hereinafter set forth to the rules published under the Chief Commissioner's Notification No. 71-401-A., dated 26th January 1903, to regulate the possession and transport of petroleum :—

For Rule I, substitute the following :—

I. For the purposes of these rules, "Petroleum in bulk" means petroleum in quantities of five hundred gallons or upwards, contained in any one receptacle.

In Rule III (1), delete the 13th and 14th words, *viz.*, "A or".

Add as Rule III A :—

Licenses for the possession of dangerous petroleum, otherwise than in bulk, granted under Rule II (1) (*a*) and II (3) (*a*) shall be subject to the following conditions :—

(*a*) That it is stored in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 10 gallons, and fitted with well-made fitting holes and well-fitting screw plugs, or fitted with screw cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons	25, B. W. G.
(2) When the capacity exceeds 2 gallons but does not exceed 4 gallons	22 „
(3) When the capacity exceeds 4 gallons	16 „

(*b*) That an air space of at least one-tenth of its capacity must be left in each drum or receptacle at the time of filling.

(*c*) That the drums or receptacles shall be so substantially constructed and secured as not to be liable, except, under circumstances of gross negligence or extraordinary accident to be broken or become defective, leaky or insecure.

(*d*) Before any vessel containing, or which has contained, dangerous petroleum is repaired by the lincensee, or is sent by him to be repaired, that vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

(*e*) That the building in which petroleum is to be stored must be constructed of masonry or other uninflammable material with terraced, tiled or iron roof, and a tiled, paved or earthen floor.

(*f*) The doorways and other openings of such buildings must be built up to such a height above the level of the road or street, or the floor must be sunk to such a depth below the level of the road street, that the petroleum stored in it cannot flow out of the building in the case of its escape from the receptacles in which it is contained, or the building itself

must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom, or a combination of these methods may be adopted.

(g) All ventilating openings in the building shall be protected by strong wire gauze.

(h) No smoking or light or fire of any description shall be permitted at any time within or near any building licensed under this rule.

(i) All due precaution shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons having access to any dangerous petroleum or to any vessels containing or having actually contained the same.

(j) Every person managing or employed on or in connection with any such licensed place of storage shall abstain from any act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from doing such act.

(k) The store-house shall be liable to inspection by an officer authorised on this behalf.

(l) The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

(m) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed in the presence of fire or artificial light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the dangerous petroleum, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept.

(n) The following distances are to be kept clear from the protected works round the place of storage :—

Quantity to be stored.	Distance to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons.	Distance to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons but not exceeding 10 gallons.
Gallons.	Feet.	Feet.
Not exceeding 1,000	25	30
From 1,000 to 5,000	40	50
From 5,000 to 10,000	60	70
From 10,000 to 15,000	90	100
From 15,000 to 20,000	130	150
From 20,000 to 30,000	180	200
From 30,000 and over	200	200

(o) Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of sub-rules (e), (f) and (n) shall not apply ; but the licensee shall observe the following conditions :—

(i) The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(ii) Where a store-house forms part of or is attached to another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has openings therein, the whole of such building shall be deemed to be the store house, and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble. The store-house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

In Rule IV substitute the following scales of fees to be charged for licenses for the possession of non-dangerous petroleum and dangerous petroleum in place of those prescribed in the existing rule :—

NON-DANGEROUS PETROLEUM.

	R
When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons, but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part of thereof in excess of 100 gallons.	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	
When the quantity to be stored exceeds 50,000 gallons	250

DANGEROUS PETROLEUM.

	R
When the quantity possessed is equal to or less than 40 gallons	3
When the quantity possessed exceeds 40 gallons but does not exceed 500 gallons	8
When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part thereof in excess of 1,000 gallons.	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	
When the quantity to be stored exceeds 50,000 gallons	250

In the second sentence of Rule VII (1) for the words "shall be special only" substitute the words "may also be either general or special."

In Rule VII (2) after the word "Petroleum" add the words "other than dangerous petroleum."

Add a new sub-rule (2-A) to Rule VII—

Dangerous petroleum to be transported shall be packed in the manner prescribed in Rule III-A (*a*), (*b*), (*c*).

Add as Rule VIII-A—

General licenses in Form H for a period of 12 months shall be issued for the transport of dangerous petroleum by cart only.

Such licenses shall authorise the holders to transport by cart dangerous petroleum being their own property without restriction as to destination or quantity.

In Rule IX, after the words "The holder of a general license," add the words "Under Rule VIII or VIII-A"; and after the words "issue a pass in" delete the words "Form G," and substitute the words "Form G or I"; and after the words "appended to these rules" add the words "as the case may be."

For Rule XIV of the existing rules substitute the following :—

The following fees shall be charged for licenses for the transport of non dangerous petroleum and dangerous petroleum under these rules :—

NON DANGEROUS PETROLEUM.

Special license for the transport of petroleum other than dangerous petroleum :—

	R
When the quantity to be transported exceeds 500 but does not exceed 5,000 gallons	1
For every additional 5,000 gallons or part of 5,000 gallons	1
General license for the transport of petroleum by cart for 12 months	100

DANGEROUS PETROLEUM.

	R
For quantities not exceeding 40 gallons	2
For quantities from 40 to 480 gallons	2
for the first 40 gallons, plus 8 annas for every additional 40 gallons or part thereof.	
For quantities exceeding 480 gallons	8
plus R2 for every additional 480 gallons or part thereof.	
General license for the transport of dangerous petroleum by cart for 12 months	100

In place of the existing endorsement on Form A substitute the following :—

ENDORSEMENT ON FORM A.

Rules.

(Enter Rules III A, IV to VI and XV to XVIII of the Rules under section 9 of the Act).

Conditions.

(1) All petroleum in the licensed place shall be contained in vessels labelled in accordance with section 7 of the Act.

(2) No goods of a combustible nature shall be stored in the licensed place.

(3) The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding 3 gallons to any one who has not a license under section 5 or 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act as to the vessels in which the petroleum must be contained.

In the endorsement on Form D, after the words "Here enter Rule VII" add the words "Sub-rules (1), (2-A) and (4)."

In the endorsement on Form E substitute the words "Sub-rules (1), (2) and (3)" for "Sub-rules (1) to (3)."

FORM H.

General licenses to transport dangerous petroleum by cart, to be granted under section 9 of the Indian Petroleum Act, 1899 (VIII of 1899).

No.

Fee R100.

A general license is hereby granted to .... to transport dangerous petroleum by cart within the districts of Ajmer and Merwara, subject to the rules and conditions on the back of this license. This license shall continue in force till the .... day of

Dated

District Magistrate.

TREASURE TROVE.

NOTICE.

It is hereby notified under section 5 of the Indian Treasure Trove Act, VI of 1878, that in the month of July 1905 treasure consisting of articles as per enclosed schedule, of the value noted therein, was found in a small earthen pot hidden in the ground at a depth of about one foot near the cattle shed newly built by Kunjam Buchendhora in Gunnepalli Chodavaram Division, Godavari District, Madras Presidency.

2. All persons claiming the said treasure or any part thereof are hereby required to appear personally or by an authorized agent before the Collector, Godavari, in his office at Cocanada on 20th August 1906 at 11 A.M. with a view to the matter being enquired into and determined in accordance with the provisions of the said Act.

J. A. CUMMING,
Collector.

TREASURE TROVE.

NOTICE.

It is hereby notified under section 5 of the Indian Treasure Trove Act, VI of 1878, that on the 11th October 1905 treasure consisting of two idols on a pedestal, made of copper, weighing 684 tolas and valued at R 19 were found by Vasudeva Chari, Monigar of the Viratteswara temple, while digging earth in connection with the work of re-constructing some of the inner portions of the said temple in Kiliyur village, Tirukkoyilur Taluk, South Arcot District, in the Madras Presidency.

2. All persons claiming the said treasure or part thereof are hereby required to appear personally or by agent before the Collector of South Arcot at his office at Cuddalore on Saturday, the 1st day of September 1906, in view to the matter being enquired into or determined according to law.

For Collector.

SOUTH ARCOT COLLECTOR'S OFFICE,
Dated 23rd March 1906.

HON'BLE THE AGENT TO THE GOVERNOR GENERAL AND CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Peshawar, the 19th March 1906.

No. 55.—The following additions and amendments which it is proposed to make to the rules framed in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and published with North-West Frontier Province Administration Notification No. 198, dated the 8th December 1904, are published for the information of all persons likely to be affected thereby. Notice is hereby given that the said additions and amendments will be taken into consideration on or after the 27th April 1906.

2. Any objection or suggestion which may be received from any person with respect to the said additions or amendments before the date aforesaid will receive consideration —

(1) After Rule 2 the following rule shall be inserted, namely :—

2a. Notwithstanding anything in Rules 2 and 4, licenses for the possession of dangerous petroleum otherwise than in bulk may be granted subject to the following conditions :—

(a) That it is stored in gas-tight tin or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 10 gallons and fitted with well-made filling holes and well-fitting screw plugs or fitted with screw cap with metal air-tight undercap and that such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wooden cases shall not be necessary when the drums or receptacles are made of tin, galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons . .	25 B. W. G.
(2) When the capacity exceeds 2 gallons, but does not exceed 4 gallons	22 B. W. G.
(3) When the capacity exceeds 4 gallons	16 B. W. G.

(b) That an air space of at least one-tenth of its capacity shall be left in each drum or receptacle.

(c) That the drums or receptacles shall be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident to be broken or become defective, leaky or insecure.

(d) That before any vessel containing, or which has contained, dangerous petroleum is repaired by the licensee, or is sent by him to be repaired, that vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

(e) That the building in which petroleum is to be stored shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roof and a tiled, paved or earthen floor.

(f) That the doorways and other openings of such buildings shall be built up to such a height above the level of the road or street or the floor shall be sunk to such a depth below the level of the road or street, that the petroleum stored in it cannot flow out of the building in the case of its escape from the receptacles in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom, or a combination of these methods may be adopted.

(g) That all ventilating openings in the building shall be protected by strong wire gauze.

(h) That no smoking or light or fire of any description shall be permitted at any time within or near any building licensed under this rule.

(i) That all due precaution shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum or to any vessels containing or intended to contain or having actually contained the same.

(j) That every person managing or employed on or in connection with any such licensed place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

(k) That the store-house shall be liable to inspection by the officers authorized on this behalf, under Rule 6 (1).

(*l*) That no drum or other receptacle containing dangerous petroleum shall be opened or the petroleum drawn off within the room in which the stock of petroleum is kept.

(*m*) That the filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed in the presence of fire or artificial light except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the dangerous petroleum, and that no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept.

(*n*) That the following distances are kept clear from the protected works round the place of storage :—

Quantity to be stored.	Distances to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons.	Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons, but not exceeding 10 gallons.
Gallons.	Feet.	Feet.
Not exceeding 1,000	25	30
From 1,000 to 5,000	40	50
Do. 5,000 to 10,000	60	70
Do. 10,000 to 15,000	90	100
Do. 15,000 to 20,000	130	150
Do. 20,000 to 30,000	180	200
Do. 30,000 and over	200	200

(*o*) Provided that when the quantity to be possessed does not exceed 40 gallons the provisions of sub-rules (*e*), (*f*) and (*n*) shall not apply, but the licensee shall observe the following conditions :—

(i) That the store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(ii) That the store-house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble and that where such store-house forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the store-house and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble.

(2) In rule 3 for the words "Rule 2" the words "Rules 2 and 2*a*" shall be substituted.

(3) In rule 6(1) before the words "the District Magistrate" the words "the Chief Inspector of Explosives, the Inspector of Explosives" shall be inserted.

(4) (*a*) In Rule 8 for the scale of fees payable for licenses for the possession of dangerous petroleum the following shall be substituted, namely :—

	R
Where the quantity to be kept does not exceed 40 gallons.	3
Where the quantity to be kept exceeds 40, but does not exceed 500 gallons.	
Where the quantity to be kept exceeds 500, but does not exceed 1,000 gallons.	12
Where the quantity to be kept exceeds 1,000, but does not exceed 5,000 gallons.	12 *plus* R2 extra for every 1,000 gallons or part thereof in excess of 1,000 gallons.
Where the quantity to be kept exceeds 5,000, but does not exceed 50,000 gallons.	20 *plus* R4 extra for every 1,000 gallons or fraction thereof in excess of 5,000 gallons.
Where the quantity to be kept exceeds 50,000 gallons.	250

(*b*) In the scale of fees payable for licenses for the possession of petroleum other than dangerous petroleum for the last item shall be substituted :—

	R
Where the quantity to be kept exceeds 50,000 gallons.	250

(5) For Rule 9(1) the following rule shall be substituted, namely:—

(9) (1) Dangerous petroleum shall not be transported in bulk and it shall not be carried in receptacles other than of the following description, namely, in gas-tight tin or galvanized

sheet iron, steel or lead plate drums or receptacles containing each not more than 10 gallons and fitted with well-made filling holes and well-fitting screw plugs or fitted with screw cap with metal air-tight undercap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wooden cases shall not be necessary when the drums or receptacles are made of tin, galvanized sheet iron, or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed 2 gallons	25 B. W. G.
(2) When the capacity exceeds 2 gallons, but does not exceed 4 gallons .	22 B. W. G.
(3) When the capacity exceeds 4 gallons	16 B. W. G.

An air space of at least one-tenth of its capacity must be left in each drum or receptacle.

The drums or receptacles shall be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident to be broken or become defective, leaky or insecure. Licenses for the transport of dangerous petroleum shall be special or general.

(6) In Rule 10 for the words "other than," in the first sentence, the word "including" shall be substituted.

(7) In Rule 11 (1) (*f*) after the word "petroleum" where it first occurs the words "other than dangerous petroleum and" shall be inserted.

(8) After Rule 11 (1) (*f*) the following rule shall be inserted:—

"(*g*) When the pass is granted for the transport of dangerous petroleum, the petroleum must be contained in receptacles of the description detailed in Rule 9 (1) and packed in the manner therein described."

(9) In Rule 16 before the words "The District Magistrate," the words "The Chief Inspector of Explosives, the Inspector of Explosives" shall be inserted.

(10) For Rule 17 the following rule shall be substituted, namely:—

17. The following fees shall be charged for licenses for the transport of petroleum, namely:—

Licenses for the transport of dangerous petroluem.

	R
Where the quantity to be transported does not exceed 40 gallons.	2
Where the quantity to be transported exceeds 40, but does not exceed 480, gallons.	2 for the first 40 gallons *plus* 8 annas for every additional 40 gallons or part thereof.
Where the quantity to be transported exceeds 480 gallons.	8 *plus* R2 for every additional 480 gallons or part thereof.
General license for the transport of dangerous petroleum.	100

Special licenses for the transport of other petroleum.

	R
Where the quantity to be transported exceeds 500 gallons, but does not exceed 5,000 gallons	1
For every additional 5,000 gallons or part of 5,000 gallons	1
General license for the transport of petroleum other than dangerous petroleum .	100

(11) In Rule 21 for the word "two" the word "four" shall be substituted.

(12) After Rule the following rule shall be inserted, namely:—

"24A. Holders of special licenses in Form H may be granted also on payment of a fee of R5, general licenses in Form I, to transport petrol otherwise than on a motor vehicle. Such licenses, which will be granted under the signature of the Assistant Secretary to the Chief Commissioner, North-West Frontier Province, shall have currency for a period of one year from the date of their issue; and shall, subject to the rules and conditions thereon endorsed, authorize the holders to transport petrol by road, by rail, or by water, up to a maximum of 60 gallons on each occasion."

(13) In Rule 25 for the words "and 23" the words "23 and 24-A" shall be substituted.

(14) After Form H the following forms shall be inserted:—

Form I.

General license to transport petrol granted to the holder of a special license (in Form H) No.

No.) (Fee R5.

License is hereby granted to to transport by road, by rail, or by river petrol up to a maximum of 60 gallons on each occasion, subject to the rules and conditions on the back hereof.

Asst. Secretary to the Chief Commr.,

F. H. HUMPHRYS,
Assistant Secretary to the Chief Commissioner,
North-West Frontier Province.

The 29th March 1906.

No. 60.—The Hon'ble the Chief Commissioner is pleased, under the provisions of section 22 of the Code of Criminal Procedure, 1898, to appoint Mr. Arthur Trayer Scott, B.A., I.C.S., Assistant Commissioner, Nowshera, to be a Justice of the Peace within and for the territories included in the Administration of the North-West Frontier Province.

By order, etc.,

F. W. JOHNSTON,
Secretary to the Chief Commissioner,
North-West Frontier Province.

The 30th March 1906.

No. 62.—Consequent on the grant of six months' combined leave to Captain H. deC. O'Grady, I. A., Captain G. H. Sawyer, I. A., is appointed to officiate as Commandant, Chitral Scouts, in addition to his own duties, with effect from the afternoon of the 11th March 1906.

LEAVE.

The 30th March 1906.

No. 61.—Captain H. deC. O'Grady, I.A. Commandant, Chitral Scouts, is granted 60 days' privilege leave combined with 4 months' furlough under the provisions of paragraph 222, Army Regulations, India, Volume II, with effect from the afternoon of the 11th March 1906.

The 3rd April 1906.

No. 63.—Captain W. C. T. G. G. Plant, I.A., Right Wing Commander, Kurram Militia, is granted 30 days' privilege leave under the provisions of Article 659, Army Regulations, India, Volume I, Part I, with effect from the forenoon of the 1st April 1906.

By order, etc.,

WALTER VENOUR, Major,

Staff Officer to the Chief Commissioner, North-West Frontier Province.

OFFICE OF THE REVENUE AND FINANCIAL SECRETARY TO THE CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Peshawar, the 31st March 1906.

No. 1476.—In accordance with the provisions of section 29 (1) of the Punjab Land Revenue Act, 1887, the Chief Commissioner is pleased to abolish the levy of Patwari cess, hitherto realised from the landowners, with effect from 1st April 1906 in all the territories under his control.

DRAFT NOTIFICATION (I).

The 31st March 1906.

No. 1481.—In exercise of the powers conferred by section 17, sub-section (1), of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council, the Chief Commissioner is pleased to impose, with effect from 1st April 1906, the following taxes in the Dera Ismail Khan Cantonment —

I. A house-tax on all buildings (other than those which are the property of Government) at the rate of R5 per cent. on their annual value as defined in section 42, sub-section (2) of the Punjab Municipal Act, 1891 (XX of 1891).

II. A Conservancy tax payable by each tenant or occupier as under:—

(a) Each married tenant or occupier, or part tenant or part occupier of a house, R2 per mensem.

(b) Each unmarried tenant or occupier, or part tenant or part occupier of a house, R1 per mensem.

DRAFT NOTIFICATION (II)

No. 1484.—In exercise of the powers conferred by section 17, sub-section (2), of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council the Chief Commissioner is pleased to apply to the Cantonment of Dera Ismail Khan, the provisions of sections 49 to 61 (both inclusive), 63, 64, and section 201 of the Punjab Municipal Act, 1891 (XX of 1891), regarding the assessment and recovery of taxes in the adapted form set forth in the Schedule hereto annexed.

THE SCHEDULE.

Sections 49—61 (both inclusive), 63, 64 and 201 of the Punjab Municipal Act, 1891 (XX of 1891) as adapted for the purposes of the assessment and recovery of taxes imposed in the Dera Ismail Khan Cantonment under section 17, sub-section (1), of the Cantonments Act, 1889 (XIII of 1889).

Section 49.

1. No assessment and no charge or demand of any tax shall be impeached or affected by reason of any mistake in the name, residence, place of business or occupation of any person liable to pay the tax or in the description of any property or thing liable to the tax, or of any mistake in the amount of assessment or tax or by reason of any clerical error or other defect of form; and it shall be enough in any tax on property, or any assessment of value for the purpose of any such tax, if the property taxed or assessed is so described as to be generally known; and it shall not be necessary to name the owner or occupier thereof.

Section 50.

2. Taxes shall be payable on such dates and in such instalments (if any) as the Cantonment authority may from time to time direct.

Section 51.

3. For all sums paid on account of any tax a receipt, stating the amount and the tax on account of which it has been paid, shall be given by the person receiving the same, on request by the person making the payment.

Section 52.

4. (1) An appeal against the assessment or levy of any tax shall lie to the Deputy Commissioner or to such other Officer as may be empowered by the Local Covernment in this behalf.

(2) If, on the hearing of an appeal under this rule, any question as to the liability to, or the principle of assessment of, a tax arises, on which the officer hearing the appeal entertains reasonable doubt, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which doubt is entertained, and refer the statement with his own opinion on the point for the decision of the Judicial Commissioner, North-West Frontier Province.

(3) On reference being made under this rule the subsequent proceedings in the case shall be, as nearly as may be, in conformity with the rules relating to references to the High Court contained in Chapter XLVI of the Code of Civil Procedure.

(4) In every appeal the costs shall be in the discretion of the officer deciding the appeal.

(5) Costs awarded under this section to the Cantonment authority shall be recoverable by the Cantonment authority as though they were arrears of a tax due from the appellant.

(6) If the Cantonment authority fails to pay any costs awarded to an appellant within ten days after the date of the order for payment thereof, the officer awarding the costs may order the person having the custody of the balance of the Cantonment Fund to pay the amount.

Section 53.

5. (1) No appeal shall lie in respect of the tax on buildings, unless it is preferred within one month after the publication of the notice prescribed by Rule 11 (2) or Rule (13) or after the date of any final order under Rule 12, as the case may be, and no appeal shall lie in respect of any other tax unless it is preferred within one month from the time when the demand for the tax is made.

Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this rule if the appellant satisfies the officer before whom the appeal is preferred that he had sufficient cause for not presenting the appeal within that period.

(2) No appeal shall be entertained unless the appellant has paid all taxes due from him to the Cantonment authority up to the date of such appeal.

Section 54.

6. No objection shall be taken to any valuation or assessment, nor shall the liability of any person to be assessed or taxed be questioned, in any other manner or by any other authority than is provided in these rules.

Section 55.

7. (1) The Cantonment authority may, by written communication, call upon any inhabitant of the Cantonment to furnish such information as may be necessary in order to ascertain whether such inhabitant is liable to pay any tax.

(2) If any inhabitant so called upon to furnish information omits to furnish it or furnishes information which is untrue, he shall be punishable with fine which may extend to one hundred rupees.

Section 56.

8. (1) the Cantonment authority shall cause an assessment list of the buildings on which the tax on buildings is imposed, to be prepared, containing—

(a) The name of the street or division in which the building is situated;

(b) the designation of the building, either by name or by number, sufficient for identification;
(c) the names of the owner and occupier, if known;
(d) the annual value, area or length of frontage on which the building is assessed; and
(e) the amount of the tax assessed thereon by the Cantonment authority.

(2) For the purpose of preparing the list, the Cantonment authority may require the owners or occupiers of the building to furnish it with the returns of the measurements and of the rent or annual value.

Section 57.

9. When the assessment list has been completed, the Cantonment authority shall give public notice thereof, and of the place where the list or a copy thereof may be inspected; and every person, claiming to be either owner or occupier of any building included in the list, and any agent of such person, shall be at liberty to inspect the lists and to make extracts therefrom without charge.

Section 58.

10. (1) The Cantonment authority shall at the time of the publication of such assessment list give public notice of a time, not less than one month thereafter, when it will proceed to revise the valuation and assessment; and in all cases in which any building is for the first time assessed, or the assessment thereof is increased, it shall also give notice thereof to the owner or occupier of the building.

(2) All objections to the valuation and assessment shall be made in writing before the time fixed in the notice, or orally or in writing at that time

Section 59.

11. (1) After the objections have been enquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorized agent, as they may think fit, and the revision of the valuation and assessment has been completed, amendments made in the list shall be authenticated by the signature of the Cantonment authority, who shall at the same time certify that no valid objection has been made to the valuation and assessment contained in the list except in the cases in which amendments have been entered therein; and, subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the first day of January next ensuing, as also, in the case of a tax then imposed for the first time, for the period between the commencement of the tax and such first day of January.

(2) The list when amended under this section shall be deposited in the Cantonment office and shall there be open during office hours to all owners or occupiers of buildings comprised therein, or the agents of such persons, and a public notice that it is so open shall forthwith be published.

Section 60.

12. (1) The Cantonment authority may at any time amend the list by inserting the name of any person whose name ought to have been inserted, or by inserting any building which ought to have been inserted, or by altering the assessment on any building which has been erroneously valued or assessed through fraud, accident or mistake, after giving notice, to any person interested in the amendment, of a time not less than one month from the date of service of such notice, at which the amendment is to be made.

(2) Any person interested in any such amendment may tender his objection to the Cantonment authority in writing before the time fixed in the notice, or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorized agent, as he may think fit.

Section 61.

13. It shall be in the discretion of the Cantonment authority to prepare a new assessment list every year, or to adopt the valuation and assessment contained in the list for any year, with such alterations as may in particular cases be deemed necessary, as the valuation and assessment for the year following, giving the same notice of the valuation and assessment as if a new assessment list had been prepared.

Section 63.

14. (1) A tax on buildings and lands, other than a water-tax, shall be paid by the owner of the property in respect of which it is payable.

(2) A water-tax shall be paid by the occupier of the property in respect of which it is payable.

Section 64.

15. (1) When any sum is due on account of a tax payable in respect of any property by the owner thereof, the Cantonment authority shall cause a bill for the amount, stating the property and the period for which the charge is made, to be delivered to the person liable to pay the same.

(2) If the bill be not paid within ten days from the delivery thereof, the Cantonment authority may cause a notice of demand to be served on that person; and, if he does not within seven days from the service of the notice, pay the sum due with any fee leviable for the notice, or show sufficient cause for non-payment, the sum due, with the fee, shall be deemed to be an arrear of tax.

(3) The amount of every such arrear besides being recoverable in the manner hereafter provided by Rule 16 shall, subject to any claim on behalf of His Majesty, be a first charge on the property in respect of which it is payable, and shall be recoverable, on application made in this behalf by the Cantonment authority to the Collector, as if the property were an estate assessed to land-revenue and the arrear of such revenue due thereon:

Provided that nothing in this rule shall authorize the arrest of a defaulter.

16. Any arrears of any tax recoverable by the Cantonment authority under these rules may be recovered, on application to a Magistrate having jurisdiction within the limits of the Cantonment, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his jurisdiction belonging to such person.

Section 201.

NOTIFICATION.

ESTABLISHMENTS.

No. 395.

Simla, the 10th April, 1906.

A TEMPORARY vacancy having occurred in the office of Lieutenant-Governor of Bengal consequent on the grant of leave for six months to the Honourable Sir Andrew Henderson Leith Fraser, K.C.S I., the Governor General of India is pleased, under the authority vested in him by the 29th section of the Act 21 and 22 Vict., Cap. 106, and subject to the approbation of His Majesty, to appoint the Honourable Mr. Lancelot Hare, C.S.I., C.I.E., Member of the Board of Revenue, Lower Provinces, and Additional Member of the Council of the Governor General for making Laws and Regulations, to officiate as Lieutenant-Governor of Bengal during the absence of Sir Andrew Fraser on the said leave.

The Honourable Mr. Hare has this day assumed charge of the office of Lieutenant-Governor of Bengal.

H. H. RISLEY,

Secretary to the Government of India.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 19th April 1906.

NOTIFICATIONS.

No. 1593 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 14th April 1906:—

No. 199 of 1906.—Charles Edwin Holland, engineer, of 506 W. 113 street, New York, in the United States of America. *An improved process of reclaiming metals from liquids.*

No. 200 of 1906.—The I. R. Refractory Ore Syndicate, Limited, Manufacturers of 34 Clements lane, Lombard street, London, England. *Improvements in the treatment of pyritic ores containing gold, silver or other valuable metals.*

No. 201 of 1906.—Dr. Hans Kuzel, gentleman, of Villa Sirius, Baden near Vienna, Empire of Austria. *A process of increasing the electric resistance of metals, especially of incandescence bodies formed of difficultly fusible metals for electric incandescence lamps.*

No. 202 of 1906.—Leopold Benoit de Laitte, engineer, of No. 117 Middlesex street, London, England. *Improved apparatus for the production of carburetted air for lighting and power purposes.*

No. 203 of 1906.—William Paul Nolan, clerk, of 5 Commercial Chambers, 24 Manse street, Dunedin, New Zealand. *Improved ticket dater.*

No. 204 of 1906.—John Smith Raworth, engineer, of 2 Queen Anne's gate, in the city of Westminster, England. *Improvements in controllers for electrically propelled vehicles.*

No. 205 of 1906.—Lalit Chandra, trader, of Uzan Bazar, Gauhati, Assam, British India. *Improvements in spinning and twisting machines.*

No. 206 of 1906.—William Baker Hartridge, engineer, of Granville House, Arunde street, London, England. *Improvements in or relating to cushion or the like tyres and in or relating to wheels or rims therefor.*

No. 207 of 1906.—Dick Edwards Radclyffe, manufacturer of Hythe End, Staines, in the county of Middlesex, England. *A combination gill box and fibre softening machine for preparing and opening or otherwise treating fibres or fibrous material preparatory to combing.*

No. 208 of 1906.—Wilhelm Johannes Mennes, music teacher, of 10, 2e Sweelinckstraat, Amsterdam, kingdom of the Netherlands. *An improved method of and apparatus for stretching the fingers in order to facilitate pianoforte playing and similar operations.*

No. 1594 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 400 of 1905.—Sir W. G. Armstrong, Whitworth and Company, Limited, Manufacturing engineers, of Elswick Works, Newcastle-upon-Tyne, England. *Improvements in means for operating small arms as machine guns.* (Specification filed 7 April 1906.)

1905.—Arthur Bernard Gill, electrical engineer, of 27 Whitehall Court, London, in England. *Improvements in the method of and means for electrically lighting railway carriages and the like.* (Specification filed 7 April 1906.)

1905.—Sir W. G. Armstrong, Whitworth and Company, Limited, manufacturing engineers, of Elswick Works, Newcastle-upon-Tyne, England. *Improvements in and relating to traversers for quay and like rails and connections.* (Specification filed 7 April 1906.)

No. 472 of 1905.—Percy Yates Harrison, commission agent, of 88 Beamsley road, Frizinghall, Bradford, in the county of York, England, and Robert Heap Southall, boot and shoe manufacturer, of 19 Hamilton Terrace, Leeds, in the county of York, England. *Improvements in or relating to detachable top pieces for the heels of boots and shoes.* (Specification filed 7 April 1906.)

No. 488 of 1905.—Alfred Benjamin Duggan, foreman, G. I. P. Railway Workshop, Parel. *A tyre compressing machine, for engine, wagon, and carriage wheel tyres of locomotives and other vehicles.* (Specification filed 19 February 1906.)

No. 100 of 1906.—Lazaridas Aptekman, foreman, of 42 Settle street, London, in the county of Middlesex, England. *Improvements in tobacco-cutting machines.* (Specification filed 11 April 1906.)

No. 103 of 1906.—Arthur Blanchard, electrical engineer, of 199 Inderwick road, Hornsey, London, England, Harry Wood, engineer, of 55 Wyatt road, Highbury, London, England, and Ernest Augustus Hamilton Burgoyne, gentleman, of 30 Craven street, Strand, London, England. *Improvements in incandescent vapour burners.* (Specification filed 11 April 1906.)

No. 1595 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 364 of 1898.— Fred. Lobnitz. *Improvements in apparatus for breaking up or cutting rocks, boulders, stones, or earth, under water or on dry land.* (From 14 April 1906 to 14 April 1907.)

No. 52 of 1899.—Henry Cruse. *Improvements in the method of and apparatus for generating steam.* (From 10 May 1906 to 10 May 1907.)

No. 3 of 1900.—Thomas John McCloughin. *An improved railway tricolor hand signal lamp.* (From 9 April 1906 to 9 April 1907.)

No. 19 of 1901.—Bissun Dutt. *Improvements in portable sugarcane mills.* (From 28 May 1906 to 28 May 1907.)

No. 22 of 1901.—Ernest Rowland Hill *Improvements in controlling mechanism especially applicable for use with pumps.* (From 17 August 1906 to 17 August 1907.)

No. 30 of 1901.—Frank Clarence Newell. *Improvements in electric brakes* (From 23 April 1906 to 23 April 1907.)

No. 70 of 1901.—Arthur Hoare. *Improvements in mechanical punkahs.* (From 23 May 1906 to 23 May 1907.)

No. 233 of 1901.—Thomas Cole and William Lawes Cole. *Improvements connected with apparatus for producing cold air for refrigerating and like purposes.* (From 29 July 1906 to 29 July 1907.)

No. 1596 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased :—

No. 241 of 1901.—George Westinghouse. *Improvements relating to the production and utilisation of gas.* (Specification filed 7 January 1902.)

No. 272 of 1901.—Sheik Kurrim Buksh. *Improvements in rollers for sugar cane mills.* (Specification filed 9 January 1902.)

No. 291 of 1901.—Wilhelm Widmann *An improved calcium carbide admission valve for use with acetylene gas generators.* (Specification filed 10 January 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 356 of 1900.—Arthur Hoare. *Improvements in punkah pulling machinery.* (Specification filed 10 January 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of filing of the specification—

The sum of R50 for the above invention.

No. 315 of 1895.—Samuel Cleland Davidson. *Improvements in multitubular air heating apparatus.* (Specification filed 8 January 1896.)

Fee in respect of the continuance of an exclusive privilege—

4 (*g*) After the expiration of the ninth year and before the expiration of the tenth year from the date of the filing of the specification—

The sum of R100 for the above invention.

No. 332 of 1893.—Marshall Burns Lloyd. *Improvements in machines for making coiled wire fabric.* (Specification filed 9 January 1895.)

No. 180 of 1894.—Willans and Robinson, Limited. *Improvements in metallic joints for boilers and other apparatus.* (Specification filed 11 January 1895.)

Fee in respect of the continuance of an exclusive privilege—

4 (*h*) After the expiration of the tenth year and before the expiration of the eleventh year from the date of the filing of the specification—

The sum of R100 for each of the above inventions.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or *1s. 1d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

BOARD OF EXAMINERS.

NOTICES.

HIS MAJESTY'S MINT;
Calcutta, the 18th April 1906.

THE HON'BLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Dated Abu, the 31st March 1906.

No. 314.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 10th May, 1906.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid, will be considered by the Hon'ble the Chief Commissioner.

THE HONORABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

DRAFT NOTIFICATION.

No. of 1906.

Dated Abu, the 1906.

In exercise of the powers conferred by section 9 of the Indian Petroleum Act, VIII of 1899, and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the additions and amendments hereinafter set forth to the rules published under the Chief Commissioner's Notification No. 71-401-A., dated 26th January 1903, to regulate the possession and transport of petroleum :—

For Rule I, substitute the following:—

I. For the purposes of these rules, "Petroleum in bulk" means petroleum in quantities of five hundred gallons or upwards, contained in any one receptacle.

In Rule III (1), delete the 13th and 14th words, *viz.*, "A or".

Add as Rule III A:—

Licenses for the possession of dangerous petroleum, otherwise than in bulk, granted under Rule II (1) (*a*) and II (3) (*a*) shall be subject to the following conditions :—

(*a*) That it is stored in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 10 gallons, and fitted with well-made fitting holes and well-fitting screw plugs, or fitted with screw cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons	25, B. W. G.
(2) When the capacity exceeds 2 gallons but does not exceed 4 gallons	22 „
(3) When the capacity exceeds 4 gallons	16 „

(*b*) That an air space of at least one-tenth of its capacity must be left in each drum or receptacle at the time of filling.

(*c*) That the drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

(*d*) Before any vessel containing, or which has contained, dangerous petroleum is repaired by the lincensee, or is sent by him to be repaired, that vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

(*e*) That the building in which petroleum is to be stored must be constructed of masonry or other uninflammable material with terraced, tiled or iron roof, and a tiled, paved or earthen floor.

(*f*) The doorways and other openings of such buildings must be built up to such a height above the level of the road or street, or the floor must be sunk to such a depth below the level of the road street, that the petroleum stored in it cannot flow out of the building in the case of its escape from the receptacles in which it is contained, or the building itself

must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom, or a combination of these methods may be adopted.

(*g*) All ventilating openings in the building shall be protected by strong wire gauze.

(*h*) No smoking or light or fire of any description shall be permitted at any time within or near any building licensed under this rule.

(*i*) All due precaution shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons having access to any dangerous petroleum or to any vessels containing or having actually contained the same.

(*j*) Every person managing or employed on or in connection with any such licensed place of storage shall abstain from any act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from doing such act.

(*k*) The store-house shall be liable to inspection by an officer authorised on this behalf.

(*l*) The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

(*m*) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed in the presence of fire or artificial light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the dangerous petroleum, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept.

(*n*) The following distances are to be kept clear from the protected works round the place of storage:—

Quantity to be stored.	Distance to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons.	Distance to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons but not exceeding 10 gallons.
Gallons.	Feet.	Feet.
Not exceeding 1,000	25	30
From 1,000 to 5,000	40	50
From 5,000 to 10,000	60	70
From 10,000 to 15,000	90	100
From 15,000 to 20,000	130	150
From 20,000 to 30,000	180	200
From 30,000 and over	200	200

(*o*) Provided that when the quantity to be possessed does not exceed 60 gallons, the provisions of sub-rules (*e*), (*f*) and (*n*) shall not apply; but the licensee shall observe the following conditions:—

(*i*) The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(*ii*) Where a store-house forms part of or is attached to another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has openings therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble. The store-house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

In Rule IV substitute the following scales of fees to be charged for licenses for the possession of non-dangerous petroleum and dangerous petroleum in place of those prescribed in the existing rule:—

NON-DANGEROUS PETROLEUM.

	R
When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons, but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part thereof in excess of 100 gallons	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	
When the quantity to be stored exceeds 50,000 gallons	250

DANGEROUS PETROLEUM.

When the quantity possessed is equal to or less than 40 gallons	3
When the quantity possessed exceeds 40 gallons but does not exceed 500 gallons .	8
When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part thereof in excess of 1,000 gallons.	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	
When the quantity to be stored exceeds 50,000 gallons	250

In the second sentence of Rule VII (1) for the words "shall be special only" substitute the words "may also be either general or special."

In Rule VII (2) after the word "Petroleum" add the words "other than dangerous petroleum."

Add a new sub-rule (2-A) to Rule VII—

Dangerous petroleum to be transported shall be packed in the manner prescribed in Rule III-A (*a*), (*b*), (*c*).

Add as Rule VIII-A—

General licenses in Form H for a period of 12 months shall be issued for the transport of dangerous petroleum by cart only.

Such licenses shall authorise the holders to transport by cart dangerous petroleum being their own property without restriction as to destination or quantity.

In Rule IX, after the words "The holder of a general license," add the words "Under Rule VIII or VIII-A"; and after the words "issue a pass in" delete the words "Form G," and substitute the words "Form G or I"; and after the words "appended to these rules" add the words "as the case may be."

For Rule XIV of the existing rules substitute the following :—

The following fees shall be charged for licenses for the transport of non-dangerous petroleum and dangerous petroleum under these rules :—

NON-DANGEROUS PETROLEUM.

Special license for the transport of petroleum other than dangerous petroleum :—

	R
When the quantity to be transported exceeds 500 but does not exceed 5,000 gallons	1
For every additional 5,000 gallons or part of 5,000 gallons	1
General license for the transport of petroleum by cart for 12 months . . .	100

DANGEROUS PETROLEUM.

For quantities not exceeding 40 gallons	2
For quantities from 40 to 480 gallons	2
for the first 40 gallons, plus 8 annas for every additional 40 gallons or part thereof.	
For quantities exceeding 480 gallons	8
plus R2 for every additional 480 gallons or part thereof.	
General license for the transport of dangerous petroleum by cart for 12 months .	100

In place of the existing endorsement on Form A substitute the following :—

ENDORSEMENT ON FORM A.

Rules.

(Enter Rules III A, IV to VI and XV to XVIII of the Rules under section 9 of the Act.)

Conditions.

(1) All petroleum in the licensed place shall be contained in vessels labelled in accordance with section 7 of the Act.

(2) No goods of a combustible nature shall be stored in the licensed place.

(3) The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding 3 gallons to any one who has not a license under section 5 or 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act as to the vessels in which the petroleum must be contained.

In the endorsement on Form D, after the words "Here enter Rule VII" add the words "Sub-rules (1), (2-A) and (4)."

In the endorsement on Form E substitute the words "Sub-rules (1), (2) and (3)" for "Sub-rules (1) to (3)."

FORM H.

General licenses to transport dangerous petroleum by cart, to be granted under section 9 of the Indian Petroleum Act, 1899 (VIII of 1899).

C. STEWART-WILSON,
Offg. Director-General of the Post Office of India.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Engineer Department.

SESSION, 1906-1907.

Candidates for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906.

Candidates must furnish proof that they have passed one of the following tests:—

(1) The B. Sc. or B. A. Examination in the B. course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.

(2) The F. A. Examination of the Calcutta and Madras Universities.

(3) The Intermediate Examination of Allahabad and Punjab Universities.

(4) The Intermediate Examination for the degree of B. A. of Bombay University.

(5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4), and (5), must be under 21 years.

In selecting candidates who have passed the F. A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F. A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is R10 a month for each month of the year, vacation included.

One junior scholarship of R20 a month, one of R15 a month, and six of R10 a month tenable for two years will be given to students, who have been admitted to the College, who do not hold University Scholarships

The selection will be made in the following order:—

(*a*) B. Sc.'s;

(*b*) B. A.'s who have taken up the B. Course; and

(*c*) F. A. candidates (except those who passed in the 3rd Division).

There will be in addition one scholarship of R20 a month and one of R10 a month for Europeans or Eurasians, who have been admitted to the College, tenable for two years. Should there be no suitable candidates for these scholarships, they will be awarded to the general candidates. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th April 1906.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Apprentice Department.

SESSION, 1906-1907.

Candidates for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906. Candidates must furnish proof that they have passed one of the following tests:—

(1) Standard VII or Middle School Examination of the Code of European Schools.

(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are twenty-eight vacancies for natives and twelve for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There will be four vacancies on the free list for Christian Apprentices in June next and eight on the reduced fee list. For natives there will be eight vacancies on the reduced fee list, available during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

The tuition fee for students of the Apprentice Department is R3 monthly for each month of the year, vacation included, except for students on the free and reduced fee lists.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than the 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 6th April, 1906.

WANTED.

Required for the Office of the Principal, Civil Engineering College, an Accountant on R50 monthly outside the graded service.

I.

No. 1631.—In exercise of the powers conferred by section 17, sub-section (1) of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council, the Chief Commissioner, North-West Frontier Province, is pleased to impose the following taxes in the Kohat Cantonment, namely :—

(I) A tax at the rate of 2½ per cent. per annum on the annual value, as defined in section 42, sub-section (2) of the Punjab Municipal Act, 1891 (XX of 1891), of all buildings not being the property of Government.

(II) A water tax at the rate of 1 per cent. per annum on the annual value of all buildings.

2. The taxes shall come into force with effect from 1st April 1906.

II.

No. 1632.—In exercise of the powers conferred by section 17, sub-section (2) of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council, the Chief Commissioner, North-West Frontier Province, is pleased to apply to the Cantonment of Kohat the provisions of sections 49 to 61 (both inclusive), 63, 64 and 201 of the Punjab Municipal Act, 1891 (XX of 1891), regarding the assessment and recovery of taxes, in the adapted form set forth in the schedule hereto annexed.

The Schedule.

Sections 49 to 61 (both inclusive), 63, 64 and 201 of the Punjab Municipal Act, 1891 (XX of 1891), as adapted for the purposes of the assessment and recovery of all taxes imposed in the Kohat Cantonment under section 17, sub-section (1) of the Cantonments Act (XIII of 1889).

Section 49.

1. No assessment and no charge or demand of any tax shall be impeached or affected by reason of any mistake in the name, residence, place of business or occupation of any person liable to pay the tax or in the description of any property or thing liable to the tax, or of any mistake in the amount of the assessment or tax or by reason of any clerical error or other defect of form; and it shall be enough in any tax on property or any assessment of value for the purpose of any such tax if the property taxed or assessed is so described as to be generally known; and it shall not be necessary to name the owner or occupier thereof.

Section 50.

2. Taxes shall be payable on such dates and in such instalments (if any) as the Cantonment authority may from time to time direct.

Section 51.

3. For all sums paid on account of any tax a receipt, stating the amount and the tax on account of which it has been paid, shall be given by the person receiving the same, on request by the person making the payment.

Section 52.

4. (1) An appeal against the assessment or levy of any tax shall lie to the Deputy Commissioner or to such other officer as may be empowered by the Local Government in this behalf.

(2) If on the hearing of an appeal under this rule, any question as to the liability to or the principle of assessment of, a tax arises on which the officer hearing the appeal entertains reasonable doubts, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which doubt is entertained, and refer the statement with his own opinion on the point for the decision of the Judicial Commissioner.

(3) On reference being made under this rule the subsequent proceedings in the case shall be, as nearly as may be, in conformity with the rules relating to references to the High Court contained in Chapter XLVI of the Code of Civil Procedure.

(4) In every appeal the costs shall be in the discretion of the officer deciding the appeal.

(5) Costs awarded under this rule to the Cantonment authority shall be recoverable by the Cantonment authority as though they were arrears of a tax due from the appellant.

(6) If the Cantonment authority fails to pay any costs awarded to an appellant within ten days after the date of the order for payment thereof, the officer awarding the costs may order the person having the custody of the balance of the Cantonment Fund to pay the amount.

Section 53.

5. (1) No appeal shall lie in respect of a tax on any land or building, unless it is preferred within one month after the publication of the notice prescribed by rule 11 (2) or rule 13 or after the date of any final order under rule 12 as the case may be; and no appeal shall lie in respect of any other tax unless it is preferred within one month from the time when the demand for the tax is made:—

Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this rule if the appellant satisfies the officer before whom the appeal is preferred that he had sufficient cause for not presenting the appeal within that period.

(2) No appeal shall be entertained unless the appellant has paid all taxes due from him to the Cantonment authority up to the date of such appeal.

Section 54.

6. No objection shall be taken to any valuation or assessment, nor shall the liability of any person to be assessed or taxed be questioned, in any other manner or by any other authority than is provided in these rules.

Section 55.

7. (1) The Cantonment authority may, by written communication, call upon any inhabitant of the Cantonment to furnish such information as may be necessary in order to ascertain whether such inhabitant is liable to pay any tax.

(2) If any inhabitant so called upon to furnish information omits to furnish it or furnishes information which is untrue, he shall be punishable with fine which may extend to one hundred rupees.

Section 56.

8. (1) The Cantonment authority shall cause an assessment list of the buildings and lands on which any tax is imposed, to be prepared, containing:—

(a) the name of the street or division in which the property is situated;

(b) the designation of the property either by name or by number sufficient for identification;

(c) the names of the owner or occupier, if known;

(d) the annual value, area or length of frontage on which the property is assessed; and

(e) the amount of the tax assessed thereon.

(2) For the purpose of preparing the list, the Cantonment authority may require the owners or occupiers of the buildings or lands to furnish it with the returns of the measurements and of the rent or annual value.

9. When the assessment list has been completed, the Cantonment authority shall give public notice thereof and of the place where the list or a copy thereof may be inspected; and every person claiming to be either owner or occupier of any property included in the list, and any agent of such person shall be at liberty to inspect the lists and to make extracts therefrom without charge.

Section 57.

10. (1) The Cantonment authority shall at the time of the publication of such assessment list give public notice of a time, not less than one month thereafter when it will proceed to revise the valuation and assessment, and in all cases in which any property is for the first time assessed, or the assessment thereof is increased, it shall also give notice thereof to the owner or occupier of the property.

Section 58.

(2) All objections to the valuation and assessment shall be made in writing before the time fixed in the notice, or orally or in writing at that time.

11. (1) After the objections have been inquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorised agent as they may think fit, and the revision of the valuation and assessment has been completed, amendments made in the list shall be authenticated by the signature of the Cantonment Magistrate, who shall at the same time certify that no valid objection has been made to the valuation and assessment contained in the list except in the cases in which amendments have been entered therein; and, subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the 1st day of January next ensuing, as also, in the case of a tax then imposed for the first time, for the period between the commencement of the tax and such first day of January.

Section 59.

(2) The list when amended under this rule shall be deposited in the Cantonment office and shall there be open during office hours to all owners or occupiers of property comprised therein, or the agents of such persons, and a public notice that it is so open shall forthwith be published.

12. (1) The Cantonment authority may at any time amend the list by inserting the name of any person whose name ought to have been inserted, or by inserting any property which ought to have been inserted, or by altering the assessment on any property which has been erroneously valued or assessed through fraud, accident, or mistake, after giving due notice, to any person interested in the amendment, of a time not less than one month from the date of service of such notice, at which the amendment is to be made.

Section 60.

(2) Any person interested in any such amendment may tender his objection to the Cantonment authority in writing before the time fixed in the notice or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorised agent, as he may think fit.

13. It shall be in the discretion of the Cantonment authority to prepare a new assessment list every year, or to adopt the valuation and assessment contained in the list for any year with such alterations as may in particular cases be deemed necessary, as the valuation and assessment of the year following, giving the same notice of the valuation and assessment as if a new assessment list had been prepared.

Section 61.

14. (1) A tax on buildings and lands, other than a water tax, shall be paid by the owner of the property in respect of which it is payable.

Section 63.

(2) The water tax shall be paid by the occupier of the property in respect of which it is payable.

15. (1) When any sum is due on account of a tax payable in respect of any property by the owner thereof, the Cantonment authority shall cause a bill for the amount, stating the property and the period for which the charge is made to be delivered to the person liable to pay the same.

Section 64.

(2) If the bill is not paid within ten days from the delivery thereof, the Cantonment authority may cause a notice of demand to be served on that person; and if he does not, within seven days from the service of the notice, pay the sum due with any fee leviable for

the notice, or show sufficient cause for non-payment, the sum due, with the fee, shall be deemed to be an arrear of tax.

(3) The amount of every such arrear besides being recoverable in the manner hereinafter provided by rule 16 shall, subject to any claim on behalf of His Majesty, be a first charge on the property in respect of which it is payable, and shall be recoverable on application made in this behalf, by the Cantonment authority to the Collector as if the property were an estate assessed to land revenue and the arrear of such revenue due thereon:—

Provided that nothing in this rule shall authorise the arrest of a defaulter.

16 Any arrears of any tax recoverable by the Cantonment authority under these rules may be recovered, on application to a Magistrate having jurisdiction within the limits of the Cantonment, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his jurisdiction belonging to such person.

Section 201.

III

No. 1633.—In exercise of the powers conferred by section 17, sub-section (1) of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council, the Chief Commissioner, North-West Frontier Province, is pleased to impose the following tax in the Bannu Cantonment, namely—(1) a tax at the rate of 2½ per cent. per annum on the annual value as defined in section 42, sub-section (2) of the Punjab Municipal Act, 1891 (XX of 1891), of all buildings (not being the property of Government).

2. The tax shall come into force with effect from 1st April 1906.

IV

No. 1634.—In exercise of the powers conferred by section 17, sub-section (2) of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council, the Chief Commissioner, North-West Frontier Province, is pleased to apply to the Cantonment of Bannu the provisions of sections 49 to 61 (both inclusive), 63, 64 and 201 of the Punjab Municipal Act, 1891 (XX of 1891), regarding the assessment and recovery of taxes, in the adapted form set forth in the schedule hereto annexed.

The Schedule.

Sections 49 to 61 (both inclusive), 63, 64 and 201 of the Punjab Municipal Act, 1891 (XX of 1891), as adapted for the purposes of the assessment and recovery of all taxes imposed in the Bannu Cantonment under section 17, sub-section (1) of the Cantonments Act (XIII of 1889).

1. No assessment and no charge or demand of any tax shall be impeached or affected by reason of any mistake in the name, residence, place of business or occupation of any person liable to pay the tax or in the description of any property or thing liable to the tax, or of any mistake in the amount of the assessment or tax or by reason of any clerical error or other defect of form, and it shall be enough in any tax on property or any assessment of value for the purpose of any such tax if the property taxed or assessed is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.

Section 49

2. Taxes shall be payable on such dates and in such instalments (if any) as the Cantonment authority may from time to time direct.

Section 50.

3. For all sums paid on account of any tax a receipt, stating the amount and the tax on account of which it has been paid, shall be given by the person receiving the same, on request by the person making the payment.

Section 51.

4. (1) An appeal against the assessment or levy of any tax shall lie to the Deputy Commissioner or to such other officer as may be empowered by the Local Government in this behalf.

Section 52.

(2) If on the hearing of an appeal under this rule, any question as to the liability to, or the principle of assessment of, a tax arises on which the officer hearing the appeal entertains reasonable doubts, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which doubt is entertained, and refer the statement with his own opinion on the point for the decision of the Judicial Commissioner

(3) On reference being made under this rule the subsequent proceedings in the case shall be, as nearly as may be, in conformity with the rules relating to references to the High Court contained in Chapter XLVI of the Code of Civil Procedure.

(4) In every appeal the costs shall be in the discretion of the officer deciding the appeal.

(5) Costs awarded under this rule to the Cantonment authority shall be recoverable by the Cantonment authority as though they were arrears of a tax due from the appellant.

(6) If the Cantonment authority fails to pay any costs awarded to an appellant within ten days after the date of the order for payment thereof, the officer awarding the costs may order the person having the custody of the balance of the Cantonment Fund to pay the amount.

5. (1) No appeal shall lie in respect of a tax on any land or building, unless it is preferred within one month after the publication of the notice prescribed by rule 11 (2) or rule 13 or after the date of any final order under rule 12 as the case may be; and no appeal shall lie in respect of any other tax unless it is preferred within one month from the time when the demand for the tax is made:

Section 53.

Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this rule if the appellant satisfies the officer before whom the appeal is preferred that he had sufficient cause for not presenting the appeal within that period.

(2) No appeal shall be entertained unless the appellant has paid all taxes due from him to the Cantonment authority up to the date of such appeal.

6. No objection shall be taken to any valuation or assessment, nor shall the liability of any person to be assessed or taxed be questioned, in any other manner or by any other authority than is provided in these rules

Section 54.

7. (1) The Cantonment authority may, by written communication, call upon any inhabitant of the Cantonment to furnish such information as may be necessary in order to ascertain whether such inhabitant is liable to pay any tax.

Section 55.

(2) If any inhabitant so called upon to furnish information omits to furnish it or furnishes information which is untrue, he shall be punishable with fine which may extend to one hundred rupees.

8. (1) The Cantonment authority shall cause an assessment list of the buildings and lands on which any tax is imposed, to be prepared, containing—

Section 56.

(a) the name of the street or division in which the property is situated;

(b) the designation of the property either by name or by number sufficient for identification;

(c) the names of the owner or occupier, if known;

(d) the annual value, area or length of frontage on which the property is assessed; and

(e) the amount of the tax assessed thereon.

(2) For the purpose of preparing the list, the Cantonment authority may require the owners or occupiers of the buildings or lands to furnish it with the returns of the measurements and of the rent or annual value.

9. When the assessment list has been completed, the Cantonment authority shall give public notice thereof and of the place where the list or a copy thereof may be inspected; and every person claiming to be either owner or occupier of any property included in the list, and any agent of such person shall be at liberty to inspect the lists and to make extracts therefrom without charge.

Section 57.

10. (1) The Cantonment authority shall at the time of the publication of such assessment list give public notice of a time not less than one month thereafter, when it will proceed to revise the valuation and assessment; and in all cases in which any property is for the first time assessed, or the assessment thereof is increased it shall also give notice thereof to the owner or occupier of the property.

Section 58.

(2) All objections to the valuation and assessment shall be made in writing before the time fixed in the notice, or orally or in writing at that time.

11. (1) After the objections have been inquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorised agent, as they may think fit, and the revision of the valuation and assessment has been completed, amendments made

Section 59.

in the list shall be authenticated by the signature of the Cantonment Magistrate, who shall at the same time certify that no valid objection has been made to the valuation and assessment contained in the list except in the cases in which amendments have been entered therein; and subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the first day of January next ensuing, as also in the case of a tax then imposed for the first time, for the period between the commencement of the tax and such first day of January.

(2) The list when amended under this rule shall be deposited in the Cantonment office and shall there be open during office hours to all owners or occupiers of property comprised therein, or the agents of such persons, and a public notice that it is so open shall forthwith be published.

12. (1) The Cantonment authority may at any time amend the list by inserting the name of any person whose name ought to have been inserted or by inserting any property which ought to have been inserted, or by altering the assessment on any property which has been erroneously valued or assessed through fraud, accident or mistake, after giving due notice, to any person interested in the amendment, of a time not less than one month from the date of service of such notice, at which the amendment is to be made.

Section 60.

(2) Any person interested in any such amendment may tender his objection to the Cantonment authority in writing before the time fixed in the notice, or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorised agent, as he may think fit.

13. It shall be in the discretion of the Cantonment authority to prepare a new assessment list every year, or to adopt the valuation and assessment contained in the list for any year, with such alterations as may in particular cases be deemed necessary, as the valuation and assessment of the year following giving the same notice of the valuation and assessment as if a new assessment list had been prepared.

Section 61.

Section. 63.

14. (1) A tax on buildings and lands, other than a water tax shall be paid by the owner of the property in respect of which it is payable.

(2) A water tax when levied shall be paid by the occupier of the property in respect of which it is payable.

15. (1) When any sum is due on account of a tax payable in respect of any property by the owner thereof, the Cantonment authority shall cause a bill for the amount, stating the property and the period for which the charge is made, to be delivered to the person liable to pay the same.

Section 64.

(2) If the bill is not paid within ten days from the delivery thereof, the Cantonment authority may cause a notice of demand to be served on that person; and if he does not, within seven days from the service of the notice, pay the sum due, with any fee, leviable for the notice, or show sufficient cause for non-payment, the sum due, with the fee, shall be deemed to be an arrear of tax.

(3) The amount of every such arrear besides being recoverable in the manner hereinafter provided by rule 16 shall, subject to any claim on behalf of His Majesty, be a first charge on the property in respect of which it is payable, and shall be recoverable, on application made in this behalf, by the Cantonment authority to the Collector as if the property where an estate assessed to land revenue and the arrear of such revenue due thereon:

Provided that nothing in this rule shall authorise the arrest of a defaulter.

16. Any arrears of any tax recoverable by the Cantonment authority under these rules may be recovered, on application to a Magistrate having jurisdiction within the limits of the Cantonment, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his jurisdiction belonging to such person.

* Agents for sale of the Legislative Department publications

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through Local Governments to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agents of the particular Government under whose orders they were originally issued.

The amounts within parentheses are for packing and postage.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

Rates of subscription.	Per annum. R	a.	p.
Subscription for Gazette and Supplement	15	0	0
Postage	5	8	0
Subscription for Parts I, II, and III, or any of them	0	0	0
Postage	2	8	0
Subscription for Parts IV, V, and VI, or any of them	4	0	0
Postage	2	8	0
Subscription for Supplement only	5	0	0
Postage	3	0	0
Subscription for Supplement and Part VI	6	0	0
Postage	3	0	0
For a single copy of the *Gazette* and Supplement	0	8	0

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of filing of the specification—

The sum of R50 for each of the above inventions.

No. 306 of 1893.—Joseph Temperley. *Travelling pulley carriage for raising, lowering, and traversing loads.* (Specification filed 19 January 1894.)

Fee in respect of the continuance of an exclusive privilege—

4 (i) After the expiration of the eleventh year and before the expiration of the twelfth year from the date of the filing of the specification—

The sum of R100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s*. 1*d*. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions
and Designs Act, V of 1888.

C. N. BAKER, Captain,
Pay Examiner, Secunderabad Division.

PAY EXAMINER'S OFFICE, SECUNDERABAD DIVISION, MADRAS;

CIVIL ENGINEERING COLLEGE, SIBPUR.

Engineer Department.

SESSION, 1906-1907.

Candidates for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906.

Candidates must furnish proof that they have passed one of the following tests :—

(1) The B. Sc. or B. A. Examination in the B. course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.

(2) The F. A. Examination of the Calcutta and Madras Universities.

(3) The Intermediate Examination of Allahabad and Punjab Universities.

(4) The Intermediate Examination for the degree of B. A. of Bombay University.

(5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4), and (5), must be under 21 years.

In selecting candidates who have passed the F. A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F. A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is R10 a month for each month of the year, vacation included.

One junior scholarship of R20 a month, one of R15 a month, and six of R10 a month tenable for two years will be given to students, who have been admitted to the College, who do not hold University Scholarships

The selection will be made in the following order.—

(*a*) B. Sc.'s;

(*b*) B. A.'s who have taken up the B. Course; and

(*c*) F. A. candidates (except those who passed in the 3rd Division).

There will be in addition one scholarship of R20 a month and one of R10 a month for Europeans or Eurasians, who have been admitted to the College, tenable for two years. Should there be no suitable candidates for these scholarships, they will be awarded to the general candidates. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th April 1906.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Apprentice Department.

SESSION, 1906-1907.

Candidates for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906. Candidates must furnish proof that they have passed one of the following tests:—

(1) Standard VII or Middle School Examination of the Code of European Schools.

(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are twenty-eight vacancies for natives and twelve for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There will be four vacancies on the free list for Christian Apprentices in June next and eight on the reduced fee list. For natives there will be eight vacancies on the reduced fee list, available during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

The tuition fee for students of the Apprentice Department is R3 monthly for each month of the year, vacation included, except for students on the free and reduced fee lists.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than the 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 6th April, 1906.

North-West Frontier Province.

NORTH-WEST FRONTIER PROVINCE—PUBLIC WORKS DEPARTMENT.

NOTIFICATIONS.

Peshawar, dated 20th April 1906

No. 121.—In exercise of the powers conferred by section 4, sub-section (2), of the Cantonment Act, 1889 (XIII of 1889), the Agent to the Governor General and Chief Commissioner, with the previous sanction of the Governor General in Council, is pleased, in supersession of the boundaries defined in the Notification of the Government of the Punjab, No. 770, dated 26th June 1890, to declare the boundaries of the Kohat Cantonment to be as follows :—

DESCRIPTION OF REVISED BOUNDARY OF KOHAT CANTONMENT.

No. 33 Boundary pillar (chosen as it is practically the only one from which it is possible to take bearings to fixed positions, as required in Deputy Quartermaster General's No. 19 of 22nd October 1887) is situated exactly at the south corner of the public garden and is a pucca pillar :—

Bearing to west chimney of Deputy Commissioner's kutchery 30°30½'.

Bearing to vertical rod of lightning conductor on the top of dome of magazine, Right Infantry Lines, 62°43½'.

Bearing to Flagstaff, Kohat Fort, 297°53½.

Bearing to right pucca pillar at entrance to Border Militia Lines 181°9½'.

Bearing to north-east corner of pucca plinth of Political Serai 182°7½'.

Bearing of true north 4°45' east.

Boundary Pillars.	Description.	Forward bearing from M N		Direct horizontal distance in feet.
		Deg.	Min.	
1 to 2	From pillar No. 1, the boundary runs in a south-easterly direction along the south of the circular road and keeping the road inside the boundary	97	45	792
2 to 3	From pillar No. 2, the boundary runs nearly in the same direction as from pillar No. 1 to pillar No. 2 and keeps the circular road inside it.	106	0	248
3 to 4	From pillar No. 3, the boundary takes a north-easterly direction running along the south of the circular road which it keeps inside it.	78	45	529
4 to 5	From pillar No, 4, the boundary runs nearly in the same direction as from pillar No. 3 to 4 and coincides in many points with the outer edge of the south side drain of the circular road.	82	0	402
5 to 6	From pillar No. 5, the boundary runs by 18° 45' towards the north and runs along the south of the circular road to pillar No. 6, situated near the crossing of the circular and Khushalgarh roads	63	15	777
6 to 7	From pillar No. 6, the boundary runs in a northerly direction slightly inclined by 0° 55' towards the east and keeps the circular road inside it.	1	15	883
7 to 8	From pillar No 7, the boundary runs in a north-easterly direction along the south-east side of the circular road which it includes within it.	49	0	894
8 to 9	From pillar No 8, the boundary bends by 10° 32' towards the north and runs alongside the circular road, which it keeps inside it.	38	30	985
9 to 9-1	From pillar No. 9, the boundary runs in a north-easterly direction along the south edge of the road to Sher Khan.	56	15	128
9-1 to 9-2	From pillar No. 9-1, the boundary runs in a north-easterly direction along the south edge of the road to Sher Khan	73	45	159
9-2 to 9-3	From pillar No 9-2, the boundary makes a sudden turn towards south-east along the western edge of a water channel	148	0	408
9-3 to 9-4	From pillar No. 9-3, the boundary still runs in a south-easterly direction along the western edge of the water channel till at 9-4 it meets the line village road from Mir Ahmed Khel to Kohat	146	15	255

Boundary. Pillars.	Description.	Forward bearing from M. N. Deg.	Forward bearing from M. N. Min.	Direct horizontal distance in feet.
9·4 to 9·5	From pillar No. 9·4, the boundary runs eastward along the northern boundary of the above village road.	86	15	131
9·5 to 9·6	From pillar No. 9·5, the boundary continues in a south-easterly direction along northern boundary of the above village road.	100	0	130
9·6 to 9·7	From pillar No. 9·6, the boundary continues as above . . .	81	45	263
9·7 to 9·8	From pillar No. 9·7. the boundary continues as above . . .	111	0	152
9·8 to 9·9	From pillar No. 9·8, the boundary continues as above, until it reaches the right bank of the Kaluchina Nullah.	87	30	310
9 9 to 10	From pillar No. 9·9, the boundary turns in a north-easterly direction along the right bank of the above nullah.	73	45	325
10 to 10·1	From pillar No. 10, the boundary makes a sudden turn towards the north along the Kaluchina Nullah.	324	30	1,393
10·1 to 10·2	From pillar No. 10·1, the boundary runs in a northerly direction skirting the west bank of the Kaluchina Nullah.	331	30	318
10·2 to 11	From pillar No. 10·2, the boundary runs in a northerly direction skirting the west bank of the Kaluchina Nulla .	351	15	173
11 to 11·1	From pillar No. 11, the boundary runs in a northerly direction skirting the west bank of the Kaluchina Nullah.	21	0	262
11·1 to 11·2	From pillar No. 11·1, the boundary runs in a northerly direction skirting the west bank of the Kaluchina Nullah.	332	30	361
11·2 to 12	From pillar No. 11·2, the boundary runs in a north-easterly direction skirting the west bank of the Kaluchina Nullah.	291	15	447
12 to 12·1	From pillar No. 12, the boundary runs in a north-easterly direction skirting the west bank of the Kaluchina Nullah.	337	30	469
12·1 to 13	From pillar No. 12·1, the boundary leaves the bank of the Kaluchina Nullah and runs in a westerly direction to the old pucca pillar No. 13, forming the north boundary of the parade ground of the New Infantry Lines.	280	45	1,254
13 to 14	From pillar No. 13 (situted east of the watch tower on the top of the hill) the boundary runs in a westerly direction up to the pillar No 13, situated on the hill side south of the same watch tower, which falls out of the boundary	270	30	229
14 to 15	From pillar No. 14, the boundary runs in a westerly (slightly inclined to south) direction and descending the hill slope and crossing the Peshawar Road, skirting the hill passes on to an old masonry pillar No. 15, situated at south-east corner of the cavalry parade ground close to and on the west side of the Peshawar Road.	270	0	574
15 to 16	From pillar No. 15, the boundary runs in a north easterly direction along the west side of the Peshawar Road and skirts the east of the cavalry parade ground.	22	0	950
16 to 17	From pillar No. 16, the boundary runs in a westerly (but slightly inclined towards the north) direction and forms one of the boundary sides of the cavalry parade ground.	286	15	282
17 to 18	From pillar No. 17, the boundary runs in an almost northerly direction and forms one of the boundary sides of the cavalry parade ground.	5	45	190
18 to 19	From pillar No. 18, the boundary runs in a north-westerly direction and forms one of the sides bounding cavalry parade ground.	293	15	1,083
19 to 20	From pillar No. 19, the boundary runs in a south-westerly direction and forms one of the boundary sides of the cavalry parade ground.	201	45	836
20 to 21	From pillar No. 20, the boundary turns almost to the south and forms one of the sides bounding the cavalry parade ground.	181	30	150
21 to 22	From pillar No. 21, the boundary bends 11° 5′ towards the east and forms one of the sides bounding the cavalry parade ground.	170	30	768
22 to 23	From pillar No. 22, which is situated near the Riding School and on the north side of the circular road the boundary again skirts the circular which it keeps inside it. The direction of the boundary is north-westerly.	286	15	558

Boundary Pillars.	Description.	Forward bearing from M. N.		Direct horizontal distance in feet.
		Deg.	Min.	
23 to 24	From pillar No. 23, the boundary turns in an almot westerly direction and runs along the north edge of the circular road.	268	45	1,766
24 to 25	From pillar No. 24, which is situated on the high ground through which the circular road runs in cutting at the south-east corner of the Pir Khel Village, the boundary runs almost in the same direction as from pillar No. 23 to 24 and excluding the village huts on the right keeps the circular road inside it on the left.	268	30	868
25 to 26	From pillar No. 25, situated near and on the south of the Jangal Khel Village on the north side of the circular road near a culvert, the boundary runs in a north-westerly direction and keeps the circular road inside it.	289	45	344
26 to 27	From pillar No. 26, which is situated on the north side of the circular road (which runs at the foot of the hill north to the Kohat Fort) and south of the Jangal Khel village, the boundary runs in a westerly direction and keeps the road within it.	279	0	401
27 to 28	From pillar No. 27, which is situated at the south-west corner of Jargal Khel Village near the curve of the circular road, the boundary makes a sudden turn towards the south following the direction of the circular road which it keeps inside it.	189	0	309
28 to 29	From pillar No. 28, the boundary still runs south, turning slightly towards the east along the west of the circular road which it keeps inside it.	173	30	547
29 to 30	From pillar No. 29, the boundary runs in a south-easterly direction along the west of the circular road which it keeps inside it.	150	0	358
30 to 31	From pillar No. 30, situated at the north-east corner of the large Muhammadan cemetery near the Public Works Department Godown, the boundary runs in an almost southerly direction along the west of the circular road which it keeps inside it.	178	45	836
31 to 32	From pillar No. 31, situated at the north-west corner of the crossing of the circular and Hangu Roads, near a culvert the boundary runs eastward at an angle of 84° 45′ and running along the north of the Hangu Road excludes it.	83	30	1,853
32 to 33	From pillar No. 32, situated near the west corner of the Government garden, the boundary runs in a south easterly direction outside the Government garden which it excludes and parallel to the enclosure wall of the garden The main part of the Hangu Road remains outside and south-west of the boundary.	125	0	347
33 to 34	From pillar No. 33, situated at the south corner of the Government Garden outside the enclosure wall and near a Zearat the boundary line after crossing the Hangu Road runs in the south-easterly direction within a distance of one chain from the Political Serai	170	45	597
34 to 35	From pillar No. 34, situated near the City Serai, the boundary runs almost in the same direction as from pillar No. 33 to 34 and going past the Cantonment gate of the City Kohat, keeps the road leading into the centre Infantry Lines parade ground.	172	15	260
35 to 36	From pillar No. 35, situated at the north-east corner of the mosque, the boundary takes an almost westerly direction and runs along the north wall of the above mosque.	262	45	61
36 to 37	From pillar No. 36, situated at the north-west corner of the mosque, the boundary including the mosque runs along the west wall of the same.	174	45	23
37 to 38	From pillar No. 37, situated behind the above mosque on the west side of it the boundary runs in a south-westerly direction along the partition wall dividing the Municipal Committee Serai from Lalla Janti Parshad's house.	237	30	138
38 to 39	From pillar No. 38, situated at the west corner of Lalla Janti Parshad's house at the foot of the city wall the boundary runs in a south-westerly direction close along the city wall, which it excludes.	232	45	176
39 to 40	From pillar No. 39, the boundary runs in a south-easterly direction close along the city wall which it excludes.	138	0	253
40 to 41	From pillar No. 40, situated close to the Bannu gate of the Kohat city, the boundary runs south-westerly between the city wall which it excludes and the old water supply tank.	233	15	176

Boundary Pillars.	Description.	Forward bearing from M. N.	Direct horizontal distance in feet.
		Deg. Min.	
41 to 42	From pillar No. 41, situated at the corner of the city wall near the Niazi gate of the Kohat City the boundary runs in a south-easterly direction close along the city wall between Niazi and Rangarh gates of the city. The city wall is excluded.	149 0	337
42 to 43	From pillar No. 42, situated at the angle of the city wall near the "Rangarh" gate of the Kohat City, the boundary turns in a south-westerly direction and runs close along the city wall which it excludes.	255 0	236
43 to 44	From pillar No. 43, situated at foot of the city wall the boundary line runs almost in the same direction as from pillars 42 to 43 and going past the Mian Khel gate of the city and after crossing the gate road at the culvert ascends the hilly ground and keeps at a distance varying 7 to 23 feet from the city wall on the north and outside of it.	257 45	536
44 to 45	From pillar No 44, situated near the re-entrant angle of the city wall the boundary runs in a south-easterly direction keeping close along the city wall which forms at apart of it, the back wall of sweepers and kahars' quarters attached to left Infantry Lines. These quarters are included and the city wall excluded.	173 45	430
45 to 46	From pillar No. 45, situated at an angle of the city wall near the kahars' quarters the boundary runs in a south-westerly direction and keeping close to and excluding the city wall.	252 30	257
46 to 47	From pillar No. 46, situated ot re-entrant angle of the city wall, the boundary runs in a south-easterly direction and close along the city wall keeping the latter outside on the west side.	166 45	436
47 to 48	From pillar No. 47, situated at an angle of the city wall near the south-west corner of the married men's quarters attached to Left Infantry Lines, the boundary runs almost in the same direction as from pillars 46 to 47 and along edge of the cultivated land on the west.	170 30	187
48 to 49	From pillar No. 48, situated on left bank of the Jhang Nullah and near the Latrine of Left Infantry Lines the boundary turns by 56° 48′ towards the east and running along the left bank of Jhang Nullah and past the wooden bridge bounds the Left Infantry Lines on the south.	113 45	260
49 to 50	From pillar No. 49, situated at the south-west corner of the Left Infantry Bazar and on the left bank of the Jhang Nullah the boundary runs in almost the same direction as from pillar No. 48 to 49.	112 15	315
50 to 51	From pillar No. 50, situated on the south-west side of the mosque of Left Infantry Lines and on the left bank of the Jhang Nullah between a water channel and the edge of nullah bank the boundary runs in a south-easterly direction and bounds the Left Infantry parade ground on the south pillar No. 1 is situated near a small hut built by a zemindar in his land at the south-east corner of the Left Infantry parade ground.	105 30	919

The 24th April 1906.

No. 122.—In exercise of the powers conferred by section 4, sub-section (2), of the Cantonment Act, 1889 (XIII of 1889), the Chief Commissioner is pleased, in supersession of the definition of the boundaries published in the notification of the Government of the Punjab, No. 152, dated 24th July 1882, to declare the boundaries of the Fort Akalgarh portion of the Dera Ismail Khan Cantonment to be as follows:—

No. 1 Boundary pillar is situated to the North-East of Captain's Quarter No. 4, close to the old Telegraph office now altered to Major's Quarter No. 2.

Bearing from true north to north-east corner of Captain's Quarter No. 4, 217°51 distance 219′.

Bearing from true north to east-south corner of Khalasis' line 255° 51′, distance 812′.

Bearing from true north to north-east corner of Servants' House of Captain's Quarters No. 4, 150° 56′, distance 319′.

The magnetic variation from true north is 3° 6′ 24″, east.

Boundary Pillars.	Description.	Forward bearing from true north.		Direct horizontal distance in feet.
		Deg.	Min.	
1 to 2	The boundary runs in a northerly direction along the west bank of the Luni Water Course to pillar No. 2 which is situated on the west bank of the said channel.	349	47	116
2 to 3	The boundary runs in a northerly direction along the west bank of the Luni Water Course to pillar No. 3.	345	46	869
3 to 4	The boundary runs in almost the same direction along the west bank of the Luni Water Course to pillar No 4 which is on the north bank of this channel.	340	14	937
4 to 5	The boundary runs in a westerly direction to pillar No. 5 which is situated about 350 feet to the west of Luni water-course.	280	12	804
5 to 6	The boundary runs in almost the same direction to pillar No 6.	283	33	688
6 to 7	The boundary runs in almost the same direction to pillar No 7	275	56	722
7 to 8	The boundary runs in almost the same direction to pillar No. 8	261	56	762
8 to 9	The boundary runs in a south-westerly direction to pillar No. 9	218	22	766
9 to 10	The boundary runs in almost the same direction to pillar No. 10	217	35	607
10 to 11	The boundary runs in almost the same direction to pillar No 11	218	43	744
11 to 12	The boundary runs in almost the same direction to pillar No 12 which is situated about 67 feet east of Dera Ismail Khan and Tank road.	218	55	492

J J MULLALY

Secretary for Irrigation, North-West Frontier Province

OFFICE OF REVENUE AND FINANCIAL SECRETARY TO CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Peshawar, the 21st April 1906

No. 1806.—Under the provisions of section 15 of Act XVII of 1878 the Chief Commissioner is hereby pleased to exempt, with effect from the 1st of May 1906, all officers of

His Majesty's Army and all soldiers in possession of a "Pass" signed by the Brigade-Major, Nowshera, from the payment of tolls when crossing the Nowshera bridge-of-boats.

The 23rd April 1906.

No. 1817.—With reference to Rule 172 of the Rules under the Punjab Land Revenue Act, 1887, the Chief Commissioner is pleased to extend and hereby extends Rules 173 and 174 (reproduced below) of the rules under the said Act relating to Inamdars, to the district of Dera Ismail Khan:—

173. (i) Subject to any conditions and limitations expressly made by Government when granting an inam, appointments to the office of Inamdar shall be made, the office shall be vacated, and successions to vacancies shall be filled up as nearly as may be in the manner provided in the rules relating to Zaildars

(ii) The votes of the headman of the zail, ilaka or other circle to which the inam is allotted shall not be taken for the purpose of determining the merits of contending candidates. But this rule shall not prevent the Collector from ascertaining by show of hands which of two candidates has the greater local influence if he thinks this course desirable.

173 A. (i) The following rules apply only in cases where the inams of Zaildars or Inamdars are graded.

(ii) In any such case the Collector may—

(1) In filling up a vacancy give grade to grade promotions throughout the list of the tahsil so far as places are available, and appoint a new nominee to the vacancy thus caused in the lowest grade;

(2) reduce a Zaildar or Inamdar at any time to any lower grade for neglect of the duties imposed on him by these rules or by any other law for the time being in force, and if the reduction is permanent give any grade to grade promotions available in the tahsil in consequence of the vacancy thus caused.

(iii) Promotions shall not be made to fill places left temporarily vacant by temporary degradations.

(iv) No Zaildar or Inamdar shall ordinarily be promoted until he has served for a year in his grade.

(v) A person appointed to fill a temporary vacancy shall ordinarily receive the emoluments of the zaildar or inamdar whose place he fills.

(vi) No order of a Collector—

(1) promoting a Zaildar or Inamdar of one tahsil to a graded post vacant in another tahsil, or.

(2) placing a Zaildar or Inamdar on first appointment in any but the lowest grade. or

(3) promoting any Zaildar or Inamdar to any grade higher than the grade next above that in which he is placed when it is decided to promote him, or

(4) promoting a Zaildar or Inamdar before he has served for a year in his grade, or

(5) giving a substitute for a Zaildar or Inamdar emoluments other than those of the Zaildar or Inamdar whose place he fills,

shall take effect unless it is confirmed by the Commissioner.

(vii) When an application for confirmation of an order is made to a Commissioner under Rule (vi) he shall keep it pending until the period of limitation fixed for an appeal from the order has expired; and, if he confirms the order, he may direct that it shall take effect from the date on which it was made.

174. An Inamdar shall perform such duties and render such assistance in the district administration as are required by the orders of Government under which the inam was first granted; and the Collector may also require him to perform any of the duties of a Zaildar. The remuneration of an Inamdar shall be paid to him in the form of an inam assigned to him out of the land revenue of any estate appointed by the Collector in this behalf in the zail or ilaka in which the Inamdar holds office, but when the whole of the revenue of the village is suspended or remitted or the total realizations are insufficient to renumerate the Inamdar to the full extent of his inam, the balance due to him may be assigned from the revenue of any other village in the district which may be appointed for the purpose by the Collector. Every person to whom the land revenue of any land has been released or assigned or who has redeemed or compounded for the same, shall, unless the Local Government otherwise directs, be required to contribute towards the remuneration of Inamdars as in the case of Zaildars under sub-section V of Rule 171.

C. B. RAWLINSON, Major,
Offg. Revenue and Financial Secy. to the Chief Commissioner,

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 5th April 1906, based on the India Daily Weather Reports of the period.

The weather this week has been on the whole dry and featureless, no definite centres of disturbance having appeared with the exception of a very shallow and unproductive depression which travelled eastward from the head of the Arabian Sea, over India, into Assam and Burma between March 30th and April 2nd. No rain followed its course until the 2nd of this month when the depression was filling up, but on that morning rainfall was reported from the Assam Valley and on the 3rd from Burma. Elsewhere rain has fallen in a scattered manner in the extreme north-west and in Kashmir during several days this week, and there have been a few unimportant showers in the south of the Peninsula.

The following rainfall list contains information regarding the principal amounts received :—March 30th Jacobabad 0·10″ and Dibrugarh 0·44″, 31st Jacobabad 0·13″, Rawalpindi 0·22″, Murree 0·32″, Sonemarg 0·41″ and Seoni 0·16″; April 1st Sonemarg 1·65″, Srinagar 0·52″, Murree 0·58″, Ranikhet 0·56″ and Benares 0·19″; 2nd Silchar 1·26″ and several falls varying from 0·10″ to 0·50″ in Assam; 3rd Dibrugarh 1·13″, Sibsagar 0·53″ and some lighter amounts in Burma; 4th Trivandrum 0·34″ and Tinnevelly 0·24″; 5th Murree 0·73″ and light falls at Cherat, Dera Ismail Khan, Darjeeling and in the Assam Valley and Burma.

Mean temperature continued low in north India during the earlier part of the week, defects of from 14 to 16 degrees being experienced on March 31st and April 1st over large parts of the North-West Frontier Province and of the Punjab.

J. H. FIELD,
for Meteorological Reporter to the Government of India
and Director General of Indian Observatories.

J. WILSON,
Secretary to the Government of India.

SIMLA;
The 5th April, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 31st March 1906.

Burma.—No rain fell in Lower Burma during the week and only a few trifling showers in Upper Burma. Plucking of tobacco has commenced in Pakkoku. Transplanting of dry-weather paddy has commenced in Minbu and sowing is completed in Lower Chindwin. Cultivation of hill-side paddy is progressing in Mandalay. Sowing of early wet-weather paddy has commenced in Kyaukse. The price of paddy has risen considerably in Thaton, slightly in Rangoon, Thayetmyo and Minbu; elsewhere it is stationary.

Eastern Bengal and Assam.—The weather is seasonable. There was slight rain during the week in the Surma Valley and in Upper Assam. Pressing of sugarcane and harvesting of pulses are in progress. Plucking of tea has commenced in some places. Prospects of crops are generally fair. Ploughing for and sowing of early rice and jute are in progress. Fodder is insufficient in parts of Bogra and Mymensingh. Prices:—Common rice—Sibsagar 11; Dinajpur $10\frac{3}{16}$; Chittagong, Gauhati and Tezpur 10; Malda $9\frac{1}{2}$; Rangpur $9\frac{1}{4}$; Dacca, Silchar, Dhubri, Nowgong and Dibrugarh 9; Faridpur 8 to 9; Jalpaiguri, Barisal and Tura $8\frac{1}{2}$; Sylhet 8; and Mymensingh $7\frac{9}{16}$ seers per rupee.

Bengal.—Rain was general in Chota Nagpur, but scattered in the rest of the Province, the fall being for the most part very light. Ploughing for the next autumn crops continues. Harvesting of the spring crops is going on. Prospects are on the whole fair. Fodder and water are generally sufficient. The price of common rice has risen in five and has fallen in four districts; it continues high in most of the districts of the Presidency and Bhagalpur Division and also in Howrah, Hooghly and Muzaffarpur.

United Provinces.—Rain fell during the week in all except fifteen districts. On the 26th March a severe hailstorm passed through the districts of Meerut, Aligarh, Agra, Etawah and Cawnpore doing great damage to the standing crops in a belt 5 or 6 miles wide through Agra and Etawah; hail also caused some damage in the Banda and Jhansi districts. Harvesting operations continue and threshing has commenced in some districts. Extra crops are still being sown and irrigated and opium collected. Fodder is scarce in the Bundelkhand districts and in parts of three others. The condition of the cattle generally is fair. The total number of persons on relief at the end of the week was 191,000.

The weekly report on the famine and scarcity is as follows: Harvesting is in progress except in Jalaun where it is completed, the outturn is poor. The numbers on relief have risen everywhere except in Muttra and Cawnpore where they have fallen; in Agra and Etawah the works just opened have not filled pending completion of the harvest. A severe hailstorm caused very serious damage to the irrigated crops in Agra, Etawah and Cawnpore. The physical condition of the people on relief is fair. Mortality is normal. Prices are stationary. The numbers on relief are:—Allahabad Division—workers 114,000; on gratuitous relief 62,000; Agra Division—workers 6,000; on gratuitous relief 9,000; total, 191,000.

Punjab.—Rain fell throughout the Province during the week. Prices are falling in Ambala, Lahore and Amritsar, but are rising in Hissar, Rohtak, Gurgaon, Sialkot, Shahpur and Rawalpindi. Reaping of barley, gram and rapeseed has commenced in the Rohtak, Gurgaon and Lahore districts. Sowing of extra spring crops and of sugarcane, cotton and certain other autumn crops continue throughout the Province. The condition and prospects of the standing crops have much improved and are generally good to fair; unirrigated crops are still reported below average in Delhi. The outturn of rapeseed is likely to be small in Lahore; opium is average in Lahore. Hail fell in parts of the Hissar, Rohtak, Gurgaon, Delhi, Jullundur, Amritsar, Rawalpindi and Mianwali districts injuring the crops more or less. Complaints are heard of greenfly and rust on wheat in Lyallpur. Cattle are still lean in Rohtak and Gurgaon, but their condition is improving. Dry fodder is still scarce in many districts, though green fodder is available everywhere. There are no complaints regarding the canal water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—on works 6,238; on gratuitous relief 6,507; total 12,745. Distress is moderate. Recent rain has benefited the crops and greatly improved the situation. There will now be some fodder for cattle in Jhajjar Tahsil and south of Rohtak Tahsil. Some cotton and *bajra* is being sown in the south of the Rohtak Tahsil in the affected area. Prices have risen slightly. Hailstorms only

did serious damage in four villages in Jhajjar Tahsil. People are generally resorting freely to works. There is no wandering or emaciation apparent. Physical condition is generally good. Relief measures are adequate. Public health is good, except for a few cases of plague.

North-West Frontier Province.—Showers have fallen in all districts except Peshawar. The standing crops are in good condition and have been much improved by the present fine weather. Sowings of extra spring crops are in progress. Sugarcane is being sown in Peshawar. Hail fell in the Marwat Tahsil of Bannu, but did no damage. Canals are running well. There has been copious hill-torrent irrigation in Dera Ismail Khan. The condition of cattle is generally good. The stocks of food-grains and fodder are sufficient, except in the Daman tract of Dera Ismail Khan. Prices are generally falling. Prices :—wheat 13 to 18; gram 13 to 21 ; maize 17 to 21; and *bajra* 14 to 16 seers per rupee.

Jammu.—There was good rain during the week. Prices are stationary. Prices :—wheat 12 to 24 and maize 15 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient.

Kashmir.—The weather is partly bright and partly cloudy with slight rain. Prices are stationary.

Rajputana.—The rainfall of the week in cents was as follows :—Four districts of Bikaner 26 to 48; one district of Jaisalmer 30 ; Jaipur 51 ; Alwar 50; Karauli 17; Bharatpur 33; Dholpur 14; and slight rain in four districts of Kotah. The spring crops are being harvested. Damage from hail is reported from parts of Bikaner, Jaipur, Alwar, Karauli and Bharatpur; in the latter State strong winds have also caused some damage. Scarcity of fodder continues in many places and the condition of cattle is generally poor in these tracts. Prices have risen in Shahpura and slightly in Bharatpur and Ajmer; have fallen in Marwar and Dholpur, and generally show a tendency to fall. The numbers on famine relief are :—Ajmer-Merwara 47,267; in Native States 55,559. On test works:—North Mewar 2,638, Shahpura 34; on gratuitous relief.—North Mewar 460, Shahpura 89; grand total 106,047 or an increase of 434.

The weekly report on the famine and scarcity is as follows:—Ajmer-Merwara :—on works 33,323; on gratuitous relief 13,944; total 47,267 or a decrease of 5,043 owing to the commencement of the harvest. Native States:—Marwar—on works 3,281, on gratuitous relief 1,712, total 4,993; Tonk—on works 1,724, on gratuitous relief 366, total 2,090; Jaipur—on works 12,644, on gratuitous relief 664, total 13,308; Kishengarh—on works 3,034, on gratuitous relief 2,807, total 5,841; Alwar—on works 3,925, on gratuitous relief 1,772, total 5,697; Eastern States—on works 18,340, on gratuitous relief 5,290, total 23,630. Prices vary between 11 in Karauli and 14½ seers per rupee in Alwar. The physical condition of the people on relief is generally fair to good. Relief measures are adequate. The public health is generally good.

Central India.—There was no rain during the week. Harvesting of spring crops is in progress. The standing crops are normal in parts of Gwalior; fair in parts of Indore, Bhopal, Bhaghelkhand, Malwa and Bhopawar; and average in Bundelkhand. The probable outturn is normal in parts of Gwalior; average in Indore and Baghelkhand; fair in Bhopal and Bhopawar; and below average in Malwa and Bundelkhand. Crops have been slightly damaged in Gwalior. Agricultural stock is bad in parts of Gwalior; good in Baghelkhand and Malwa; and average in Bundelkhand. Pasturage is bad in parts of Gwalior and scarce in north of Bundelkhand. Prices are falling in Gwalior and Malwa; are high in Indore, Bhopal and Baghelkhand; and steady in Bundelkhand and Bhopawar. Opium has been slightly damaged in parts of Gwalior.

The weekly report on the famine and scarcity is as follows :—The general position is unaltered; the distress in Bhind in Gwalior is more severe. A poor-house has been opened at Daboh this week. The numbers on relief are .—on works in Gwalior 52,500; on gratuitous relief 12,000; total 64,500; in Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila and Jagirs—on works 30,000; on gratuitous relief 3,500; total 33,500; grand total 98,000. The prices of staple food-grains in Bundelkhand vary from 11½ to 12¾ seers per rupee.

Central Provinces.—The weather has been hot. Rain was received during the week in five districts amounting to 1¼ inches in Bilaspur and nearly one inch in Mandla and half an inch in Seoni. Harvesting of spring crops is almost completed and threshing and winnowing are in progress. Rice sown as a second crop in Chanda is in good condition. In Bilaspur the ploughing of land for autumn sowings has been facilitated by rain and there is no sign of distress in the affected tracts, while fodder and water are ample. Road and tank works specially opened in this district have attracted about 440 people. Scarcity of water exists in parts of Saugor and Damoh. The fall in the price of wheat has continued during the week in the northern districts. The prices of staple food-grains are still equal to or slightly above the warning rates in most districts; the price of rice is above scarcity level in Chanda and up to scarcity level in Balaghat and Bilaspur.

Baroda.—For week ending 24th March. The numbers on relief are:—on works 3,535; on gratuitous relief 159; total 3,694.

Bombay.—Slight to moderate rain fell during the week in parts of Sind causing some damage to wheat and other crops. The standing crops are generally in good condition elsewhere. The water-supply in irrigation canals, tanks and wells is running short in the affected districts. Lands are being prepared for autumn sowings throughout the Presidency. Cotton-picking continues in parts of Gujarat, the Karnatak, Baroda, Palanpur, Mahi Kantha, Cutch and Kolhapur. Government grants and takavi advances are being utilized for the improvement of the water-supply. Cattle in affected districts are losing condition. Grass imported by Government agency generally finds ready sale. The price of local fodder is 2 to 3 times over the normal. Sufficient cattle for agricultural purposes are kept and the surplus is sold off at prices below normal. Grain in markets is sufficient, and imports are active. The prices of staple food-grains in the Deccan are 40 to 150 per cent.; in the Karnatak 65 to 110 per cent; in Gujarat 15 to 95 per cent.; and in the Konkan 20 to 30 per cent. above the normal. The numbers on test works on the last day of the week ending 24th ultimo were—Poona 46, Sholapur 92, Bijapur 388, Belgaum 264, Dharwar 66, Phaltan 121, Miraj Junior 134; total 1,211. Distress is not yet acute. The condition of the labourers is good and work in fields, on Local Boards and Government irrigation works and on private works organized by help of takavi grants affords considerable employment. People on relief works are in fair to good condition and relief measures are adequate. Immigrants continue to return and the numbers on relief are increasing. There is no aimless wandering observed. The condition of people in general is good. Relief works are in progress in Ahmednagar, Poona, Sholapur, Satara, Bijapur and Belgaum districts and the Deccan and Southern Maratha Country States. The numbers on relief in British districts are:—Deccan—on works 8,513, on gratuitous relief 18,662, total 27,175; Karnatak—on works 8,874, on gratuitous relief 14,485, total 23,359. In Native States,—on works 3,303, on gratuitous relief 2,205, total 5,508.

Hyderabad.—There was no rain during the week. The spring harvest has been completed generally The late rice is in good condition and is being harvested in seven talukas. Lands are being prepared for autumn sowings. Fodder scarcity exists in 47 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 4,400 persons and at Ashti poor-house to 54 persons. The price of *juar* has risen from ½ to 4 seers per rupee in 17 talukas and fallen from ½ to 2 seers in 15. Prices—wheat 8½; coarse rice 7½; and *juar* 13¾ seers per rupee.

Mysore.—Markets are fairly well supplied with food-grains. Prices are generally steady. The standing crops are good in Bangalore and in parts of Mysore; moderate in Tumkur and fair in other districts. Prospects in Kolar depend on early rain, they are not encouraging in Tumkur, but are moderately fair in other parts. Cattle are generally healthy except in certain parts of Bangalore, Tumkur, Mysore and Hassan. Fodder is available except in parts of Shimoga. Water is available in parts, but is diminishing in Kolar and in parts of Tumkur, Mysore and Chitaldrug.

Coorg.—Prices of food-grains are normal. Water and fodder are generally sufficient.

Madras.—There was no rain during the week. Irrigation supplies are insufficient, except in Cuddapah, the Carnatic, South Canara and Nilgiris. Ploughing, sowing, weeding and transplanting are in progress in parts. The standing crops are generally fair, but some in parts of Salem and Tinnevelly require more rain, and some in parts of Coimbatore, Tanjore and Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, the Carnatic, North Arcot, Tanjore, Malabar and Nilgiris. Fodder is scanty in parts of Bellary, Salem, Coimbatore and Tanjore. The condition of cattle is generally good. The price of rice is stationary in thirteen districts; has fallen in six, and has very slightly risen in four. The prices of millets have fluctuated as follows:—*Ragi* is stationary in eight districts; has fallen in nine; and has slightly risen in four. *Cholam* is stationary in four districts; has fallen in four; and has slightly risen in six. *Cumbu* is stationary in nine districts; has fallen in one; and has slightly risen in five.

NO. 200.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

EDUCATION.

APPOINTMENT OF A COMMITTEE TO FRAME THE REVISED REGULATIONS OF THE CALCUTTA UNIVERSITY.

Simla, the 10th April, 1906.

RESOLUTION.

By the provisions of section 26 of the Indian Universities Act, 1904, the Senate of the Calcutta University are required to cause a revised body of regulations providing for all matters relating to the University to be prepared and submitted for the sanction of the Government of India within one year after the commencement of the Act. This period of one year expired on the 1st September 1905. In exercise of the power conferred by section 26 (1) of the Act the Government of India then, at the request of the Senate, fixed a further period of six months for the submission of revised regulations. When this period was about to expire the Government of India were advised by the Hon'ble the Advocate General that it was not within their power to extend the time further, and that in the event of a revised body of regulations not being submitted by the Senate before the end of February 1906 such regulations could only be made by the Government under the power vested in them by section 26 (2) of the Act.

2. The Senate were unable to submit revised regulations within the time fixed and the legal authority to frame the regulations thus passed out of their hands and devolved upon the Government of India. The Governor General in Council was however anxious to avail himself as far as possible of their assistance in the matter and to utilise the materials collected by them as a basis for the completion of the work. The Senate were accordingly informed that the Government of India would be glad to receive from them any draft regulations or suggestions in regard to the regulations, which that body might be prepared to submit by the middle of next April and to give these full consideration.

3. In order to ensure that the best use shall be made of the materials which the labours of the Senate may make available, the Government of India have decided to appoint a small committee, consisting of members of the Senate representing the various interests concerned, and especially the interests of private colleges, to assist them in preparing the regulations By adopting this course they hope that they will be able to give the Senate practically as large a voice in the settlement of the regulations as they would have had if they had been able to comply with the provisions of section 26 (1) of the Act. The committee will be constituted as follows.

President—The Hon'ble Mr. Justice Asutosh Mukharji, Vice-Chancellor of the Calcutta University.

Members—Mr. G. W. Küchler, Indian Educational Service.

Reverend A. B. Wann, Principal, General Assembly's Institution.

Mr. N. N. Ghose, Principal, Metropolitan Institution.

Babu Brojendronath Sil, Principal, Victoria College, Cooch Behar.

Dr E. Denison Ross, Officer in charge of the Records of the Government of India, and late Principal of the Calcutta Madrasah

Dr. Ross will also be Secretary to the Committee. It will assemble at Simla early next month and the Government of India hope that it will be able to complete the draft regulations within a period of two months. The Committee is authorised to consult other persons or bodies at its discretion about any matter in respect of which the materials placed at its disposal may be inadequate.

ORDER—Ordered that this Resolution be published in the Supplement to the *Gazette of India.*

H. H. RISLEY,

Secretary to the Government of India.

(a) Figures for week ending 31st March 1906.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 12th April 1906, based on the India Daily Weather Reports of the period.

A condition of low pressure was observable in Baluchistan during last week as a very shallow depression, and in the course of the early days of the week under review it passed over India into Bengal and Assam, becoming stronger as it progressed. It was only, however, on reaching this eastern end of its path that the conditions of humidity necessary for the production of rain were met with and that wet weather resulted from its influence. By the 6th nearly general rain had fallen in the province of Eastern Bengal and Assam, but by the 7th it had assumed the character of local showers there, and had not spread into Burma.

With the exception of unsettled weather resulting in rain and snow in the North-West Frontier Province and Kashmir from the 6th to the 9th no other definite cause of wide-spread rain appeared during the week, but spasmodic showers fell in Burma, Bengal and the south of the Peninsula.

The following are the chief amounts reported during the two days of rain in Eastern Bengal and Assam — Chittagong 3", Silchar 2", Narayanganj and Shillong 1½" and Gauhati 1". In Kashmir during the first five days of the week Srinagar reported 2" and Dras 1½", but no reports have since been received. Of other rainfall the chief is — Silchar 8th to 11th 1½", Cherra Poonjee 10th and 11th 1", Sibsagar 12th 1", Dibrugarh 11th and 12th 2", Moulmein 7th to 10th 1½" and Tavoy 10th ½".

In only one subdivision, that of Narayanganj, has rainfall exceeded its normal value this week.

The maps of temperature relating to the early days of the week showed excesses of 4 to 8 degrees over north-west India and equal deficits in the north-east and in Burma, temperature in the intermediate regions and in the Peninsula being nearly normal. At the week's end, however, the distribution was reversed, and weather, colder than the normal by from 8 to 12 degrees, prevailed in Sind and the North-West Frontier Province, and warmer than the normal by about 5 degrees over a large portion of Eastern Bengal and Assam.

RAINFALL DIVISION WITH REPRESENTATIVE STATION.	Rainfall sub-division named after representative station.	RAINFALL DATA FOR WEEK ENDING ON 12TH APRIL 1906.			RAINFALL DATA FROM 1ST DECEMBER 1905 TO 12TH APRIL 1906.			SEASONAL PERCENTAGE DEPARTURE FROM NORMAL.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 7th April 1906.

Burma.—Slight rain fell during the week in most of the Upper Burma districts and in three districts of Lower Burma. In Upper Burma cultivation of dry-weather paddy is progressing in several districts and agricultural operations for early wet-weather paddy continue at three centres. Plucking of tobacco and gathering of onions, peas, and beans are in progress. Reaping of gram and wheat is approaching completion. Dry-weather paddy is suffering for want of rain in the Singaing township of Kyaukse. The price of paddy has risen considerably in Rangoon and slightly in Akyab, Pegu and Mergui; the fall is insignificant in Prome, elsewhere it is unchanged.

Eastern Bengal and Assam.—The weather is seasonable. Moderate rain fell during the week in the Surma Valley hill districts and Chittagong Division and slight rain in almost all other districts. Pressing of sugarcane and harvesting of pulses are finished in places. Plucking of tea has commenced in some districts. Prospects of crops are generally fair. Ploughing for and sowing of early rice and jute are in progress. Prices of common rice—Manipur 13; Kohima 12½; Sibsagar 11; Chittagong 10½, Gauhati and Tezpur 10; Dinajpur 9⅜; Jalpaiguri, Malda, Rangpur, Bogra, Dacca, Silchar, Nowgong and Dibrugarh 9; Pabna 8⅜; Rampur Boalia, Dhubri and Tura 8½, Comilla 8¼; Barisal and Sylhet 8; Faridpur 7¾ to 8; Mymensingh 7 11/16; and Shillong 6½ seers per rupee. Prices have risen in eight districts; fallen in three districts; and are stationary in the rest.

Bengal.—There were very light and scattered showers during the week in Bengal and Bihar, while Orissa and Chota Nagpur were practically free from rain. Harvesting of the spring crops and pressing of sugarcane are approaching completion. Sugarcane planting still continues. Ploughing for the autumn crops is going on. Prospects are on the whole fair. The supply of fodder and water is sufficient. The price of common rice has risen in six districts and has fallen in one; it continues high in most of the districts of the Presidency and Bhagalpur Divisions and also in Hooghly, Howrah, and Muzaffarpur.

United Provinces—No rain fell during the week except in the four Himalayan districts and in Saharanpur, Bijnor, Moradabad, Muzaffarnagar, and Bulandshahr. Locusts have damaged the crops in Tehri. Harvesting operations have been completed or are nearing completion in several districts in which threshing and winnowing have commenced. Extra crops and sugarcane are being irrigated and weeded and in some districts fields are being ploughed for the autumn crops. Opium is still being gathered and in a few districts weighments have begun. The markets are well supplied but there is scarcity of fodder in parts of Etawah, Etah, Cawnpore, and the four Bundelkhand districts. Prices generally are easier and are still falling in a large number of districts. The total number of persons on relief at the end of the week was 194,000.

The weekly report on the famine and scarcity is as follows—The harvesting is still offering sufficient employment in the Cawnpore and Agra Divisions; elsewhere the numbers on relief are rising and are likely to increase. Scarcity of fodder is reported from Banda and Hamirpur. Prices are rising in Jalaun and Agra. There have been a few cases of cholera on a work in Jalaun where the mortality has slightly risen; elsewhere the death rate is normal. The numbers on relief are.—Agra Division—workers 5,000, on gratuitous relief 10,000; Allahabad Division—workers 114,000; on gratuitous relief 65,000; total, 194,000.

Punjab.—Slight showers fell during the week in the northern and western districts. The price of wheat is rising in Hissar, Rohtak, Amballa and Amritsar; and falling in Gurgaon, Sialkot, Rawalpindi and Mianwali. Prices of other food-grains are falling. Harvesting and reaping of spring crops are in progress. Sowings of extra spring crops and of sugarcane, cotton and other autumn crops continue. The condition and prospects of the standing crops are generally good to fair, unirrigated crops are below average in Delhi and fair in Gurgaon. Opium is in average condition in Lahore. Crops have been slightly damaged by hail in Amritsar and by heavy rain in Sialkot. Cattle are still lean in Rohtak and Gurgaon, but their condition is improving. Dry fodder is still scarce in places but green fodder is available everywhere. There are no complaints regarding the canal water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—on works 5,502, on gratuitous relief 6,498, total 12,000. The distress is moderate. The decrease on works is due to the spring harvest and to labourers on one tank work having been kept off the work on one day of the week. People are generally resorting freely to the works. There is no wandering or emaciation apparent. The physical condition of the labourers is generally good. Relief measures are sufficient and the public health is good, except for a few cases of plague.

North-West Frontier Province.—Showers have fallen in all districts during the week. Crops are flourishing but are rather backward for the time of the year as the weather continues damp and cloudy and fine weather is needed. Sowings of autumn and extra spring crops are in progress. Hail has caused some damage to crops in two villages in Peshawar. The water-supply is above normal and there has been some irrigation from hill torrents in Dera Ismail Khan. The condition of cattle is average in Dera Ismail Khan and good elsewhere. Stocks of food-grains and fodder are sufficient, except in the Daman tract of Dera Ismail Khan. Prices are still falling slightly. Prices—wheat 14 to 18, gram 16 to 21; maize 17 to 21, and *bajra* 14 to 19 seers per rupee.

Jammu.—There was slight rain during the week in several tahsils. Prices are fluctuating. Prices—wheat 12 to 23 and maize 15 to 32 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Land is being prepared for autumn sowings.

Kashmir.—The weather during the week was partly bright and partly cloudy with drizzling rain. Prices are stationary.

Rajputana.—Slight rainfall was reported during the week from three districts of Bikaner. Spring crops are being harvested; the estimate of the outturn is 3 to 8 annas in the rupee in Ajmer; 6 annas in Dungarpur, fair in the hill tracts, Partabgarh, Banswara, Jhalawar, Alwar, Dholpur, Marwar, and Jaisalmer; and about normal in Sirohi. Scarcity of fodder continues in many places and the condition of cattle is generally poor in these tracts. Prices have fallen in Shahpura and slightly in Dholpur, they are practically steady elsewhere. The spring rain has eased the situation almost everywhere except in Kotah. The numbers on famine relief are.—Ajmer-Merwara 41,037, in Native States 52,337; on test works—North Mewar 2,746, Shahpura 36; on gratuitous relief.—North Mewar 474, Shahpura 88; grand total 96,718 or a decrease of 9,474.

The weekly report on the famine and scarcity is as follows:—Ajmer-Merwara—on works 28,689, on gratuitous relief 12,348, total 41,037; or a decrease of 6,230 due to harvesting of the spring crops. Native States—Marwar—on works 3,060, on gratuitous relief 1,721, total 4,781; Tonk—on works 1,465, on gratuitous relief 362, total 1,827; Jaipur—on works 13,780, on gratuitous relief 738, total 14,518; Kishengarh—on works 2,804, on gratuitous relief 2,713, total 5,517; Alwar—on works 2,247, on gratuitous relief 1,400, total 3,647; Eastern States.—on works 16,975, on gratuitous relief 5,072, total 22,047. The numbers have generally fallen except in Jaipur and Dholpur where they show an increase. Prices vary between 10½ in Karauli and 14¼ seers per rupee in Alwar. The situation in all affected States has been relieved by the spring rain of the past month and prices are easier. The public health is generally good.

Central India.—There were slight showers in parts of Gwalior during the week. Harvesting of spring crops is in progress. The standing crops are fair in Bhopal, Baghelkhand and Malwa; and normal in parts of Gwalior. The probable outturn is average in Indore and Baghelkhand; normal in Gwalior; fair in Bhopal; and below average in Bundelkhand and Malwa. Serious damage by hail is reported from 36 villages in the Marwar pergana of Gwalior. Agricultural stock is bad in parts of Gwalior and average in Bundelkhand. Pasturage is bad in parts of Gwalior; scarce in north of Bundelkhand; and sufficient in Bhopawar. Prices are falling slightly in Gwalior and Bhopawar; and are high in Indore, parts of Bhopal and Baghelkhand.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered in Gwalior where the Darbar has issued orders for opening a poor-house at Sheopur and constructing another near Gwalior. The spring harvest is giving employment to the people. Prices in Bundelkhand vary from 12¼ to 13¾ seers per rupee. The numbers on works are as follows:—in Gwalior 54,000, on gratuitous relief 14,000, total 68,000; in Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila and Jagirs:—on works 31,000, on gratuitous relief 4,000, total 35,000; grand total 103,000.

Central Provinces.—The weather has been clear and hot. Harvesting of spring crops is almost complete and threshing and winnowing continue. The estimated outturns are:—wheat 60 to 120; linseed 45 to 120; gram 75 to 100; and *tingni juar* 60 to 110. The preparation of land for autumn sowings is in progress. The condition of people in the affected tracts in Bilaspur shows no signs of distress; about 490 people are employed on road and tank works specially opened in this district. Scarcity of water exists in parts of Saugor and Damoh. The week has witnessed a further fall in the price of wheat in the Northern districts; wheat has become cheaper by 2½ seers in Bilaspur and rice by 1½ seers in Chanda; the price of staple food-grains is still equal to or slightly above the warning rates in most districts; the price of wheat is up to scarcity level in Damoh and that of rice in Balaghat and Bilaspur; in Chanda the price of rice is above the scarcity level.

Baroda.—For week ending 31st March. The numbers on relief are:—on works 3,692; on gratuitous relief 166; total 3,858.

Bombay.—The standing crops are generally in good condition except in Larkana where slight damage was caused by insects and recent rain. Water in irrigation canals, tanks, and wells is giving out. Harvesting and threshing of spring crops and preparation of lands for autumn sowings continue. Cotton-picking is progressing in parts of Gujarat, Baroda, Palanpur, and Mahi Kantha. The supply of drinking water is deficient and is being made good from Government grants and takavi advances. Cattle continue to deteriorate in affected districts and imported grass generally finds ready sale. The price of local fodder continues two to three times above the normal. Agricultural stock is sufficient, surplus cattle are being sold off at low prices. Imports of grain are active and stocks with merchants adequate. The prices of staple food-grains in the Deccan are 40 to 105 per cent; in the Karnatak 45 to 95 per cent; in Gujarat 40 to 70 per cent.; and in the Konkan 15 to 40 per cent above the normal. The numbers on test works on the last day of week ending 31st March were:—Poona 274, Sholapur 125, Bijapur 448, Belgaum 327, Dharwar 84, Phaltan 105; total 1,363. Distress is increasing but is not acute yet. The physical condition of the labourers is good and they find considerable employment in fields and on Local Boards and Government irrigation and private works organised by help of takavi grants. The condition of relief workers is fair to good and relief measures are sufficient. The numbers on relief are increasing owing to return of emigrants. There is no aimless wandering observed and the condition of the people in general is good. Relief works are in progress in Ahmednagar, Poona, Sholapur, Satara, Bijapur, and Belgaum districts and the Deccan and Southern Maratha Country States. The numbers on relief in British districts are:—Deccan—on works 9,985, on gratuitous relief 20,808, total 30,793; Karnatak—on works 9,075, on gratuitous relief 14,218, total 23,293. Native States:—on works 3,605, on gratuitous relief 2,222, total 5,827.

Hyderabad.—Rainfall —5 cents. The spring harvest is nearly over. Late rice is being harvested. The standing crops are generally in good condition. Lands are being prepared for autumn sowings. Fodder scarcity exists in 50 talukas and water scarcity in 39 The attendance on road works in the affected talukas amounted to 4,687 persons, and at Ashti poor-house to 55 persons. The price of *jowar* has risen from ½ to 3 seers in eight talukas and fallen from ½ to 3 seers per rupee in twenty. Prices :—wheat 8½ ; coarse rice 7½ ; and *jowar* 14 seers per rupee.

Mysore.—There was very slight rain during the week in parts of Bangalore, Kolar, Tumkur, Mysore, and Hassan. Markets are fairly well supplied with food-grains. Prices are generally steady. The crops are withering in parts of Tumkur and Hassan for want of rain, elsewhere they are in fair condition. Prospects in Kolar depend on early rains and are not encouraging in Tumkur, but they are fair in other parts of the Province Cattle are generally healthy except in parts of Bangalore, Tumkur, Mysore, and Hassan. Water is generally available, though diminishing in parts. Fodder is scanty in parts of Hassan, Shimoga, and Chitaldroog.

Coorg.—Prices of food-grains are normal. Water and fodder are scanty in parts.

Madras.—Rainfall light in Ganjam, Vizagapatam, Cuddapah, Nellore, North Arcot, Tinnevelly and Nilgiris, but none elsewhere. Irrigation supplies are insufficient except in Cuddapah, the Carnatic, South Canara, and Nilgiris. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair, but some in parts of Tinnevelly require more rain and some in parts of Kistna, Salem, Tanjore, and Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, the Carnatic, North Arcot, Tanjore, Malabar, and Nilgiris. Fodder is scanty in parts of Bellary, Chingleput, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in eight districts; has fallen in seven ; and has very slightly risen in eight. The prices of millets have fluctuated as follows —*Ragi* is stationary in nine districts, has fallen in five ; and has slightly risen in seven. *Cholum* is stationary in four districts ; has fallen in three ; and has slightly risen in seven. *Cumbu* is stationary in eight districts, has fallen in three ; and has slightly risen in four.

J. WILSON,

Secretary to the Government of India.

NO. 784—62-1.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

CIVIL VETERINARY ADMINISTRATION.

Simla, the 11th April, 1906.

The following telegram from His Excellency the Governor, Natal, to His Excellency the Viceroy, dated the 5th April 1906, is published for general information.

By Proclamation issued Colonial Government Gazette of 3rd April importation into Natal directly or indirectly of all animals from India prohibited, subject to reservation that healthy animals may be imported with permission in writing of Principal Veterinary Surgeon, Natal, subject to such quarantine as he may in each case direct and to such other conditions as it appears to him may be necessary. Penalty for every animal imported in contravention of Proclamation is fine not exceeding 50 pounds with alternative imprisonment with or without hard labour until payment of fine. Imprisonment not to exceed three months.

J. WILSON,

Secretary to the Government of India.

No. 2843—2858—4.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

CUSTOMS.

RESOLUTION.

Dated Simla, the 14th April, 1906.

After consultation with the Local Governments and Chambers of Commerce as to the practicability of the suggestions formulated by the Committee appointed to consider the question of adopting measures to prevent the short-reeling of yarns manufactured in Indian mills for sale in India, the Government of India announced, in October 1904, that they had decided not to take any further action in the matter. Their attention was again drawn to the subject by Resolution No. 9 passed at the Conference of Indian and Ceylon Chambers of Commerce in January 1905, and by a representation from the Manchester Chamber of Commerce, which was forwarded for their consideration by the Right Honourable the Secretary of State for India In replying to that representation, the Government of India adhered to their former decision ; but the Secretary of State, while not dissenting from the general conclusions at which they had arrived, has pointed out that the decision should not be held to imply, as has in fact been inferred in certain quarters, that the Government of India propose to abstain from all action under the Indian Merchandise Marks Act in respect of short-reeled yarn manufactured in Indian mills, and he has suggested that it would be advisable expressly to delegate powers in respect of prosecutions to certain authorities in India. In compliance with the Secretary of State's instructions, the Government of India have decided that the Local Governments should, in certain classes of cases, and subject to certain conditions, be authorised to undertake prosecutions under sections 6 and 7 of the Act. The attached instructions governing this matter have been framed on the lines of the Regulations issued by the Board of Trade to provide for the conduct of prosecutions in similar cases in the United Kingdom.

Order :—

Ordered, that a copy, with a copy of the attached instructions, be forwarded to the $\frac{\text{Government}}{\text{Administration}}$ of
Bombay, Revenue Department
Madras, Revenue Department
Bengal, Financial Department
Burma, Revenue Department
the Punjab
the United Provinces
the Central Provinces
for information and guidance, in continuation of the correspondence ending with the letter from the Finance and Commerce Department, No. 6553-S R., dated the 14th October 1904.

Ordered, also, that a copy, with a copy of the instructions, be forwarded to the other Local Governments and Administrations, for information and guidance.

Ordered, also, that a copy, with a copy of the instructions, be forwarded to the Director General of Commercial Intelligence, for information.

Ordered, also, that the Resolution and the instructions be published in the Supplement to the *Gazette of India*, for general information.

W. L. HARVEY,

Secretary to the Government of India.

Instructions for the prosecution, under sections 6 and 7 of the Indian Merchandise Marks Act, 1889 (IV of 1889), of offences relating to the short-reeling of yarn in Indian mills.

1. The prosecution of such offences shall, subject to the condition hereinafter prescribed, be undertaken by the Local Governments in cases which appear to them to affect the general interests of the country, or of a section of the community, or of a trade.

2. Every application to a Local Government to undertake a prosecution shall be accompanied by the following documents .—

(a) A statement showing the nature and circumstances of the case and sufficient to enable the Local Government to form an opinion whether the case affects the general interests of the country, or of a section of the community, or of a trade.

(b) A statement showing the facts which, if the Local Government undertakes the prosecution, will be capable of proof, and setting out the proofs and names of the witnesses available to prove such facts.

The Local Government may require the above statements to be supplemented or additional evidence to be furnished.

3. If, on the evidence, the Local Government is of opinion that there is no reasonable prospect of a conviction being obtained, it will not, unless it thinks fit, undertake the prosecution.

4. If the Local Government is of opinion that the prosecution would be better or more properly conducted under some other Act, it will not undertake the prosecution.

5. The Local Government may, before undertaking a prosecution, require the applicant to give security for costs on such terms and in such manner as it thinks proper.

6. For the purpose of carrying these instructions into effect, the Local Governments may, from time to time, prescribe the use of such forms and give such directions as they may deem expedient.

7. Nothing in these instructions is intended to affect the power of any person or authority to undertake private prosecutions in respect of such offences under the Indian Merchandise Marks Act.

RAILWAY BOARD.

L. M. JACOB,

Secretary to the Government of India.

FOREIGN DEPARTMENT.

NOTIFICATIONS.

Simla, the 17th April, 1906.

No. 1419-*I.B.*—In exercise of the powers conferred by section 27 of the Indian Arms Act, 1878 (XI of 1878), as applied by the notification of the Government of India in the Foreign Department No. 1007-I., dated the 21st March, 1884, to the lands which are occupied, or may hereafter be occupied, by the Rajputana-Malwa Railway system, including the lands occupied as stations, out-buildings, and for other railway purposes, in Indore territory south of the river Narbada, the Governor General in Council is pleased to withdraw the said lands from the prohibitions and directions contained in sections 14 to 16 of the said Act, as so applied. Provided that a person who refuses or omits to comply with any regulation or rule of the railway for the time being in force relating to the custody of arms while in passenger trains, shall not be entitled to the benefit of this exemption.

The 18th April, 1906.

No. 1433-*I.B.*—The following notifications of the Government of India in the Foreign Department are hereby cancelled :

(*a*) No. 3760-I., dated the 20th October, 1894, licensing the Reverend J. S. Timpany, M.D., of the American Baptist Telugu Mission, Secunderabad, to solemnise marriages within the territories of His Highness the Nizam of Hyderabad.

(*b*) No. 484-I., dated the 7th February, 1895, appointing the said Reverend J. S. Timpany, to be a Registrar of Births and Deaths within the Hyderabad State.

The 20th April, 1906.

No. 1474-*I.B.*—In supersession of the notification of the Government of India in the Foreign Department No. 4861-I.B., dated 2nd November, 1900, and in exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor General in Council is pleased to provide as follows for the administration of justice within the lands lying in the Native State of Travancore, which are, or may hereafter be, occupied by the Travancore Branch of the South Indian Railway :

(1) The aforesaid lands shall be deemed to be part of the Tangasséri taluk of the Anjengo district.

(2) All laws for the time being in force in the Anjengo district of the Madras Presidency shall be deemed to be in force in the said lands.

(3) The Governor of Madras in Council and all officers subordinate to the Government of Madras for the time being exercising executive authority within the Tangasséri taluk of the Anjengo district shall exercise the like authority within the said lands :

Provided that the superintendence of the police within the said lands shall, under the general control and superintendence of the Inspector General of Police of the Madras Presidency, be vested in a Superintendent of Railway Police, who may have been appointed in this behalf by the Governor of Madras in Council and shall exercise throughout the said lands all the powers of a District Superintendent within the meaning of the Police Act XXIV of 1859 (an Act for the better regulation of the Police within the territories subject to the Government of Fort St. George).

(4) All courts having for the time being jurisdiction within the Tangasséri taluk of the Anjengo district shall have the like jurisdiction within the said lands.

No. 1475-*I.C.*—The undermentioned officer is granted combined leave out of India, on private affairs, under India Army Order No. 64 of 1904, for eight months, reckoning from the date of being struck off duty, the first sixty days being privilege leave and the remaining period leave under the Leave Rules of 1886 for the Indian Army:

Captain E. A. Fagan, 36th Jacob's Horse, Inspecting Officer, Rajputana Imperial Service Cavalry and Transport.

Pension service—15th year, commenced on the 2nd May, 1905.

No. 1478-*I.C.*—Captain H. M. W. Souter, 14th Murray's Jat Lancers, Assistant Inspecting Officer, Rajputana Imperial Service Cavalry, is appointed to officiate, in addition to his own duties, as Inspecting Officer of the Rajputana Imperial Service Cavalry and Transport, with effect from the date of assuming charge and during the absence on combined leave of Captain E. A. Fagan, 36th Jacob's Horse, or until further orders.

No. 1596-*E.C.*—With reference to the provisions of clause (I) of Article 66 of the China and Korea Order in Council, 1904, the Government of India consent that British Indian offenders sentenced to imprisonment under that Order may be sent to Burma for imprisonment.

L. W. DANE,
Secretary to the Government of India.

FINANCE DEPARTMENT.

GEOLOGY AND MINERALS.

The 19th April, 1906.

No. 3016-85—Mr. T. H. Holland, Director of the Geological Survey of India, is granted privilege leave for three months, with effect from the 18th April 1905, or from any subsequent date on which he may avail himself of the leave.

Mr. T. H D. LaTouche, a Superintendent in the Geological Survey of India, is appointed to officiate as Director of the Geological Survey of India, during the absence of Mr. Holland, or until further orders.

The 21st April, 1906.

No. 2968—82.—In exercise of the powers conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor General in Council is pleased to make the following rules for application to all coal mines in British India in continuation of Notification No. 864—58-20, dated the 10th March 1904.

VIII.—Rules regarding certificates, the conditions on which they are granted, and the qualifications which the managers of the various classes of mines must possess

Rule 27.—For the purposes of rules 28 to 54, every system of underground workings interconnected in such a manner that communication is practicable from any one part of the system to any other part by means of underground channels shall be deemed to constitute a mine. If access from one system of underground workings to another such system is not practicable without coming to the surface of the ground, each such system shall be deemed to constitute a separate mine

Rule 28.—There shall be constituted a Board of Examiners for the purposes of these rules, which shall consist of the Chief Inspector of Mines for the time being, and of two other persons possessing technical qualifications fitting them to serve on the Board. One of these persons shall be the owner or manager of a mine, the other shall be a mining engineer. They shall be appointed by the Governor General in Council for a term of three years:

Provided that on the expiry of any term for which he has been appointed, any such person shall be eligible for re-appointment Each such person shall receive such remuneration as the Governor General in Council may fix. The Chief Inspector of Mines shall be, *ex-officio*, President of the Board.

Rule 29—Certificates under these rules shall be granted by the Board of Examiners, and their decision regarding the grant of such certificates shall be final. Certificates granted by the Board shall hold good throughout British India, and shall be of two kinds, namely, certificates of competency and certificates of service, and of two classes of each kind, namely, first and second class.

Rule 30.—Certificates of competency shall be granted to candidates after such examination as the Board of Examiners may from time to time prescribe. The examinations shall be held at such times, and at such centres, as may from time to time be fixed

by the Board, and shall be conducted by local examiners, who shall be appointed by the Board. The local examiners as appointed shall be subject to the orders of the Board in respect of all matters relative to the conduct of the examinations, and they shall receive such remuneration as the Board with the sanction of the Governor General in Council may fix. The Board may from time to time make regulations as to the conduct of such examinations; and they shall, so far as this is practicable, take steps that the standard of knowledge which a candidate must attain before he obtains a certificate of competency of any particular class shall be uniform throughout British India. Every regulation made by the Board under this rule shall be published in the local official Gazette, and no such regulation shall take effect until six months from the date on which it was first so published.

Rule 31.—Full information regarding the date and place of each examination shall be published, under the orders of the Board of Examiners, in each issue of the local official Gazette, and in such other publications as the Board may consider desirable, for a period of not less than three months prior to the date fixed therefor.

Rule 32.—No person shall be admitted as a candidate at any examination for a first class certificate of competency unless he has attained the age of 23 years, and has satisfied the Board of Examiners that he has had practical experience in a coal mine for a period of not less than five years:

Provided that this period may be reduced to three years, if the Board of Examiners think fit, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor General in Council.

Rule 33.—No person shall be admitted as a candidate at any examination for a second class certificate of competency unless he has attained the age of 21 years, and has satisfied the Board of Examiners that he has had practical experience in a coal mine for a period of not less than three years:

Provided that this period may be reduced to one year, if the Board of Examiners think fit, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor General in Council or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor General in Council.

Rule 34.—A fee of Rs. 15 shall be paid by every candidate attending an examination for a first class certificate of competency and a fee of Rs. 8 shall be paid by every candidate attending an examination for a second class certificate of competency.

These fees shall be paid, not less than one month prior to the date of the examination, to the Chief Inspector of Mines at his office *

Rule 35.—The Board of Examiners may grant without examination to any person holding a first or second class certificate granted under any Act for the regulation of Mines for the time being in force in the United Kingdom, or in any British Colony, a certificate of a similar class under these rules. They may also grant to any person holding a certificate of proficiency in mining, if approved by them, a certificate under these rules, of the first or second class, if they are satisfied that the applicant possesses sufficient knowledge and experience to warrant them in doing so:

Provided that the applicant has in every such case adduced proof to the satisfaction of the Board of his identity and good character.

A fee of Rs. 5 shall be charged in respect of all applications for certificates to be issued under this rule. The fee shall be paid to the Chief Inspector of Mines, and the application for the grant of a certificate shall not be considered by the Board until the Chief Inspector of Mines certifies that the fee chargeable has been paid.

Rule 36.—A first class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least five years prior to the date fixed in rule 48 as the manager of a coal mine in India, in which, during the time he has so acted as manager, more than 150 persons have on an average been employed below ground simultaneously, or the average output of which has exceeded 1,500 tons of coal a month:

Provided that the said period of five years may be reduced to three, at the discretion of the Board of Examiners in the case of any such certificate which may be applied for before the 21st day of April 1908.

Rule 37.—A second class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least three years

* NOTE.—The fees may be remitted by Money Order or paid in any other manner.

prior to the date fixed in rule 48 below, as the manager of a coal mine in India in which, during the time he has so acted as manager, more than 50 persons were on an average employed underground simultaneously or the average output of which exceeded 600 tons of coal a month.

Rule 38.—Notwithstanding anything in rule 36 or 37, a certificate of service of either class may be granted by the Board of Examiners at their sole discretion to any person who is, in their opinion, possessed of sufficient knowledge and experience to warrant them in granting such a certificate.

Rule 39.—All applications for certificates of service shall be addressed to the Chief Inspector of Mines and shall state the name, age, place of birth, and place of employment of the applicant The length and character of the mining experience possessed by the applicant shall also be detailed, and this statement shall be supported by the production of such documents as the applicant may be in a position to furnish.

Rule 40.—A fee of Rs. 5 shall be paid in respect of each application for a certificate of service, of either class. This fee shall be paid to the Chief Inspector of Mines at his Office.*

Rule 41.—Permits authorising particular persons to hold charge as managers of mines of the class described in rule 47 may be granted by the Chief Inspector of Mines, at his sole discretion. Such permits shall be signed by the Chief Inspector of Mines, and shall remain in force for such period, not exceeding one year, as he may specify therein. A permit may be cancelled at any time by the Chief Inspector of Mines without assigning any reason for his action, and such order shall be final. The Chief Inspector of Mines may renew any permit for a further period not exceeding one year after the expiry of the period for which the permit was originally granted.

Rule 42.—A register, showing the names and addresses of all holders of certificates or permits issued under these rules, shall be maintained in the office of the Chief Inspector of Mines.

Rule 43.—If any person proves to the satisfaction of the Board of Examiners that he has, without any fault on his part, lost or been deprived of a certificate granted to him under these rules, otherwise than in accordance with any order made under rule 44, the Board of Examiners may, upon such terms and conditions as they may determine, cause a copy of the certificate to which the applicant appears by the register to be entitled, to be delivered to him. The word "Duplicate" shall be stamped across every such copy, and a fee of Rs. 2, which shall be payable in advance, to the Chief Inspector of Mines at his office shall be charged for it.

Rule 44.—If at any time a representation is made by the Chief Inspector of Mines to the Local Government that the holder of a certificate granted under these rules has been guilty of misconduct or incompetency in the discharge of his duties, or has been convicted of an offence under the Indian Mines Act, 1901, or the rules made under that Act, punishable with fine which may extend to Rs. 500, or with imprisonment which may extend to three months, the Local Government may cause an inquiry to be made into the matter; and with respect to such inquiry the following provisions shall have effect, namely:

(*a*) The inquiry shall be public, and shall be held at such place as the Local Government may appoint, and by such person or uneven number of persons as it may direct (hereinafter referred to as 'the Court'), either alone or with the assistance of any assessor or assessors named by the Local Government. Such assessors shall be practical mining engineers or persons with a knowledge of the practical working of mines. The functions of the assessors shall be purely advisory and they shall not be regarded as members of the Court.

(*b*) The Local Government shall, before the commencement of the inquiry, furnish the person whose conduct is under inquiry with a copy of the representation on which the inquiry is instituted.

(*c*) The Local Government may appoint any person to undertake the management of the case.

(*d*) The person whose conduct is under inquiry may attend the inquiry, and may either conduct his case personally or be represented by any other person approved by the Court.

(*e*) If a majority of the persons constituting the Court thinks fit, the person whose conduct is under inquiry may be required to deliver up his certificate at any time before or during the inquiry, and such person shall be bound to comply with such requisition, unless he shows sufficient cause to the contrary.

(*f*) The Court shall, on the conclusion of the inquiry, send to the Local Government a report containing a full statement of the case together with its opinion thereon and such account of or extracts from the evidence as it may think fit

* NOTE —The fees may be remitted by Money Order or paid in any other manner.

and, if it considers that the certificate in question should be cancelled or suspended, it shall add a recommendation to that effect. In the event of the members of the Court disagreeing in their opinion or recommendations, the dissentient or dissentients from the opinion of the majority may forward a separate report to the Local Government with a statement of their recommendations.

(g) After considering the report or reports and recommendation or recommendations (if any) submitted under clause (f), the Local Government may cancel or suspend the certificate and, if it does so, the fact of such cancellation or suspension shall, if the certificate is produced, be endorsed upon it, and, if it is not produced or if at any time a duplicate has been granted under rule 43, be notified in the *Gazette of India* and in the local official Gazette

Rule 45.—Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 1,800 tons a month, unless he holds a first class certificate granted under these rules.

Rule 46.—Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 50 or less than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 600 tons and does not exceed 1,800 tons a month unless he holds a first or second class certificate granted under these rules.

Rule 47.—Save as provided in rules 49 and 50, no person shall act as the manager of a mine in which not more than 50 persons are on an average employed underground simultaneously, or the average output of which does not exceed 600 tons a month, unless he is the holder of a first or second class certificate, or of a permit, granted under these rules. If the Chief Inspector of Mines should by written order so require, no person shall act as the manager of such a mine unless he is the holder of a first or second class certificate granted under these rules.

Rule 48.—Rules 45 to 47 shall not come into force until the 21st October 1906.

Rule 49.—Notwithstanding anything in rules 45 to 47, the Chief Inspector of Mines may authorise any person, whom he may consider competent to act as manager of any mine for a specified period, whether that person does or does not hold any certificate or permit under these rules. The Chief Inspector of Mines may revoke such an authority at any time, without giving any reason for his action and at his sole discretion, and such order shall be final.

Rule 50.—Notwithstanding anything in the preceding rules, the owner, agent, or manager of a mine may, in emergent cases, authorise any person whom he may consider competent to act as manager of the mine which he owns, or for which he is agent or manager

Provided that no such authority shall extend for a period in excess of four weeks, and that the owner, agent or manager shall send to the Chief Inspector of Mines, with the least possible delay, a written notice intimating that such an appointment has been made, and stating the emergent nature of the circumstances The Chief Inspector of Mines may revoke any authority so granted, and such order shall be final

Rule 51.—Save as provided in rule 52 no person shall act as manager of more than one mine

Rule 52.—Managers holding first or second class certificates may, at the discretion of the Chief Inspector of Mines, be allowed to manage more than one mine, if the Chief Inspector is of opinion that the mines supervised by them are near enough to one another to permit of effective supervision being exercised, and that an adequate subordinate supervising staff is maintained at such mines

Rule 53—(*a*) The owner, agent, or manager of every mine shall supply the Chief Inspector of Mines, within one month from the date on which these rules come into force, with the following information, namely

(1) The full name and address of each manager, (2) the number and class of the certificates held by them, (3) the name of the mines or particulars sufficient to identify the portions of the mines, in the charge of each such manager.

(*b*) All changes in the addresses of such managers, and all new appointments, shall be reported within one month to the Chief Inspector of Mines. The information referred to in sub-clause (*a*) above shall also be supplied in writing by the owner, agent, or manager to the Chief Inspector of Mines in respect of all new appointments which may subsequently be made.

Rule 54.—Save as provided in rules 41, 49 and 50 an appeal may be referred to the Mining Board in respect of any order passed by the Chief Inspector of Mines in virtue of the powers conferred on him by these rules, and the order of the Mining Board thereon shall be final. If no Mining Board has been constituted in respect of the Province or Administration in which the appellant is employed, the appeal shall lie to the Local Government, and the order by the Local Government thereon shall be final.

W. L. HARVEY,

Secretary to the Government of India.

ARMY DEPARTMENT.

NOTIFICATIONS.

Simla, the 18th April, 1906.

No. 92.—With reference to Railway Board Notification No. 95, dated the 9th June 1905, Mr. O. G. Kiernander, officiating Assistant Traffic Superintendent, North Western Railway, reverted to his substantive appointment of Traffic Inspector on the afternoon of the 29th March 1906.

The 19th April, 1906.

No. 93.—The following is published for general information:

No. R. T. 370—2, dated the 12th April 1906.

RESOLUTION—By the Railway Board.

Amendment in rule 1 of the General Rules for working the colliery railways at Dandot and Bhaganwala.

Read—

Section 47 of the Indian Railways Act, 1890 (IX of 1890).

Government of India, Public Works Department, notification No. 260, dated the 8th July 1897, and the Government of India, Public Works Department, resolution No. 532-R.T., dated the 3rd July 1897.

Government of India, Department of Commerce and Industry, notification No. 801, dated the 24th March 1905.

Letter from the Manager, North Western Railway, No. 340-R.B., dated the 19th March 1906.

RESOLUTION.—The sections comprising the colliery railway at Dandot having undergone changes, it has become necessary to alter the names of the sections enumerated in rule 1 of the General Rules for working the colliery railways at Dandot and Bhaganwala, promulgated with the Government of India, Public Works Department, resolution No. 532-R.T., dated the 3rd July 1897, so far as they concern the colliery railway at Dandot.

2. In exercise of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No. 801, dated the 24th March 1905, read in the preamble above, the Railway Board sanction, under section 47, sub-section (4) of the Indian Railways Act, 1890 (IX of 1890), the adoption by the administration of the North Western Railway, to which the General Rules for working the colliery railways at Dandot and Bhaganwala, promulgated with the Government of India, Public Works Department,

resolution No. 532-R.T., dated the 3rd July 1897, apply, of the accompanying amendment in rule 1 of the General Rules referred to.

ORDER.—Ordered that this circular, with its enclosure, be published under a notification in Part I of the *Gazette of India*, as required by section 47, sub-section (3) of the Indian Railways Act. 1890 (IX of 1890), and that a copy thereof be kept open for inspection at railway stations as directed by sub-section (6) of the same section; also that a copy of this circular and of its enclosure be communicated to the Manager, North Western Railway, for information and guidance.

[Enclosure to the Railway Board's No. R. T. 370—2, dated the 12th April 1906.]

Amendment in rule 1 of the General Rules for working the colliery railways at Dandot and Bhaganwala, which were promulgated with the Government of India resolution No. 532-R.T., dated the 3rd July 1897.

For rule 1 *substitute*—

1. The colliery railway at Dandot shall comprise the following sections:

Upper Incline to 8 South Siding.

8 South Siding to 17 South Siding.

Upper Incline to Pidh platform.

Foot of Inclines to Coal platforms.

C. A. R. BROWNE, *Lieut.-Col., R.E.,*
Secretary, Railway Board.

SUPPLEMENT TO

The Gazette of India.

No. 16.} SIMLA, SATURDAY, APRIL 21, 1906.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders or Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 19th April 1906, based on the India Daily Weather Reports of the period.

Weather has been dry over India and Burma throughout the week, except in the Brahmaputra valley and Kashmir. In the Brahmaputra valley nearly general rain fell on several days, notably on the 17th and 18th, and in Kashmir weather has been generally unsettled and rain has occurred locally. In upper Burma (Bhamo) and the south of the Peninsula (Wellington) there have been showers.

The following list gives the principal amounts reported at 8 hrs., and relates to the twenty-four hours preceding the dates given:

Kashmir—15th, 16th and 17th totals Sonemarg 1·88″ and Dras 1·20″.

Brahmaputra valley—13th light falls at Cherra Poonjee and Dibrugarh;
14th light falls at Silchar and Sibsagar;
15th Cherra Poonjee 2·63″,
16th Gauhati 1·52″, Tezpur 1·13″, Sibsagar 2·04″ and light falls at Cherra Poonjee, Silchar and Dibrugarh;
17th Cherra Poonjee 1·88″, Tezpur 1·04″, Sibsagar 4·96″ and light falls elsewhere;
18th Cherra Poonjee 7·09″, Silchar 4·61″, Sibsagar 2·82″ and Dibrugarh 2·12″;
19th Cherra Poonjee 6·36″, Silchar 3·66″, Sibsagar 1·16″ and Dibrugarh 1·08″.

In these two districts, Kashmir and the Brahmaputra valley, rainfall has been in excess.

Of other features of the weather during the week it may be said that a moderate cold wave followed immediately by a slight warm wave, itself succeeded by a second cold wave, travelled across northern India during the week, the combined effect being to cause changes amounting to about 8° or 10° within two days. These waves of temperature are due to the persistence of the winter eastward travelling depressions, which are now however of so weak a character that their presence is not readily detected, and the probability of rainfall resulting from them is small.

J. H. FIELD

for Meteorological Reporter to the Government of India and Director General of Indian Observatories.

J. WILSON,

Secretary to the Government of India.

SIMLA;
The 19th April, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 14th April 1906.

Burma.—Slight rain fell during the week in Amherst, Tavoy, and Katha only. In Upper Burma sowing of dry-weather paddy is in progress in several districts and has been completed in Thayetmyo. Reaping of wheat and gram is completed in Lower Chindwin and Kyaukse and is approaching completion in Sagaing. Reaping of gram and gathering of peas are completed in Myingyan. Plucking of tobacco continues. Dry-weather paddy is damaged for want of rain in the Singaing township of Kyaukse. The price of paddy has risen slightly in Rangoon, Prome, Pyapon, and Mandalay and is stationary elsewhere.

Eastern Bengal and Assam.—The weather is seasonable. There was heavy rain during the week in Upper Assam and slight to moderate in other plains' districts of Assam. Pressing of sugarcane is finished in most places. Plucking of tea is in progress in some districts. Prospects of the crops are generally fair. Ploughing for and sowing of early rice and jute are in progress. Prices of rice :—Manipur 22; Kohima 13; Chittagong and Tezpur 11; Gauhati and Sibsagar 10; Dinajpur $9\frac{1}{16}$; Rangpur and Silchar $9\frac{1}{2}$; Malda $9\frac{1}{4}$, Jalpaiguri, Bogra Rangamati, Nowgong and Dibrugarh 9; Rampur Boalia $8\frac{1}{4}$; Dhubri $8\frac{1}{2}$; Comilla and Sylhet 8; Shillong $6\frac{1}{4}$; and Aijal 6 seers per rupee. Prices have risen in five districts; fallen in eight districts; and are stationary in eight.

Bengal.—During the week under report there was no rain in the Province. Harvesting of the spring crops is practically over. Sugarcane-planting still continues in places Preparation of the soil for the autumn crops is going on. Prospects are generally fair. Fodder and water are sufficient. The price of common rice has risen in seven and fallen in four districts; it continues high in the districts of the Presidency and Bhagalpur Divisions and also in Hooghly, Howrah, and Muzaffarpur.

United Provinces.—There was no rain during the week. Cutting of spring crops and their threshing and winnowing continue. Extra crops are generally doing well. The mango and *mahua* (*bassia latifolia*) crops have been poor in Mainpuri and have been injured by strong westerly winds in Ghazipur. The *mahua* crop has been a failure in Jalaun and Hamirpur. The collection and weighment of opium continue. Food stocks generally are sufficient but fodder is scarce in Agra, Etah, Mainpuri, Cawnpore, Jhansi, Hamirpur and Banda. Forest grass is being imported for cattle in Jalaun. The total number of persons on relief at the end of the week was 200,000.

The weekly report on the famine and scarcity is as follows.—The harvesting is practically completed in Banda and Jhansi and the outturn is poor. The *mahua* crop is almost a failure. Extra crops are being irrigated. Field works still offer employment in the Cawnpore and Agra Divisions; elsewhere numbers are rising. Prices show little change. The physical condition of the people on relief is fair. Cholera and smallpox continue in Jhansi. In Hamirpur cholera has also broken out on two works but preventive measures have been taken and the seizures are decreasing in number. The shortage of water is serious in places in Hamirpur and all cattle save, plough cattle, have been removed. Grass from the Jhansi forest is arriving in the Jalaun district and is being sold at six annas a maund. The numbers on relief are :—Agra Division—workers 5,000; on gratuitous relief, 12,000; Allahabad Division—workers 118,000; on gratuitous relief 65,000, total 200,000. Water rates are being remitted wherever crops have suffered from insufficient supply of water or from hail.

Punjab.—There were slight showers in Rawalpindi during the week. The price of wheat is falling in Hissar, Rohtak, Amballa, Lahore and Amritsar and rising in Ferozepore;

the prices of other food-grains are practically unchanged. Sowings of extra spring crops continue in some districts and of autumn crops such as cotton and sugarcane throughout the Province. Harvesting of barley, gram, etc., is in progress. The condition and prospects of the outturn of the standing crops are generally good to fair; irrigated crops are average in Gurgaon and unirrigated bad in Delhi. The opium crop is average in Lahore. Slight damage has been caused by hail in Multan. The condition of cattle is improving. Dry fodder is still scarce in a few districts but grass is available everywhere. There are no complaints regarding the water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—on works 4,263, on gratuitous relief 6,244; total 10,507. The distress is moderate. The decrease on works is due to the spring harvest. People are generally resorting freely to works. There is no wandering or emaciation apparent. The physical condition of labourers is generally good. Relief measures are sufficient and the public health is good except for a few cases of plague.

North-West Frontier Province.—Slight showers have fallen during the week in Hazara and Bannu. The condition of the standing crops on unirrigated areas in Dera Ismail Khan is average; elsewhere it is good. Sowings of autumn and extra spring crops are in progress. The water-supply is normal. Condition of cattle is average in Dera Ismail Khan and good elsewhere. Stocks of food-grains and fodder are generally sufficient. Prices have slightly risen. Prices:—wheat 13 to 16; gram 16 to 21; maize 16 to 20; and *bajra* 14 to 15 seers per rupee.

Jammu.—There was no rain during the week. Prices are fluctuating. Prices:—wheat 12 to 24; maize 15 to 34 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Land is being prepared for autumn sowings.

Kashmir.—The weather is almost bright. The crops are in good condition. Ploughing for autumn sowings has commenced. Prices are almost stationary.

Rajputana.—The spring crops are being harvested; the estimated outturn is 3 to 8 annas in the rupee in Ajmer; 4 annas in Merwara, and Western Jaipur; 6 annas in Dungarpur; about normal in Sirohi; and generally fair in other States, but the cultivated area is restricted. Scarcity of fodder continues in many places and here the condition of cattle is generally bad. Prices have risen in Jaisalmer and Shahpura, and slightly in Dholpur; they have fallen in Partabgarh and Kishangarh; and are practically steady elsewhere. The numbers on famine relief are:—Ajmer-Merwara 38,433; Native States 60,169; total 98,602 or an increase of 1,884.

The weekly report on the famine and scarcity is as follows:—Ajmer-Merwara—on works 26,970, on gratuitous relief 11,463, total 38,433 or a decrease of 2,604 due to harvest operations; Merwara figures however show an increase of 592. In Native States:—Marwar—on works 3,023, on gratuitous relief 1,696, total 4,719; Mewar—on works 2,754, on gratuitous relief 497, total 3,251; Shahpura—on works 30, on gratuitous relief 89, total 119; Tonk—on works 2,002, on gratuitous relief 366, total 2,368; Jaipur—on works 15,150, on gratuitous relief 659, total 15,809; Kishengarh—on works 2,976, on gratuitous relief 2,809, total 5,785; Alwar—on works 1,928, on gratuitous relief 1,200, total 3,128; Eastern States—on works 19,550, on gratuitous relief 5,440, total 24,990; there is a slight decrease in Marwar and Alwar, the net increase is 4,468 chiefly in Jaipur and Bharatpur. Prices vary between 11 seers in Karauli and 15 seers per rupee in Kishangarh. Relief measures are adequate. The public health is generally good.

Central India.—There was no rain during the week. Harvesting of spring crops is in progress: the probable outturn is normal in parts of Gwalior; fair in Indore and Bhopal; average in Baghelkhand; and below average in Bundelkhand and Malwa. Serious damage to crops is reported in parts of Gwalior. Agricultural stock is bad in parts of Gwalior; good in parts of Indore, Baghelkhand, and Malwa; fair in Bhopal; and average in Bundelkhand. Pasturage is bad in parts of Gwalior; and scarce in north of Bundelkhand. Prices are falling in Gwalior; are high in Indore and Baghelkhand; and are rising in parts of Bhopal.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. Prices in Bundelkhand vary from 11½ to 13⅜ seers per rupee. The numbers on works are:—in Gwalior 58,500, on gratuitous relief 15,500, total 74,000; in Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs—: on works 34,250, on gratuitous relief 4,000, total 38,250; grand total 112,250.

Central Provinces.—The week was rainless and normal hot weather conditions are established. Harvesting is finished nearly everywhere and threshing and winnowing operations are well advanced. *Mahua* is being gathered. The preparation of land for autumn sowings is in progress. Scarcity of water is being felt in the hilly tracts of the Garchiroli tahsil in Chanda and of the Basim taluk in Akola. In the affected tracts of Bilaspur field and private work and *mahua* picking are providing ample employment for labourers and the condition of the people is good. During the past few weeks a slow but steady fall in the price of wheat has been noticeable in the Northern districts and still continues, Balaghat and Bilaspur also report a fall of 1½ seers in the price of wheat during the week and gram is cheaper by 4 seers in Mandla; the prices of staple food-grains are still equal to or slightly above the warning rates in most districts; the price of wheat is still up to the scarcity level in Damoh and that of rice in Balaghat and Bilaspur; in Chanda the price of rice is 1½ seers dearer than the scarcity rate.

Baroda.—For week ending 7th April 1906:—The numbers on relief are.—on works 4,018; on gratuitous relief 144; total 4,162.

Bombay.—The standing crops are generally in good condition. Water is low in irrigation canals, tanks and wells. Harvesting and threshing of spring crops are progressing in some places and lands are being prepared for autumn sowings Picking of cotton continues in parts of Gujarat, Dharwar, Baroda and Palanpur. Drinking water is running short and measures for its improvement with aid of Government grants and takavi advances are in progress. Importation of grass into affected districts for relief of cattle continues. Prices of local fodder are two to three times above the normal. Agricultural stock is sufficient but is losing condition generally; old and useless cattle continue to be sold at low prices Active imports of grain help to keep up stocks with merchants. The prices of staple food-grains in the Deccan are 45 to 100 per cent.; in the Karnatak 55 to 95 per cent.; in Gujarat 30 to 70 per cent; and in Konkan 15 to 40 per cent. above the normal. The numbers on test works on the last day of the week ending 7th instant were:—Poona 309, Sholapur 139, Bijapur 331, Belgaum 350, Dharwar 61, Phaltan 75, total 1,265. Distress is increasing but is not acute yet. Labourers are in good condition and find considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants. Relief workers are in fair to good condition and relief measures are adequate. The formation of weakly gangs of 12 persons is reported on one work in Ahmednagar. The numbers on relief are increasing. Emigrants are reported to be returning from Khandesh and Hyderabad into the Ahmednagar district. There is no aimless wandering observed and the condition of the people in general is good. Relief works are in progress in Ahmednagar, Poona, Sholapur, Satara, Bijapur, and Belgaum districts and the Deccan and Southern Maratha Country States. The numbers on relief are:—British districts—Deccan—on works 10 711, on gratuitous relief 22,971, total 33 682; Karnatak on works 9,864, on gratuitous relief 15,636, total 25,500, in Native States—on works 3,601, on gratuitous relief 2,218, total 5,819.

Hyderabad.—There was no rain during the week. The late rice harvest is progressing. The standing crops are in good condition. Lands are being prepared for autumn sowings. Fodder scarcity exists in 52 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 3,970 persons, and at Ashti poor-house to 55 persons. The price of *jowar* has risen from ½ to 2 seers per rupee in sixteen talukas; and fallen ½ to 2 seers in fourteen. Prices:—wheat 8½; coarse rice 7½; and *jowar* 14 seers per rupee.

Mysore.—There was no rain during the week. Markets are fairly well supplied with food-grains. Prices have slightly risen in Shimoga. Crops are withering in parts of

Tumkur and Hassan ; elsewhere they are in fairly good condition. Prospects are generally dependent on early rains. Cattle are healthy except in parts of Bangalore, Tumkur, Mysore, and Hassan. Water and fodder are scanty.

Coorg.—Prices of food-grains are normal. Water and fodder are scanty in parts.

Madras.—The rainfall of the week was light in the Vizagapatam Agency ; elsewhere there was no rain. Irrigation supplies are insufficient except in Cuddapah, the Carnatic, and Nilgiris. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair, but some in parts of Tinnevelly require more rain and some in parts of Tanjore and Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, the Carnatic, North Arcot, Tanjore, and Nilgiris. Fodder is scanty in parts of Bellary, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in ten districts, has fallen in four ; and has very slightly risen in nine. The prices of millets have fluctuated as follows :—*Ragi* is stationary in nine districts ; has fallen in four ; and has slightly risen in eight. *Cholam* is stationary in three districts ; has fallen in one ; and has slightly risen in ten. *Cumbu* is stationary in seven districts ; has fallen in one ; and has slightly risen in seven.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table.

No. 2343-*E.O.*

The 27th April, 1906.

RESOLUTION—By the Government of India, Finance Department.

In consequence of the abolition of the Military Department of the Government of India, the Governor General in Council is pleased to notify that, with effect from the 13th of April 1906, the Department of Military Accounts, which was formerly subordinate to the Military Department, shall be subordinate to the Finance Department of the Government of India.

2. Further, with the object of making financial control over military expenditure more constant and efficacious, the Governor General in Council has resolved, with the sanction of His Majesty's Secretary of State for India, to create a special branch of the Finance Department (to be styled the Military Finance branch) which shall deal, in their financial aspect, with proposals involving expenditure or the application of financial rules emanating from, or submitted to, the Army Department and the Department of Military Supply.

3. The Military Finance branch, which will be a branch of the Finance Department of the Government of India, will for the present, and with effect from the 13th of April 1906, be under a separate Secretary to the Government of India, who will have under him a Deputy Secretary, two Assistant Secretaries, and a suitable clerical establishment. The Military Accountant General will also be an *ex-officio* Deputy Secretary in the Military Finance branch of the Finance Department, and the Department of Military Accounts will be under its supervision and control.

4 To facilitate these new arrangements, the Military Finance Secretary and his establishment will be located in the same office building as the Army Department, and the said Secretary will be in constant personal communication with His Excellency the Commander-in-Chief and the Honourable Member for Military Supply, who will thus be able, whenever this is thought desirable, to take his advice on the financial aspect of any military question before making a formal reference to the Finance Department through its Military Finance branch He will also be a member of any consultative committees which may be formed to consider matters relating to Army administration. At the same time, he will be in no way subordinate to the Military authorities, but will be responsible only to the Honourable Financial Member, and to His Excellency the Governor General.

5. The Governor General in Council trusts that these arrangements will not only, as above observed, make the requisite financial control over military expenditure more constant and complete, but that they will obviate any friction or misunderstanding which might arise were the branch of the Finance Department charged with the carrying out of this duty not in close touch with the Military authorities.

6. All references that were formerly made by the Military Department to the Finance Department or by the Military Department to the Military Accountant General in the capacity of financial adviser, will now be made to the Finance Department (through its Military Finance branch) by the Army Department or the Department of Military Supply as the case may be.

Ordered that this Resolution be communicated to the several Departments of the Government of India and published in the *Gazette of India.*

No 2344-*E.O.*—The following appointments are made consequent on the constitution of the Military Finance branch of the Finance Department, and with effect from the 13th of April 1906:

Mr. W. S. Meyer, C I E., I.C.S., to be Secretary to the Government of India, Finance Department (Military Finance).

Lieutenant-Colonel O. C. Armstrong, D.S.O., 14th Jat Lancers, to be Deputy Secretary to the Government of India, Finance Department (Military Finance).

1904-05 . .	40,74,434	1,62,977	21,570	3,50,493	+ 1,65,946

NOTE.—General charges on account of the supervision of the lights by the Principal Port Officer, Burma, and by other administrative officers of the Government, also the cost of pensions to the establishment are not included in the charges incorporated in this statement.

No. 3176-2.—In exercise of the power conferred by section 6 of the Burma Coast-lights Act, 1879 (IX of 1879), the Governor General in Council is pleased to reduce the rate at which coast-light dues are leviable under section 4 of the Act from one anna and six pies to one anna and two pies per ton of burden.

EXPLOSIVES.

The 25th April, 1906.

No. 3081-17.—In accordance with the provisions of section 18, sub-section (*1*) of the Indian Explosives Act, 1884 (IV of 1884), and with the directions contained in the Notification of the Government of India in the Home Department, No. 1964, dated the 2nd September 1887, the Governor General in Council is pleased to publish, for the information of persons likely to be affected thereby, the following amendments which it is proposed to make in the Rules published with the Notification of the Government of India in the Department of Commerce and Industry, No. 5484—4-10 (Explosives), dated the 2nd October 1905, namely:

In section III for the word "exception" the word "exceptions" shall be substituted, and the following clause shall be added, namely,—

(*b*) Picric Acid thoroughly mixed with not less than three times its own weight of—

(i) anhydrous sulphate of soda,

(*ii*) crystallized sulphate of soda, when packed in hermetically closed packages, or

(iii) potash alum,

shall be exempt from being deemed to be an explosive within the meaning of the said Act.

The draft will be taken into consideration on or after the 1st June 1906.

W. L. HARVEY,

Secretary to the Government of India.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 26th April 1906, based on the India Daily Weather Reports of the period.

Rainfall has continued intermittently in Kashmir throughout the week, but does not appear to have been due to the effect of any definite low pressure condition ; and temperatures from 4° to 10° below normal have been recorded there during the past seven days. The amounts of rain reported, which were in no case large, were greatest at Sonemarg and Dras, and at each of these stations the week's total falls of about 2" were spread over six rainy days.

In the Brahmaputra valley the heavy rainfall which began near the end of last week continued, but generally in smaller amounts, up to the 26th, the largest aggregate amounts for the week being :—Cherra Poonjee 20½" (seven days), Silchar 9" (six days), Sibsagar 8" (seven days) and Dibrugarh 6" (seven days). This rainfall was due to the formation of a low pressure trough which, from the 16th onwards, lay and developed with but slight change of position over the plain country skirting the east Himalayas. Its action was to modify very materially the directions of winds from the Bay, and to give them a strong component from the west. The rainfall at Cherra Poonjee rose and fell with the degree of intensity of this development, and reached a maximum of 8" for the twenty-four hours reported on the 20th, during which time a considerable abnormal pressure gradient was given by an area of defect (0·15") to the west of that station.

With the exception of trifling showers in Burma, and at hill stations in the south of the Peninsula, weather has been dry over the rest of India throughout the week.

The deviation of the winds from Orissa towards a more easterly course into Bengal and the lower parts of the Brahmaputra valley raised the temperature in those areas very perceptibly, an excess over normal of from 4° to 6° having been fairly general there. In the head of the Brahmaputra valley, whence north-easterly winds have flowed towards the low pressure centre, temperatures have been low, and cold weather general. Of other parts of India the south of the Peninsula has been slightly warmer than is usual for the week, and the mean temperature in north-west India has continued to be from 2° to 8° too low.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 21st April 1906.

Burma.—Slight rain fell during the week in Akyab, Thaton, Bhamo, Myitkyina, and Katha. In Lower Burma reaping of dry weather paddy is completed. In Upper Burma reaping of dry weather paddy has commenced in Thayetmyo, Meiktila, and Myingyan and transplanting is completed in Shwebo and Upper Chindwin. Reaping of miscellaneous island crops is completed in Mandalay and of wheat in Sagaing Gathering of peas is completed in Pakokku and Sagaing and of gram in Sagaing. Plucking of tobacco is progressing. Miscellaneous crops in riverside area in Mandalay and tobacco in the Pagan township of Myingyan have been damaged by insects. The price of paddy has risen considerably in Pyapon and slightly in Rangoon, Myaungmya, Tavoy, Mergui, and Minbu; elsewhere it is stationary.

Eastern Bengal and Assam.—Heavy rain has fallen in the Surma Valley and Upper Assam; moderate in Manipur; and slight rain in most districts in the Dacca and Chittagong Divisions and in most other Assam districts. Rain is urgently wanted in four districts in Eastern Bengal. Pressing of sugarcane is finished in most places. Plucking of tea is in progress in some districts, prospects are fair in Sibsagar and Lakhimpur and poor in Nowgong; tea leaf has been damaged by hailstorms in parts of Cachar. Prospects of other crops are generally fair. Ploughing for and sowing of early rice and jute are in progress. Prices of common rice :—Manipur 24; Kohima $12\frac{1}{2}$; Chittagong 11; Gauhati and Tezpur 10; Dinajpur $9\frac{3}{8}$; Rangpur, Dacca, and Silchar $9\frac{1}{2}$; Malda $9\frac{5}{16}$; Mymensingh $9\frac{1}{8}$; Bogra, Dacca, Rangamati, Nowgong, Sibsagar, and Dibrugarh 9; Rampur Boalia $8\frac{3}{4}$; Dhubri and Tura $8\frac{1}{2}$; Pabna, Comilla, Noakhali, and Sylhet 8; Faridpur $7\frac{1}{2}$ to 8; and Shillong and Aijal 6 seers per rupee. Prices have risen in six districts; fallen in six districts; and are stationary in the rest.

Bengal.—There was no rain in the Province except at Darjeeling from which a very light shower is reported. Planting of sugarcane is approaching completion. Sowing of jute has commenced in Khulna and Purnea and preparation of land continues. Rain is wanted in some of the districts of the Presidency Division. Prospects are on the whole fair. Fodder and water are sufficient. The price of common rice has risen in nine and has fallen in six districts; it continues high in the districts of the Presidency and Bhagalpur Divisions and also in Hooghly, Howrah and Muzaffarpur.

United Provinces.—There was no rain during the week except six cents in Garhwal. Harvesting of spring crops has been completed or is nearing completion and threshing and winnowing continue. Sugarcane and extra crops are being irrigated and weeded and in a few districts indigo and maize are being sown. The collection of opium is practically over and weighments are in progress. Scarcity of fodder continues in parts of Agra, Etah, Cawnpore, Fatehpur, and Bundelkhand. Water is running short in parts of Jalaun and Banda. Prices have risen slightly in Bulandshahr and Rae Bareli but are falling or stationary elsewhere. The total number of persons on relief at the end of the week was 197,000.

The weekly report on the famine and scarcity is as follows:—Harvesting operations and irrigation and weeding of extra crops and sugarcane continue. The loss of the *mahua* crop is much felt in Jalaun and the numbers on relief in that district are rising. Cholera has appeared in Jalaun and has led to reduction in number of workers in Jhansi and Hamirpur. Elsewhere the condition of the people generally is fair. Cattle are suffering from want of fodder especially in Hamirpur, Banda, and Jalaun where water is also running short. Forest grass finds a ready sale in Jalaun and 5,000 maunds of *bhusa* are being distributed gratis from charitable funds. Grass is also being imported to Hamirpur from forests; closed forests are being opened for collection of *mahua*. Prices of food-

grains are almost stationary; maize is selling at between 12 and 14 and-a-half seers for the rupee. The numbers on relief are :—Agra Division :—workers 5,000, on gratuitous relief 12,000 ; Allahabad Division :—workers 116,000, on gratuitous relief 64,000 ; total 197,000.

Punjab.—There was no rain during the week. Prices of wheat are rising in Hissar, Delhi, and Sialkot and falling in Gurgaon, Lahore, Shahpur, Lyallpur and Multan ; prices of other food-grains are fluctuating slightly. Harvesting of spring and sowings of autumn crops continue. The condition and prospects of the standing spring crops are good and the outturn is likely to be fair except from unirrigated areas in Delhi. The opium crop is average in Lahore. Cattle are still weak in Rohtak and Gurgaon but their condition is improving. Dry fodder is still scarce in Gurgaon, Ambala, Sialkot, and the hill tracts of Delhi. There are no complaints regarding the water supply.

The weekly report on the famine and scarcity is as follows :—Rohtak—on works 3,941, on gratuitous relief 6,265, total 10,206. The distress is moderate. The decrease on works is due to the spring harvest. People are generally resorting freely to works, there is no wandering or emaciation apparent and the physical condition of labourers is generally good. Relief measures are sufficient. The public health is good except for a few cases of plague.

North-West Frontier Province.—There were slight showers during the week in the Peshawar and Kohat districts. The condition of the standing irrigated crops is fair in Dera Ismail Khan and good elsewhere ; unirrigated crops are average throughout the Province and harvesting of barley and gram has commenced in Bannu. Sowings of cotton and extra-spring crops continue. The canal water supply is normal. There is no irrigation from hill torrents in Dera Ismail Khan. Hot winds in Bannu have seriously damaged the gram crop. The condition of cattle is good except in the Daman tract of Dera Ismail Khan. Stocks of food-grains and fodder are sufficient Prices have slightly fallen. Prices—wheat 14 to 18 ; gram 15 to 21 ; maize 16 to 20 ; and *bajra* 14 to 15 seers per rupee.

Jammu.—There was no rain during the week. Prices are stationary. Prices :—wheat 12 to 24 and maize 15 to 34 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Preparation of land for autumn sowings is in progress.

Kashmir.—The weather is almost bright with slight drizzling rain. Prices are stationary.

Rajputana.—The spring crops are being harvested ; the estimated outturn is 3 to 8 annas in the rupee in Ajmer, 4 annas in Merwara and Western Jaipur, about normal in Sirohi, and generally fair in other States. Scarcity of fodder continues in many places and the condition of cattle is generally poor in these tracts. Prices have risen in Partabgarh and Tonk ; have fallen in Ajmer and Kishengarh ; and are practically steady elsewhere. The numbers on famine relief are :—Ajmer-Merwara 38,180 ; Native States 60,873 ; total 99,053 or an increase of 471.

The weekly report on the famine and scarcity is as follows :—Ajmer :—on works 10,345, on gratuitous relief 4,538, total 14,883 or an increase of 1,079 ; Merwara :—on works 16,379, on gratuitous relief 6,918, total 23,297 or a decrease of 1,322. Native States :—Marwar—on works 2,900, on gratuitous relief 1,720, total 4,620 ; Mewar—on works 2,607, on gratuitous relief 458, total 3,065 ; Shahpura—on works 35, on gratuitous relief 90, total 125 ; Tonk—on works 2,374, on gratuitous relief 392, total 2,766 ; Jaipur—on works 13,837, on gratuitous relief 556, total 14,393 ; Kishengarh—on works 3,258, on gratuitous relief 2,897, total 6,155 ; Alwar—on works 1,896, on gratuitous relief 1,396, total 3,292 ; Eastern States—on works 20,640, on gratuitous relief 5,817, total 26,457. The numbers have decreased in Marwar, Mewar, and Jaipur but have increased in other States : total increase 724. Prices vary between 11½ seers in Karauli and 16 seers per rupee in Kishengarh. Relief measures are adequate. The public health is generally good ; small-pox is reported from two tahsils of Bharatpur and plague continues in Tonk city.

Central India.—There was no rain during the week. Harvesting of spring crops is in progress ; the probable outturn is normal in parts of Gwalior ; fair in Bhopal ; average in Indore and Baghelkhand ; and below average in Bundelkhand and Malwa. The crops have

been seriously damaged in parts of Gwalior. Agricultural stock is bad in parts of Gwalior; good in Indore, Baghelkhand and Malwa; and fair in Bhopal. Pasturage is bad in parts of Gwalior; and scarce in north Bundelkhand. Prices are falling in Gwalior; rising in Bundelkhand and in parts of Bhopal and Malwa; continue high in Indore and Baghelkhand; and are steady in Bhopawar.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. Prices vary in Gwalior from 10 to 14 seers and in Bundelkhand from 11¾ to 12¾ seers per rupee. The numbers on relief are as follows:— in Gwalior:—on works, 62,500, on gratuitous relief 14,500, total 77,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs:—on works 34,500, on gratuitous relief 4,250, total 38,750; grand total 115,750.

Central Provinces.—The weather has been clear and hot. Threshing and winnowing operations are nearing completion. *Mahua* is being gathered but the outturn is poor in Balaghat. Field embankments are being raised in Raipur and Bilaspur and preparation of land for autumn sowings is in progress generally. There is ample employment for labourers in the tracts of Bilaspur where there was a failure of the crops. Fodder is getting dearer in the Nagpur district; scarcity of fodder and water is reported from Damoh and parts of the Chanda and Yeotmal districts, and of water from Saugor. Wheat and *juar* are selling at 2 and 1½ seers respectively, cheaper in Betul, and prices have again fallen slightly in the Northern districts; the prices of staple food-grains are still equal to or slightly above the warning rates in most districts; the price of rice is up to the scarcity level in Balaghat and Bilaspur; in Chanda it is 1¾ seers above the scarcity rate.

Baroda.—For week ending 14th April 1906:—The numbers on relief are:—on works 4,084; on gratuitous relief 164; total 4,248.

Bombay.—The standing crops are generally in good condition except irrigated minor crops in parts of Belgaum and cotton in parts of Baroda and Cutch. Irrigation canals, tanks, and wells are running dry. Harvesting and threshing of spring crops are in progress in some places and preparation of lands for autumn sowing continues. Cotton picking is nearing completion in Gujarat, Dharwar, Baroda, Cutch, Mahi Kantha, and Rewa Kantha. The improvement of the water supply with aid of Government grants and takavi advances continues. The condition of cattle in the affected districts is deteriorating and measures for their relief are in progress; useless cattle are still being sold at low prices. Prices of local fodder are two to three times above the normal. The supply of food-grains with merchants is adequate and exports and imports are active. The prices of staple food-grains are in the Deccan 45 to 100 per cent.; in the Karnatak 55 to 95 per cent.; in Gujarat 35 to 70 per cent; and in Konkan 15 to 40 per cent. above the normal. The numbers on test works on the last day of week ending 14th instant were:—Poona 405, Sholapur 151, Dharwar 97, Phaltan 75, total 728. The distress is gradually increasing though not yet acute. Agricultural labourers find considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants The condition of labourers and relief workers is fair to good and relief measures are adequate. The numbers on relief are rising owing to increase in the number of returning emigrants There is no aimless wandering reported, and the condition of the people in general is good. Cholera is reported from places in Ahmednagar, Poona, Satara, Belgaum, and Kholapur. The numbers on relief in British districts are as follows:—Deccan—on works 12,317, on gratuitous relief 26,127, total 38,444; Karnatak on works 10,163, on gratuitous relief 15,522, total 25,685; Native States—on works 4,386, on gratuitous relief 2,452, total 6,838.

Hyderabad.—There was no rain during the week. The late rice harvest is in progress. The standing crops are in good condition. Lands are being prepared for autumn sowings. Fodder scarcity exists in 52 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 4,281 persons. Two more poor houses have been opened and the attendance at them was 386 persons. The price of *juar* has risen from ½ to 2 seers per rupee in ten talukas; and fallen from ½ to 3 seers in sixteen. Prices:—wheat 8½; coarse rice 7½; and *juar* 14½ seers per rupee.

Mysore.—There was slight rain during the week in parts of Bangalore, Kolar and Mysore. Markets are fairly well supplied with food-grains, the prices of which have risen in Hassan and Shimoga. Crops are withering in parts of Tumkur and Hassan. Prospects are fair in Hassan, Kadur, and Chitaldroog though rain is much needed everywhere. Cattle are unhealthy in parts of Tumkur, Mysore, Hassan, and Kadur. Water and fodder are available in Bangalore and scanty in other parts of the Province.

Coorg.—Rainfall 56 cents. Prices of food-grains are normal. Water and fodder are scanty in parts.

Madras.—Rainfall light in Salem and the Nilgiris but none elsewhere. Irrigation supplies are insufficient except in Cuddapah, and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair, but some in parts of Tinnevelly require rain and some in Godavari, Madura and Chingleput are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, Nellore, South Arcot, North Arcot, Tanjore, Tinnevelly, and the Nilgiris. Fodder is scanty in parts of Bellary, Coimbatore and Tanjore. The condition of cattle is generally good. The price of rice is stationary in twelve districts; has fallen in five; and has slightly risen in six. The prices of millets have fluctuated as follows :—*Ragi* is stationary in eight districts; has fallen in two; and has slightly risen in eleven. *Cholam* is stationary in five districts; and has slightly risen in nine. *Cumbu* is stationary in eight districts; has fallen in two; and has slightly risen in five.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table :

Name of Province or State.	Preceding week.			Present week.			Increase or decrease.

No 2343-*F.O.*

The 27th April, 1906.

RESOLUTION—By the Government of India, Finance Department.

In consequence of the abolition of the Military Department of the Government of India, the Governor General in Council is pleased to notify that, with effect from the 13th of April 1906, the Department of Military Accounts, which was formerly subordinate to the Military Department, shall be subordinate to the Finance Department of the Government of India

2 Further, with the object of making financial control over military expenditure more constant and efficacious the Governor General in Council has resolved, with the sanction of His Majesty's Secretary of State for India to create a special branch of the Finance Department (to be styled the Military Finance branch) which shall deal, in their financial aspect, with proposals involving expenditure or the application of financial rules emanating from, or submitted to, the Army Department and the Department of Military Supply

3 The Military Finance branch, which will be a branch of the Finance Department of the Government of India, will for the present and with effect from the 13th of April 1906, be under a separate Secretary to the Government of India, who will have under him a Deputy Secretary, two Assistant Secretaries, and a suitable clerical establishment. The Military Accountant General will also be an *ex officio* Deputy Secretary in the Military Finance branch of the Finance Department and the Department of Military Accounts will be under its supervision and control

4 To facilitate the new arrangements, the Military Finance Secretary and his establishment will be located in the same office building as the Army Department, and the said Secretary will be in constant personal communication with His Excellency the Commander-in-Chief and the Honourable Member for Military Supply, who will thus be able, whenever this is thought desirable to take his advice on the financial aspect of any military question before making a formal reference to the Finance Department through its Military Finance branch He will also be a member of any consultative committees which may be formed to consider matters relating to Army administration At the same time, he will be in no way subordinate to the Military authorities, but will be responsible only to the Honourable Financial Member and to His Excellency the Governor General.

5 The Governor General in Council trusts that these arrangements will not only, as above observed, make the requisite financial control over military expenditure more constant and complete, but that they will obviate any friction or misunderstanding which might arise were the branch of the Finance Department charged with the carrying out of this duty not in close touch with the Military authorities

6 All references that were formerly made by the Military Department to the Finance Department or by the Military Department to the Military Accountant General in the capacity of financial adviser will now be made to the Finance Department (through its Military Finance branch) by the Army Department or the Department of Military Supply as the case may be.

Ordered that this Resolution be communicated to the several Departments of the Government of India and published in the *Gazette of India*

No 2344-*F.O.*—The following appointments are made consequent on the constitution of the Military Finance branch of the Finance Department, and with effect from the 13th of April 1906

Mr. W S Meyer, C I E, I C S, to be Secretary to the Government of India, Finance Department (Military Finance)

Lieutenant-Colonel O. C. Armstrong, D.S.O., 14th Jat Lancers, to be Deputy Secretary to the Government of India, Finance Department (Military Finance).

LIGHTING OF COASTS.

The 24th April, 1906.

No. 3175-2.—The Governor General in Council has directed the publication of the following revised *pro-forma* account, showing the receipts and charges in connection with the Burma Coast-lights for the year ending on the 31st March 1905, in substitution of the account which was published with the Notification in this Department, No. 5861—5-3, dated the 14th October 1905:

Annual pro-forma *accounts of the Burma Coast-light dues for the year 1904-05:*

CAPITAL EXPENDITURE UP TO Year.	Amount.	Interest at 4 per cent. on capital expenditure.	Annual sinking Fund payment necessary to liquidate the capital expenditure incurred to date in 60 years assuming interest at the rate of 3½ per cent.	Excess of the annual receipts over the annual establishments and maintenance charges.	Profit or loss.
			4	5	6
	Rs.	Rs.	Rs.	Rs.	Rs.
1904-05	40,74,434	1,62,977	21,570	3,50,493	+1,65,946

NOTE.—General charges on account of the supervision of the lights by the Principal Port Officer, Burma, and by other administrative officers of the Government, also the cost of pensions to the establishment are not included in the charges incorporated in this statement.

No. 3176-2.—In exercise of the power conferred by section 6 of the Burma Coast-lights Act, 1879 (IX of 1879), the Governor General in Council is pleased to reduce the rate at which coast-light dues are leviable under section 4 of the Act from one anna and six pies to one anna and two pies per ton of burden.

EXPLOSIVES.

The 25th April, 1906.

No. 3081-17.—In accordance with the provisions of section 18, sub-section (1) of the Indian Explosives Act, 1884 (IV of 1884), and with the directions contained in the Notification of the Government of India in the Home Department, No. 1964, dated the 2nd September 1887, the Governor General in Council is pleased to publish, for the information of persons likely to be affected thereby, the following amendments which it is proposed to make in the Rules published with the Notification of the Government of India in the Department of Commerce and Industry, No. 5484—4-10 (Explosives), dated the 2nd October 1905, namely:

In section III for the word "exception" the word "exceptions" shall be substituted, and the following clause shall be added, namely,—

(b) Picric Acid thoroughly mixed with not less than three times its own weight of—

(i) anhydrous sulphate of soda,

(ii) crystallized sulphate of soda, when packed in hermetically closed packages, or

(iii) potash alum,

shall be exempt from being deemed to be an explosive within the meaning of the said Act.

The draft will be taken into consideration on or after the 1st June 1906.

W. L. HARVEY,

Secretary to the Government of India.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 26th April 1906, based on the India Daily Weather Reports of the period.

Rainfall has continued intermittently in Kashmir throughout the week, but does not appear to have been due to the effect of any definite low pressure condition ; and temperatures from 4° to 10° below normal have been recorded there during the past seven days. The amounts of rain reported, which were in no case large, were greatest at Sonemarg and Dras, and at each of these stations the week's total falls of about 2" were spread over six rainy days.

In the Brahmaputra valley the heavy rainfall which began near the end of last week continued, but generally in smaller amounts, up to the 26th, the largest aggregate amounts for the week being .—Cherra Poonjee 20½" (seven days), Silchar 9" (six days), Sibsagar 8" (seven days) and Dibrugarh 6" (seven days). This rainfall was due to the formation of a low pressure trough which, from the 16th onwards, lay and developed with but slight change of position over the plain country skirting the east Himalayas. Its action was to modify very materially the directions of winds from the Bay, and to give them a strong component from the west. The rainfall at Cherra Poonjee rose and fell with the degree of intensity of this development, and reached a maximum of 8" for the twenty-four hours reported on the 20th, during which time a considerable abnormal pressure gradient was given by an area of defect (0 15") to the west of that station.

With the exception of trifling showers in Burma, and at hill stations in the south of the Peninsula, weather has been dry over the rest of India throughout the week.

The deviation of the winds from Orissa towards a more easterly course into Bengal and the lower parts of the Brahmaputra valley raised the temperature in those areas very perceptibly, an excess over normal of from 4° to 6° having been fairly general there. In the head of the Brahmaputra valley, whence north-easterly winds have flowed towards the low pressure centre, temperatures have been low, and cold weather general. Of other parts of India the south of the Peninsula has been slightly warmer than is usual for the week, and the mean temperature in north-west India has continued to be from 2° to 8° too low.

RAINFALL DIVISION WITH REPRESENTATIVE STATION.	Rainfall sub-division named after representative station.	Rainfall data for week ending on 26th April 1906. Average actual rainfall	Average normal rainfall	Excess or defect in inches.	Rainfall data from 1st December 1905 to 26th April 1906. Average actual rainfall of season to date. GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 21st April 1906.

Burma.—Slight rain fell during the week in Akyab, Thaton Bhamo, Myitkyina, and Katha. In Lower Burma reaping of dry weather paddy is completed. In Upper Burma reaping of dry weather paddy has commenced in Thayetmyo, Meiktila, and Myingyan and transplanting is completed in Shwebo and Upper Chindwin. Reaping of miscellaneous island crops is completed in Mandalay and of wheat in Sagaing Gathering of peas is completed in Pakokku and Sagaing and of gram in Sagaing. Plucking of tobacco is progressing. Miscellaneous crops in riverside area in Mandalay and tobacco in the Pagan township of Myingyan have been damaged by insects. The price of paddy has risen considerably in Pyapon and slightly in Rangoon, Myaungmya, Tavoy, Mergui, and Minbu; elsewhere it is stationary.

Eastern Bengal and Assam.—Heavy rain has fallen in the Surma Valley and Upper Assam; moderate in Manipur; and slight rain in most districts in the Dacca and Chittagong Divisions and in most other Assam districts. Rain is urgently wanted in four districts in Eastern Bengal. Pressing of sugarcane is finished in most places. Plucking of tea is in progress in some districts, prospects are fair in Sibsagar and Lakhimpur and poor in Nowgong; tea leaf has been damaged by hailstorms in parts of Cachar. Prospects of other crops are generally fair. Ploughing for and sowing of early rice and jute are in progress. Prices of common rice:—Manipur 24; Kohima 12½; Chittagong 11; Gauhati and Tezpur 10; Dinajpur 9⅞; Rangpur, Dacca, and Silchar 9½; Malda 9 5/16; Mymensingh 9⅛; Bogra, Dacca, Rangamati, Nowgong, Sibsagar, and Dibrugarh 9; Rampur Boalia 8¾; Dhubri and Tura 8½; Pabna, Comilla, Noakhali, and Sylhet 8; Faridpur 7½ to 8; and Shillong and Aijal 6 seers per rupee. Prices have risen in six districts; fallen in six districts; and are stationary in the rest.

Bengal.—There was no rain in the Province except at Darjeeling from which a very light shower is reported. Planting of sugarcane is approaching completion. Sowing of jute has commenced in Khulna and Purnea and preparation of land continues. Rain is wanted in some of the districts of the Presidency Division. Prospects are on the whole fair. Fodder and water are sufficient. The price of common rice has risen in nine and has fallen in six districts; it continues high in the districts of the Presidency and Bhagalpur Divisions and also in Hooghly, Howrah and Muzaffarpur.

United Provinces.—There was no rain during the week except six cents in Garhwal. Harvesting of spring crops has been completed or is nearing completion and threshing and winnowing continue. Sugarcane and extra crops are being irrigated and weeded and in a few districts indigo and maize are being sown. The collection of opium is practically over and weighments are in progress. Scarcity of fodder continues in parts of Agra, Etah, Cawnpore, Fatehpur, and Bundelkhand. Water is running short in parts of Jalaun and Banda. Prices have risen slightly in Bulandshahr and Rae Bareli but are falling or stationary elsewhere. The total number of persons on relief at the end of the week was 197,000

The weekly report on the famine and scarcity is as follows:—Harvesting operations and irrigation and weeding of extra crops and sugarcane continue. The loss of the *mahua* crop is much felt in Jalaun and the numbers on relief in that district are rising. Cholera has appeared in Jalaun and has led to reduction in number of workers in Jhansi and Hamirpur. Elsewhere the condition of the people generally is fair. Cattle are suffering from want of fodder especially in Hamirpur, Banda, and Jalaun where water is also running short. Forest grass finds a ready sale in Jalaun and 5,000 maunds of *bhusa* are being distributed gratis from charitable funds. Grass is also being imported to Hamirpur from forests; closed forests are being opened for collection of *mahua*. Prices of food-

grains are almost stationary; maize is selling at between 12 and 14 and-a-half seers for the rupee. The numbers on relief are —Agra Division —workers 5,000, on gratuitous relief 12,000; Allahabad Division —workers 116,000, on gratuitous relief 64,000, total 197,000.

Punjab.—There was no rain during the week. Prices of wheat are rising in Hissar, Delhi, and Sialkot and falling in Gurgaon, Lahore, Shahpur, Lyallpur and Multan, prices of other food-grains are fluctuating slightly. Harvesting of spring and sowings of autumn crops continue. The condition and prospects of the standing spring crops are good and the outturn is likely to be fair except from unirrigated areas in Delhi The opium crop is average in Lahore. Cattle are still weak in Rohtak and Gurgaon but their condition is improving. Dry fodder is still scarce in Gurgaon, Ambala, Sialkot, and the hill tracts of Delhi. There are no complaints regarding the water supply.

The weekly report on the famine and scarcity is as follows —Rohtak—on works 3,941, on gratuitous relief 6,265, total 10,206. The distress is moderate. The decrease on works is due to the spring harvest. People are generally resorting freely to works, there is no wandering or emaciation apparent and the physical condition of labourers is generally good. Relief measures are sufficient. The public health is good except for a few cases of plague.

North-West Frontier Province.—There were slight showers during the week in the Peshawar and Kohat districts The condition of the standing irrigated crops is fair in Dera Ismail Khan and good elsewhere, unirrigated crops are average throughout the Province and harvesting of barley and gram has commenced in Bannu. Sowings of cotton and extra-spring crops continue. The canal water supply is normal. There is no irrigation from hill torrents in Dera Ismail Khan. Hot winds in Bannu have seriously damaged the gram crop. The condition of cattle is good except in the Daman tract of Dera Ismail Khan Stocks of food-grains and fodder are sufficient Prices have slightly fallen. Prices—wheat 14 to 18; gram 15 to 21; maize 16 to 20, and *bajra* 14 to 15 seers per rupee.

Jammu.—There was no rain during the week. Prices are stationary Prices —wheat 12 to 24 and maize 15 to 34 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Preparation of land for autumn sowings is in progress.

Kashmir.—The weather is almost bright with slight drizzling rain. Prices are stationary.

Rajputana—The spring crops are being harvested, the estimated outturn is 3 to 8 annas in the rupee in Ajmer, 4 annas in Merwara and Western Jaipur, about normal in Sirohi, and generally fair in other States. Scarcity of fodder continues in many places and the condition of cattle is generally poor in these tracts. Prices have risen in Partabgarh and Tonk, have fallen in Ajmer and Kishengarh, and are practically steady elsewhere. The numbers on famine relief are —Ajmer-Merwara 38 180, Native States 60,873, total 99,053 or an increase of 471.

The weekly report on the famine and scarcity is as follows:—Ajmer —on works 10,345, on gratuitous relief 4,538, total 14,883 or an increase of 1,079, Merwara.—on works 16,379, on gratuitous relief 6,918, total 23,297 or a decrease of 1,322 Native States.—Marwar—on works 2,900, on gratuitous relief 1,720, total 4,620, Mewar—on works 2,607, on gratuitous relief 458, total 3,065, Shahpura—on works 35, on gratuitous relief 90, total 125; Tonk—on works 2,374, on gratuitous relief 392, total 2,766; Jaipur—on works 13,837, on gratuitous relief 556, total 14,393, Kishengarh—on works 3 258, on gratuitous relief 2,897, total 6,155, Alwar—on works 1,896, on gratuitous relief 1,396, total 3,292, Eastern States—on works 20,640, on gratuitous relief 5,817, total 26,457. The numbers have decreased in Marwar, Mewar, and Jaipur but have increased in other States. total increase 724. Prices vary between 11¼ seers in Karauli and 16 seers per rupee in Kishengarh. Relief measures are adequate. The public health is generally good, small-pox is reported from two tahsils of Bhuratpur and plague continues in Tonk city.

Central India.—There was no rain during the week. Harvesting of spring crops is in progress: the probable outturn is normal in parts of Gwalior, fair in Bhopal, average in Indore and Baghelkhand; and below average in Bundelkhand and Malwa. The crops have

been seriously damaged in parts of Gwalior. Agricultural stock is bad in parts of Gwalior; good in Indore, Baghelkhand and Malwa; and fair in Bhopal. Pasturage is bad in parts of Gwalior; and scarce in north Bundelkhand. Prices are falling in Gwalior; rising in Bundelkhand and in parts of Bhopal and Malwa; continue high in Indore and Baghelkhand; and are steady in Bhopawar.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. Prices vary in Gwalior from 10 to 14 seers and in Bundelkhand from 11⅝ to 12¾ seers per rupee. The numbers on relief are as follows:— in Gwalior:—on works, 62,500, on gratuitous relief 14,500, total 77,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs:—on works 34,500, on gratuitous relief 4,250, total 38,750; grand total 115,750.

Central Provinces.—The weather has been clear and hot. Threshing and winnowing operations are nearing completion. *Mahua* is being gathered but the outturn is poor in Balaghat. Field embankments are being raised in Raipur and Bilaspur and preparation of land for autumn sowings is in progress generally. There is ample employment for labourers in the tracts of Bilaspur where there was a failure of the crops. Fodder is getting dearer in the Nagpur district; scarcity of fodder and water is reported from Damoh and parts of the Chanda and Yeotmal districts, and of water from Saugor. Wheat and *juar* are selling at 2 and 1½ seers respectively, cheaper in Betul, and prices have again fallen slightly in the Northern districts; the prices of staple food-grains are still equal to or slightly above the warning rates in most districts; the price of rice is up to the scarcity level in Balaghat and Bilaspur; in Chanda it is 1¾ seers above the scarcity rate.

Baroda.—For week ending 14th April 1906:—The numbers on relief are:—on works 4,084; on gratuitous relief 164; total 4 248.

Bombay.—The standing crops are generally in good condition except irrigated minor crops in parts of Belgaum and cotton in parts of Baroda and Cutch. Irrigation canals tanks, and wells are running dry. Harvesting and threshing of spring crops are in progress in some places and preparation of lands for autumn sowing continues. Cotton picking is nearing completion in Gujarat, Dharwar, Baroda, Cutch, Mahi Kantha, and Rewa Kantha. The improvement of the water supply with aid of Government grants and takavi advances continues. The condition of cattle in the affected districts is deteriorating and measures for their relief are in progress; useless cattle are still being sold at low prices. Prices of local fodder are two to three times above the normal. The supply of food-grains with merchants is adequate and exports and imports are active. The prices of staple food-grains are in the Deccan 45 to 100 per cent.; in the Karnatak 55 to 95 per cent.; in Gujarat 35 to 70 per cent; and in Konkan 15 to 40 per cent. above the normal. The numbers on test works on the last day of week ending 14th instant were:—Poona 405, Sholapur 151, Dharwar 97, Phaltan 75, total 728. The distress is gradually increasing though not yet acute. Agricultural labourers find considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants The condition of labourers and relief workers is fair to good and relief measures are adequate. The numbers on relief are rising owing to increase in the number of returning emigrants There is no aimless wandering reported, and the condition of the people in general is good. Cholera is reported from places in Ahmednagar, Poona, Satara, Belgaum, and Kholapur. The numbers on relief in British districts are as follows:—Deccan—on works 12,317, on gratuitous relief 26,127, total 38,444; Karnatak on works 10,163, on gratuitous relief 15,522, total 25,685; Native States—on works 4,386, on gratuitous relief 2,452, total 6,838.

Hyderabad.—There was no rain during the week. The late rice harvest is in progress. The standing crops are in good condition. Lands are being prepared for autumn sowings. Fodder scarcity exists in 52 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 4,281 persons. Two more poor houses have been opened and the attendance at them was 386 persons. The price of *juar* has risen from ½ to 2 seers per rupee in ten talukas; and fallen from ½ to 3 seers in sixteen. Prices:—wheat 8½; coarse rice 7½; and *juar* 14½ seers per rupee.

Mysore.—There was slight rain during the week in parts of Bangalore, Kolar and Mysore. Markets are fairly well supplied with food-grains, the prices of which have risen in Hassan and Shimoga. Crops are withering in parts of Tumkur and Hassan. Prospects are fair in Hassan, Kadur, and Chitaldroog though rain is much needed everywhere. Cattle are unhealthy in parts of Tumkur, Mysore, Hassan, and Kadur. Water and fodder are available in Bangalore and scanty in other parts of the Province.

Coorg.—Rainfall 56 cents. Prices of food-grains are normal. Water and fodder are scanty in parts.

Madras.—Rainfall light in Salem and the Nilgiris but none elsewhere. Irrigation supplies are insufficient except in Cuddapah, and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair, but some in parts of Tinnevelly require rain and some in Godavari, Madura and Chingleput are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, Nellore, South Arcot, North Arcot, Tanjore, Tinnevelly, and the Nilgiris. Fodder is scanty in parts of Bellary, Coimbatore and Tanjore. The condition of cattle is generally good. The price of rice is stationary in twelve districts; has fallen in five; and has slightly risen in six. The prices of millets have fluctuated as follows.—*Ragi* is stationary in eight districts; has fallen in two; and has slightly risen in eleven. *Cholam* is stationary in five districts; and has slightly risen in nine. *Cumbu* is stationary in eight districts; has fallen in two; and has slightly risen in five.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table:

Name of Province or State.	Preceding week.			Present week.			Increase or decrease.

for Secretary, Railway Board.

Printed and published for the GOVERNMENT OF INDIA *at the* GOVERNMENT CENTRAL PRINTING OFFICE, *Simla.*

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, MAY 5, 1906.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

No. 140 of 1906.—The Ore Concentration Company (1905), Limited, of 4 Broad street place, in the city of London, England. *Improvements in processes for separating certain constituents of finely divided material by causing them to rise or float in a liquid.* (Specification filed 25 April 1906.)

No. 1821 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each .—

No. 88 of 1894.—Alfred Dieudonne Estienne. *Improvements in machines for decorticating ramie and other plants.* (From 27 April 1906 to 27 April 1907.)

No. 33 of 1896.—William Augustus Bailey. *Improvements in and relating to portable and other latrines.* (From 30 April 1906 to 30 April 1907.)

No. 385 of 1896.—Frank Lambert. *Typewriter.* (From 26 April 1906 to 26 April 1907.)

No. 428 of 1899.—John Cowan and the Stirling Boiler Company, Limited. *Improvements in water tube boilers.* (From 11 May 1906 to 11 May 1907.)

No. 429 of 1899.—John Cowan and the Stirling Boiler Company, Limited. *Improvements in water tube boilers* (From 11 May 1906 to 11 May 1907.)

No. 67 of 1900.—Francis Edward Elmore. *Improvements in separating metallic from rocky constituents of ores and apparatus therefor.* (From 6 June 1906 to 6 June 1907.)

No. 191 of 1900.—Elmer Francis Cassel *Improvements in hydraulic motors.* (From 11 July 1906 to 11 July 1907.)

No. 360 of 1900.—The British Westinghouse Electric and Manufacturing Company, Limited. *Improvements in dynamo electric machines.* (From 1 May 1906 to 1 May 1907)

No. 378 of 1900.—The British Westinghouse Electric and Manufacturing Company, Limited. *Improvements in dynamo electric machines.* (From 10 May 1906 to 10 May 1907.)

No. 381 of 1900.—The British Westinghouse Electric and Manufacturing Company, Limited. *Improvements in means for protecting electrical apparatus from abrupt changes in static potential.* (From 10 May 1906 to 10 May 1907.)

No. 386 of 1900.—Gugliemo Marconi and Marconi's Wireless Telegraph Company, Limited. *Improvements in apparatus employed in wireless telegraphy.* (From 1 May 1906 to 1 May 1907.)

No. 398 of 1900.—The British Westinghouse Electric and Manufacturing Company, Limited. *Improvements in strap coils for electrical machines.* (From 18 May 1906 to 18 May 1907.)

No. 112 of 1901.—Marconi's Wireless Telegraph Company, Limited. *Improvements in apparatus for wireless telegraphy.* (From 17 May 1906 to 17 May 1907.)

No. 1822 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased :—

No. 144 of 1901.—Aubrey Osler Dowson. *New or improved apparatus for humidifying and cooling air for ventilating apartments and other places.* (Specification filed 22 January 1902.)

No. 215 of 1901.—John Gardner. *Improvements in or relating to telegraphic transmitting instruments.* (Specification filed 22 January 1902.)

No. 243 of 1901.—Metchislaw Fiedler. *Improvements in explosive compounds.* (Specification filed 22 January 1902)

No. 250 of 1901.—William Hucks, Junior. *Improvements in apparatus for use in dispensing aerated liquids.* (Specification filed 14 January 1902.)

No. 315 of 1901.—The Indo-Egyptian Compress Company. *Apparatus for baling fibrous material.* (Specification filed 27 January 1902.)

No. 457 of 1901.—William August Edwin Henrici. *An improved rotary engine.* (Specification filed 14 January 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight

annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

HIS MAJESTY'S MINT;
Calcutta, the 3rd May 1906.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Engineer Department.

SESSION, 1906-1907.

Candidates for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906.

Candidates must furnish proof that they have passed one of the following tests :—

(1) The B. Sc. or B. A. Examination in the B. course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.

(2) The F. A. Examination of the Calcutta and Madras Universities.

(3) The Intermediate Examination of Allahabad and Punjab Universities.

(4) The Intermediate Examination for the degree of B. A. of Bombay University.

(5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4), and (5) must be under 21 years.

In selecting candidates who have passed the F. A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F. A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is R10 a month for each month of the year, vacation included.

One junior scholarship of R20 a month, one of R15 a month, and six of R10 a month tenable for two years will be given to students, who have been admitted to the College, who do not hold University Scholarships.

The selection will be made in the following order :—

(*a*) B. Sc.'s ;

(*b*) B. A.'s who have taken up the B. Course ; and

(*c*) F. A. candidates (except those who passed in the 3rd Division).

There will be in addition one scholarship of R20 a month and one of R10 a month for Europeans or Eurasians, who have been admitted to the College, tenable for two years. Should there be no suitable candidates for these scholarships, they will be awarded to the general candidates. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th April 1906.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Apprentice Department.

SESSION, 1906-1907.

Candidates for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906. Candidates must furnish proof that they have passed one of the following tests :—

(1) Standard VII or Middle School Examination of the Code of European Schools.

(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are twenty-eight vacancies for natives and twelve for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There will be four vacancies on the free list for Christian Apprentices in June next and eight on the reduced fee list. For natives there will be eight vacancies on the reduced fee list, available during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

The tuition fee for students of the Apprentice Department is R3 monthly for each month of the year, vacation included, except for students on the free and reduced fee lists.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than the 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 6th April, 1906.

In Rule XV for the words "with one civil officer and two non-official residents of the district in which the Committee is held " *read* " with one civil officer and two non-official residents of the District or Tahsil in which the Committee is held."

C. B. RAWLINSON, Major,
Offg. Revenue and Financial Secy. to the Chief Commissioner,
N.-W. Frontier Province.

NORTH-WEST FRONTIER PROVINCE—JUDICIAL DEPARTMENT.

NOTIFICATION.

Peshawar, the 7th April 1906.

No. 39-J.—The following rules under section 50 (1) of Act VIII of 1890 (Guardians

and Wards having been approved by the Local Government are published for information and guidance and will take effect from this date.

1. When a guardian is appointed under the Act, he shall be furnished with a certificate of guardianship and his attention shall be drawn to the provisions of sections 26, 27, 28, 29, 32, 33, 35, 36, 39, 44 and 45 of the Act (the said sections to be printed in full on the back of the said certificate).

2. At the time of appointing a guardian, the Court shall pass orders as to the allowances, if any, to be granted to, and the security to be required from, such guardian.

3. On the appointment of a guardian, the case shall be treated as pending till the ward concerned, attains his majority, and shall be brought upon the dates on which returns have to be furnished by the guardian concerned, such dates being reckoned as dates of hearing and entered as such in the Cause book of the Court.

N. B.—A separate minute book is to be maintained of all cases in which the Court has appointed a guardian, and all orders passed from time to time are to be noted in that minute book under each case. A special Muharrir shall, if necessary, be entertained to maintain registers and perform other duties with regard to the estates under the management of the Court.

4. The Court shall ordinarily direct the guardian to submit an account of the income and expenditure of the ward's estate twice a year, on dates to be fixed by the Court.

The District Judge shall certify that he has scrutinized the accounts, and shall record such remarks as may be necessary thereon.

5. The ward, if a male, shall, in the absence of sufficient reason to the contrary, be produced on each occasion when the accounts are submitted.

6. All statements and accounts produced by a guardian shall be kept with the files of the case concerned, and shall be open to inspection, with the permission of the Court, by persons legitimately interested in the same, on payment of the ordinary inspection fee.

7. When a guardian has been appointed by the Court, he should be required to open an account, in his own name, on behalf of the ward with a banker, to be approved by the Court. Any surplus moneys which may remain over after the current expenses of the estate and the ward's maintenance and education have been paid, should be invested by the guardian in such manner as is approved of by the Court.

8. The Court shall pass from time to time such orders as are necessary regarding the education of the ward.

9. District Judges may, when necessary, apply to the Judicial Commissioner, through the Divisional Judge, for sanction to entertain special Muharrirs for the due audit of the accounts of the estates of wards under their charge. Such applications must be accompanied by a statement showing the number and value of the estates concerned. The special Muharrirs shall be paid from a "Wards' Fund," to which guardians should be required to contribute in proportion to the value of the estates under their charge. Proposals regarding the rate of contribution to be levied from each guardian must accompany all applications for the entertainment of special Muharrirs.

10. It is directed that the management of wards' estates shall be specially noticed in the annual Civil Report submitted by each District Judge, the main facts relating to each estate being given separately and showing briefly the financial position of the estate.

E. INGLIS,
Judicial Commissioner.

ORDERS BY THE HON'BLE THE VICE-CHANCELLOR AND SYNDICATE OF THE CALCUTTA UNIVERSITY.

1. The Entrance Examination in 1907 will be held on the 4th March 1907 and following days.

C. LITTLE,
Offg. Registrar, Calcutta University.

SENATE HOUSE,
The 23rd April 1906.

CALCUTTA UNIVERSITY.

NOTICE.

In January 1902, Babu Jogendra Chandra Ghosh, Member of the Senate, offered to place at the disposal of the Calcutta University Government Securities of the nominal value of R 10,000 of the Loan of 1865 for the encouragement of the study of Comparative Indian Law by persons belonging to what is called the Adhyapak class in Bengal, and for the purpose of establishing out of the annual income of the fund a prize to be awarded to the writer of the best essay on the subject under the following conditions:—

(i) By Comparative Indian Law shall be meant the Hindu Smriti Sastra, called *Vyabaharkhanda* and a comparison of the standard Sanskrit authorities on the subject with British Indian Law as contained in Parliamentary Statutes, Regulations and Acts of the Indian Legislative Councils, and the Law as laid down in Leading Cases. The study, which it shall be the object of the Prize to encourage, is the History of the Hindu Smriti Sastra as it existed at and from the time when India came under British rule and how and to what extent it has been altered under British influence, regard being had not only to the existing Statutes, Regulations and Acts, but also to those which, having been in operation for a time, have now been repealed or become obsolete, and regard being also had not only to the existing Leading Cases but to cases which were considered Leading at one time, but have now been overruled, and how and to what extent such alteration has affected Hindu Society.

(ii) The essay at the discretion of a Committee consisting of the Vice-Chancellor for the time being of the University, the President of the Faculty of Law and the Principal of the Government Sanskrit College in Calcutta, may deal with the whole of the Indian Comparative Law as before defined or with part or parts thereof; but in no case shall an essay be entitled to competition which in any way attacks the religious beliefs, usages or institutions of His Majesty's subjects. And it shall be in the province and discretion of the said Committee to (*a*) make a detailed programme of studies for the proposed prize, (*b*) name the subject of the essay for any one particular year, and (*c*) decide whether such prize shall be awarded every year or at longer intervals.

(iii) By *Adhyapak* shall be meant scholars of the Smriti Sastra, students of Smriti in the Government Sanskrit College in Calcutta, and in the tols or indigenous Brahmanical schools which send in candidates for the Title Examinations held in that College and students in other similar institutions in India.

(iv) The essay or essays shall be written either in English or in Bengali; but if any competitor sends in an essay in any vernacular language other than Bengali he shall be bound to furnish an English translation thereof.

(v) The adjudicators for the Prize shall be the Vice-Chancellor of the University, the Chief Justice of Bengal, the President of the Faculty of Law and the Principal of the Sanskrit College in Calcutta. They shall be entitled to consult experts of their own selection to assist them to (*a*) decide whether the essay or essays in competition is or are of sufficient merit to deserve the prize, (*b*) award such prize, (*c*) decide about the number of manuscript copies of each essay to be sent in by the successful competitors, and (*d*) consider the ways and means for the publication of any essay or essays.

(vi) The Prize shall be called the "Research Prize in Comparative Indian Law."

The offer was thankfully accepted by the Syndicate at their meeting held on the 8th February, 1902.

The next prize will be awarded in January, 1909.

The value of the prize will be R 1,000.

The subject for the year 1909 will be—

Discuss the effect of unchastity on the status of a Hindu female, with special reference to the following points :—

(*a*) Does it affect her right of succession to her husband ?

(*b*) Does it divest the estate previously inherited by her from her husband ?

Candidates are required to send their essays to the Registrar, Calcutta University, on or before the 1st day of July, 1908, and to send four copies of their essay, type-written whenever practicable.

C. LITTLE,
Registrar.

SENATE HOUSE,
The 1st May, 1906.

FREDERICK NOËL-PATON,
Director-General of Commercial Intelligence.

W. L. HARVEY,
Secretary to the Government of India.

Calcutta, May 4, 1906.

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, MAY 12, 1906.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

J. J. MEIKLE,
Publisher, Gazette of India

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 10th May 1906.

NOTIFICATIONS.

No. 1910 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 5th May 1906:—

No. 231 of 1906.—Madan Lall Kapoor, manufacturer, resident of Peshawar city, outside Rampora gate. *A machine (Hand and Treadle or Power Loom) for weaving cotton, silk or similar yarn into cloth.*

No. 232 of 1906.—John James Francis Hume, Lieutenant-Colonel, Commanding 2nd Battalion the Connaught Rangers, Ahmednagar. *An improved entrenching tool.*

No. 233 of 1906.—The S. O. & C. Company, of Ansonia in the state of Connecticut in the United States of America, a corporation duly organized under the laws of said state of Connecticut, and having a place of business at 205 Lincoln street, in Boston, in the commonwealth of Massachusetts, in said United States of America. *Improvements in machines for setting grommets and similar articles.*

No. 234 of 1906. Alfred Whitaker, mechanical engineer, of Burnham, in the county of Somerset, England. *Improvements in or relating to apparatus for automatically receiving, delivering and exchanging tablets, staffs or the like on railways.*

No. 235 of 1906.—Jacob Joseph, timber trader, residing in Ammaputty Ammayanayakanur, Dindigal Taluk, Madura District, Madras Presidency. *Lifting water from wells and reservoirs for irrigation and other purposes, being an improvement on the Chinese chain pump.*

No. 236 of 1906.—Alwin Hugo Eusebius Fischer, plumber, of 78 O'Connell street, North Adelaide, in the State of South Australia, commonwealth of Australia. *An improved water jacket for water-heaters or the flues thereof.*

No. 237 of 1906.—Edward Shaw, engineer, of Broad Street House, in the city of London, England. *Improvements in and means or apparatus for evaporating liquids.*

No. 238 of 1906.—Chandra Nath Bose, electrical engineer, Bally P. O., Bally, district Hooghly. *A process for manufacturing celluloid choories (bangles).*

No. 239 of 1906.—Frederick Wilfrid Scott Stokes, civil engineer, of 32 Victoria street, Westminster, in the county of London. *Improvements in free roller sluices.*

No. 1911 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 405 of 1905.—Samuel Telford Dutton, signal engineer to the East Indian Railway, Calcutta. *An improved apparatus for exchange of tokens used as "Line Clears" on railways.* (Specification filed 11 April 1906.)

No. 444 of 1905.—Thomas Henry Randolph, dressing bag manufacturer, trading as J. T. Huxtable & Company, of 31 Newman street, Oxford street, London, England. *Improvements in or relating to fitted cases.* (Specification filed 28 April 1906.)

No. 144 of 1906.—Henry Maxmilian Reichenbach, chemist, of 88 Center street, New York City, New York county, New York. *Improvements in devices for the storage of liquid fuel and the supplying of carburetted air to internal combustion engines.* (Specification filed 26 April 1906.)

No. 1912 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 353 of 1898.—C. F. G Dobson. *An army filtering water bottle.* (From 10 May 1906 to 10 May 1907.)

No. 371 of 1899.—Khasherao Bhagawantrao Jadhava. *Improvements in or relating to the treatment of sewage and an apparatus therefor.* (From 9 May 1906 to 9 May 1907.)

No 175 of 1900.—Charles Alfred Carles de Caudenberg. *A new composition for paving roads, footways, lining terraces, cellars, yards, stables and the like, which consists of a preparation of bituminous matter and rubber or caoutchouc.* (From 20 December 1906 to 20 December 1907.)

No. 261 of 1900.—Peter Cooper Hewitt. *Improvements in electric lighting.* (From 31 October 1906 to 31 October 1907.)

No. 431 of 1900.—Marconi's Wireless Telegraph Company, Limited. *Improvements in apparatus for wireless telegraphy.* (From 18 June 1906 to 18 June 1907)

No. 175 of 1901.—Joseph Fuhrer. *Improvements in explosives.* (From 22 June 1906 to 22 June 1907.)

No. 125 of 1902.—John Andrews and Sydney Andrews. *Improvements in conditioning or improving the quality of grain or recently ground flour, semolina or the like.* (From 7 July 1906 to 7 July 1907.)

No. 547 of 1904.—Khaserao Bhagwantrao Jadhava. *Improvements in materials for matches.* (From 6 April 1909 to 6 April 1910.)

No. 1913 P.—WHEREAS the inventor of the undermentioned inventions has failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fee hereinafter mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said invention in British India, and of authorising others so to do, has ceased :—

No. 330 of 1901.—Arthur Meyer. *Improvements in cartridge-holders or bandoliers* (Specification filed 28 January 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for the above invention

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s*. 1*d*. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

Pollock	Principles of Contract, Law of Torts.
Fry	Specific Performance.
Finch	Cases on the Law of Contract.
Ball	Leading Cases on Torts
	The Indian Contract Act.
	The Specific Relief Act.

C. LITTLE,
Offg. Registrar, Calcutta University.

SENATE HOUSE,
The 8th May 1906.

ORDERS BY THE HON'BLE THE VICE-CHANCELLOR AND SYNDICATE OF THE CALCUTTA UNIVERSITY.

The following books have been prescribed for the B. L. Examination in 1908:—

(1) The Principles of Jurisprudence; the History and Constitution of the Courts of Law and Legislative Authorities in India	Maine's Ancient Law; Holland's Elements of Jurisprudence, Cowell's Tagore Law Lectures, 1872; Hunter's "Introduction to Roman Law," 5th edition, Chapters 1—5, no question should be put the answer to which would involve a knowledge of Latin.
(2) The Law relating to persons in their Public and Private Capacities, including the Law of Testamentary Succession.	Act IX of 1875 (Majority), Stephen's Commentaries on the Laws of England, 14th edition, 1903, Book I, Book III, Chapters 1—4, and Book IV, Part I, Chapters 2 and 6, Act X of 1865 (Succession Act), except Parts III—V, XXX, XXXI and XXXV—XL; Act XXI of 1870 (Hindu Wills Act), except the portions of the Indian Succession Act omitted from the study of that Act; Act V of 1881 (Probate); Hindu Law of Wills (being topic No. 14 in Syllabus* below); Ameer Ali's Students' Manual of Muhammadan Law (2nd edition), Part III, Chapter III (Wills); Snell's Principles of Equity, 13th Ed., Part II, Chapter XXII (Infants).
(3) The Law of Property, including the Law relating to Land Tenures and the Revenue Laws.	Nelson's Law of Property, omitting Chapters 3—14, 16—18; Regulations I, VIII of 1793; Regulation VIII of 1819; Regulation XI of 1825, Act XI of 1859, omitting sections 4, 16, 40—52 and 56—62, Act VIII of 1885 (Bengal Tenancy Act), Chapters I—VIII, XI, XIV, XV.
(4) The Law of Property, including the Laws of Transfer, Prescription, and Pre-emption.	Act IV of 1882 (Transfer of Property Act), Act III of 1877 (Registration Act) sections 17, 18, 48, 49, 50, Act XV of 1877, sections 26—28 (Prescription); Upendranath Mitra's Indian Law of Prescription and Easements; Hindu Law of Endowments (being topic No. 16 in Syllabus* below); Ameer Ali's Students' Manual of Muhammadan Law (2nd edition), Part III, Chapters I, II, and IV (Gift, *Wakf* and Pre-emption); Snell's Principles of Equity, 13th edition, Part I, Part II, Chapters I—VI, XVI—XVII (Mortgages, Legal and Equitable), and Part III, Chapters I—IV (accident, mistake, Actual Fraud, Constructive Fraud).

(5) The Law of Contracts and Torts	Anson's Law of Contract; Bigelow's "Law of Torts," 2nd edition, Cambridge University Press, 1903, omitting Chapters 6, 8, 9, 12, 13, 14, 18, and Appendix on Statements of claim; Act IX of 1872; Act I of 1877, Snell's Principles of Equity, 13th edition, Part III, Chapters 9—10 (Specific Performance and Injunction).
(6) The Law of Crimes and Criminal Procedure.	The Indian Penal Code (Act XLV of 1860), the whole of Chapters 1—5 and such portions of Chapters 6—23 as do not relate exclusively to the amount of punishment to be inflicted for an offence; the Code of Criminal Procedure (Act V of 1898), omitting Chapters 1, 9, 14, 33—40, 42, 43, 46 (except section 562); Mayne's Criminal Law of India (2nd edition), Part II, Chapters 1, 3, 4, 9, 10, 11, 15.
(7) The Law of Civil Procedure, including the Law of Evidence and the Law of Limitation.	Best "On Evidence," 9th edition, Introduction, Book I, Book IV; the Code of Civil Procedure (Act XIV of 1882), Chapters 1—9, 11, 12, 15, 17, 19, 21, 22, 30-31, 33, 35—37, 40—43, 45—47; the Evidence Act (Act I of 1872); the Limitation Act (Act XV of 1877), omitting sections 26—28 and Schedule II.
(8) The Hindu Law and the Muhammadan Law (with the exception of parts already included) and the Law of Intestate Succession.	Mitakshara, Chapter I, sections I—V; Chapter II, sections I—X; Dayabhaga, Chapters 1, 2, 5, 11; Hindu Law (as in Syllabus* below except topics 14 and 16); Sirajiya (except the details as to succession of distant kindred); Ameer Ali's Students' Manual of Muhammadan Law (2nd edition), Parts I and II; Act X of 1865 (Succession Act, Parts III—V).

* SYLLABUS OF HINDU LAW.

1. Nature and Origin of Hindu Law.
2. Sources of Hindu Law.
3. Customary Law.
4. Schools of Hindu Law.
5. Change of law in consequence of change of domicile or religion.
6. Definitions of 'Sapinda,' 'Sagotra,' 'Sakulya,' 'Samanodaka' and 'Bandhu.'
7. The law of inheritance including principles of succession, order of succession and exclusion from inheritance.
8. Stridhan and succession to Stridhan.
9. Woman's estate and rights of females.
10. Marriage.
11. Different kinds of sons and Adoption.
12. The law regarding Joint Family and Joint Property including the law of debts and alienations and Partition of Joint Family Property.
13. The law of Maintenance.
14. Wills.
15. Impartible estates.
16. Religious and Charitable endowments.

N.B.—No questions will be put involving a discussion of original texts.

In studying the Syllabus, any of the following books may be read:—

Mayne's "Hindu Law and Usage."

Golapchandra Sarkar's "Hindu Law."

Jogendranath Bhattacharyya's "Commentaries on Hindu Law."

Jogendrachandra Ghose's "Principles of Hindu Law."

NOTE.—In the list of text books for the B. L. Examination, when any Act is named, it is to be understood to mean that Act with all amendments made up to the 31st March of the year in which the Examination is held.

C. LITTLE,
Registrar, Calcutta University.

SENATE HOUSE;
The 8th May 1906.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, 2nd and 3rd July 1906, at 10-30 A. M., both days:—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole) . . .	240	160
Mensuration (*a*) the whole . .	60	30
Book-keeping (*b*) mercantile . .	100	50
Total	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunder's Mensuration for Beginners
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed, but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it ; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of R10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application).

(2) Certificate of age (baptismal or of birth) not required if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fee, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of application of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination, the application to be accompanied by the fee of rupees ten

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th May 1906.

CINCHONA FEBRIFUGE.

Cinchona Febrifuge can be purchased for cash only by Government officers and the general public, from the Superintendent, Royal Botanic Garden, Calcutta.

FREDERICK NOËL-PATON
Director-General of Commercial Intelligence

Calcutta, May 5, 1906

W. S. MEYER
Secretary to the Government of India

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, APRIL 14, 1906.

☞Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

Rates of subscription.	Per annum. R	a.	p.
Subscription for Gazette and Supplement	15	0	0

J. J. MEIKLE,
Publisher, Gazette of India

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 12th April 1906.

NOTIFICATIONS.

No. 1527 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 7th April 1906:—

No. 188 of 1906.—John Williamson, chemical engineer, of 65 West Regent street, Glasgow, in the county of Lanark, Scotland. *Improvements in packing for stuffing boxes and the like.*

No. 189 of 1906.—Cyrus Crooks Shigley, jeweller, of the city of Grand Rapids, county of Kent, state of Michigan, United States of America. *Improvements in magazine phonographs.*

No. 190 of 1906.—The De Forest Wireless Telegraph Syndicate Limited, of 6 Princes street, in the city and county of London, England. *Improvements in or relating to wireless telegraphy.*

No. 191 of 1906.—Garnet Bowen Holmes, draughtsman, of 14 Austin street, Wellington, in the colony of New Zealand, and Arthur Dunscombe Allen, draughtsman of 15 Bolton street, Wellington. *Improvements relating to trolley heads for electrical tramway systems.*

No. 192 of 1906.—Dugald Little, gentleman, of "Astolat," Riversdale road, Camberwell, in the county of Bourke, state of Victoria, Commonwealth, of Australia. *Improvements in and connected with the generation, treatment and utilization of steam.*

No. 193 of 1906.—Thomas Henry Becks Gayner, cycle mechanic, of 113 Neville street, South Melbourne, in the state of Victoria, Commonwealth, of Australia. *An improved process or application for sealing punctures in pneumatic tyres and the like.*

No. 194 of 1906.—William Tennant Buck, Major, Durham Light Infantry, Lucknow. *A device for the deodorisation of gases emanating from foul matter contained in drains, filth carts or other receptacles.*

No. 195 of 1906,—The Bifurcated Rivet Company, Limited, a company organized under the Companies Acts of Great Britian, of Gripwell Works, Warrington, Lancashire, England. *Improvements in rivets.*

No. 196 of 1906.—The J. P. Karns Tunneling Machine Company, of Boulder, in the county of Boulder, state of Colorado, United States of America. *Improvements in or connected with machines for tunnelling and the like.*

No. 197 of 1906.—The Bifurcated Rivet Company, Limited, a company organized under the Companies Acts of Great Britain, of Gripwell Works, Warrington, Lancashire, England. *Improvements in rivets.*

No. 198 of 1906.—William George Mein, engineer, of 168 Upton lane, Forest Gate, London, England, and Ernest Gaminara, builder, of 17 Cranmer road, Forest Gate, London, England. *Improvements in or relating to castors for furniture, trucks, trolleys and the like.*

No. 1528 P.—THE undermentioned design has been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma. This and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's

office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 6D of 1906.—Goverdhun Dass and Baboo Ram, sons of Megh Raj and Joogal Kishore, serrafis, residents of Shahdara, Meerut district, doing business in Chandni Chowk, Delhi, in the name of Goverdhun Baboo Ram. *A disc for necklaces bearing specified words on each side.*

No. 1529 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 361 of 1905.—Albert Henry Bristow, engineer, in the employ of Messrs. Heatly & Gresham, Limited, engineers, of London and Calcutta, residing at 17 Convent road, Entally, in the province of Bengal, British India. *An improved apparatus for the better destruction of the smoke which issues from chimneys, boilers and furnaces.* (Specification filed 16 March 1906.)

No. 391 of 1905.—Ardeshir Temulji Mirza, mechanical engineer, Jamnagar, Kathiawar. *Improvements in hydraulic modules.* (Specification filed 2 April 1906.)

No. 393 of 1905.—Ardeshir Temulji Mirza, mechanical engineer, Jamnagar, Kathiawar. *Improvements in automatic canal regulators.* (Specification filed 2 April 1906.)

No. 398 of 1905.—Leland Lesley Foss, gentleman, of Vidalia, county of Montgomery and state of Georgia, United States of America *Improvements in roller gins.* (Specification filed 31 March 1906.)

No. 448 of 1905.—Daniel Charleston, bicycle manufacturer, residing at 220 Elizabeth street, Melbourne, in the county of Bourke, state of Victoria and Commonwealth of Australia *An improved compound for sealing punctures in pneumatic tyres and the like and means for applying the same.* (Specification filed 4 April 1906.)

No. 533 of 1905.—Merwan Ruttonji Kharegat, executive engineer, Public Works Department, Madras. *An automatic falling and rising shutter for weirs, sluices, etc.*, (Specification filed 2 April 1906.)

No. 22 of 1906.—Dr. Heinrich Colloseus, chemist, of Pragerstrasse 29, Berlin, in the empire of Germany. *Improvements in apparatus for pulverizing blast-furnace slag.* (Specification filed 4 April 1906.)

No. 23 of 1906.—Dr. Heinrich Colloseus, chemist, of Pragerstrasse 29, Berlin, in the empire of Germany *Improvements in the manufacture of cement from furnace slag.* (Specification filed 4 April 1906.)

No. 1530 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each.—

No. 104 of 1895.—Louis Michel Bullier *Process for the manufacture of carbides or acetylides of the earth-metals and alkali earth metals, and of the oxides of these metals* (From 26 April 1906 to 26 April 1907.)

No. 351 of 1895.—William Alexander Willock *An improvement in the manufacture of bay salt.* (From 14 April 1906 to 14 April 1907.)

No. 81 of 1896.—Max Guilleaume *Improvements in electric cables.* (From 2 June 1906 to 2 June 1907.)

No. 197 of 1897.—Edward Anderson Blanton, Jr *Improvements in and connected with means for securing cams and the like upon shafts.* (From 2 July 1906 to 2 July 1907.)

No. 303 of 1900.—William Wilson and Thomas Bennett. *Improvements in or in connection with life saving guards for tramcars and like vehicles.* (From 6 March 1906 to 6 March 1907.)

No. 323 of 1900.—Prasanna Kumar Datta and Lalit Mohan Datta. *A boat to be called the Panicot.* (From 15 April 1906 to 15 April 1907.)

No. 50 of 1901.—Ernest Rowland Hill. *Improvements in or relating to electro pneumatic controlling systems.* (From 18 September 1906 to 18 September 1907.)

No. 397 of 1901.—John Gilruth Gilruth. *A continuous action paddy (or other grain) combined boiler and dryer (or conditioner).* (From 4 April 1906 to 4 April 1907.)

No. 414 of 1901.—Richard Kandler. *Process for the manufacture of a safety explosive resembling dynamite.* (From 11 February 1906 to 11 February 1907.)

No. 21 of 1902.—Arthur Kitson. *Improvements in or relating to vapour burning apparatus* (From 8 April 1906 to 8 April 1907.)

No. 38 of 1902.—David Moorhouse and David Thomson Dewar. *Automatic arrangement for regulating the tension of the tapes for driving the spindles of spinning and twisting frames.* (From 10 April 1906 to 10 April 1907.)

No. 1531 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2) of the said Act, the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased :—

No. 253 of 1901.—Noel and Richards. *An improved self-acting stop revolving army water bottle stopper.* (Specification filed 2 January 1902.),

No. 283 of 1901.—Isaac Choilton. *Improvements in and relating to bedsteads.* (Specification filed 2 January 1902.)

No. 386 of 1901.—The Renfrew Crusher Company, Limited. *Improvements in roller mills for grinding or crushing.* (Specification filed 6 January 1902.)

No. 409 of 1901.—Louis Charles Phillip Stromeyer. *Improvements in letter files consisting of flaps of paper or any other flexible material bound book wise.* (Specification filed 3 January 1902.)

No. 451 of 1901.—Percy Hulburd. *Improvements in sight feed lubricators.* (Specification filed 6 January 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 277 of 1900.—Albert Cushing Crehore and George Owen Squier. *Improvements in telegraphic apparatus.* (Specification filed 4 January 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of filing of the specification—

The sum of R50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1s. 1*d*. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

4. Draftsmen.
5. Press workers.
6. Photo-Mechanical workers.
7. Mechanical apprentices.
8. Metal and wood carvers.

E. ATKINSON, Major, R.E.,
Principal, Thomason College.

SURVEY OF INDIA.

NOTIFICATION.

Calcutta, the 10th April 1906.

No. 152.—Mr. J. Marten, Extra Assistant Superintendent, 2nd grade, having returned from leave on the 3rd April 1906, the following reversion is made with effect from the same date:—

Babu Pramadaranjan Roy, Officiating Extra Assistant Superintendent, 6th grade, to revert to his substantive appointment of Sub-Assistant Superintendent, 1st grade.

T. F. B. RENNY-TAILYOUR, Bt.-Lieut.-Colonel, R.E.,
For Surveyor General of India.

THE HON'BLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATION.

Dated Abu, the 31st March 1906.

No. 314.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 10th May, 1906.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid, will be considered by the Hon'ble the Chief Commissioner.

THE HONORABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

DRAFT NOTIFICATION.

No. of 1906.

Dated Abu, the 1906.

In exercise of the powers conferred by section 9 of the Indian Petroleum Act, VIII of 1899, and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the additions and amendments hereinafter set forth to the rules published under the Chief Commissioner's Notification No. 71-401-A., dated 26th January 1903, to regulate the possession and transport of petroleum:—

For Rule I, substitute the following:—

I. For the purposes of these rules, "Petroleum in bulk" means petroleum in quantities of five hundred gallons or upwards, contained in any one receptacle.

In Rule III (1), delete the 13th and 14th words, *viz.*, "A or".

Add as Rule III A:—

Licenses for the possession of dangerous petroleum, otherwise than in bulk, granted under Rule II (1) (*a*) and II (3) (*a*) shall be subject to the following conditions:—

(*a*) That it is stored in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 10 gallons, and fitted with well-made fitting holes and well-fitting screw plugs, or fitted with screw cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed 2 gallons	25, B. W. G.
(2) When the capacity exceeds 2 gallons but does not exceed 4 gallons	22 „
(3) When the capacity exceeds 4 gallons	16 „

(*b*) That an air space of at least one-tenth of its capacity must be left in each drum or receptacle at the time of filling.

(*c*) That the drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

(*d*) Before any vessel containing, or which has contained, dangerous petroleum is repaired by the lincensee, or is sent by him to be repaired, that vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

(*e*) That the building in which petroleum is to be stored must be constructed of masonry or other uninflammable material with terraced, tiled or iron roof, and a tiled, paved or earthen floor.

(*f*) The doorways and other openings of such buildings must be built up to such a height above the level of the road or street, or the floor must be sunk to such a depth below the level of the road street, that the petroleum stored in it cannot flow out of the building in the case of its escape from the receptacles in which it is contained, or the building itself

must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom, or a combination of these methods may be adopted.

(*g*) All ventilating openings in the building shall be protected by strong wire gauze.

(*h*) No smoking or light or fire of any description shall be permitted at any time within or near any building licensed under this rule.

(*i*) All due precaution shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons having access to any dangerous petroleum or to any vessels containing or having actually contained the same.

(*j*) Every person managing or employed on or in connection with any such licensed place of storage shall abstain from any act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from doing such act.

(*k*) The store-house shall be liable to inspection by an officer authorised on this behalf.

(*l*) The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

(*m*) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed in the presence of fire or artificial light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the dangerous petroleum, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept.

(*n*) The following distances are to be kept clear from the protected works round the place of storage:—

Quantity to be stored	Distance to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons	Distance to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons but not exceeding 10 gallons.
Gallons	Feet	Feet
Not exceeding 1,000	25	30
From 1,000 to 5,000	40	50
From 5,000 to 10,000	60	70
From 10,000 to 15,000	90	100
From 15,000 to 20,000	130	150
From 20,000 to 30,000	180	200
From 30,000 and over	200	200

(*o*) Provided that when the quantity to be possessed does not exceed 60 gallons, the provisions of sub-rules (*e*), (*f*) and (*n*) shall not apply; but the licensee shall observe the following conditions.—

(*i*) The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(*ii*) Where a store-house forms part of or is attached to another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has openings therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble. The store-house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

In Rule IV substitute the following scales of fees to be charged for licenses for the possession of non-dangerous petroleum and dangerous petroleum in place of those prescribed in the existing rule:—

NON-DANGEROUS PETROLEUM.

When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons, but does not exceed 5,000 gallons . . . . plus R2 extra for every 1,000 gallons or part thereof in excess of 100 gallons.	12
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons . . . . plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	20
When the quantity to be stored exceeds 50,000 gallons	250

II B

DANGEROUS PETROLEUM.

	R
When the quantity possessed is equal to or less than 40 gallons	3
When the quantity possessed exceeds 40 gallons but does not exceed 500 gallons .	8
When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part thereof in excess of 1,000 gallons.	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	
When the quantity to be stored exceeds 50,000 gallons	250

In the second sentence of Rule VII (1) for the words "shall be special only" substitute the words "may also be either general or special."

In Rule VII (2) after the word "Petroleum" add the words "other than dangerous petroleum."

Add a new sub-rule (2-A) to Rule VII—

Dangerous petroleum to be transported shall be packed in the manner prescribed in Rule III-A (*a*), (*b*), (*c*).

Add as Rule VIII-A—

General licenses in Form H for a period of 12 months shall be issued for the transport of dangerous petroleum by cart only.

Such licenses shall authorise the holders to transport by cart dangerous petroleum being their own property without restriction as to destination or quantity.

In Rule IX, after the words "The holder of a general license," add the words "Under Rule VIII or VIII-A"; and after the words "issue a pass in" delete the words "Form G," and substitute the words "Form G or I"; and after the words "appended to these rules" add the words "as the case may be."

For Rule XIV of the existing rules substitute the following :—

The following fees shall be charged for licenses for the transport of non-dangerous petroleum and dangerous petroleum under these rules :—

NON-DANGEROUS PETROLEUM.

Special license for the transport of petroleum other than dangerous petroleum :—

	R
When the quantity to be transported exceeds 500 but does not exceed 5,000 gallons	1
For every additional 5,000 gallons or part of 5,000 gallons	1
General license for the transport of petroleum by cart for 12 months . . .	100

DANGEROUS PETROLEUM.

For quantities not exceeding 40 gallons	2
For quantities from 40 to 480 gallons	2
for the first 40 gallons, plus 8 annas for every additional 40 gallons or part thereof.	
For quantities exceeding 480 gallons	
plus R2 for every additional 480 gallons or part thereof.	
General license for the transport of dangerous petroleum by cart for 12 months .	100

In place of the existing endorsement on Form A substitute the following :-

ENDORSEMENT ON FORM A.

Rules.

(Enter Rules III A, IV to VI and XV to XVIII of the Rules under section 9 of the Act.)

Conditions.

(1) All petroleum in the licensed place shall be contained in vessels labelled in accordance with section 7 of the Act.

(2) No goods of a combustible nature shall be stored in the licensed place.

(3) The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding 3 gallons to any one who has not a license under section 5 or 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act as to the vessels in which the petroleum must be contained.

In the endorsement on Form D, after the words "Here enter Rule VII" add the words "Sub-rules (1), (2-A) and (4)."

In the endorsement on Form E substitute the words "Sub-rules (1), (2) and (3)" for "Sub-rules (1) to (3)."

FORM H.

General licenses to transport dangerous petroleum by cart, to be granted under section 9 of the Indian Petroleum Act, 1899 (VIII of 1899).

No.

Fee R100.

A general license is hereby granted to ... . to transport dangerous petroleum by cart within the districts of Ajmer and Merwara, subject to the rules and conditions on the back of this license. This license shall continue in force till the ... . day of

C. N. BAKER, Captain,
Pay Examiner, Secunderabad Division.

PAY EXAMINER'S OFFICE, SECUNDERABAD DIVISION, MADRAS;
The 4th April 1906.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Engineer Department.

SESSION, 1906-1907.

Candidates for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906.

Candidates must furnish proof that they have passed one of the following tests :—

(1) The B. Sc. or B. A. Examination in the B. course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.

(2) The F. A. Examination of the Calcutta and Madras Universities.

(3) The Intermediate Examination of Allahabad and Punjab Universities.

(4) The Intermediate Examination for the degree of B. A. of Bombay University.

(5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4), and (5), must be under 21 years.

In selecting candidates who have passed the F. A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F. A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is R10 a month for each month of the year, vacation included.

One junior scholarship of R20 a month, one of R15 a month, and six of R 10 a month tenable for two years will be given to students, who have been admitted to the College, who do not hold University Scholarships

The selection will be made in the following order :—

(*a*) B. Sc.'s ;

(*b*) B. A.'s who have taken up the B. Course ; and

(*c*) F. A. candidates (except those who passed in the 3rd Division).

There will be in addition one scholarship of R20a month and one of R10 a month for Europeans or Eurasians, who have been admitted to the College, tenable for two years. Should there be no suitable candidates for these scholarships, they will be awarded to the general candidates. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th April 1906.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Apprentice Department.

SESSION, 1906-1907.

Candidates for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1906. Each application must be accompanied by a registration fee of R1, which will in no case be returned.

The session begins on Monday, the 4th June 1906. Candidates must furnish proof that they have passed one of the following tests :—

(1) Standard VII or Middle School Examination of the Code of European Schools.

(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are twenty-eight vacancies for natives and twelve for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There will be four vacancies on the free list for Christian Apprentices in June next and eight on the reduced fee list. For natives there will be eight vacancies on the reduced fee list, available during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

The tuition fee for students of the Apprentice Department is R3 monthly for each month of the year, vacation included, except for students on the free and reduced fee lists.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than the 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application to the Principal.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;

Remarks by the Administrative Medical Officer, North-West Frontier Province.

Five thousand six hundred and sixty-seven births were registered in the Province during the month of February 1906, giving a birth-rate of 37 *per mille* of population. Of the total number of births, 3,145 were boys and 2,522 girls.

The total number of deaths registered from all causes in the Province during the month of February 1906 was 3,908 against 4,992 in the previous month and 4,565 in the corresponding month of the past year, giving an annual death-rate of 26, 30 and 30 *per mille* of population per annum, respectively.

There was not a single death registered under the head of cholera. From small-pox 107 deaths were registered against 100 in the previous month and 66 in the corresponding month of the past year.

There was not a single death registered from plague.

From fevers 2,830 deaths were registered against 3,765 in the previous month and 3,721 in the corresponding month of the last year, dysentery and diarrhœa 31 against 47, respiratory disease 123 against 135; suicide 3 against 1, wounding 10 against 6; accidents 28 against 23; snake-bite and killed by wild beasts 1 against 1, and from all other causes 775 against 914 in the past month and 618 in the corresponding month of the last year.

A. M. CROFTS, Lt.-Col., I.M.S.,
Administrative Medical Officer, N.-W. F. Province.

Peshâwar, the 7th April 1906.

FRENCH.

Souvestre ... ... Un Philosophe Sous les Toits.

One paper to be set on Text and Grammar and one paper on Translation and Composition.

HEBREW.

The Book of Exodus.

One paper to be set on Text and Grammar and one paper on Translation and Composition.

ARMENIAN.

Michæl Chamitch ... History of Armenia, Parts I, II and III.

SANSKRIT.

Calcutta University Selections for 1905, edited by Babu Nrisinhachandra Mukerjee, M.A., B.L., and published by Messrs. S. K. Lahiri & Co.

Vidyáságar ... ... Upakramaniká or any other book covering the same ground.

BENGALI.

Calcutta University Selections for 1900, edited by Babu Srischandra Chaudhuri, M.A., B.L., and published by Messrs. S. K. Lahiri & Co.

Hemchandra Banerjee ... Poetical Selections.
Nakuleswar Vidyabhushan Bháshábodh Bángalá Vyákaran.

HINDI.

Tulsidas ... ... Rámáyana Ajodhyá Kánda.
Sitárám ... ... Uttararáma Charita (*Bháshá*).

URIYA.

M. S. Rao ... ... Prabandhamálá, pages 1—115.
Ram Náráyan Ráy ... Kabitá-Sangraha.

TELUGU.

Prose.

K. Veeresalingam ... Nitichendica Sandhi.

Poetry.

Bhaskarasata Kamu ... The whole.

PALI.

Anderson's Pali Reader, pages 1—60.

BURMESE.

Prose.

Withandya Jataka.

Poetry.

Loka-Sara Son-ma-sá, prepared from original Manuscripts, under the auspices of the Vernacular Text-book Committee, Rangoon.

Grammar.

Lonsdale's Burmese Grammar.

TAMIL.

Poetry.

Tamil Poetical Anthology, No. II, pages 15 to the end.

Prose.

The Panchatantra ... ... Parts I, II and III.

GUJRATHI.

Prose.

Navalaram ... Navala Granthavali, Volume I, pp. 1-220.

Poetry.

Kabi Premananda ... Nalákhyán.

ASSAMESE.

Prose.

Padmanáth Baruya ... Sáhitya-Sangraha, 1st edition,—The following portions:—
"Ánandarám Baruyá," pp. 1-8; "Jiban-Yuddha," pp. 17-20; "Mánab Játir Savyatá," pp. 31-44; "Atmasikshá," pp. 81-94; "Jaymati Kumari áru Lángi-Gadápáni," pp. 95-101; "Chetan Práni áru Udvidar Prárthakya Ki?" pp. 111-119; "Prani Tattwa," pp. 139-150; "Manushyar Adi Abasthá," pp. 152-155; "Agar Din," pp. 159-163.

Satyanáth Barah, B.L. ... Sáhitya-Bichár, 2nd edition,—The following portions:—
"Sáhityar Sádháran Lakshan," pp. 1-15; "Mul Kathá," pp. 31-34; "Padya," pp. 53-57 and from the third paragraph on page 69, commencing with the word "*Etialoike*" to the end of the piece, page 80.

Poetry.

Rai Mádhabchandra Bardalai, Bahadur. Rámáyana in Assamese, 1st edition,—The following pieces:—
"Guha Chandálar Británta," pp. 47-50; "Viswámitrar Agaman," pp. 50-52; "Ram Lakshanaka Nidiyáta Rishir Kop áru Rama Lakshanaka loi Rishir Gaman," pp. 52-54; "Tádáká Rákshasi Badh," pp. 54-56; "Márich Subahu Badh," pp. 56-57; "Ráma Kettrik Haradhanu Vanga," pp. 70-75; "Bátata Parasurámar Saite Rámar Sákshát áru Parasurámar Parávab," pp. 85-89.

Padmanáth Baruya Sáhitya-Sangraha, 1st edition,—The following pieces:—
"Draupadir Biláp," pp. 15-16; "Pubá," pp. 56-58; "Sukha-Git," pp. 67-68; "Jiban Sangit," pp. 79-81; "Dhumuhá," pp. 94-95; "Naba-Barsha," pp. 101-104.

KHASI.

The Books of Joshua, Judges and Job in the Khasi version of the Bible.

ARABIC.

Selections by Shams-ul-Ulama Ahmad.

PERSIAN.

New Selections by Shams-ul-Ulama Ahmad (prescribed for 1904—1908).

URDU.

Revised Selections by Shams-ul-Ulama Ahmad.

One paper to be set on the text-books in each of the Oriental languages (including questions on Grammar and Idiom, and easy sentences to be translated into English); and one paper containing (*i*) simple passages in English to be translated into one of the vernaculars of India* recognized by the Senate (the passages being taken from a newspaper or other r curent literature of the day), and (*ii*) a subject for original composition in one of the

* The vernaculars recognized by the Senate are the following.—Bengali, Hindi, Uriya, Mahrathi, Urdu, Burmese, Armenian, Parbatia, Assamese, Telugu, Gujrathi, Khasi and Tamil.

vernaculars recognized by the Senate. Half the value of the paper is to be assigned to the passages in English and half to the subject for original composition.

HISTORY.

Sir William Lee-Warner ... The Citizen of India.

GENERAL AND PHYSICAL GEOGRAPHY.

Huxley ... ... Science Primer—Introductory, Arts. 12-55.

The Book of Deuteronomy.

*1. Freehand—
The candidate will be required to draw correctly, in outline, straight lines, simple and compound curves. Drawing to be enlarged or reduced to a given size.
2. Model drawing—
By "Model drawing" the delineation of "Geometric solids or common objects from nature" is to be understood.
The candidates will be required to draw correctly in outline, Geometric solids, as the cube, triangular, square and hexagonal prisms, the cylinder and cone—the solids to be arranged in groups of two or three in combination with common objects without ornamentation, as vases, lotas, buckets, stools, etc.
Drawing to be not less than eight inches in height.
One paper to be set in this subject.

Poetry.

Psalms XLII—LXXIX.
Each paper to include Text, Grammar and Composition.

ARMENIAN.

Prose,

I.—Eghishe's History of the Wars of the Vardons (Fifth Century), Parts I, V, VI, and last ten pages of the Supplement.
II.—A Course of reading in classical Armenian for advanced students by Elisha. (Selections from ancient and modern classical authors).

Poetry.

1. Joseph declaring himself to his brothers, pages 117-121.
2. The Mother and Daughter, pages 191-194.
3. The Shepherd and Shepherdess, pages 212-216.

SANSKRIT.

Kálidása ...	... Raghuvansa, Cantos X, XI, XII, XIII, XIV, XV.
Bhartrihari ...	... Bhatti Kavya, Cantos I and II.

BENGALI FOR FEMALE CANDIDATES.

Akshaykumar Datta	... Charupátha, Part III.
Madhusudan Datta	... Meghnád-Badha, Canto IV.
Nabinchandra Das	... Raghuvansa, Canto XIII.

PALI.

Anderson's Pali Reader—The whole.

ARABIC.

Selections by Lieut.-Col. G. S. A. Ranking, M.D., I.M.S., omitting pages 115 to 184

PERSIAN.

New selections by Shams-ul-Ulama Ahmad (prescribed for 1904—1908).

URDU FOR FEMALE CANDIDATES.

Musddasi Hali	The whole.
Abi Hayat	Pages 237-264.
Maulavi Mohamed Ihsânullah's Tarikh-ul-Islam	„ 238-269.
Arayeshi Mahfil	„ 4 36.
Urdu Moalla	„ 5-37.

KHASI FOR FEMALE CANDIDATES.

Khasi Grammar ... By the Rev. H. Roberts, published by Messrs. Kegan Paul, Trench, Trubner & Co., London.

The Books of Proverbs and Ecclesiastes from the Khasi Bible.

Ka Kitab Jingphawar (Khasi Proverbs and Folklore) by Babu Rabon Sing, published at the "Ri Khasi Press," Shillong.

ELEMENTARY PHYSICS.

Ganot ... ... Popular Natural Philosophy, 9th edition, 1900; Book I, omitting Articles 14, 15, 34-37, 51-54, 58, 59, 65-67, 72-78, 79 82; Book II, omitting Articles 114-117; Book III, omitting Articles 131-139, 145-148, 153, 164; Book IV to be omitted altogether; Book V, omitting Articles 221, 222, 233, 234, 247, 252-254, 264, 272-274, 281-290, 291-311, 315-319; Book VI, omitting Articles 370, 380-384, 385-387, 388, 389, 391, 392, 393, 396, 397-409; Book VII, omitting Articles 420, 422, 423, 424, 425-428; Book VIII, omitting Articles 449, 450, 476, 477-487, 500, 503-506, 516, 522-527, 540-547, 550-555, 558, 559, 561, 565, 566.

ELEMENTARY CHEMISTRY.

The following book is recommended:—

Roscoe and Lunt ... Inorganic Chemistry for Beginners.

BOTANY FOR FEMALE CANDIDATES

Farmer's Botany.—Omitting Part IV.

Candidates are expected to have studied a few commonly occurring indigenous Natural orders.

HISTORY.

GREECE AND ROME.

No text-book has been recommended.

LOGIC.

The following book is recommended to be used in studying the subject of Logic as defined by the Syllabus prescribed:—

Thomas Fowler ... The Elements of Deductive Logic.

SANITARY SCIENCE.

The following books are recommended to be used in studying the subject as defined by the Syllabus prescribed:—

Col. K. P. Gupta ... Elements of Sanitary Science and Practical Hygiene for the F. A. Course.

Dr. Banks ... ... Manual of Hygiene for Use in India.

PHYSIOLOGY.

Leonard Hill ... ... Physiology for Beginners.

MATHEMATICS.

Asutosh Mukhopadhyay ... Geometry of Conics, omitting—

Chapter I.—Propositions III, VIII, IX, XIII, XV—XXIII, XXV.

Chapter II.—Propositions VI, VII, XI—XIII, XVI, XVIII—XXXV.

Chapter III.—Propositions V, VI, IX—XXVI, XXVIII—XXXVII, and the section on the Equilateral Hyperbola.

B.A. EXAMINATION, 1908.

ENGLISH.

PASS COURSE.

Shakespeare ... ... King John; Midsummer Nights Dream.
Palgrave ... ... Golden Treasury of Songs and Lyrics, Book IV.
Tennyson ... ... The Princess.
Burke ... ... Reflections on the Revolution in France.

Typical selections from English writers, 2nd edition, Volume II, pages 1—241 (Clarendon Press Series).

HONOUR COURSE.

(In addition to the subject for the Pass Course.)

Spenser ... ... The Faery Queene, Book V.
Bacon ... ... Essays.
Wordsworth ... ... Selections by Matthew Arnold (omitting Poems in Ballad form and Narrative Poems).

Permanent Subjects.

Earle ... Philology of the English Tongue.
Thompson ... Students' English Literature, being a History of English Literature founded upon the Manual of Thomas B. Shaw.

GREEK.

PASS COURSE.

Sophocles ... Ajax, Electra.
Demosthenes ... On the Peace, Second Phillippic, On the Chersonesus, and third Phillippic (Macmillan & Co.'s Classical Series).

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Thucydides ... ... Book II.
Euripides ... ... Bacchæ.
Plato ... ... Phœdo.

Permanent Subject.

Peile ... ... Primer of Philology.

LATIN.

PASS COURSE.

Livy ... ... Book I.
Virgil ... ... Georgics, I and II.
Horace ... ... Odes, IV.
Cicero ... ... Pro Murena.

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Lucretius ... ... Book I.
Horace ... ... Epistles, Book II.
Tacitus ... ... Annals, I.
Terence ... ... Andria.

Permanent subject.

Peile ... ... Primer of Philology.

FRENCH.

FOR FEMALE CANDIDATES.

Pass Course.

Racine ... Athalia.
H. E. Berthon Specimens of Modern French Prose (Macmillan & Co.).
G. Masson ... French Classics, Vol. IV (Clarendon Press). A selection from the letters of Mme. de Sévigné and her contemporaries (the first 40 letters of Mme. de Sévigné and the Lettres Choisies des Contemporains).

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Molière ... ... Le Médecin Malgré Lui.
Corneille ... ... Horace.
Fasnacht ... ... Select Specimens of the Great French Writers, 17th, 18th and 19th Centuries (Macmillan).

Permanent subject.

Darmesteter ... ... Historical French Grammar (Macmillan & Co.).

HEBREW.

PASS COURSE.

Prose.

I and II Samuel.
Hosea, Amos.

Poetry.

Psalms XC—CL.
Job.

Each paper to include Text, Grammar and Composition.

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Isaiah.
Daniel, Ezra, Nehemiah.

Driver's Introduction to the Literature of Old Testament.
Candidates are expected to know the relevant portions of the History of Israel.

SANSKRIT.

PASS COURSE.

Kálidása ...	Kumársambhava, Cantos I—V.
Sriharsha ...	Ratnábali (text as fixed in Mahamahopadhyaya Krishnanath Nyáypanchánan's edition).
Kálidása	Meghadúta
Kálidása	Sakuntala (text as fixed in Pandit Iswarachandra Vidyáságar's edition).

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Bhavabhuti	Uttararámcharita.
Bháravi	Kirátárjuníya, Cantos I—IV.

Permanent subject.

Baradá-Rája... ...	Laghukaumudi (Dr. Ballantyne's edition. as reprinted by Lazarus & Co., pages 1-282, *i.e.*, to the end of *Tinanta*).

GRIMM'S LAW.

N B.—Objectionable passages, if any, occurring in any of the above text books in Sanskrit are to be treated as not included in the course.

PALI.

PASS COURSE.

Poetry.

Dhammapada. | Khuddaka Patha.

Prose.

Milindapañha, pages 1-211.

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Mahavamsa ...	Chapters 1—38
Dîghanikâya ...	Suttantas 3—8 (pages 81—177).
Rhys Davids ...	Buddhist India.

Permanent Subject.

Whitney's Science of Language.

ARABIC.

PASS COURSE.

Tarikhul Khulafa	From the Caliphat of Saffâh to that of Wâseq (both inclusive).
Mustatrâf ...	Chapters I—V and X—XVI.
Hamasah ...	Pages 1—25 (edition of 1856).
Diwan-i-Mutanabbi	First 56 pages (Hughli edition of 1841).

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Maqamat-i-Hariri	First 10 Maqamas.
Tarikh-i-Yamini	The portions included in the first 78 pages of the Delhi edition ending with the conclusion of Zikr-i-Faiq.
Hamasah	Pages 26—74 (edition of 1856).
Banat Suad	The whole.

PERSIAN.

PASS COURSE.

Revised Selections by Shams-ul-Ulama Ahmad.

HONOUR COURSE.

(In addition to the subjects for the Pass Course.)

Akbarnâmáh	Vol III, from the beginning to the end of the 20th year of Akbar's reign.
Hafiz	From the beginning to the end of Radifi Dal.
Wâqai-i-Niamat Khan-i-Ali	From the beginning of Wâqai dated 18th Shâban to the end of the book (pages 85—154, Newal Kishore's edition).
Masnaviyat of Maulana Rumi	From the beginning to the end of the story of Nakhchîran and Khargôsh.

MENTAL AND MORAL SCIENCE.

(*a*) The following books are recommended to be used in studying the subject of Mental and Moral Science as defined by the Syllabus prescribed:—

PASS COURSE.

Psychology.

Any *one* of the following-

Sully	Outlines of Psychology (new edition).
James	Text-book of Psychology.
Hoffding	Outlines of Psychology.
Maher	Psychology.
Dewey	Psychology.
H. Stephen	Elements of Psychology.
Stout	Manual of Psychology.

Logic.

Bain	Logic, Introduction; Books II, III, IV, V, Chapter 5 only), VI;
	or
Mill	System of Logic, Introduction; Book I, Chapter VIII; Book II (omitting Chapter VII); Book III (omitting Chapters XVII, XVIII, XIX, XXV); Book IV, Chapters VII, VIII; Book V, Chapters IV, V;
	or
Carveth Read ..	Logic, Inductive and Deductive.

Ethics.

Any *one* of the following-

Calderwood ...	Handbook of Moral Philosophy.
James Seth ...	A Study of Ethical Principles
D Arcy ...	Short Study of Ethics.
Janet ...	Theory of Morals.
Martineau ...	Types of Ethical Theory, Vol. II, Book I, Book II Branches I and II.
Mackenzie ...	Manual of Ethics.
Mohit Chandra Sen	The Elements of Moral Philosophy.
H. Stephen ...	The First Principles of Moral Science.

HONOUR COURSE.

Psychology.

Any *one* of the following-

Sully ... ... Outlines of Psychology (new edition).
James ... ... Text-book of Psychology.
Hoffding ... ... Outlines of Psychology.
Maher ... ... Psychology.
Dewey ... ... Psychology.
H. Stephen ... ... Elements of Psychology.
Stout ... ... Manual of Psychology.

Logic.

Bain ... Logic, Introduction, Books II, III, IV, V (Chapter 5 only), VI;

or

Mill ... System of Logic, Introduction; Book I, Chapter VIII; Book II (omitting Chapter VII); Book III (omitting Chapters XVII, XVIII, XIX, XXV); Book IV, Chapters VII, VIII; Book V, Chapters IV, V;

or

Carveth Read ... Logic, Inductive and Deductive.

Ethics.

Any *one* of the following-

Calderwood ... ... Handbook of Moral Philosophy.
James Seth ... ... A Study of Ethical Principles.
D'Arcy ... ... Short Study of Ethics.
Janet .. ... Theory of Morals.
Martineau ... ... Types of Ethical Theory, Vol. II, Book I, Book II, Branches I and II.
Mackenzie ... ... Manual of Ethics.
Mohit Chandra Sen ... The Elements of Moral Philosophy
H. Stephen ... ... The First Principles of Moral Science.

History of Philosophy.

(GENERAL.)

Ueberweg ... History of Philosophy, Vol. II;

or

Erdmann ... History of Philosophy, Vol. II;

or

Weber ... History of Philosophy (English Translation by F. Thilly), Introduction and Modern Philosophy.

(SPECIAL).

Berkeley ... Principles of Knowledge.

Natural Theology.

Martineau ... ... A Study of Religion (2nd edition).

(*b*) The following books are recommended for purposes of reference :—

Hamilton ... ... Lectures in Metaphysics.
Mansel ... ... Metaphysics.
Mill ... ... Examination of Hamilton's Philosophy.
M'Cosh ... ... Examination of J. S. Mill's Philosophy.
Bain ... ... Mental and Moral Science.
Spencer ... ... Principles of Psychology.
Spencer ... ... First Principles.
Ward ... ... "Psychology" (Encyclopædia Britannica).
Sully ... .. The Human Mind.
Carpenter ... .. Mental Physiology.
Ladd ... ... Elements of Physiological Psychology.
Green ... ... Philosophical Works, Vols. I, II and III, Prolegomena to Ethics.
Martineau ... ... A Study of Religion.
Ueberweg ... ... System of Logic and History of Logical Doctrines.
Jevons ... ... Principles of Science.
Venn ... ... Logic of Chance; Empirical Logic.
Sigwart ... ... Logic (English Translation).

Bradley ...	... Principles of Logic.
Sidgwick ...	... Methods of Ethics.
Sidgwick ...	... Outlines of the History of Ethics.
Martineau ...	... Types of Ethical Theory.
Mill ..	... Utilitarianism.
Flint ...	... Theism.
Flint ...	... Anti-Theistic Theories.
Caird ..	.. Introduction to the Philosphy of Religion.
Stirling ...	... Gifford Lectures—Philosophy and Theology.
Lotze ...	... Outlines of the Philosophy of Religion (translated by Ladd).
Windelband ...	... History of Philosophy.
Schwegler ...	... History of Philosophy.
Falkenberg ...	.. History of Modern Philosophy.

The examination in Mental and Moral Science shall be on the subject as defined by the Syllabus, and shall not necessarily be confined to the books recommended to be used in studying the subject.

MATHEMATICS.

PASS COURSE.

Loney ...	... Elements of Statics and Dynamics.
Loney ...	... Elements of Hydrostatics (omitting Articles 76, 86-87, 102, 134-136, 140, 142-145, 164-167, 176-181)

(or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker ...	... Elements of Astronomy (omitting Chapter XIV).

HONOUR COURSE.

Loney ...	... Elements of Statics and Dynamics.
Maxwell ...	... Matter and Motion, Chapter III, and Articles 96 and 97 only.
Loney ...	... Elements of Hydrostatics (omitting Articles 76, 86 87, 102, 134-136, 140, 142-145, 164-167, 176-181).

(or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker ...	... Elements of Astronomy, omitting Chapter XIV.
Salmon ...	... Conic Sections (6th edition), Chapters I—III, V—VIII, to the end of Article 116, and Chapters X—XIII

(or any other book covering the same ground).

Williamson ...	... Differential Calculus (9th edition), Chapters I—V, IX, XI—XVIII.
Edwards ...	... Integral Calculus for Beginners, Chapters I—X.

HISTORY.

PASS COURSE.

History of England.

Gardiner ...	... Students' History of England.

History of India and History of Hindu Civilisation.

Elphinstone .	... History of India, omitting Book XII and the Appendices.
Meadows Taylor	.. Students' Manual of the History of India from Book IV, Chapter XXVII, to the end.

History of Muhammadan Civilisation.

Ameer Ali ...	... A Short History of the Saracens, Chapters XV—XXII.

Histories of Greece and Rome.

Bury ...	... History of Greece.
Shuckburgh ...	... History of Rome.

Political Economy.

Fawcett ...	... Manual of Political Economy.

HONOUR COURSE.

History of England.

Gardiner ..	... Students' History of England.
Green ..	... Short History of the English People, Chapters VII, VIII, and IX, constituting Part III of the reprint of Green's History in four parts.
Bagehot ...	... The English Constitution.

History of India and History of Hindu Civilisation.

Elphinstone ...	... History of India to the end of Book XI, including the Appendices.
Meadows Taylor	Students' Manual of the History of India from Book IV, Chapter XXVII, to the end.

History of Muhammadan Civilisation.

Ameer Ali ...	... A Short History of the Saracens, Chapters XV—XXII.

Histories of Greece and Rome.

Bury ...	... History of Greece.
Shuckburgh ...	... History of Rome.

Political Economy.

Fawcett ...	... Manual of Political Economy.
Marshall ...	... Economics of Industry.

Political Philosophy.

Mill ...	... On Representative Government.

MATHEMATICAL AND EXPERIMENTAL PHYSICS.

PASS COURSE.

Ganot ...	... Physics (16th edition, 1902).

General properties of Matter.—Omitting Books I, II, III, IV, *with the exception of* Articles 85, 86, 87, 88, 89, 96, 181, 182.

Sound.—The whole book is to be read

Heat.—Omitting Articles 393, 394, 395, 408, 417, 480, 481, 482, 483, 491, 492, 493, 494, 507, 508, 509

Light.—Omitting Articles 592, 603, 620, 621, 622, 623, 624, 626, 627, 631, 632, 634, 640, 641, 642, 645, 647 and Chapter VIII

Magnetism.—Omitting Articles 722, 723, 724, 725, 736, 738, 740.

Frictional and Voltaic Electricity.—Omitting Articles 773, 775, 777, 797, 798, 801, 810, 811, 861, 862, 898, 899, 900, 902, 904, 905, 906, 907, 913, 918, 924-932 inclusive, 943, 965, 968, 969, 970, 985; Chapters XIII, XIV down to 1003; XV, and all the rest.

HONOUR COURSE.

Ganot ...	Physics (16th edition, 1902), omitting Chapter XV of Book X and the Elements of Meteorology.
S. P. Thompson	Elementary Lessons on Electricity and Magnetism.
Edser ...	Heat for advanced students.
Jevons ...	. Principles of Science (2nd edition), omitting Books I and II.

CHEMISTRY.

The following books are recommended to be used in studying the subject of Chemistry as defined by the Syllabus prescribed:—

PASS COURSE.

Newth	A text-book of Inorganic Chemistry (latest edition).

HONOUR COURSE.

Newth ...	A text-book of Inorganic Chemistry (latest edition).
Tilden ...	Introduction to the Study of Chemical Philosophy (latest edition).
Perkin and Kipping	Organic Chemistry (Part I).
Chapman Jones	Practical Inorganic Chemistry for advanced Students.
Jevons ...	Principles of Science (2nd edition), omitting Books I and II.

The examination in Chemistry shall be on the subject as defined by the Syllabus, and shall not necessarily be confined to the books recommended to be used in studying the subject.

BIOLOGY.

PHYSIOLOGY AND BOTANY.

PASS COURSE.

Huxley ...	... Elementary Lessons in Physiology, edited by Sir M. Foster.
Reynolds Green	... Text-book of Botany.

PHYSIOLOGY AND ZOOLOGY.

PASS COURSE.

Huxley ...	... Elementary Lessons in Physiology, edited by Sir M. Foster.
Parker ...	... Lessons in Elementary Biology.
Parker and Haswell	... A Manual of Zoology.

PHYSIOLOGY, BOTANY, ZOOLOGY, AND THE DOCTRINE OF SCIENTIFIC METHOD.

HONOUR COURSE.

Kirke ...	... Handbook of Physiology, edited by Professor Halliburton.
Parker and Haswell	... A Manual of Zoology.
Haddon ...	... Introduction to the Study of Embryology.
Reynolds Green	... Text-book of Botany.
Stirling ...	... Outlines of Practical Histology (2nd edition).
Bower ...	... Practical Botany for Beginners (Macmillan & Co.).
Parker and Parker	... Practical Zoology (Macmillan & Co.).
Jevons ...	... Principles of Science (2nd edition), omitting Books I and II.

GEOLOGY.

GEOLOGY AND PHYSICAL GEOGRAPHY.

PASS COURSE.

Geikie ...	... Class book of Geology.
Cole ...	... Aids to Practical Geology.
Mill ...	... The Realm of Nature (University Extension Manuals).
Medlicott and Blanford ...	Manual of the Geology of India (2nd edition), by R. D. Oldham, A.R.S.M., omitting Chapters 1-6 and Chapter 18.

GEOLOGY AND MINERALOGY.

PASS COURSE.

Geikie ...	... Class-book of Geology.
Cole ...	... Aids to Practical Geology.
Medlicott and Blanford...	Manual of the Geology of India (2nd edition), by R. D. Oldham, A.R.S.M., omitting Chapters 1-6 and Chapter 18.
Rutley ...	... Mineralogy.
Rutley ...	... Rock-forming Minerals.

GEOLOGY, MINERALOGY, PHYSICAL GEOGRAPHY, AND THE DOCTRINE OF SCIENTIFIC METHOD.

HONOUR COURSE.

Geikie ...	... Text-book of Geology.
Cole ...	... Aids to Practical Geology.
Medlicott and Blanford ...	Manual of the Geology of India (2nd edition), by R. D. Oldham, A.R.S.M., omitting Chapters 1-6 and Chapter 18.
Rutley ...	... Mineralogy.
Rutley ...	... Rock-forming Minerals.
Alfred Harker	... Petrology for Students, Cambridge, 1895 (Cambridge Natural Science Manuals).

Geikie	... ...	Atlas of Physical Geography.
Nicholson and Lydekkar		Palæontology.
Jevons	... ...	Principles of Science (2nd edition), omitting Books I and II.

B. Sc. EXAMINATION, 1908.

MATHEMATICS.

PASS COURSE.

Subject II—Statics and Dynamics—

Loney	... ...	Elements of Statics and Dynamics.

Subject X—Hydrostatics and Astronomy—

Loney	... ...	Elements of Hydrostatics, omitting Articles 76, 86-87, 102, 134—136, 140, 142—145, 164—167, 176—181,

(or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker	... ...	Elements of Astronomy (omitting Chapter XIV).

HONOUR COURSE.

Subjects II and X—

Loney	... ...	Elements of Statics and Dynamics.
Maxwell	... ...	Matter and Motion, Chapter III, and Articles 96 and 97 only.
Loney	... ...	Elements of Hydrostatics, omitting Articles 76, 86-87, 102, 134—136, 140, 142—145, 164—167, 176—181.

(or the corresponding portions of S. B. Mukerjee's Elementary Hydrostatics).

Parker	... ...	Elements of Astronomy, omitting Chapter XIV.
Salmon	... ...	Conic Sections (6th edition), Chapters I—III, V—VIII, to the end of Article 116, and Chapters X—XIII,

(or any other book covering the same ground).

Williamson	... ...	Differential Calculus (9th edition), Chapters I—V, IX, XI—XVIII.
Edwards	.. ...	Integral Calculus for Beginners, Chapters I—X.

MATHEMATICAL AND EXPERIMENTAL PHYSICS.

THEORETICAL PORTION.

PASS COURSE.

Ganot	... ...	Physics (16th edition, 1902)

General properties of Matter.—Omitting Books I, II, III, IV, *with the exception of* Articles 85, 86, 87, 88, 89, 96, 181, 182.

Sound.—The whole book is to be read

Heat.—Omitting Articles 363, 394, 395, 408, 447, 480, 481, 482, 483, 491, 492, 493, 494, 507, 508, 509.

Light.—Omitting Articles 592, 603, 620, 621, 622, 623, 624, 626, 627, 631, 632, 634, 640, 641, 642, 645, 647, and Chapter VIII.

Magnetism.—Omitting Articles 722, 723, 724, 725, 736, 738, 740.

Frictional and Voltaic Electricity.—Omitting Articles 773, 775, 777, 797, 798, 801, 810, 811, 861, 862, 898, 899, 900, 902, 904, 905, 906, 907, 913, 918, 924—932 inclusive, 943, 965, 968, 969, 970, 985, Chapters XIII, XIV down to 1003, XV and all the rest.

HONOUR COURSE.

Ganot	... ...	Physics (16th edition, 1902), omitting Chapter XV of Book X and the Elements of Meteorology.
S. P. Thompson	...	Elementary Lessons on Electricity and Magnetism.
Edser	... ...	Heat for advanced Students.
Jevons	... ...	Principles of Science (2nd edition, omitting Books I and II).

PRACTICAL EXAMINATION.

PASS COURSE.

Schuster and Lees.—Intermediate Course of Practical Physics—

Part	I.	Section	III.
Part	II.	Section	V, Exercises I, II.
		Sections	VIII, IX, X, XI, XII (omitting corrections), XIII.

Part III. Section XV, Exercises I, II.
Section XXI.
Part IV. Sections XXII, XXIII.
Part V. Section XXXII.
Part VI. Sections XXXIII, XXXIV.
Part VII. Section XXXVII.
Part VIII. Section XLII.

HONOUR COURSE.

Schuster and Lees.—Intermediate Course of Practical Physics. In addition to the portions prescribed for the Pass Course, the following:—

Part II. Sections VI, XIV.
Part III. Sections XVII, XVIII, XX, Exercise I
Part IV. Section XXV, Exercises I, II, IV.
Part V. Section XXXII.
Part VI. Section XXXVI.
Part VII. Section XXXIX.

CHEMISTRY.

The following books are recommended to be used in studying the subject of Chemistry as defined by the Syllabus prescribed:—

PASS COURSE.

Newth ...	... A Text-book of Inorganic Chemistry (latest edition).
Chapman Jones	... Practical Inorganic Chemistry for advanced students.

HONOUR COURSE.

Newth	A Text book of Inorganic Chemistry (latest edition).
Tilden	Introduction to the Study of Chemical Philosophy (latest edition).
Perkin and Kipping	Organic Chemistry (Part I).
Chapman Jones	Practical Inorganic Chemistry for advanced Students.

The examination in Chemistry shall be on the subject as defined by the syllabus, and shall not necessarily be confined to the books recommended to be used in studying the subject.

PHYSIOLOGY.

PASS COURSE.

Huxley	... Elementary Lessons in Physiology edited by Sir M. Foster.

(*For Practical Examination.*)

Halliburton	... Essentials of Chemical Physiology, Elementary Course, Blood, Milk, Albumen, Digestive Juices, Urine (normal) and Glycogen.
Stirling	... Outlines of Practical Physiology (4th edition). *Experimental Physiology.*—The Frog's Heart,—Beating of the Heart,—Effect of Heat and Cold,—Section of the Heart, pages 360-363; Stannius's Experiment, pages 376-377; The Laryngoscope—Vowels, page 181; Reflex Action—Action of Poisons—Knee-jerk in man, pages 492-496;—Eye—Formation of Image, pages 509-514;—Touch, Smell, Taste, Hearing, pages 565-568 and 580-581, omitting small print.
Stirling	.. Practical Histology (2nd edition)—Preparation of fresh tissues from a Frog, omitting 1, 3, 4, 8 (*b*), 10, 13, 17-23.

HONOUR COURSE.

Kirke	... Handbook of Physiology, edited by Professor Halliburton.

(*For Practical Examination.*)

Halliburton	... Essentials of Chemical Physiology, Elementary Course—(i) The Proteids; (ii) Blood, Hæmoglobin; (iii) Digestion—Salivary, Gastric, Pancreatic; Glycogen in the Liver; (iv) Urine—Volumetric Analysis for Urea; Sugar in Urine, Qualitative and Quantitive.

Stirling	. * Agents for sale of the Legislative Department publications

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through Local Governments to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agents of the particular Government under whose orders they were originally issued.

The amounts within parentheses are for packing and postage.

FREDERICK NOEL-PATON
Director-General of Commercial Intelligence

Calcutta, April 12, 1906

W. L. HARVEY
Secretary to the Government of India

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, MAY 19, 1906.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 17th May 1906.

NOTIFICATIONS.

No. 1982 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 12th May 1906:—

No. 240 of 1906.—John I. Solomon, electrical engineer, of No. 51 West 81st street, New York city, New York, United States of America. *Improvements in process and apparatus for accomplishing the examination of matter or objects in quantities.*

No. 241 of 1906.—Minerals Separation, Limited, of 62 London Wall, in the city of London, England. *Improvements in or relating to dry concentration of ores.*

No. 242 of 1906.—Thomas Mathieson Thom, lithographer, of Woodlands, Cheshunt, in the county of Hertfordshire, England. *Improvements in the manufacture of artificial marble and stone.*

No. 243 of 1906.—Parascheva Sechiari, gentleman, residing at 17 Rue du Louvre, Paris, France. *Improvements in driving-belts and coverings for friction wheels.*

No. 244 of 1906.—Charles Anthony Vandervell, electrical engineer, of Chapter Works, Chapter road, Willesden, London, N.W., England, and William Henry Warden Proctor, engineer, of Elvaston St. Patrick's road, Coventry, Warwickshire, England. *Improvements in or relating to dynamos or the like.*

No. 245 of 1906.—Malcolm Arbuthnot, merchant's assistant, of the Madras Club, Madras. *An improved nave for wheels.*

No. 246 of 1906.—Arthur Thomas Milnor Thomson, electrical engineer, of 22 and 23 Charles street, Hatton Garden, London, England. *A new or improved method of operating telephonic exchange systems and apparatus therefor.*

No. 1983 P.—THE undermentioned design has been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma. This and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 7D of 1906.—J. G Bagram & Company, merchants, No. 14/2 Clive row, Calcutta. *A Bridge marker for card playing.*

No. 1984 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 371 of 1905.—Utility Cotton Picker Company, a corporation organized under the laws of the State of New York, having its principal place of business in New York city, county and state of New York, United States of America. *Improvements in hand cotton harvesters.* (Specification filed 5 May 1906.)

No. 462 of 1905.—Jacob Lorenz, printer, of the city of St. Louis, state of Missouri, United States of America. *Improvements in ventilators.* (Specification filed 4 May 1906.)

No. 463 of 1905.—Francis Ernest Dunnett, engineer, formerly of 143 Kennington road, London, but now of 7 King street, Cheapside, in the city of London, England. *An improved composition for preventing the incrustation and preserving the hulls of sea-going ships.* (Specification filed 4 May 1906.)

No. 467 of 1905.—Victor Charles John Nightingall, electrical engineer, of 265 A Post Office Place, Melbourne, in the state of Victoria, commonwealth of Australia. *Improvements in and relating to controllers for use in connection with the ignition and extinction of gas burners.* (Specification filed 5 May 1906.)

No. 471 of 1905.—William Owen Travis, Doctor of medicine and Barrister-at-law, of The Manor House, Hampton, in the county of Middlesex, in England. *Improvements in the purification of sewage and other foul or impure waters and in apparatus therefor.* (Specification filed 5 May 1906.)

No. 549 of 1905.—Societe Anonyme Matthey and Company, manufacturers, of Vallorbe, Canton de Vaud, in the Republic of Switzerland. *Improvements in, and relating to, the manufacture of electrical-insulating and non-heat conducting compositions.* (Specification filed 5 May 1906.)

No. 154 of 1906.—Victor Watson Riley and Herbert William Rowing, engineers, of 7 St. George street, E., in the county of London, England. *Improvements in and connected with electric arc lamps.* (Specification filed 4 May 1906.)

No. 155 of 1906.—Louis Nissim, mechanician, of Mayfield, Rochford Avenue, Westcliff-on-Sea, in the county of Essex, England. *Improvements in or relating to lamps, stoves, and like apparatus for burning liquid fuel.* (Specification filed 4 May 1906.)

No. 1985 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 121 of 1893.—Charles Ewing. *Rolling-stock for use on single-rail tramways or railways.* (From 27 February 1907 to 27 February 1908.)

No. 272 of 1896.—Hugh Jorwerth Roberts. *A baling press.* (From 12 May 1906 to 12 May 1907.)

No. 378 of 1899.—George Consider Hale and Merton Wollman. *Improvements in fire alarm systems and apparatus.* (From 11 May 1906 to 11 May 1907.)

No. 461 of 1899.—Frederick Wicks. *Improvements in rotary type casting apparatus.* (From 15 May 1906 to 15 May 1907.)

No. 52 of 1901.—Daniel Kemp West. *Improvements in presses for baling hay or other fodder for transport.* (From 17 May 1906 to 17 May 1907.)

No. 336 of 1901.—Gustave Louis Mouchel. *Improvements in and relating to building blocks, caissons, piers, coffer dams, sea-walls, retaining walls, quay walls, dock walls, jetties, break-waters, well and pit linings, foundation cylinders, and analogous structures.* (From 3 June 1906 to 3 June 1907.)

No. 447 of 1901.—Gustave Louis Mouchel. *Improvements in and relating to concrete piles.* (From 3 June 1906 to 3 June 1907.)

No. 148 of 1902.—R. G. Jones. *A new description of head-stall for horses.* (From 11 November 1906 to 11 November 1907.)

No. 260 of 1902.—The Vacuum Cleaner Company, Limited. *Improvements relating to the extraction of dust from carpets and other materials.* (From 12 August 1906 to 12 August 1907.)

No. 1986 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive

privilege of making, selling, and using the said inventions in British India, and of authorizing others so to do, has ceased —

No. 263 of 1901.—Oscar Patric Ostergren. *A method of utilizing the latent heat of the steam in steam power apparatus.* (Specification filed 7 February 1902.)

No. 285 of 1901.—John Breedon *An improved method, with apparatus therefor, for treating kaolin, slimes, saponaceous earthy matter, and the like, preparatory to the extraction, by either amalgamation, chlorination, leaching, or such like processes, of the precious metals contained therein* (Specification filed 11 February 1902.)

No. 295 of 1901.—John Francis O'Rourke *Improvements in subterranean or sub-aqueous dam or foundation construction.* (Specification filed 11 February 1902.)

No. 298 of 1901.—Francis Arthur Rich. *Improvements in speed changing gear for bicycles and other cycles and the like vehicles.* (Specification filed 11 February 1902.)

No 388 of 1901 —Adolf Waldbaur *An improved method of heating liquids and apparatus therefor* (Specification filed 7 February 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A M to 3 P M on all days, except Sundays and gazetted holidays

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

C. STEWART-WILSON,
Offg. Director-General of the Post Office of India.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, 2nd and 3rd July 1906, at 10-30 A. M., both days:—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed, but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of R10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application).

(2) Certificate of age (baptismal or of birth) not required if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates subm itted whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fee, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of application of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th May 1906.

Remarks by the Administrative Medical Officer, North-West Frontier Province.

Seven thousand one hundred and seventy-two births were registered in the Province during the month of March 1906, giving a birth-rate of 42 *per mille* of population. Of the total number of births, 3,883 were boys and 3,289 girls.

The total number of deaths registered from all causes in the Province during the month of March 1906 was 4,431 against 3,908 in the previous month; and 4,224 in the corresponding month of the past year, giving an annual death-rate of 26, 26 and 25 *per mille* of population per annum, respectively.

There was not a single death registered under the head of cholera. From small-pox 113 deaths were registered against 107 in the previous month and 46 in the corresponding month of the past year.

There were 39 deaths registered from plague, they occurred in the Hazara district.

From fevers 3,147 deaths were registered against 2,830 in the previous month and 3,325 in the corresponding month of the last year; dysentery and diarrhœa 38 against 31; respiratory disease 125 against 123; suicide *nil* against 3; wounding 29 against 10; accidents 23 against 28; snake-bite and killed by wild beasts 2 against 1; and from all other causes 915 against 775 in the past month and 722 in the corresponding month of the last year.

Peshàwar, the 14th May 1906.

SENATE HOUSE ;
The 18th May, 1906.

THE HON'BLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Dated Mount Abu, the 12th May 1906.

No. 487.—In exercise of the powers conferred by sections 6 and 9 respectively of the Indian Christian Marriage Act (XV of 1872) as amended by Act II of 1891, the Honourable the Chief Commissioner of Ajmer-Merwara is pleased (*a*) to grant a license to the Reverend James Runciman, Minister of the United Free Church of Scotland Ashapura in Nasirabad, to solemnise marriages within the districts of Ajmer and Merwara, and (*b*) to grant a license to the said Reverend James Runciman authorising him to grant certificates of marriage between Native Christians within the limits of the said districts.

The 14th May 1906.

No. 494.—In exercise of the powers conferred on him by section 565 (1) of the Code of Criminal Procedure, 1898 (Act V of 1898), the Honourable the Chief Commissioner of Ajmer-Merwara is pleased to empower all Magistrates of the first class in the revenue districts of Ajmer and Merwara when passing sentence of imprisonment on any person who having been previously convicted of any offence punishable with imprisonment for a term of three years or upwards under Chapter XII or XVII of the Indian Penal Code, is again convicted of any offence punishable under either of those Chapters with imprisonment for a term of three years or upwards, to order under section 565 of the said Code, that his residence and any change of residence after his release be notified in the manner prescribed in the rules pulished under the Chief Commissioner's Notification No 1095, dated the 6th September 1901.

No. 497.—In exercise of the powers conferred by section 9 (*a*) of the Excise Act (XII of 1896), the Honourable the Chief Commissioner of Ajmer-Merwara is pleased to prescribe the following rules to regulate the grant of licenses to the 15 Tazimi Istimrardars of the Ajmer District permitting them to work their own private distilleries :—

1. In these rules unless a different intention appears from the subject or content—

Definitions. (*a*) "Collector" means the Collector of Excise Revenue in Ajmer-Merwara.

(*b*) "Chief Commissioner" means the Chief Commissioner of Ajmer-Merwara.

(*c*) "License" means a license granted for a distillery under section 5 of the Excise Act in the form prescribed by the Chief Commissioner under section 65 (*d*) of the said Act in his Notification No. 498, dated the 14th May 1906

(*d*) "Istimrardar" means a Tazimi Istimrardar of the Ajmer District.

2. Licenses may be granted in such number and subject to such conditions as the Chief Commissioner may approve or impose under the provisions of section 65 of the Act.

Application for license. 3. An Istimrardar desiring to obtain a license for a distillery under section 5 of the Excise Act, 1896, may apply to the Collector for such license.

Every application for a license shall be in writing and shall contain the following particulars:—

(*a*) The name and address of the Istimrardar.

(*b*) A description of the site on which and of the buildings in which the distillery is to be constructed and worked under the license applied for.

(*c*) A description of the still to be worked and its size and capacity.

4. No license shall be granted to an Istimrardar unless and until he has—

(*a*) agreed in writing to comply with each and all of the requirements of the Excise Act, and of the rules made thereunder, and of the conditions prescribed in the license;

(*b*) satisfied the Collector that the premises and buildings proposed are suitable.

5. No license shall be granted until the Istimrardar has reached the age of maturity.

6. The license shall ordinarily remain in force during the lifetime of the Istimrardar to whom it is granted, but the Collector shall be competent to recall the same at any time if he considers that any of the conditions imposed by the license are not being duly observed.

7. Every license granted under these rules shall be in duplicate and shall be signed by the Collector on behalf of Government, and also by the Istimrardar concerned. One copy shall be delivered to the Istimrardar or his authorised Agent, and the other shall be retained in the office of the Collector.

No. 498.—In exercise of the powers conferred by section 65 (*d*) of the Excise Act, XII of 1896, the Honourable the Chief Commissioner of Ajmer-Merwara is pleased to prescribe the following form for the license mentioned in rule 1 (*c*) of the rules issued under his Notification No. 497, dated the 14th May 1906:—

Whereas Istimrardar of in the district of Ajmer has agreed to abide by the following conditions regarding the distillation of liquor by him:

Therefore the Collector of Excise Revenue, Ajmer, with the approval of the Honourable the Chief Commissioner, Ajmer-Merwara, hereby grants to the said the privilege of distilling liquor.

Conditions.

1. He is bound by pledge to manufacture liquor only for his own consumption or that of his guests and others who eat at the same table with him, and not to manufacture any greater quantity than that mentioned in the statement annexed to this license on his own premises.

2. He is bound to submit to the Collector in the month of April every year an estimate of the annual quantity of liquor required for his own consumption.

3. He shall not bring any liquor to Ajmer except under a pass which will be granted free of charge by the Collector.

4. He is bound to render all reasonable assistance in his power to Excise Officers in the execution of their duty.

5. All liquor shall be manufactured in some convenient place outside his residence, which shall always be open to inspection by the superior officers of the preventive establishment.

6. All indents for Mhowa flowers and Molasses required by him for the manufacture of liquor shall be submitted to the Collector for information.

7. The strength of the liquor distilled by him shall not be more than 10 nor less than 5 under proof.

8. An account of the liquor distilled shall be kept in the following form by the Istimrardar who shall send to the Collector by the 15th October and 15th April in each year an extract therefrom showing the amount of material purchased and liquor distilled by him during the previous six months:—

MATERIAL PURCHASED.

No.	Date of manufacture and purchase.	Quantity purchased.		Remarks.
		Mhowa.	Gur.	
1	2	3	4	5

ACCOUNT OF DISTILLATION.

No.	Date of intimation.	QUANTITY OF MATERIAL NOTED IN THE KHAT.		QUANTITY OF MATERIAL ACTUALLY DISTILLED.		NUMBER OF BOTTLES AND STRENGTH OF LIQUOR DISTILLED.		Date of distillation.	REMARKS.
		Mhowa.	Gur.	Mhowa.	Gur.	Mhowa.	Gur.		
6						12 · 13	14	16	17

9. A copy of this license in English and Hindi shall be hung up in a conspicuous place at the site of the still.

10. The quantity of material allowed for distillation shall in no case be exceeded except under the sanction of the Collector previously obtained.

11. Should the Istimrardar infringe any of the above conditions, his license shall be liable to cancellation, either temporarily or permanently.

By order,

C. C. WATSON,

First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

The 25th May 1906.

J. C. E. BRANSON,
Offg. Comptroller General.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 24th May 1906.

NOTIFICATIONS.

No. 2077 P.—APPLICATIONS in respect of the under-mentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 19th May 1906:—

No. 247 of 1906.—Edward Martin, mechanic, of 61 Newland Terrace, Queen's Road, Battersea, in the county of London, England. *An improved pneumatic disc wheel.*

No 248 of 1906.—British-American Tobacco Company, Limited, a corporation of Great Britain, with its registered office at Cecil Chambers, 86 Strand, London, W. C., England. *Improvements in cigarette machines.*

No. 249 of 1906.—Edgar G. Waters, medical practitioner, residing in Hyderabad, Deccan. *"Syrene sante donner" sterilising anti-plague almirah.*

No. 250 of 1906.—Frank Osborne Maxwell, superintendent of the Salvation Army Industries, Muktipur, Bareja, near Ahmedabad, Gujerat. *Automatically driving the shuttle of hand-looms.*

No. 251 of 1906.—William Bottomley and James Alfred Bottomley, cotton doublers, both of Bank Mill, Roaches, Mossley, near Manchester, Lancashire, England. *Improvements in, and connected with, yarn warping machines.*

No. 252 of 1906.—William Albert Stetson, merchant, of 136 Summer street, Boston, Massachusetts, United States of America. *Improvements in spinning machines.*

No. 2078 P.—SPECIFICATIONS of the under-mentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection from 11 A. M. to 3 P. M. at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 438 of 1905.—Joseph Wellington Ferguson and George Welsh Ferguson, brick makers, both of Sydney Road, Wangaratta, in the State of Victoria, Commonwealth of Australia *An improved brick-making machine.* (Specification filed 10 May 1906.)

No. 455 of 1905.—Wyatt Webber, manager of the Asiatic Petroleum Company's Bulk Oil Installations at Budge-Budge, in Bengal, British India. *Improvements in machines for making capsules and the like.* (Specification filed 12 May 1906.)

No. 169 of 1906.—Arthur Burdon Campbell Rogers, civil engineer, of Agra, United Provinces of Agra and Oudh. *An improved covering of pure mica powder and method of applying pure mica powder as a covering for heat or cold.* (Specification filed 11 May 1906.)

No. 170 of 1906.—Joseph Gouldie, gentleman, of The Gill, Brayton, in the county of Cumberland, England. *Improvements in brakes for railway trucks and other vehicles.* (Specification filed 16 May 1906.)

No. 173 of 1906.—Emile Laine, spirit refiner, of Fourbourg de Bethune, Loos (Nord), in the French Republic. *Improvements in, or connected with, dials for watches and like portable time-pieces.* (Specification filed 11 May 1906.)

No. 174 of 1906.—Cyrus Crooks Shigley, jeweller, of the city of Grand Rapids, county of Kent, state of Michigan, United States of America. *Improvements in phonographs.* (Specification filed 11 May 1906.)

No. 188 of 1906.—John Williamson, chemical engineer, of 65 West Regent street, Glasgow, in the county of Lanark, Scotland. *Improvements in packing for stuffing boxes and the like.* (Specification filed 12 May 1906.)

No. 189 of 1906.—Cyrus Crooks Shigley, jeweller, of the city of Grand Rapids, county of Kent, state of Michigan, United States of America. *Improvements in magazine phonographs.* (Specification filed 16 May 1906.)

No. 2079 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 109 of 1893.—Charles Hodgson. *An improvement in point locks for railways.* (From 14 June 1906 to 14 June 1907.)

No. 74 of 1896.—Charles Hodgson. *A method of ensuring safety in the working of railway points and signals and apparatus for that purpose.* (From 2 June 1906 to 2 June 1907.)

No. 111 of 1897.—Donald Black. *An improved swing door hinge to be known as "The improved gravity door hinge."* (From 22 May 1906 to 22 May 1907.)

No. 41 of 1899.—Edward Tyer. *Improvements in railway signals.* (From 7 June 1906 to 7 June 1907.)

No. 247 of 1899.—Edward Locke Elliot. *Improvements in saddles for horses.* (From 23 May 1906 to 23 May 1907.)

No. 24 of 1900.—Victor Belanger. *Improvements in spinning and twisting machines* (From 16 June 1906 to 16 June 1907.)

No. 111 of 1901.—Solar Motor Company. *Improvements in solar generators* (From 21 June 1906 to 21 June 1907.)

No. 164 of 1901.—The Right Honourable Douglas Mackinnon Baillie Hamilton Cochrane, Earl of Dundonald. *An improvement in tea and coffee pots.* (From 7 June 1906 to 7 June 1907.)

No. 301 of 1901.—Alexander Gray. *An improved covering for steam pipes, cylinders and other similar structures.* (From 2 June 1906 to 2 June 1907.)

No. 2080 P.—WHEREAS the inventors of the undermentioned inventions have failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fee hereinafter mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased :—

No. 321 of 1901.—Robert Cooke Sayer. *An improved means of picking up positive electric pressure from a closed tubular rail or sub-way without a longitudinal slot or a surface contact by a wheel suspended over it and returning the negative current to the tube.* (Specification filed 17 February 1902.)

No. 407 of 1901 —Robert Cooke Sayer. *Improvements in electric fluid pressure motors and gears.* (Specification filed 17 February 1902.)

No 459 of 1901.—Arthur Hoare. *Improvements in methods of pulling mechanical punkahs.* (Specification filed 18 February 1902.)

No. 494 of 1901.—Joseph Lee. *Machines for mixing and kneading dough or analogous materials.* (Specification filed 18 February 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 399 of 1898.—Dr. Carl Ritter Auer von Welsbach. *Improvements in incandescent electric lamps and processes for the production thereof.* (Specification filed 17 February 1899.)

Fee in respect of the continuance of an exclusive privilege—

4 (*d*) After the expiration of the sixth year and before the expiration of the seventh year from the date of the filing of the specification—

The sum of R50 for the above invention.

No. 434 of 1897.—Milton Franklin Williams. *Improvements in breaking, crushing, and pulverizing machines.* (Specification filed 14 February 1898.)

Fee in respect of the continuance of an exclusive privilege—

4 (*c*) After the expiration of the seventh year and before the expiration of the eighth year from the date of the filing of the specification—

The sum of R50 for the above invention.

No. 230 of 1896.—Bernard Morley Fletcher. *Improvements in apparatus for utilising the power of waves.* (Specification filed 12 February 1897.)

Fee in respect of the continuance of an exclusive privilege—

4 (*f*) After the expiration of the eighth year and before the expiration of the ninth year from the date of the filing of the specification—

The sum of R100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

SULPHATE OF QUININE AND SULPHATE OF CINCHONIDINE.

Manufactured at the Bengal Government Cinchona Plantation.

These articles are guaranteed to be free from wilful admixture with other Cinchona Alkaloids. Quinine is for sale only to Government officers. Cinchonidine is for sale to Government officers and to dealers. Both Quinine and Cinchonidine are for sale for cash only and may be obtained from the Superintendent, Royal Botanic Garden, Sibpur, near Calcutta.

The rates from 1st April 1906 are as under:—

To Government officers.

				Post-free.		
Quinine.	*R*	*a.*	*p.*	*R*	*a.*	*p*

ORDERS BY THE HON'BLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Dated Mount Abu, the 1st May 1906.

No. 423.—In exercise of the powers conferred by section 5 of the Ajmer Courts Regulation, I of 1877, and with the previous sanction of the Governor-General in Council, the Chief Commissioner of Ajmer-Merwara is pleased to appoint Mr. Bishen Lal Kaul, officiating Extra Assistant Commissioner, second grade, to be in the district of Ajmer-Merwara a Subordinate Judge of the first class.

The 19th May 1906.

No. 528.—In exercise of the powers conferred by section 9 of the Indian Petroleum Act (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the additions and amendments hereinafter set forth to the Rules published under the Chief Commissioner's Notification No. 71—401—A., dated 26th January 1903, to regulate the possession and transport of petroleum:—

For Rule I, substitute the following—

I. For the purposes of these rules, "Petroleum in bulk" means petroleum in quantities of five hundred gallons or upwards, contained in any one receptacle.

In Rule III (1) *delete* the 13th and 14th words, *viz.*, "A or"

Add as Rule III A.—

Licenses for the possession of dangerous petroleum otherwise than in bulk, granted under Rule II (1) (*a*) and II (3) (*a*), shall be subject to the following conditions:—

(*a*) That it is stored in gas-tight tinned or galvanised sheet iron, steel or lead plate drums or receptacles containing each not more than 10 gallons and fitted with well-made fitting holes and well-fitting screw plugs or fitted with screw cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanised sheet iron or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed 2 gallons . .	25 B. W. G.
(2) When the capacity exceeds 2 gallons but does not exceed 4 gallons	22 „
(3) When the capacity exceeds 4 gallons . . .	16 „

(*b*) That an air space of at least one-tenth of its capacity must be left in each drum or receptacle at the time of filling.

(*c*) That the drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

(*d*) Before any vessel containing or which has contained dangerous petroleum is repaired by the licensee or is sent by him to be repaired, that vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

(*e*) That the building in which petroleum is to be stored must be constructed of masonry or other uninflammable material with terraced, tiled or iron roof and a tiled paved or earthen floor.

(*f*) The doorways and other openings of such buildings must be built up to such a height above the level of the road or street, or the floor must be sunk to such a depth below the level of the road or street, that the petroleum stored in it cannot flow out of the building in the case of its escape from the receptacles in which it is contained or the building itself must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom or a combination of these methods may be adopted.

(*g*) All ventilating openings in the building shall be protected by strong wire gauze.

(*h*) No smoking or light or fire of any description shall be permitted at any time within or near any building licensed under this rule.

(*i*) All due precaution shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum or to any vessels containing or having actually contained the same.

(*j*) Every person managing or employed on or in connection with any such licensed place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

(*k*) The store house shall be liable to inspection by an officer authorised on this behalf.

(*l*) The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at, or immediately adjoining, the place of storage and for the time necessary for drawing off the petroleum; and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

(*m*) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on nor shall the contents of any such vessel be exposed in the presence of fire or artificial light except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the dangerous petroleum and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept.

(*n*) The following distances are to be kept clear from the protected works round the place of storage :—

Quantity to be stored.	Distance to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons.	Distance to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons but not exceeding 10 gallons.
Gallons.	Feet.	Feet.
Not exceeding 1,000	25	30
From 1,000 to 5,000	40	50
From 5,000 to 10,000	60	70
From 10,000 to 15,000	90	100
From 15,000 to 20,000	130	150
From 20,000 to 30,000	180	200
From 30,000 and over	200	200

(*o*) Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of sub-rules (*e*), (*f*) and (*n*) shall not apply but the licenses shall observe the following conditions:—

(*i*) The store house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided, however, that the doors and windows may be of wood.

(*ii*) Where a store house forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the store house and no portion of such store house shall be used as a dwelling-house or as a place where

persons assemble. The store house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

In Rule IV substitute the following scales of fees to be charged for licenses for the possession of non-dangerous petroleum and dangerous petroleum in place of those prescribed in the existing rule :

Non-dangerous Petroleum.

When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part thereof in excess of of 100 gallons.	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof, in excess of 5,000 gallons	
When the quantity to be stored exceeds 50,000 gallons . . .	250

Dangerous Petroleum.

When the quantity possessed is equal to or less than 40 gallons .	3
When the quantity possessed exceeds 40 gallons but does not exceed 500 gallons	8
When the quantity to be stored exceeds 500 gallons but does not exceed 1,000 gallons	12
When the quantity to be stored exceeds 1,000 gallons but does not exceed 5,000 gallons	12
plus R2 extra for every 1,000 gallons or part thereof in excess of 1,000 gallons	
When the quantity to be stored exceeds 5,000 gallons but does not exceed 50,000 gallons	20
plus R4 for every (additional) 1,000 gallons or part thereof in excess of 5,000 gallons.	
When the quantity to be stored exceeds 50,000 gallons . . .	250

In the second sentence of Rule VII (1) *for* the words "shall be special only" *substitute* the words "may also be either general or special."

In Rule VII (2) after the word "Petroleum" *add* the words "other than dangerous Petroleum."

Add a new sub-rule (2-A) to Rule VII.

Dangerous petroleum to be transported shall be packed in the manner prescribed in Rule III-A (*a*) (*b*) (*c*).

Add as Rule VIII-A.

General licenses in form H for a period of 12 months shall be issued for the transport of dangerous petroleum by cart only.

Such licenses shall authorise the holders to transport by cart dangerous petroleum being their own property without restriction as to destination or quantity.

In Rule IX, after the words "The holder of a general license", add the words "Under Rule VIII or VIII-A ", and after the words "issue a pass in" *delete* the words "Form G" and *substitute* the words "Form G or I"; and after the words "appended to these rules" *add* the words "as the case may be".

For Rule XIV of the existing rules substitute the following :—

The following fees shall be charged for licenses for the transport of non-dangerous petroleum and dangerous petroleum under these rules .—

Non-dangerous Petroleum.

Special license for the transport of petroleum other than dangerous petroleum :—

	R
When the quantity to be transported exceeds 500, but does not exceed 5,000 gallons	1
For every additional 5,000 gallons or part of 5,000 gallons . . .	1
General license for the transport of petroleum by cart for 12 months .	100

Dangerous Petroleum.

For quantities not exceeding 40 gallons	2
For quantities from 40 to 480 gallons	2
for the first 40 gallons *plus* 8 annas for every additional 40 gallons or part thereof.	
For quantities exceeding 480 gallons	8
plus R2 for every additional 480 gallons or part thereof.	
General license for the transport of dangerous petroleum by cart for 12 months	100

In place of the existing endorsement on Form A substitute the following:—

ENDORSEMENT ON FORM A.

RULES.

(Enter Rules III-A, IV to VI and XV to XVIII of the Rules under section 9 of the Act).

CONDITIONS.

(1) All petroleum in the licensed place shall be contained in vessels labelled in accordance with section 7 of the Act.

(2) No goods of a combustible nature shall be stored in the licensed place.

(3) The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding 3 gallons to any one who has not a license under section 5 or 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act as to the vessels in which the petroleum must be contained.

In the endorsement on Form D, after the words "Here enter Rule VII" add the words "Sub-Rules (1), (2-A) and (4)."

In the endorsement on Form E, substitute the words (Sub-Rules (i), (2) and (3)" for "Sub-Rules (1) to (3)".

FORM H.

General license to transport dangerous petroleum by cart to be granted under section 6 of the Indian Petroleum Act, 1899 (VIII of 1899).

No.

FEE R100.

A general license is hereby granted to to transport dangerous petroleum by cart within the districts of Ajmer and Merwara subject to the rules and conditions on the back of this license. This license shall continue in force till the day of

District Magistrate.

Dated

ENDORSEMENT ON FORM H.

RULES.

(Here enter Rules VII, Sub-Rules (1), (2-A) and (4), VIII-A, IX and XIII to XVIII of the Rules under section 9 of the Act).

CONDITIONS.

(1) The cart containing the petroleum shall not move after sunset or before sunrise or carry any light.

(2) The number of this license shall be legibly marked on a conspicuous part of the last case on the cart.

FORM I.

Pass to be granted by the holder of General license No. for the transport of dangerous petroleum by cart.

No.

This pass covers
cases containing
gallons of dangerous petroleum, being the property of
while in transit from
to

The 190 .

Holder of General License No.

ENDORSEMENT ON FORM I.

Rules.

(Here enter Rule IX of the Rules under section 9 of the Act).

By order,

C. C. WATSON,

First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

THE HON'BLE THE RESIDENT IN MYSORE.

NOTIFICATION.

Bangalore, the 16th May 1906.

By order,

R. M. KING,

First Assistant Resident.

TENDER FOR PRINTING THE GOVERNMENT OF INDIA STOCK FORMS.

Tenders are invited for Printing, Binding, Storing and Distributing Government of India Stock Forms, for a period of not less than ten years, from the 11th April 1908. The Forms are of various sizes and descriptions; and the number probably required to be printed and issued annually will be about 100 millions; but Government in no way bind themselves to any particular number, and the Contractors will have no claim to any allowance in the event of the numbers required being less than the above-mentioned number.

2. Samples of the Forms at present in issue (which are liable to alteration, addition or cancellation) may be seen at the Government Central Press, No. 8, Hastings Street, Calcutta.

3. Tenders will be received only for the *whole* of the work, and the printed form of tender must be adhered to strictly. Copies of this form may be obtained from the Superintendent of Government Printing at the Central Press. Intending tenderers may also inspect at the Press the proposed form of Contract to be executed by the successful tenderer. All necessary information in regard to the extent of the Reserve Stock maintained, the space it occupies, statistics of the number of Despatches made in a year and their distribution by road, rail and steamer, as well as the amount of correspondence devolving upon the Contractor and the quantities and varieties of paper and binding materials absorbed, will also be forthcoming in the same office for the assistance of tenderers.

4. Each tender must be accompanied by R500, as earnest money, which will be returned to unsuccessful tenderers.

5. On the acceptance of a tender the Contractor will be required to deposit in the Bank of Bengal R10,000 in cash, or Government Promissory Notes of the nominal value of that amount, as a guarantee for the due performance of the Contract. The sum will subsequently be made up to a total Security Deposit of R25,000 by deductions equal to 7½ per cent. from bills falling due to the Contractor.

6. Tenders will be received up to noon of the 9th August 1906, at the Office of the undersigned, Church Lane, Calcutta.

7. The undersigned does not bind himself to accept the lowest or any tender.

M. J. COGSWELL,

Controller of Printing, Stationery and Stamps.

CHURCH LANE;

Calcutta, 16th May 1906.

TELEGRAPH DEPARTMENT.

C. STEWART-WILSON,
Offg. Director-General of the Post Office of India.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, 2nd and 3rd July 1906, at 10-30 A. M., both days:—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient The application must bear the address of the candidate, must be accompanied by a fee of R10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fee, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of application of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

B. HEATON,
Principal, Civil Engineering College.

SIBPUR;
The 5th May 1906.

CINCHONA FEBRIFUGE.

Cinchona Febrifuge can be purchased for cash only by Government officers and the general public, from the Superintendent, Royal Botanic Garden, Calcutta.

The rates for Government officers are :—

				Post-free.

OFFICE OF ACCTT. GENL., PUNJAB,
LAHORE:
The 16th May 1906.

W. H. MICHAEL,
Accountant General, Punjab.

THE HON'BLE THE AGENT TO THE GOVERNOR GENERAL AND CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Peshawar, the 16th May 1906.

No. 93.—Lieutenant-Colonel G. W. P. Dennys, I.M.S., made over charge of the duties of Superintendent, Peshawar Jail, to 1st grade Assistant Surgeon Sheikh Ghulam Muhammad on the forenoon of the 10th May 1906.

The 18th May 1906.

No. 95.—First grade Assistant Surgeon Sheikh Ghulam Muhammad assumed charge of the Civil Medical duties of the Peshawar District on the forenoon of the 10th of May 1906, relieving Lieutenant-Colonel G. W. P. Dennys, I.M.S.

The 19th May 1906.

No. 98.—In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and in supersession of previous rules on the subject, the Chief Commissioner is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the importation, possession, sale and transport of carbide of calcium in the North-West Frontier Province :—

RULES TO REGULATE THE IMPORTATION, POSSESSION, SALE AND TRANSPORT OF CARBIDE OF CALCIUM IN THE NORTH-WEST FRONTIER PROVINCE.

PART I.—OF IMPORTATION OF CARBIDE OF CALCIUM.

(Applicable to Maritime Provinces).

PART II.—OF POSSESSION AND SALE OF CARBIDE OF CALCIUM.

Carbide of calcium to be "commercially pure."

1. No carbide of calcium shall be kept at any place, with or without a license unless it is "commercially pure," *i.e.*, unless it contains no impurities liable to generate phosphoretted or siliciuretted hydrogen so as to render the gas evolved liable to ignite spontaneously.

Conditions of possession and sale without license.

2. No license shall be required for the possession or sale of carbide of calcium (i) in any quantity not exceeding five pounds if it is kept in separate vessels, each containing not more than one pound, of the nature described in, and labelled as required by Rule 1 of Part V; (ii) in any quantity exceeding five and not exceeding twenty-eight pounds where the following conditions are observed and the vessels containing it are labelled as required by Rule 1 of Part V :—

(*a*) the carbide shall be kept only in metal vessels hermetically closed at all times when the carbide is not actually being placed in or withdrawn from such vessels ;

(*b*) the vessels containing carbide shall be kept in a dry and well ventilated place ;

(*c*) due precautions shall be taken to prevent unauthorized person from having access to the carbide ;

(*d*) notice shall be given of such keeping to the licensing anthority referred to in Rule 8 of this Part, and free access shall be afforded to any duly authorised inspector to inspect the portion of the premises where the carbide is kept and the generator, if any, is situated.

Where a fixed generator is used on the premises—

(*e*) full and detailed instructions as to the care and use of the generator shall be kept constantly posted up in such place as to be conveniently referred to by the generator attendant.

Where it is desired to keep a greater quantity or where the above conditions cannot be complied with, application must be made to the licensing authority for a license.

Licenses for possession.

3. Carbide of calcium in any quantity exceeding twenty-eight pounds may be kept only under a license to possess carbide of calcium granted under these rules. Every application for such a license shall be in Form A in the schedule, and where the applicant proposes to engage in the manufacture of acetylene gas, the generating apparatus to be used by the licensee must, if manufactured in British India, have been examined by such competent authority as the Local Government or Administration of the province of manufacture may from time to

time specially authorize in this behalf, and certified by it to be suitable; or, if imported, must either have been so examined and certified, or be of a type approved by the Committee on Acetylene Generators appointed by the Department of His Majesty's Inspector of Explosives, London.

Storage of carbide of calcium.

4. Notwithstanding anything contained in Rule 3 of this Part, carbide of calcium may, with the special permission of the Local Government, and on such conditions as may be fixed by it, be stored without a license in premises provided for the purpose.

NOTE.—This rule is intended to be applied only in the case of Port Trust and similar premises.

Situation of storage buildings.

5. Carbide of calcium shall be stored,—

(1) if in quantities aggregating not more than four hundred and fifty pounds—in a suitable uninhabited building at least twenty feet away from any other premises: provided that quantities not exceeding two hundred and twenty-five pounds may be stored in place connected with a shop at a distance of at least ten feet from other premises;

(2) if in quantities aggregating more than four hundred and fifty pounds and not more than three thousand pounds—in a suitable uninhabited building at least forty feet away from any other premises;

(3) if in quantities aggregating more than three thousand pounds and not more than fifty tons—in an uninhabited building at least one hundred feet away from any other premises.

Not more than fifty tons of carbide of calcium shall be stored in any one building.

Construction of storage buildings.

6. Every building for the storage of carbide of calcium shall be—

(a) constructed with stone, brick or iron walls, with terraced, tiled or iron roofs, and with tiled, paved or cemented, or iron (or steel) floors raised at least a foot above the ground level; and

(b) well ventilated and water-tight to the satisfaction of the licensing officer.

Arrangements in storage buildings.

7. Carbide of calcium shall be stored only on racks or trestles standing at least one foot above the level of the ground, and no articles of an inflammable or combustible nature shall be kept in the same building.

Licenses for possession.

8. Licenses to possess carbide of calcium shall be in Form B in the schedule, and may be granted by the District Magistrate or any Magistrate of the first class, or by such other officer as the Local Government may, from time to time, by an order in writing, appoint in this behalf.

Continuance of license.

9. Such licenses shall be in force for one year from the dates of issue:

Provided that the licensing officer may, at any time, for good and sufficient reasons, cancel any such license.

Fee for license.

10. The fee for a license to possess carbide of calcium shall be five rupees.

Renewal of license.

11. Every application for the renewal of a license to possess carbide of calcium shall be made in the same manner as an application for an original license.

Date of, and fee for, application for renewal.

12. Every such application shall be made at a date not less than fifteen days prior to the date on which the original license expires. The fee charged for the renewal of a license shall be three rupees.

Packing and marking on sale by retail vendor.

13. Every retail vendor of carbide of calcium, selling any quantity exceeding half a pound to a purchaser, shall deliver it to him in an air-tight tin or drum, packed and marked in accordance with these rules, and bearing the name of the vendor plainly printed on the package.

Packing and opening by retail vendor.

14. Every retail vendor shall keep his carbide of calcium in a receptacle which can be easily opened and closed again so as to be air-tight, and shall open for the purposes of sale, not more than one receptacle at a time.

PART III.—TRANSPORT OF CARBIDE OF CALCIUM.

Conditions of transport without license.

1. No license shall be required for the transport of carbide of calcium in any quantity not exceeding five pounds if it is packed in separate vessels, each containing not more than one pound, of the nature described in, and labelled as required by, Rule 1 of Part V.

2. Carbide of calcium in any quantity exceeding five pounds may be transported only under a license to transport carbide of calcium granted under these rules, and shall not be deposited at any time during transit in any building other than a building fulfilling the requirements of Rules 5 and 6 of Part II, and shall not be stored in any such building except in accordance with the conditions as to storage prescribed by Rule 7 of Part II.

Conditions of transport under license

3. Notwithstanding anything contained in Rule 2 of this Part, carbide of calcium, while in the possession of a railway for transport, shall not be stored in any railway goods shed, but shall be stacked in the open under waterproof sheets and so placed as to prevent its getting wet.

Conditions of transport by railway.

Special precautions.

4. All lights shall be kept away from carbide of calcium stacked as provided in Rule 3 of this Part.

5. If any carbide of calcium is wetted while in the possession of a railway for transport it shall be destroyed by immersion in at least twenty times its bulk of water.

Method of disposal if wetted in transit.

NOTE.—The fact of carbide of calcium having become wet will be indicated by the outward appearance of the drum and probably by a disagreeable odour, showing a leakage of gas.

6. (1) Where carbide of calcium is transported by passenger train, no quantity exceeding four hundred and fifty pounds shall be carried by any one train and the vehicles shall be well ventilated and, as far as possible, water-tight.

Condition of transport by passenger train.

(2) In no circumstances shall a naked lamp or other unprotected artificial light be taken into a wagon, vessel or conveyance containing carbide of calcium.

7. Licenses to transport carbide of calcium shall be either general or special in Form C or Form D in the schedule, and may be granted by the District Magistrate or any Magistrate of the first class, or by such other officer as the Local Government may, from time to time, by an order in writing, appoint in this behalf.

Transport licenses.

8. A general license to transport carbide of calcium may be granted only to a person who holds an annual license to possess a quantity exceeding four hundred and fifty pounds of carbide of calcium.

Grant of general transport license.

9. A special license to transport carbide of calcium may be granted to any person for a particular consignment at the discretion of the licensing officer.

Grant of special transport license.

Fee for general transport license.

10. The fee for a general license to transport carbide of calcium shall be three rupees.

Application for general transport license.

11. An application for a general license to transport carbide of calcium shall state—

(a) the number and date of the license to possess carbide of calcium held by the applicant; and

(b) the period of currency of that license.

12. A general license to transport carbide of calcium shall be in force for not more than one year, and shall in no case remain in force after the date on which the license to possess carbide of calcium held by the applicant expires.

Continuance of general transport license.

Application for special transport license.

13. An application for special license to transport carbide of calcium shall state—

(a) the place from which the carbide of calcium is to be transported;

(b) the place to which it is to be transported;

(c) the number of drums or cases;

(d) the quantity in each drum or case;

(e) the name and address of the consignee,

(f) whether the consignee has a license to possess carbide of calcium sufficient to cover the amount transported; and

(g) the date on which it is proposed to despatch the consignment.

14. A special license to transport carbide of calcium shall be in force for such period not exceeding one month from the date of the grant of the license, as may be specified on the same.

Continuance of special transport license.

15. The fee for a special license to transport carbide of calcium shall be one rupee.

Fee for special transport license.

16. The holder of a general license to transport carbide of calcium shall, with each consignment conveyed under cover of his license, issue a pass in Form E in the schedule specifying—

Issue and contents of passes.

(a) the places from and to which the carbide of calcium is to be transported;

(b) The quantity of carbide of calcium covered by the pass,

(c) the name and address of the consignee; and

(d) whether the consignee has a license to possess carbide of calcium sufficient to cover the amount transported.

Validity of license granted in another province.

17. Carbide of calcium may be transported within the North-West Frontier Province under cover of any license granted by the prescribed authority in any other province provided that the conditions of such license are observed throughout the period during which the carbide of calcium is in transit.

PART IV.—OF INSPECTION.

Powers of inspecting officer.

1. The District Magistrate, the Sub-divisional Magistrate or any Magistrate subordinate to the District Magistrate appointed by him in this behalf by order in writing, or any police officer of or above the rank of inspector appointed by the District Magistrate in this behalf by order in writing, or any other officer appointed by the Local Government in this behalf, may at any time enter any premises in respect of which a license to possess carbide of calcium has been granted, for the purpose of inspecting the same.

Requisition of sample.

2. Any officer so inspecting may require a sample or samples to be delivered to him from any drum or case of carbide of calcium stored in the premises inspected.

Facilities to be afforded to inspecting officers.

3. The licensee of any premises inspected shall personally or through a representative show to the officer so inspecting every place and every vessel in which carbide of calcium in his possession is kept, deliver any samples required, and give such assistance as that officer may require.

Inspection during transit.

4. Where a license to transport carbide of calcium has been granted, any officer authorized under Rule 1 of this Part may, at any time and on or before the arrival of the carbide of calcium at its destination, detain any conveyance, used for such transport, for the purpose of inspecting the license granted for the transport of the consignment or the pass issued by the licensee and seeing whether the provisions of these rules and the conditions of the license have been complied with.

PART V.—GENERAL.

Description and marking of vessels.

1. Where carbide of calcium—

(a) is imported or kept at any place after seven days from the date of its importation, or

(b) is transported, or

(c) is sold or exposed for sale,

it shall be contained in substantial hermetically closed metal vessels each containing not more than two hundred and twenty-four pounds, having no copper in their construction and having attached to them labels stating in conspicuous characters the words—"carbide of calcium—dangerous if not kept dry" together with the following caution:—

"*The contents of this package are liable, if brought into contact with moisture, to give off a highly inflammable gas*,

and with the addition,—

(d) in the case of a vessel kept, of the name and address of the consignee or owner,

(e) in the case of a vessel transported, of the name and address of the sender, and

(f) in the case of a vessel sold or exposed for sale, of the name and address of the vendor.

Refusal of license.

(2) A licensing officer may, for reasons to be reported to the Local Government, refuse a license in any case, the reasons for refusal being communicated to the applicant if a request to that effect is preferred by him, and the Local Government may on receipt of such report, and of any representation made to it by the applicant, pass such orders on the case as it thinks fit.

Report of accident.

(3) Any explosion or accident occurring in connection with the importation, transport, possession or sale of carbide of calcium shall be reported by the person in charge of the same for the time being without delay at the nearest police station.

Procedure on death or disability of licensee.

4. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for

the unexpired portion of the original license. Such new license shall be granted on payment of one rupee.

5. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted on payment of a fee of eight annas.

Loss of license.

6. The fees chargeable under these rules shall ordinarily be levied by means of impressed stamps. An application for the grant or the renewal of a license shall bear the proper stamp: provided that, if the application is refused, the value of the separate stamp (if any) which may have been already provided by the applicant for the desired license or renewed license *minus* the deductions prescribed by section 54 of the Indian Stamp Act, 1899 (II of 1899), may be refunded to the applicant. An application should not be made on the stamped paper intended for the license or renewed license; but where this has been wrongly done, the value of the stamp may be refunded *minus*—

Levy of license-fees.

(*i*) the value of the stamp which should have been affixed to the application, and

(*ii*) the deductions prescribed as aforesaid.

Where the fees leviable under these rules have been made over to any Local body, the fees shall be paid in such manner as that Local authority may from time to time direct.

7. Any person holding a license or acting under a license granted under these rules shall be bound to produce the same when called upon to do so by any Magistrate or Police officer of or above the rank of an officer in charge of a police station.

Production of license.

THE SCHEDULE.

FORM A.

REGR. No.

Application to the of for a license to possess Carbide of Calcium.

Name in full of applicant with particulars of his residence. If a firm or company, its name or that of its Agent or Secretary.	
Situation of building for which the license is required.	
Quantity to be covered by license.	
Is the carbide for use or for sale unopened in the vessels in which it is received, and, if not, what will be done with it?	
In what vessels will the carbide be kept, what is the capacity of the same, how are they closed against moisture, and of what material are they made?	
In what part of the building will the carbide be kept? How are the premises constructed? Are the premises used for other purposes, and if so, for what purposes?	
Is the carbide to be used for the manufacture of acetylene gas? How is the generator constructed, and what is its capacity? Give sketch. Give particulars as to the building in which the generator will be placed, and state whether it is detached from other buildings, and whether it is used for other purposes. How is it proposed to dispose of the residue? Will the generator be in the sole charge of a person competent to manage it?

ENDORSEMENT ON FORM B.

FORM B.

[Here enter rules 1, 2, 3, 5 to 14 of Part II, 1 to 3 of Part IV, and 1 to 7 of Part V.]

CONDITIONS.

This license is given subject to the provisions of the Indian Petroleum Act, 1899 (VIII of 1899), and the above-mentioned rules for the possession and sale of carbide of calcium made thereunder.

2. If the licensing officer or any officer appointed under rule 1 of Part IV calls on the license-holder by notice in writing, to execute any repairs to the building licensed which may, in the opinion of such officer, be necessary for the safety thereof, the license-holder shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

3. Subject to the provisions of rule 2 of Part II, the licensee shall not deliver any quantity of carbide of calcium exceeding twenty-eight pounds to any one who has not a license under section 5 or 6 of the Act or any quantity of such carbide of calcium exceeding half a pound, except in accordance with the rules as to the manner in which carbide of calcium is to be packed.

4. Vessels containing carbide of calcium shall be opened only for the time, necessary for the removal of any quantity of carbide of calcium or for the refilling of other vessels. During such removal or refilling every reasonable precaution shall be adopted for preventing moisture being brought into contact with the carbide of calcium, as well as for guarding against the risk of ignition of any gas which may be liberated.

5. Every storage vessel of a greater storage capacity than two pounds shall be secured with a lock or be kept in a locked receptacle, so as to prevent unauthorised persons having access to the contents.

6. Due precaution shall at all times be taken for the prevention of accidents from fire and no smoking, light, or fire in any form shall be permitted at any time within or near the building in which the carbide of calcium is stored.

7. If carbide of calcium is used for the manufacture of acetylene gas, the following precautions for ensuring safety shall be adopted :—

(*a*) The apparatus used must, if manufactured in India, have been examined by*——and certified by it to be suitable, or, if imported, either have been so examined and certified or be of a type approved by the Committee on Acetylene Generators appointed by the Department of His Majesty's Inspector of Explosives, London.

* *Vide* rule 3 of Part II.

(*b*) Every appartus for generating and storing acetylene gas other than a portable apparatus holding a charge of less than two pounds of carbide of calcium shall be placed in a outbuilding which shall be separated as far as may be practicable from any inhabited building and shall be well ventilated.

(*c*) No fire or such artificial light as would ignite inflammable gas shall be taken into or near the building, in which a gas-making apparatus is placed.

8. Every apparatus (including generator and gas-holder) used for the manufacture of acetylene gas shall, as far as practicable, be constructed and used so as to provide against special risk, that is to say:—

(a) Copper shall not be used in any part of the apparatus.

(b) The various parts shall be of adequate strength.

(c) The escape of gas from the apparatus shall be carefully guarded against.

(d) Satisfactory provision shall be made against the dangerous development of heat.

(e) Satisfactory provision against undue pressure shall be made by the employment of an adequate safety value connected with a pipe discharging into the open air and a suitable pressure gauge shall be attached to the apparatus.

(f) Provision shall be made for the residue of the carbide of calcium being mixed with at least ten times its bulk of water on being removed from the apparatus.

(g) No person shall have charge of an apparatus unless he has been properly instructed in its management.

FORM C.

A. H. GRANT,
Secretary to the Chief Commissioner,
North-West Frontier Province.

The 21st May 1906.

No. 99.—The following rules for the regulation of vaccine operations in the Municipality of Abbottabad / Nawanshahr / Haripur / Baffa in the Hazara District, made under Section 19 of Act XIII of 1880 by the said Municipality at a special meeting held on the 10th February 1906, / 21st March 1906 / 21st February 1906, / 15th February 1906 have been confirmed by the Chief Commissioner and are published for general information. They will come into force six weeks from the date of the publication of this notification.

VACCINATION RULES

I. The Municipal Committee shall from time to time appoint a public vaccine station for the Municipality at such a place as the Civil Surgeon may in consultation with the Committee approve and shall similarly fix the days and hours at which such station shall be opened and shall cause to be affixed on the outside of such place in a conspicuous position, a sign board on which shall be printed in letters easily legible in English, Urdu and Gurmukhi characters the following inscriptions.—

Abbottabad / Nawanshahr / Haripur / Baffa Municipal Vaccine Station open on every Monday, Tuesday, Wednesday from 10 A.M. to 4 P.M.

II. For each public Vaccine Station the Municipal Committee shall appoint one public vaccinator. Every such public vaccinator shall ordinarily wear a distinguishing badge—consisting of a red cross on a white ground the words "Municipal Vaccinator, Hazara District," appearing on it and this shall be worn on the breast.

III. No person shall be appointed a public vaccinator unless he has obtained a certificate from the Administrative Medical Officer, North-West Frontier Province, that he is duly qualified to perform vaccination as prescribed by Act XIII of 1880.

IV. The appointment, suspension and dismissal of every Superintendent of Vaccination and public vaccinator employed within the limits of the Municipality shall rest with the Administrative Medical Officer, North-West Frontier Province.

V. The vaccination season will extend from 1st October to 30th April.

Note for Vaccinators.

Although the Vaccination Act does not render liable to punishment the omission to get children under the age of six months vaccinated, yet it is very desirable that children should be vaccinated at an earlier age. As a rule, all healthy unprotected children over one month old presented for vaccination should be vaccinated by the public vaccinators.

VI. During the vaccination season the public vaccinators shall be bound to attend at the vaccine station, to which they may be attached by the Civil Surgeon on the days and hours fixed for such station and they shall reside in the Municipality.

VII. The lymph to be used in the performance of vaccinations shall be pure lymph obtained on the fifth day taken from the udder or from the soft skin in the neighbourhood of the udder of a buffalo under the age of one year which is free from contagious disease and has perfect full sized vesicles or vaccine paste prepared from the buffalo calves at the recognized vaccine depôt.

VIII. If the parent or guardian of a child produced for vaccination desires that human lymph should be used, the vaccinator shall comply, and the lymph shall be taken, subject to its parents or guardian's consent from a child, that has two perfect vesicles left untouched on the arm to run their regular course.

IX. Not more than two children shall be vaccinated from each full-sized vesicle opened for the purpose of extraction of lymph and not more than 60 children from a single buffalo calf, or six children from a single child.

X. Persons desirous of procuring the vaccination of their children at their own houses shall intimate the fact to a public vaccinator, who out of the hours of his public duties shall arrange with the applicant to vaccinate the child. A fee of annas four shall be payable to a public vaccinator who so vaccinates a child within the limits of the Municipal Committee.

XI. Persons licensed by the Local Government to act as private vaccinators shall in no case demand a higher fee than one rupee for a single operation and shall perform their duties under the orders and subject to the general control of the Civil Surgeon.

XII. If the result of the first vaccination is a failure, the child should be re-vaccinated. If this second operation is also failure, a third attempt should be made. If this also is unsuccessful it is needless to repeat it again.

XIII. Whenever it is ascertained that a child is unfit for vaccination or is insusceptible of successful vaccination a certificate in form (A) attached to these rules shall be granted in the former case to the parent or guardian of such child by the vaccinator, and in the latter in the form (B) by the officer in charge of the Civil Dispensary (H). In like manner whenever it is ascertained that a child has been successfully vaccinated, a certificate shall be granted by the vaccinator to the parent or guardian of such child in the form (C) attached to these rules.

XIV. The following registers shall be kept up by the Municipal Committee :—

(*a*) A register showing the names of children born within the local area subject to these rules on and after the date of the application of Act 13 of 1880 to such area.

(*b*) A register showing the names of unprotected children born in the area aforesaid previous to the date of the application of the Act 13 of 1880, and who were at that date under the age of fourteen years if boys and of eight years if girls.

(*c*) A register showing the names of unprotected boys and girls respectively under these ages brought within the local area aforesaid at any time after the application 1 of Act 13 of 1880 and who had resided there for a month.

(*d*) A register showing the result of each vaccination or its postponement and the delivery of certificates, if any.

XV. The preparation of register (A) shall be effected from the register of births maintained in the Municipal Office or Police Office, of registers B and C from the information to be collected under the orders of the Secretary of the Municipal Committee, of register D from the report submitted by the vaccinator as hereinafter prescribed.

XVI. Every public and private vaccinator employed within the local area to which these rules apply shall keep up the following registers :—

Register (A) showing :—

(1) Name, sex, age, parentage, caste and residence of each child vaccinated.

(2) Date of operation.

(3) Date of inspection after vaccination.

(4) Result whether successful or unsuccessful.

(5) Date of second operation if first unsuccessful.

(6) Date of inspection after re-vaccination.

(7) Result whether successful or unsuccessful.

(8) Date of third operation if first and second unsuccessful.

Register (B) showing :—

(1) Name, sex, age, parentage, caste and residence of each child produced but found unfit for vaccination.

(2) Date of certificate of postponement granted under section 9 of Act 13 of 1880.

(3) Date on which the child was respresented for vaccination and the result of inspection.

(4) Date of renewal of postponement certificate, if any.

(5) Remarks.

N. B.—If on the child being re-presented for vaccination it is found to be in a fit state for that operation, the fact should be recorded in column 3 of register B, and an entry of the fact of vaccination, when performed should be made in register (A), a reference to such entry being made in the column of remarks of register (B), opposite the corresponding entry in letter.

XVII. Every public or private vaccinator shall prepare a monthly report during the vaccination season on the general result of the vaccine operations during that period and shall submit the same through Civil Surgeon to the Secretary of the Municipal Committee accompanied by a return showing:—

1. Number of boys vaccinated during the month.
2. Number of girls vaccinated during the month.
3. Results :—
   (*a*) Number successful.
   (*b*) Number unsuccessful.
   (*c*) Number insusceptible.

No. 100.—The following rules for the regulation of vaccine operations in the Municipality of Kulachi / notified area of Tank made under section 19 of Act XIII of 1880 by the Municipal Committee of Kulachi / members of the Committee of the notified area of Tank at a special meeting held on the 16th September 1905 / 11th September 1905 have been confirmed by the Chief Commissioner and are published for general information.

They will come into force six weeks from the date of the publication of this notification:—

VACCINATION RULES.

I.—The Municipal Committee / members of the Committee of the notified area shall from time to time appoint a public vaccine station (or two or more stations as the case may be) for the Municipality / notified area at such place (or places) as the Civil Assistant Surgeon or Hospital Assistant may in consultation with the Committee approve, and shall similarly fix the days and hours at which such (or each) station shall be open, and shall cause to be affixed on the outside of such place (or places) in a conspicuous position, a sign board (or sign boards) on which shall be printed, in letters easily legible in English and Urdu character the following inscriptions:—

Appointment of Vaccine Station.

Kulachi Municipal Vaccine Station / Tank notified area Vaccine Station open every day from 8 A.M. to 4 P.M. in the Municipal Hall or in the Civil Dispensary.

II.—For each public vaccine station the Municipal Committee shall appoint one public vaccinator. Every such public vaccinator shall ordinarily wear a distinguishing badge consisting of a red cross on a white ground, and this shall be worn on the breast.

Appointment of a public vaccinator.

Distinguishing badge to be worn by public vaccinator.

III.—No person shall be appointed a public vaccinator unless he has obtained a certificate from the Administrative Medical Officer, N.-W. F. Province, that he is duly qualified to perform vaccination as prescribed by Act XIII, 1880.

Qualifications of public vaccinator.

IV.—The appointment, suspension, and dismissal of every Superintendent of Vaccination and public vaccinator employed within the limits of the Municipality shall rest with the Administrative Medical Officer, North-West Frontier Province.

Authority to appoint, suspend and dismiss public vaccinator.

V.—The vaccination season will extend from 1st October to 31st March.—

Vaccination season.

Note for vaccinators.—Although the Vaccination Act does not render liable to punishment the omission to get children under the age of six months vaccinated, yet it is very desirable that children should be vaccinated at an earlier age. As a rule, all healthy unprotected children over one month old presented for vaccination should be vaccinated by the public vaccinators.

VI.—During the vaccination season the public vaccinator shall be bound to attend at the vaccine station, to which he may be attached by the Civil Surgeon or Assistant Surgeon on the days and hours fixed for such station, and he shall reside in the Municipality.

Time of attendance of public vaccinators and their residence.

VII.—The lymph to be used in the performance of vaccinations shall be pure lymph obtained on the fifth day, taken from the udder or from the soft skin in the neighbourhood of the udder of a buffalo under the age of one year which is free from contagious disease and has perfect full-sized vesicles, or vaccine paste prepared from buffalo calves at the recognised provincial vaccine depôt.

Nature of lymph to be ordinarily used.

VIII.—If the parent or guardian of a child produced for vaccination desires that human lymph should be used, the vaccinator shall comply, and the lymph shall be taken from a child, subject to its parent's or guardian's consent, that has two perfect vesicles left untouched on the arm to run their regular course.

Vaccination by human lymph.

IX.—Not more than two children shall be vaccinated from each full-sized vesicle opened for the purpose of extraction of lymph and not more than 60 children from a single buffalo calf, or six children from a single child.

Number of children to be vaccinated from each vesicle or from each buffalo calf or child used for the supply of lymph.

X.—Persons desirous of procuring the vaccination of their children at their own houses shall intimate the fact to the public vaccinator (or any of the public vaccinators, as the case may be) who out of the hours of his public duties shall arrange with the applicant to vaccinate the child. A fee of annas 8 shall be payable to a public vaccinator who so vaccinates a child (elsewhere than in the circle for which such vaccinator is appointed).

Facilities for procuring vaccination of children at private houses and the fee payable to a public vaccinator for an operation (outside his own circle).

XI.—Persons licensed by the local Government to act as private vaccinators shall in no case demand a higher fee than annas 8 for a single operation, and shall perform their duties under the orders and subject to the general control of the Civil Surgeon or the Assistant Surgeon.

Fee chargeable by private vaccinators and the authority to which they are subject.

XII.—If the result of the first vaccination is a failure the child should be re-vaccinated. If this second operation is also a failure, a third attempt should be made. If this also is unsuccessful it is needless to repeat it again.

Re-vaccination and the age of the child.

XIII.—Whenever it is ascertained that a child is unfit for vaccination or is insusceptible of successful vaccination, a certificate in Form A attached to these rules shall be granted in the former case to the parent or guardian of such child by the vaccinator, and in the latter, in the Form B by the Assistant Surgeon. In like manner, whenever it is ascertained that a child has been successfully vaccinated, a certificate shall be granted by the vaccinator to the parent or guardian of such child in the Form C attached to these rules.

Grant and form of certificate of successful vaccination, unfitness for or of insusceptibility of vaccination.

Registers to be kept up by the Municipal Committee.

XIV.—The following registers shall be kept up by the Municipal Committee:—

(A) A register showing the names of children born within the local area subject to these rules on and after the date of the application of Act XIII of 1880 to such area.

(B) A register showing the names of unprotected children born in the area aforesaid previous to the date of the application of the Act XIII of 1880, and who were at that date under the age of 14 years if boys and of 8 years if girls.

(C) A register showing the names of unprotected boys and girls, respectively, under these ages brought within the local area aforesaid at any time after the application of Act XIII of 1880 and who had resided there for a month.

(D) A register showing the result of each vaccination or its postponement and the delivery of certificates, if any.

XV.—The preparation of register (A) shall be effected from the register of births maintained in the Municipal office or Police Office; of registers (B) and (C) from the information to be collected under the orders of the Secretary of the Municipal Committee; of register (D) from the reports submitted by the vaccinator, as hereinafter prescribed.

Rules for the preparation of the registers.

XVI.—Every public and private vaccinator employed within the local area to which these rules apply shall keep up the following registers:—

Register to be kept by vaccinator

Register A showing:—

(1) Name, sex, age, parentage, caste and residence of each child vaccinated.

(2) Date of operation.

(3) Date of inspection after vaccination.

(4) Result, whether successful or unsuccessful.

(5) Date of second operation, if first unsuccessful.

(6) Date of inspection after re-vaccination.

(7) Result whether successful or unsuccessful

(8) Date of third operation, if first and second unsuccessful.

Register (B) showing:—

(1) Name, sex, age, parentage, caste and residence of each child produced but found unfit for vaccination.

(2) Date of certificate of postponement granted under section 9 of Act XIII of 1880.

(3) Date on which the child was re-presented for vaccination, and the result of inspection.

(4) Date of renewal of postponement certificate, if any.

(5) Remarks.

N. B.—If on the child being re-presented for vaccination it is found to be in a fit state for that operation the fact should be recorded in column 3 of register B, and an entry of the fact of vaccination when performed should be made in register A, a reference to such entry being made in the column of remarks of register B opposite the corresponding entry in the latter.

XVII.—Every public and vaccinator shall prepare a monthly report during the vaccination season on the general result of the vaccine operation during that period and shall submit the same through the Assistant Surgeon to the Secretary of the Municipal Committee accompanied by a return showing:—

Preparation of vaccination report and returns.

(1) Number of boys vaccinated during the month.

(2) Number of girls vaccinated during the month.

(3) Results.

(*a*) Number successful.

(*b*) Number unsuccessful.

(*c*) Number insusceptible.

* Agents for sale of the Legislative Department publications

NOTICE —Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through Local Governments to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agents of the particular Government under whose orders they were originally issued.

The amounts within parentheses are for packing and postage

Government of India Notifications, Appointments, Promotions, &c.

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

Simla, the 3rd May, 1906.

No. 1275-*M*.—Notice is hereby given that HIS EXCELLENCY THE VICEROY AND GOVERNOR GENERAL will hold a Levée at Viceregal Lodge, Simla, at 9-45 P.M. on Thursday, the 24th May 1906.

All Civil and Military Officers and the Native Officers of the Infantry Escort are invited to attend.

The following regulations are to be observed at His Excellency's Levée :

I.—Gentlemen who propose to attend His Excellency's Levée are requested to bring with them two large cards with their names *clearly written* thereon—one to be left with the Aide-de-Camp in waiting in the Corridor, and the other to be delivered to the Military Secretary, who will announce the name to His Excellency.

II.—Gentlemen who have not already been presented at the Court of St. James or at the Viceregal Court should send in their names and addresses through the Gentlemen who propose to present them to the Military Secretary's Office

not later than Thursday, the 17th May 1906, in order that the names may be submitted to His Excellency, when, if they are approved, Presentation cards will be forwarded.

III.—Gentlemen presenting others must themselves attend the Levée.

IV.—Gentlemen wearing Uniform will appear in Full Dress Gentlemen not entitled to wear Uniform will appear in Evening Dress. For further particulars as regards dress, attention is drawn to this Office Notification No. 904-M, dated the 8th September 1899.

By Command,

F. L. ADAM, *Major*,

Military Secretary to the Viceroy.

HOME DEPARTMENT.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

ARCHÆOLOGY AND EPIGRAPHY

CONSTITUTION OF THE ARCHÆOLOGICAL DEPARTMENT ON A PERMANENT BASIS.

Simla, the 8th April 1906

RESOLUTION.

Read—

1. Resolution of the Government of India in the Department of Revenue and Agriculture, no 7—6-12, dated the 11th February 1902
2. Despatch from the Government of India to the Secretary of State, no 23-A & F, dated the 26th May 1904
3. Despatch from the Secretary of State to the Government of India no 114 Rev., dated the 29th July 1904
4. Circular letter nos 444 451—1—611 dated the 22nd February 1905 to the Governments of Madras, Bombay, Bengal, the United Provinces Punjab Burma, and the Chief Commissioner, Central Provinces and the replies thereto
5. Despatch from the Government of India to the Secretary of State, no 373, dated the 9th November 1905
6. Despatch from the Secretary of State to the Government of India, no. 15-Rev, dated the 26th January 1906 (received on the 11th February 1906)

In their Resolution no 7—2 12 (Archæology and Epigraphy), dated the 11th February 1902 announcing the appointment for a term of five years of a Director-General of Archæology, the Government of India took occasion to reaffirm the general responsibility of Government for the conservation of the ancient monuments of India. The appointment of a Director-General has, as was anticipated, been fully justified by the stimulus thus imparted to archæological work in every province, by the co-ordination of effort that has been secured and by the sustained attention that has been devoted to antiquarian questions. But though much has been done the experience gained has proved that the task of restoring and conserving the antiquities of India will always require trained ability for its adequate discharge, while the vast area of the field and the great number and variety of the monuments to be dealt with render it improbable that any substantial reduction in the present staff will be found possible for many years to come.

2. The work of the Archæological Department may be described as comprising the following distinct lines of activity (1) the restoration and maintenance in thorough repair of monuments of first-rate historical or architectural importance (2) the conservation of those monuments which the Government cannot now undertake to restore, but whose historical interest or associations demand that they should be saved from further decay, (3) the prosecution of archæological exploration and research, (4) the administration of the Ancient Monuments Act. The first of these operations may, at the present rate of progress, be completed within the next fifteen or twenty years, but for the further repair which must be carried out from time to time the services of archæological experts will, in the opinion of the Governor General in Council, continue to be necessary. In respect of the buildings of the second class the task to be discharged is difficult and delicate and demands in a still greater degree skilled assistance for its proper fulfilment. As regards exploration and research, it is no doubt possible to look forward to the time when all known sites of antiquarian interest shall have been explored and the materials collected made available for the use of students, but the maintenance of the various local museums will still demand the care of an expert archæologist while the application of the Ancient Monuments Act to the various cases which will from time to time call for the intervention of Government will also require skilled advice.

3. These views have been laid before the Secretary of State by the Government of India in their despatches of the 26th of May 1904 and the 9th November 1905, with the second of which they submitted a scheme framed in consultation with the provincial Governments for the organisation of the Archæological Department on a permanent and improved footing, and the Governor General in Council has now the pleasure of announcing the Secretary of State's sanction to the proposals which are detailed below.

The distribution of territory among the archæological charges now sanctioned is shown in the appendix to this Resolution. The number of Circles remains the same, but their names have been changed so as to render them more descriptive and appropriate. The Central Provinces and Berar, hitherto under the charge of the superintendent of the Western or Bombay Circle, will now form part of the Eastern or Bengal Circle, the staff of which will be strengthened by the appointment of an assistant archæological superintendent, while the North-West Frontier Province and Baluchistan, where the archæological work has hitherto been entrusted to the Inspector-General of Education as a collateral charge, will be in future provided with a full-time archæological superintendent, a new appointment being added to the cadre for this purpose. The existing temporary post of assistant superintendent in the Bombay (or Western) Circle will not be made permanent, pending a further consideration of the question whether the services of an assistant will be required for the Western Circle as now reconstituted. Subject to this exception the archæological staff shown in the appendix, and the post referred to in paragraph 5 below, will be placed on a permanent footing.

4. The rates of pay of the officers in charge of circles, who will henceforth be designated Superintendents of Archæological Survey, will be raised to Rs. 500—25—800 a month. Future entrants will not be eligible for exchange compensation allowance nor will this allowance be continued to officers in the Department who now receive it. In order, however, to secure the latter against loss the maximum pay attainable will in their case only be fixed at Rs. 850 a month, and they will be placed in such a grade as regards increments as this condition may entail. For similar reasons, the pay of the Director-General of Archæology will, during the tenure of the present incumbent, be raised to Rs. 1,700 a month.

5. The scheme further provides for the appointment of a Government Epigraphist for the whole of India in lieu of the present Government Epigraphist in Madras, in order to establish a central authority whose duty it will be to organise and collate the results of the epigraphical work of the provincial surveys. At the same time the importance of Madras as a field for this form of research and its special linguistic conditions necessitate the retention of a special epigraphical expert in that Presidency. An appointment of Assistant Archæological Superintendent for Epigraphy on a salary of Rs 300—25—500 is accordingly created, to be held by the present incumbent of the post of Government Epigraphist, Madras, who will be permitted to commence the tenure of the new appointment on his present salary.

6. The Director-General of Archæology, the Government Epigraphist, and all officers holding the appointments of Superintendents of Circles will be eligible for the more favourable leave rules contained in Chapter XIII, Civil Service Regulations. Their pensions will be regulated by the ordinary superior service pension rules in Chapters XVIII and XIX. The Director-General of Archæology will, further, be eligible for an additional pension of Rs. 1,000 a year under article 475, Civil Service Regulations, subject to the condition that he renders ten years' effective service from the date of first employment in India.

7. In the absence of any special orders to the contrary in individual cases, Assistant Superintendents will be entitled to leave under the Indian Service leave rules contained in Chapter XIV, Civil Service Regulations.

8. All Archæological officers serving under the European Service leave rules, will be allowed, subject to any special orders which may be passed by the local Government, a recess of three months in the hills during each year.

9. All officers of the Department are prohibited from engaging in private practice but, where the terms of an officer's agreement reserve to him this privilege, this rule will not apply during the currency of such agreement.

10. Notwithstanding that the Department is now placed on a permanent footing officers who are serving on probation will continue to do so for the period provided in their agreement in any case in which the Government of India may consider this necessary, and those to be recruited in future will be appointed in the first instance for a probationary period. Separate orders will issue regarding the confirmation under this rule of officers now serving under local Governments. The present Director-General of Archæology is hereby confirmed, with effect from the date upon which the present scheme comes into force.

ORDER.—Ordered that a copy of this Resolution be forwarded to all local Governments and Administrations, and to the Director-General of Archæology in India for information and guidance, and to the Finance Department, for information.

Ordered, also, that the Resolution be published in the Supplement to the *Gazette of India*.

H. H. RISLEY,

Secretary to the Government of India.

APPENDIX.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 3rd May 1906, based on the India Daily Weather Reports of the period.

During most of the days of this week rainfall has continued in Kashmir, and snow has fallen during storms on the higher peaks. Low temperatures, also, have persisted there from last week, the stations for which normals are available having reported weather from two to nine degrees colder than usual.

In the regions further to the east the general conditions commented upon last week have remained unchanged. A long trough of low pressure still hugs the foot of the hills in the United Provinces and Bengal and to the north of the Brahmaputra valley, and the winds from Orissa and the west of the head of the Bay still pursue a more eastward course than they should do during the first week of May. Weather in Bengal has therefore continued exceedingly hot, and the excessive temperatures of last week have been further emphasised and the area of their influence has extended.

There has been rainfall daily in the Brahmaputra valley, varying from local showers to falls of a more general character and in amounts from a tenth of an inch to three inches within the twenty-four hours.

In the south irregular local changes of pressure and unduly high temperatures have occurred, and thundershowers have been frequently reported. The following are the chief amounts of rain which have fallen there during the week:—April 27th Cochin 2·38" and Madura 0·50". 28th Trivandrum 2·[illegible]", [illegible] 1·02" and Kodaikanal 1·82". 30th Calicut 0·89", Mercara 0·93", [illegible] 0·[illegible]" and Wellington and Belgaum smaller amounts. May 1st Cochin 1·58", [illegible] 1·[illegible]5" and Trichinopoly and Coimbatore smaller amounts. May 2nd Calicut 0·7[illegible]", [illegible] 7[illegible]" and Bijapur 0·65". May 3rd Trivandrum 3·13" and Calicut 1·31".

In other parts of India and in Burma (except locally in the western Sub-Himalayas and at Mergui) weather has been uninterruptedly dry. Temperatures in the north-west have risen during the week from [illegible] of from two to six degrees to slight excesses over normal values and except in the Frontier Province and in part of the Punjab where rainfall cooled the air on the 2nd and 3rd, have remained high to its close.

Rainfall division with representative station.	Rainfall sub-division named after representative station	Rainfall data for week ending on 3rd May 1906: Average actual rainfall	Average normal rainfall	Excess or defect in inches.	Rainfall data from 1st December 1905 to 3rd May 1906: Average actual rainfall of season to date	Average normal rainfall.	Excess or defect in inches	Seasonal percentage departure from normal: This week.	Last week.

J. H. FIELD,
for Meteorological Reporter to the Government of India
and Director General of Indian Observatories.

J. WILSON,
Secretary to the Government of India.

SIMLA;
The 3rd May, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 28th April 1906.

Burma.—Slight rain fell in Mergui only during the week. In Upper Burma reaping of dry weather paddy continues at several centres. Plucking of tobacco has commenced in Magwe and progresses elsewhere. The standing crops are in good condition. The price of paddy has risen considerably in Mandalay and Myitkyina and slightly in Prome, Myaungmya, Tavoy, and Thayetmyo; it has fallen slightly in Rangoon, and the Southern Shan States; elsewhere it is unchanged.

Eastern Bengal and Assam.—There was heavy rain during the week in Upper Assam; moderate to slight rain in Central Assam, the Surma Valley, Dacca and Faridpur; but no rain elsewhere. The weather is generally hot and dry. Rain is urgently wanted everywhere except in the Surma Valley and Upper Assam. Plucking of tea is in progress; its growth is checked by excessive rain and cold in Lakhimpur, elsewhere the crop is generally fair. Ploughing for and sowing of early rice and jute and pressing of sugarcane are in progress. Summer rice is seriously damaged by hail and heavy rain in parts of Sylhet. Prices of common rice:—Manipur 23; Kohima 13; Chittagong 10½; Rangamati, Gauhati, Tezpur, and Sibsagar 10; Dinajpur 9¾; Dacca and Silchar 9½; Mymensingh 9⅜; Rangpur 9¼; Jalpaiguri, Malda, Bogra, Nowgong and Dibrugarh 9; Rampur Boalia 8⅞; Pabna 8⅝; Dhubri and Tura 8¼, Comilla 8$\frac{3}{16}$; Barisal, Noakhali and Sylhet 8; Faridpur 7½ to 8; Shillong 6½; and Aijal 6 seers per rupee. Prices have risen in four districts; fallen in eight, and remain stationary in the remaining districts. They continue high in most districts.

Bengal.—The week was practically rainless, a very light shower is reported from Jessore only. Sowing of jute and other autumn crops has commenced in places but its progress is being retarded for want of rain. Sugarcane plants are doing well. Prospects are on the whole fair. Fodder and water are sufficient. The price of common rice has risen in eleven and has fallen in two districts; it continues high in most of the districts of the Burdwan, Presidency and Bhagalpur Divisions, specially in Khulna, Hooghly, and Purnea where common rice is reported to sell at between 7½ and 8½ seers per rupee.

United Provinces.—The week was rainless except for slight showers in Garhwal, Almora, Saharanpur and Bijnor. Harvesting is practically over and the outturn is generally fair. Threshing and winnowing continue. Extra crops and cane are being irrigated and weeded and are doing well, but have been injured by hot westerly winds in Sultanpur and Gorakhpur. The markets are well supplied but fodder is scarce in the Bundelkhand districts and in parts of Etah, Mainpuri and Cawnpore. The condition of the cattle in Jalaun, Jhansi, Banda and in one tahsil of Unao is not good. Prices of food-grains have fallen in 18 districts, but show a tendency to rise in the Bijnor, Bareilly, Banda and Jhansi districts. The total number of persons on relief at the end of the week was 174,000.

The weekly report on the famine and scarcity is as follows:—Harvesting is practically over but threshing and winnowing and the irrigation and weeding of sugarcane and extra-crops which are in good condition continue. Land in irrigated tracts is being prepared for early cotton, rice, and maize and where sown these are doing well. Cholera is still prevalent in Hamirpur, Jhansi, and Jalaun and has caused many to leave the works in those districts. The condition of the cattle has improved in Cawnpore and is fair in Agra, but it is not good in Bundelkhand, where fodder and water are scarce. More forest grass is being imported into Jalaun. Prices are stationary or falling, except in Jhansi and Banda where they are inclined to rise. The numbers on relief are—Agra Division:—workers 6,000, on gratuitous relief 11,000; Allahabad Division:—workers 101,000, on gratuitous relief 56,000; total 174,000.

Punjab.—There were light showers during the week in the Rawalpindi, Gurgaon, Sialkot, Shahpur, Mianwali and Multan districts. The price of wheat is rising in Ambala and Rawalpindi but is falling or is unchanged elsewhere. Harvesting of spring crops and sowings of extra spring and autumn crops continue. The condition and prospects of the standing crops are good except on unirrigated areas in Delhi; the yield is also said to be good. The opium crop is average in Lahore. Cattle are in better condition. Dry fodder is still scarce in Rohtak and Gurgaon. There are no complaints regarding the water-supply.

The weekly report on the famine and scarcity is as follows—Rohtak—on works 4,046, on gratuitous relief 6,420, total 10,466. The distress is moderate. People are generally resorting freely to the works. There is no wandering or emaciation apparent. The physical condition of the labourers is generally good and relief measures are sufficient. The public health is generally good, except for a few cases of plague.

North-West Frontier Province.—Rain fell during the week averaging 34 to 70 cents in all districts except Dera Ismail Khan. The condition of the standing irrigated spring crops is fair in Dera Ismail Khan and good elsewhere; unirrigated crops are average throughout. Harvesting of spring crops is in progress in Bannu and has commenced elsewhere. Sowings of extra spring crops and of cotton continue. The

canal water-supply is abundant in Peshawar and normal elsewhere. There is no irrigation from hill torrents in Dera Ismail Khan. Hail stones of large size fell on the 27th April in Peshawar, Kohat, and Hazara and did some slight damage to standing spring crops. Hot winds still continue in Bannu and are threatening the late crops. The condition of cattle is good except in the Daman tract of Dera Ismail Khan. Stocks of food-grain and fodder are sufficient Prices have slightly risen. Prices :—wheat 15 to 17; gram 15 to 19; maize 16 to 20; and *bajra* 14 to 16 seers per rupee.

Jammu.—There was no rain during the week. Prices are stationary. Prices :—wheat 12 to 24 and maize 15 to 34 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Harvesting of spring crops and preparation of land for autumn sowings are in progress.

Kashmir.—The weather is partly bright and partly rainy. Prices are stationary.

Rajputana.—The spring crops are being harvested; the estimated outturn is 3 to 8 annas in the rupee in Ajmer, 2 to 4 annas in Merwara; 12 annas in Dholpur; 12 annas in one district of Jaipur; and generally fair in other States. Scarcity of fodder continues in many places and the condition of cattle is generally poor in these tracts. Prices have risen in Partabgarh, Kishangarh, Bharatpur, and Dholper; have fallen in Mewar and Kotah; and are practically steady elsewhere. The numbers on famine relief are:—Ajmer-Merwara—30,713; Native States—60,195; total 90,908.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 8,518, on gratuitous relief 1,183, total 9,701; Merwara—on works 18,859, on gratuitous relief 2,153, total 21,012; the decrease is due to harvesting operations and to the opening of useful works further distant from areas where relief was previously provided. Native States:—Marwar—on works 2,559, on gratuitous relief 1,361, total 3,920, Mewar—on works 2,620, on gratuitous relief 382, total 3,002; Shahpura—on works 25, on gratuitous relief 91, total 120; Tonk—on works 2,395, on gratuitous relief 513, total 2,908. Jaipur—on works 14,676, on gratuitous relief 477, total 15,153, Kishangarh—on works 3,204, on gratuitous relief 2,684, total 5,948; Alwar—on works 1,785, on gratuitous relief 1,298, total 3,083; Eastern Rajputana States—on works 20,607, on gratuitous relief 5,388, total 26,055. The numbers have decreased in Marwar, Mewar, Kishangarh, Alwar, Bharatpur, but have increased in Tonk, Jaipur, Karauli and Dholpur, total decrease 678. Prices vary between 11¼ seers in Karauli, and 15½ seers per rupee in Kishangarh. Relief measures are adequate and the public health is generally good.

Central India.—There was no rain during the week. Harvesting of spring crops has been completed in Gwalior and is in progress elsewhere. The probable outturn is good in parts of Gwalior; average in parts of Indore, and below average in Bundelkhand and Malwa. Agricultural stock are in good condition in Indore, Malwa and Bhopawar; fair in Bhopal; average in Bundelkhand; and bad in parts of Gwalior. Pasturage is good in Malwa and Baghelkhand; sufficient in Indore and Bhopawar; fair in Bhopal; bad in Gwalior; and scarce in north Bundelkhand. Prices continue high in Indore and Baghelkhand; are rising in parts of Bhopal; are slightly falling in Gwalior: and are steady in Bundelkhand, Bhopawar, and in parts of Malwa

The weekly report on the famine and scarcity is as follows:—The general position, is unaltered. Prices in Bundelkhand vary from 12½ to 11 seers per rupee. The numbers on relief are:—in Gwalior on works 67,000, on gratuitous relief 16,500, total 83,500. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila and Jagirs:—on works 29,000, on gratuitous relief 3,500, total 32,500; grand total 116,000.

Central Provinces.—The weather has been hot and the week rainless. Land is being prepared for autumn sowings throughout the Provinces. Threshing and winnowing will soon be quite finished everywhere. In Bilaspur the condition of the people is good and labourers find ample employment throughout the district. Insufficiency of water and fodder exists in Damoh, Nagpur, and Chanda and of water in parts of Jubbulpore. The price of wheat has again fallen slightly in the Northern Districts and prices elsewhere are steady or fluctuate but slightly; the prices of food-grains are still equal to or above the warning rates in most districts; the price of rice is equal to the scarcity rate in Balaghat and Bilaspur and is slightly above it in Chanda.

Baroda.—For week ending 21st April 1906:—The numbers on relief are:—on works 4,094; on gratuitous relief 164, total 4,258.

Bombay.—There was very slight rain during the week in parts of the Karnatak and Kolhapur. The standing crops are generally in good condition except irrigated minor crops in parts of Belgaum. Water is low in irrigation canals, tanks, and wells in some places. Harvesting and threshing of spring crops continue. Lands are being prepared for autumn sowings. Picking of cotton is nearing completion in Dharwar, Baroda, Cutch, and Mahi Kantha. The drinking water-supply is giving out and steps are being taken to supplement it with aid of Government grants and takavi advances. Cattle in affected districts are losing condition and useless animals continue to be sold at low prices The deficiency of fodder is being made good by importation of *kadbi (juar* stalks) from Moglai: Government grass finds ready sale. Prices of local fodder are two to three times above the normal. Active trade in food-grains helps to keep up stocks. Prices of staple food-grains are in the Deccan 45 to 100 per cent.; in the Karnatak 55 to 95 per cent.; in Gujarat 35 to 70 per cent.; and in the Konkan 15 to 40 per cent. above the normal. The numbers on test works on the last day of week ending 21st April were:—Poona 519, Sholapur 125, Dharwar 111, Phaltan 76, total 831. The distress is gradually increasing though not yet acute. The condition of agricultural labourers is good and they

find considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants. People on relief works are in fair to good condition and relief measures are adequate. The numbers on relief are rising. Emigrants continue to return. There is no aimless wandering reported. The condition of the people in general is good. Cholera is still prevalent in places in Ahmednagar, Poona, Satara, Belgaum, and Kolhapur. The numbers on relief are—British districts:—Deccan—on works 14,236, on gratuitous relief 27,795, total 42,030; Karnatak—on works 10,275, on gratuitous relief 16,074, total 26,349; Native States:—on works 4,205, on gratuitous relief 2,146, total 6,351.

Hyderabad.—There was no rain during the week. Late rice is being harvested in a few talukas. Lands are being prepared for autumn sowings. Fodder scarcity exists in 54 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 4,483 persons and the number relieved gratuitously was 594. Numbers of persons are employed in sinking wells for which takavi has been given. The price of *juar* has risen from ½ to 2 seers per rupee in seven talukas and fallen from ¼ to 4 seers in nine. Prices:—wheat 8¼; coarse rice 7½; and *juar* 14½ seers per rupee.

Mysore.—There was very slight rain during the week in parts of Mysore, Hassan, and Chitaldroog. Markets are fairly well supplied with food-grains, but prices are rising and are high in Mysore, Hassan, and Shimoga. The crops are withering in parts of Tumkur and Hassan, prospects are fair in Kadur and Chitaldroog but rain is anxiously looked out for. Cattle are unhealthy in parts of Tumkur, Mysore, and Hassan. Water and fodder are available in Bangalore but are scanty in other parts of the Province.

Coorg.—Rainfall 93 cents. Prices of food-grains are normal. Water and fodder are sufficient.

Madras.—Rainfall light in the south and Malabar but none elsewhere. Irrigation supplies are insufficient except in Cuddapah and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Salem and Madura are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, Nellore, North Arcot, Tanjore, Tinnevelly, and the Nilgiris. Fodder is scanty in parts of Bellary, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in thirteen districts; has fallen in one; and has slightly risen in nine. The prices of millets have fluctuated as follows:—*Ragi* is stationary in six districts, has fallen in three; and has slightly risen in twelve. *Cholam* is stationary in two districts, has fallen in two; and has slightly risen in ten. *Cumbu* is stationary in five districts; has fallen in one; and has slightly risen in nine.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table.

No. 496.—Mr. R. F Lowis, 4th Assistant Superintendent, Port Blair, is appointed to officiate as 3rd Assistant Superintendent, with effect from the afternoon of the 1st February 1906.

No. 497.—Consequent on the grant of leave to Mr. H. H. D'Oyly, 1st Assistant Superintendent, the following temporary arrangements are made in the Port Blair Commission, with effect from the 8th March 1906, till the return from leave of Mr. H. G. Tayler, Deputy Superintendent .

Mr. A Brown, 2nd (officiating 1st) Assistant Superintendent, to be sub. *pro tem.* Deputy Superintendent.

Khan Bahadur Mohammed Ashiq Ali Khan, 3rd (officiating 2nd) Assistant Superintendent, to officiate as 1st Assistant Superintendent.

Mr. R. F. Lowis, 4th (officiating 3 d) Assistant Superintendent, to officiate as 2nd Assistant Superintendent.

Mr. W. H. Brookes, 5th (officiating 4th) Assistant Superintendent, to officiate as 3rd Assistant Superintendent.

Mr. C. W. B Anderson, 6th (officiating 5th) Assistant Superintendent, to officiate as 4th Assistant Superintendent.

Mr. H. M. S. Clarke, 7th (officiating 6th) Assistant Superintendent, to officiate as 5th Assistant Superintendent.

Mr. H. H. Tayler, officiating 7th Assistant Superintendent, to officiate as 6th Assistant Superintendent.

Mr. J. R. G. Hastings, officiating 8th Assistant Superintendent, to officiate as 7th Assistant Superintendent.

No. 500.—Mr. F. Trafford, Deputy Conservator of Forests, Port Blair, is appointed to be an Assistant Superintendent in the Settlement so long as he holds his present office, or until further orders.

JUDICIAL.

The 5th May, 1906.

No. 666.—Captain J. W. H. Lyon, assistant cantonment magistrate, Mhow, is appointed to officiate as cantonment magistrate, Nimach, with effect from the date on which he assumes charge of that appointment.

The 8th May, 1906.

No. 672.—The services of Captain J. H. Peck, 127th Baluchi Light Infantry, are placed at the disposal of the Government of Bombay for employment as an officiating assistant cantonment magistrate.

No. 675.—The services of Lieutenant A. M. Walker, 82nd Punjabis, are placed at the disposal of the Government of the Punjab for employment as an officiating cantonment magistrate.

The 10th May, 1906.

No. 687.—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor General in Council is pleased to declare that the Code of Civil Procedure, 1882, as amended for the Central Provinces by the Central Provinces Laws Act, 1875 (XX of 1875), shall apply to the territories in Berar for the time being administered by the Chief Commissioner of the Central Provinces, subject to the following modifications.

For section 37, the following section shall be substituted, namely,—

37. The recognized agents of parties by whom such appearances, applications and acts may be made or done shall be such persons as the Chief Commissioner of the Central Provinces may, from time to time, by notification in the official gazette declare in this behalf.

The Foreign Department notification no. 1811-I.B., dated the 1st July 1898, as amended by the Foreign Department notification no. 1187-I.B., dated the 19th March 1901, is hereby cancelled in so far as it applies the Code of Civil Procedure to the aforesaid territories.

No. 699.—With effect from the date on which he assumes charge of his duties, Mr. H. V. Drake-Brockman, I.C.S., First Additional Judicial Commissioner, Central Provinces, is appointed to officiate as Judicial Commissioner, Central Provinces, during the absence on privilege leave of Mr. S. Ismay, C.S.I., I.C.S., or until further orders.

The 11th May, 1906.

No. 701.—The services of Mr. J. A. Saldanha, of the Bombay Provincial Service, are replaced at the disposal of the Government of Bombay, with effect from the 1st April 1906.

H. H. RISLEY,

Secretary to the Government of India.

No. 471 E, dated Simla the 30th April 1906.

RESOLUTION—By the Government of India, Public Works Department.

Decision that exchange compensation allowance shall be admitted to officers recruited in England for the Engineer Establishment of the Public Works Department, in and after the year 1907 only while serving in the Assistant and Executive Grades.

Read—

Resolution by the Government of India, Public Works Department, No. 1101 E, dated the 25th August 1905.

Despatch to His Majesty's Secretary of State for India, No. 422, dated the 28th December 1905.

Despatch from His Majesty's Secretary of State for India, No. 13 P. W, dated the 9th March 1906.

RESOLUTION.—The pay of the Administrative grades of the Engineer Establishment of the Public Works Department having been materially improved under the orders contained in the Resolution quoted in the preamble, it is considered that the grant of exchange compensation allowance, hitherto admissible to such officers, under Finance Department Resolution No 2422 Ex, dated the 21st May 1897, should be discontinued. The Governor General in Council has therefore decided, with the approval of His Majesty's Secretary of State for India, that the grant of exchange compensation allowance to the Engineer Establishment of the Public Works Department shall, in case of Civil Engineers recruited in England, in and after the year 1907, be admissible only while serving in the Assistant and Executive grades.

The Governments of Madras Bombay Bengal the United Provinces of Agra and Oudh the Punjab Burma and Eastern Bengal and Assam, Public Works Department.
The Honourable the Chief Commissioner of the Central Provinces.

Captain W F T. O Connor, C.I E, 28th Punjabis, British Trade Agent at Gyantse. Pension service—14th year, commenced on the 28th February, 1906.

No. 1923-*E C.*—The following Order of His Majesty in Council, which was published in the *London Gazette* of the 10th April, 1906, is republished for general information.

ORDER IN COUNCIL.

AT the Court at *Saint James's*, the 4th day of April, 1906.

PRESENT:

LORD CHANCELLOR.

PRIME MINISTER. LORD PRESIDENT.

Lord Privy Seal.

Earl Carrington.

Mr. Sinclair.

WHEREAS His Majesty was pleased by His Commission dated the second day of March, one thousand nine hundred and six, to nominate and appoint the Lord High Chancellor of Great Britain, the Prime Minister, and the Lord President of the

Council in His Majesty's absence from His Realm in Foreign Parts to hold on His Majesty's behalf His Privy Council, and to signify thereat His approval of any matter or thing whereunto they should be so authorized by writing under His Majesty's Sign Manual and to do further on His behalf any matter or thing for the purposes of the said Commission whereunto they should be authorized in manner aforesaid.

And whereas by Treaty, capitulation, grant, usage, sufferance, and other lawful means, His Majesty the King has jurisdiction within the dominions of the King of Siam.

Now, therefore, the Lord Chancellor, the Prime Minister, and the Lord President, being authorized thereto by writing under His Majesty's Sign Manual, by virtue and in exercise of the powers in this behalf by the Foreign Jurisdiction Act, 1890, or otherwise in His Majesty vested, do hereby by and with the advice of His Privy Council on His Majesty's behalf, order, as it is hereby ordered, as follows

PART I.—PRELIMINARY AND GENERAL.

1. This Order may be cited as "The Siam Order in Council, 1906."

2. This Order is divided into parts, as follows

Parts	Subject.	Articles.
I	Preliminary and General .	1—6
II	Constitution and Powers of Courts	7—25
III	Criminal Matters .	26—74
IV	Civil Matters . .	75—106
V	Procedure Criminal and Civil	107—117
VI	Bills of Sale . .	118—134
VII	King's Regulations .	135—138
VIII	Registration . .	139—153
IX	International Court .	154—157
X	Foreign Subjects and Tribunals	158—160
XI	Miscellaneous .	161—172

3 In the construction of this Order the following words and expressions have the meanings hereby assigned to them, unless there be something in the subject or context repugnant thereto, that is to say

"Administration" means letters of administration, including the same with will annexed or granted for special or limited purposes, or limited in duration.

"The Minister" means His Majesty's Minister, and includes Chargé d'Affaires or other chief Diplomatic Representative of His Majesty in Siam for the time being

"British ship" includes every ship which is a British ship within the meaning of the Merchant Shipping Act 1894, and every ship which belongs to a British subject and is not registered under a foreign flag

"British subject" includes a British-protected person.

"Consular district" means the district in and for which a Consular officer usually acts, or for which he may be authorized to act, for all or any of the purposes of this Order.

"Consular officer" includes a Consul General, Consul, Vice-Consul Consular Agent or Pro Consul of His Majesty resident in Siam including a person acting temporarily with the approval of the Secretary of State, as a Consul General, Consul, Vice-Consul, or Consular Agent, and shall also include a First and Second Assistant in the Consular service for Siam

"Consulate" and "Consular office" refer to the Consulate and office of a Consular officer.

"The Court," except when the reference is to a particular Court, means any Court established under this Order subject, however, to the provisions of this Order with respect to powers and local jurisdictions

"Foreigner" means a subject or citizen of a State in amity with His Majesty, other than Siam.

"Legal practitioner" includes barrister-at-law, advocate, solicitor, writer to the Signet, and any person possessing similar qualifications.

"Lunatic" means idiot or person of unsound mind.

"Master," with respect to any ship, includes every person (except a pilot) having command or charge of that ship.

"Month" means calendar month.

"Oath" and "affidavit," in the case of persons for the time being allowed by law to affirm or declare, instead of swearing, include affirmation and declaration, and the expression "swear," in the like case, includes affirm and declare.

"Offence" includes crime, and any act or omission punishable criminally in a summary way or otherwise.

"Office copy" means a copy made under the direction of the Court, or produced to the proper officer of the Court for examination with the original, and examined by him and sealed with the seal of the Court.

"Person" includes Corporation.

"Pounds" means pounds sterling.

"Prescribed" means prescribed by Rules of Court.

"Prosecutor" means complainant or any person appointed or allowed by the Court to prosecute.

"Proved" means shown by evidence on oath, in the form of affidavit, or other form, to the satisfaction of the Court or Consular officer acting or having jurisdiction in the matter; and "proof" means the evidence adduced in that behalf.

"Resident" means having a fixed place of abode in Siam.

"Rules of Court" means Rules of Court made under the provisions of this Order.

"Secretary of State" means one of His Majesty's Principal Secretaries of State.

"Ship" includes any vessel used in navigation, however propelled, with her tackle, furniture, and apparel, and any boat or other craft.

"The Treasury" means the Commissioners of His Majesty's Treasury.

"Treaty" includes any Convention, Agreement, or Arrangement, made by or on behalf of His Majesty with any State or Government, King, Chief, people, or tribe, whether His Majesty the King of Siam is or is not a party thereto.

"Will" means will, codicil, or other testamentary instrument.

Expressions used in any rules, regulations, or orders made under this Order shall, unless a contrary intention appears, have the same respective meanings as in this Order.

4. (1) Words importing the plural or the singular may be construed as referring to one person or thing, or to more than one person or thing, and words importing the masculine as referring to the feminine (as the case may require).

(2) Where this Order confers any power or imposes any duty, then, unless a contrary intention appears, the power may be exercised and the duty shall be performed from time to time as occasion requires.

(3) Where this Order confers a power or imposes a duty on, or with respect to, a holder of an office, as such, then, unless a contrary intention appears, the power may be exercised and the duty shall be performed by, or with respect to, the holder for the time being of the office or the person temporarily acting for the holder.

(4) Where this Order confers a power to make any rules, regulations, or orders, the power shall, unless a contrary intention appears, be construed as including a power exercisable in the like manner and subject to the like consent and conditions, if any, to rescind, revoke, vary, or amend the rules regulations, or orders.

(5) This Article shall apply to the construction of any rules, regulations, or orders made under this Order, unless a contrary intention appears.

5. The jurisdiction conferred by this Order extends to the persons and matters following, in so far as by Treaty, grant, usage, sufferance, or other lawful means His Majesty has jurisdiction in Siam in relation to such matters and things, that is to say:

(1) British subjects, as herein defined, within the limits of this Order.

(2) The property and all personal or proprietary rights and liabilities in Siam of British subjects, whether such subjects are within the said limits or not.

(3) Siamese subjects and foreigners in the cases and according to the conditions specified in this Order, and not otherwise.

(4) Foreigners, with respect to whom any State, King, Chief, or Government, whose subjects or under whose protection they are, has by any Treaty as herein defined or otherwise agreed with His Majesty for, or consents to, the exercise of power or authority by His Majesty.

(5) British ships with their boats, and the persons and property on board thereof, or belonging thereto, being within the Siamese dominions.

6. All His Majesty's jurisdiction exercisable in Siam for the hearing and determination of criminal or civil matters, or for the maintenance of order, or for the control or administration of persons or property, or in relation thereto, shall be exercised under and according to the provisions of this Order, and not otherwise.

PART II.—CONSTITUTION AND POWERS OF COURTS.

(i) Court for Siam.

7. (1) There shall be a Court styled "His Britannic Majesty's Court for Siam" (in this Order referred to as the Court for Siam, and comprised in the term "the Court").

(2) There shall be a Judge and as many Assistant Judges of the Court for Siam as may from time to time be required, who shall respectively be appointed by His Majesty by warrant under His Royal sign manual.

(3) Every Judge shall be at the time of his appointment a member of the Bar of England, Scotland, or Ireland, of not less than five years' standing.

(4) The Judges, or any two of them, shall sit together for the purposes described in this Order, and the Court so constituted is hereinafter in this Order referred to as "the Full Court," but, except as directed in this Order, they shall sit separately, and each sitting shall be deemed to be a sitting of the Court for Siam.

(5) When the Full Court consists of not more than two Judges, and there is a difference of opinion, the opinion of the Judge, or, in his absence, the Senior Assistant Judge, shall prevail.

(6) Subject to Rules of Court, the Judge shall make such arrangements as he thinks fit for the distribution of the business of the Court.

8. During a vacancy in the office of Judge, or in case of the illness or incapacity of the Judge, or of his absence from Siam, the Secretary of State may appoint a fit person to act as Judge, but unless or until such appointment is made the Assistant Judge or Senior Assistant Judge shall act as Judge.

An Acting Judge shall, during the continuance of his appointment, have all the power and authority of the Judge.

9. During a vacancy or temporary vacancy in the office of Assistant Judge, or in case of the absence, or illness, or other incapacity of an Assistant Judge, the Judge may, by writing under his hand and the seal of the Court for Siam, appoint any fit person, approved by the Secretary of State, or by the Minister, to act as and for such Assistant Judge for the time therein mentioned or during the vacancy, as the case may be; but every such appointment shall be revocable, at pleasure, by the Judge, by writing under his hand and the seal of the Court for Siam, or by the Secretary of State.

The person so appointed shall, during the continuance of his appointment, have all the power and authority of an Assistant Judge.

10. (1) There shall be attached to the Court for Siam a Registrar, a Marshal, and such other officers and clerks under such designations as the Secretary of State thinks fit.

(2) The Secretary of State, or the Minister, as the case may be, may temporarily attach to the Court for Siam such persons, being Consular officers, as he thinks fit.

(3) Every officer, clerk, and other person thus attached shall discharge such duties and exercise such powers in connection with the Court as may be prescribed, or as the Judge may direct, subject to any instructions of the Secretary of State.

11. The Judge and each Assistant Judge shall hold office during the pleasure of His Majesty.

12. In case at any time His Majesty thinks fit by warrant under His Royal sign manual to revoke the warrant appointing any person to be Judge or Assistant Judge, or while there is a Judge or Assistant Judge in office thinks fit by warrant under His Royal sign manual

to appoint another person to be Judge or Assistant Judge (as the case may be), then, and in every such case, until the warrant of revocation or of new appointment is notified by the Minister to the person holding office, all powers and authorities vested in that person shall continue and be deemed to have continued in as full force—and he shall continue, and be deemed to have continued, entitled to all the privileges and emoluments of the office as fully, and all things done by him shall be and be deemed to have been as valid in law—as if such warrant of revocation or new appointment had not been made.

13. The Court for Siam shall have a seal, bearing the style of the Court and such device as the Secretary of State approves; but the seal in use at the commencement of this Order shall continue to be used until a new seal is provided.

(ii) District Courts.

14. (1) Consular officer shall hold District Courts at such places in Siam as may from time to time be appointed under this Order.

(2) The Minister may, by order in writing, with the previous or subsequent approval of the Secretary of State, appoint places at which District Courts shall be held, and may assign the district in and for which each such Court shall act, and may designate the Consular officer who shall hold such Court.

(3) Every District Court shall be styled "His Britannic Majesty's District Court at ."

(4) Every District Court shall, with the approval of the Court for Siam, appoint a competent person, or persons, to perform such duties and to exercise such powers as are by this Order and any Rules of Court imposed and conferred upon the Registrar and Marshal, and any person so appointed shall perform such duties and exercise such powers accordingly.

(5) Every District Court shall have a seal bearing its style and such device as the Secretary of State from time to time directs; but where such a seal is not provided, the seal of the Consular officer holding the Court may be used.

(iii) Travelling District Judges.

15. (1) The Minister may, with the approval of the Secretary of State, appoint one or more Consular officers to act as Travelling District Judges.

(2) A Travelling District Judge may, subject to this Order and to Rules of Court and to the directions of the Minister, hold a Court at any place in Siam where he may think fit, and shall for this purpose have all the powers and authority of a District Court; and for the purposes of this Order the Court of a Travelling District Judge shall be deemed to be comprised within the term "District Court".

(3) The Court of a Travelling District Judge shall have concurrent jurisdiction with any District Court within the limits of whose district it may be held.

(4) The jurisdiction of a Travelling District Judge may be restricted by Rules of Court by the exclusion of any class or classes of cases as may seem expedient in the interests of justice.

(iv) Powers of Courts.

16. (1) The Court for Siam shall have in all matters, civil and criminal an original jurisdiction, concurrent with the jurisdiction of the several District Courts, to be exercised subject and according to the provisions of this Order.

(2) The Court for Siam shall ordinarily sit at Bangkok, but may also as circumstances may require sit at any other place in Siam.

(3) The Judge of the Court for Siam, or an Assistant Judge under the directions of the Judge, may visit, in a magisterial or judicial capacity, any place in Siam, and there inquire of, or hear and determine, any case, civil or criminal, and may examine any records or other documents in any District Court, and give directions as to the keeping thereof.

17. All His Majesty's jurisdiction, civil and criminal, not under this Order vested exclusively in the Court for Siam, shall to the extent and in the manner provided by this Order be vested in the District Courts.

18. (1) Where any case, civil or criminal, commenced in a District Court, appears to that Court to be beyond its jurisdiction, or to be one which for any other reason ought to be tried in the Court for Siam, the District Court shall report the case to the Court for Siam for directions.

(2) The Court for Siam may of its own motion, or upon the report of a District Court, or on the application of any party concerned, require any case, civil or criminal,

pending in any District Court to be transferred to, or tried in, the Court for Siam, or may direct in what Court and in what mode, subject to the provisions of this Order, any such case shall be tried.

19. The Court for Siam and each District Court shall, in the exercise of every part of its jurisdiction, be a Court of Record.

20. Every District Court shall execute any writ or order issuing from the Court for Siam, and shall take security from any person named in a writ or order for his appearance personally or by attorney, and shall in default of security being given, or when the Court for Siam so orders, send the person in custody to Bangkok.

21. The Court for Siam and each District Court shall be auxiliary to one another in all particulars relative to the administration of justice, civil or criminal.

22. Subject to the provisions of this Order criminal and civil cases may be tried as follows:

(a) In the case of the Court for Siam, by the Court itself, or by the Court with a jury, or with assessors.

(b) In the case of a District Court, by the Court itself, or by the Court with assessors.

23. (1) Notwithstanding anything in this Order, the Court shall not exercise any jurisdiction in any proceeding whatsoever over the Minister, or over his official or other residences, or his official or other property.

(2) Notwithstanding anything in this Order, the Court shall not exercise, except with the consent of the Minister signified in writing to the Court, any jurisdiction in any proceeding over any person attached to or being a member of, or in the service of, the Legation.

(3) If in any case under this Order it appears to the Court that the attendance of the Minister, or of any person attached to or being a member of the Legation, or being in the service of the Legation, to give evidence before the Court is requisite in the interest of justice, the Court may address to the Minister a request in writing for such attendance.

(4) A person attending to give evidence before the Court shall not be compelled or allowed to give any evidence or produce any document, if, in the opinion of the Minister, signified by him personally or in writing to the Court, the giving or production thereof would be injurious to His Majesty's service.

(v) *Jurors and Assessors.*

24. (1) Every male resident British subject of the age of 21 years or upwards, having a competent knowledge of the English language, and having or earning a gross income of such amount as may be determined by Rules of Court, and not having been attainted of treason or felony, or convicted of any crime that is infamous (unless he has obtained a free pardon), nor being under outlawry, shall be qualified to serve on a jury.

(2) All persons so qualified shall be liable so to serve, except the following:

Persons in actual employment in His Majesty's Diplomatic, Consular, or other Civil Service.

Officers, clerks, keepers of prisons, messengers, and other persons attached to or in the service of the Court;

Officers and others on full pay in His Majesty's navy or army, or in actual employment in the service of any Department connected therewith;

Persons holding appointments in the civil, naval, or military service of Siam;

Clergymen and ministers in the actual discharge of professional duties;

Legal practitioners in actual practice;

Physicians, surgeons, and apothecaries in actual practice;

Persons who are over 60 years of age, or are disabled by mental or bodily infirmity.

(3) A jury shall consist of five jurors.

(4) In criminal cases tried with a jury, the verdict of the jury must be unanimous. In civil cases the verdict must be unanimous unless the parties otherwise agree.

(5) No challenge shall be allowed except for cause shown to the satisfaction of the Court.

(6) No grand jury shall be summoned.

(7) Where there is to be a hearing with a jury, the Court shall summon so many of the persons comprised in the jury list, not fewer than nine, as seem requisite.

(8) Any person failing to attend, according to the summons, shall be deemed guilty of a contempt of Court, and shall be liable to a fine not exceeding £10.

(9) Any such fine shall not be levied until after the expiration of fourteen days. The proper officer of the Court shall forthwith give to the person fined notice in writing of the imposition of the fine, and require him within six days after receipt of the notice to file an affidavit excusing non-attendance (if he desire to do so). The Court shall consider the affidavit and may, if it seems proper, remit the fine.

25. (1) An assessor shall be a competent and impartial British subject of good repute, resident in the district of the particular Court, and nominated and summoned by the Court for the purpose of acting as assessor.

(2) In the Court for Siam there may be one assessor or two assessors, as the Court thinks fit.

(3) In a District Court there shall ordinarily not be fewer than two, and not more than four, assessors. Where, however, by reason of local circumstances, the Court is able to obtain the presence of one assessor only, the Court may, if it thinks fit, sit with one assessor only; and where for like reasons, the Court is not able to obtain the presence of an assessor, the Court may, if it thinks fit, sit without an assessor, the Court in every case recording in the Minutes its reasons for sitting with one assessor only or without an assessor.

(4) An assessor shall not have any voice in the decision of the Court in any case, civil or criminal, but an assessor dissenting, in a civil case, from any decision of the Court, or, in a criminal case, from any decision of the Court or the conviction or the amount of punishment awarded, may record in the Minutes his dissent and the grounds thereof, and shall be entitled to receive without payment a certified copy of the Minutes.

(5) If any person summoned to act as assessor fails, without lawful excuse, to attend at the trial, or at any adjournment thereof, or to continue to serve throughout the trial, he shall be liable, under a summary order of the Court, to a fine not exceeding £10.

PART III.—CRIMINAL MATTERS.

26. (1) Except as regards offences made or declared such by this or any other Order relating to Siam, or by any Rules or Regulations made under any such Order, any act that would not by a Court of Justice having criminal jurisdiction in England be deemed an offence in England shall not, in the exercise of criminal jurisdiction under this Order, be deemed an offence, or be the subject of any criminal proceeding under this Order.

(2) Subject to the provisions of this Order, criminal jurisdiction under this Order shall, as far as circumstances admit, be exercised on the principles of, and in conformity with, English law for the time being and with the powers vested in the Courts of Justice and Justices of the Peace in England, according to their respective jurisdiction and authority.

Local Jurisdiction in Criminal Matters.

27. Every Court may cause to be summoned or arrested, and brought before it, any person subject to, and being within the limits of, its jurisdiction, and accused of having committed an offence cognizable under this Order, and may deal with the accused according to the jurisdiction of the Court and in conformity with the provisions of this Order.

28. For the purposes of criminal jurisdiction every offence and cause of complaint committed or arising within the limits of this Order shall be deemed to have been committed or to have arisen either in the place where the same actually was committed or arose or in any place where the person charged or complained of happens to be at the time of the institution or commencement of the charge or complaint.

29. Where a person charged with an offence escapes or removes from the Consular district within which the offence was committed, and is found within another Consular district, the Court within whose district he is found may proceed in the case to trial and punishment, or to preliminary examination (as the case may require), in like manner as if the offence had been committed in its own district, or may, on the requisition or with the consent of the Court within whose district the offence was committed, send him in custody to that Court, or require him to give security for his surrender to that Court, there to answer the charge, and to be dealt with according to law

Where any person is to be so sent in custody, a warrant shall be issued by the Court within whose district he is found, and that warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up to the Court within whose district the offence was committed, according to the warrant.

30. (1) In cases of murder or manslaughter if either the death, or the criminal act which wholly or partly caused the death, happened within the jurisdiction of a Court acting under this Order, that Court shall have the like jurisdiction over any person who is charged either as the principal offender, or as accessory before the fact to murder, or as accessory after the fact to murder or manslaughter, as if both the criminal act and the death had happened within that jurisdiction.

(2) In the case of any offence committed on the high seas, or within the Admiralty jurisdiction, by any British subject on board a British ship, or on board a foreign ship to which he did not belong, the Court shall, subject to the provisions of this Order, have jurisdiction as if the offence had been committed within the jurisdiction of that Court. In cases tried under this Article no different sentence can be passed from the sentence which could be passed in England if the offence were tried there.

(3) The foregoing provisions of this Article shall be deemed to be adaptations, for the purposes of this Order and of the Foreign Jurisdiction Act, 1890, of the following enactments, that is to say:

The Admiralty Offences (Colonial) Act, 1849.

The Admiralty Offences (Colonial) Act, 1860.

The Merchant Shipping Act, 1894, section 685.

Apprehension and Custody of Accused Persons.

31. (1) Where a person charged with an offence is arrested on a warrant issuing out of any Court, he shall be brought before the Court within forty-eight hours after the execution of the warrant, unless in any case circumstances unavoidably prevent his being brought before the Court within that time, which circumstances shall be recorded in the Minutes.

(2) In every case he shall be brought before the Court as soon as circumstances reasonably admit, and the time and circumstances shall be recorded in the Minutes.

32. Where an accused person is in custody, he shall not be remanded at any time for more than seven days, unless circumstances appear to the Court to make it necessary or proper that he should be remanded for a longer time, which circumstances, and the time of remand, shall be recorded in the Minutes.

33. In no case shall a remand be for more than fourteen days at one time, unless in case of illness of the accused or other case of necessity.

34. Where the Court issues a summons or warrant against any person on complaint of an offence committed on board of, or in relation to, a British ship, then, if it appears to the Court that the interests of public justice so require, that Court may issue a warrant or order for the detention of the ship, and may cause the ship to be detained accordingly, until the charge is heard and determined, and the order of the Court thereon is fully executed, or for such shorter time as the Court thinks fit; and the Court shall have power to make all such orders as appears to it necessary or proper for carrying this provision into effect.

35. (1) The Court may, in its discretion, admit to bail a person charged with any of the following offences, namely:

Any felony.

Riot.

Assault on any officer in the execution of his duty, or on any person acting in his aid.

Neglect or breach of duty by an officer.

But a person charged with treason or murder shall not be admitted to bail except by the Court for Siam.

(2) In all other cases the Court shall admit the accused to bail unless the Court, having regard to the circumstances, sees good reason to the contrary, which reason shall be recorded in the Minutes.

(3) The Court for Siam may admit a person to bail, although a District Court has not thought fit to do so.

(4) The accused who is to be admitted to bail, either on remand or on or after trial ordered, shall produce such surety or sureties as, in the opinion of the Court, will be sufficient to insure his appearance as and when required, and shall with him or them enter into a recognizance accordingly.

Trial with Jury or Assessors.

36. (1) Where the offence charged is treason or murder, the case must be tried with a jury before the Court for Siam.

(2) In each of the two following cases, namely:

(i) Where the offence charged is rape, arson, housebreaking, robbery with violence, forgery, or perjury, or

(ii) Where the offence charged is any other than aforesaid but it appears to the Court at any time before the trial, the opinion of the Court being recorded in the Minutes, that the offence charged, if proved, would not be adequately punished by imprisonment for three months with hard labour, or by a fine of £20, or both such imprisonment and fine,

the charge shall be triable with a jury or assessors (according to the provisions of this Order applicable to the Court), but may, with the consent of the accused, be tried without assessors or jury. In the Court for Siam, when the accused does not so consent, the charge shall be tried with a jury, unless the Court is of opinion that a jury cannot be obtained.

(3) The Court for Siam may, for any special reason, direct that any case shall be tried with assessors or a jury, and a District Court may, for any special reason, direct that any case shall be tried with assessors. In each such case the special reason shall be recorded in the Minutes.

37 (1) Where an accused person is ordered to be tried before a Court with a jury or with assessors he shall be tried as soon after the making of the order as circumstances reasonably admit

(2) As long notice of the time of trial as circumstances reasonably admit shall be given to him in writing, under the seal of the Court, which notice, and the time thereof, shall be recorded in the Minutes.

38 (1) The Court for Siam shall, when required by the Secretary of State, send to him a report of the sentence of the Court in any case tried before that Court with a jury or assessors, with a copy of the Minutes and notes of evidence, and with any observations which the Court thinks fit to make.

(2) Every District Court shall, in accordance with Rules of Court, send to the Court for Siam a report of the sentence of the Court in every case tried by that Court with assessors, with such Minutes notes of evidence, and other documents as such Rules may direct, and with any observations which the District Court thinks fit to make.

Summary Trial.

39 Where the complaint discloses an offence which is not required to be heard on a charge and the Court does not think fit to direct it to be heard on a charge, the accused may be tried summarily on the complaint Provided that no greater punishment shall be imposed than imprisonment for three months, or a fine of £20, or both

Preliminary Examination

40 (1) Where the accused is before the Court, and it appears to the Court that the complaint discloses an offence—

(a) which ought to be tried in or reported to another Court or

(b) which ought to be tried before the same Court with a jury or assessors,

the Court shall proceed to make a preliminary examination in the prescribed manner

(2) Where the case is to be tried in or reported to another Court, the Court shall, on the conclusion of the preliminary examination bind by recognizance the prosecutor and every witness to appear at the trial to prosecute, or to prosecute and give evidence or to give evidence (as the case may be) and shall forthwith send the depositions, with a minute of other evidence (if any) and a report, to the Court before which the trial is to take place.

41. (1) Where a person is charged with the commission of an offence the cognizance whereof appertains to the Court, and it is expedient that the offence be inquired of, tried, determined, and punished within His Majesty's dominions elsewhere than in England, the accused may (under the Foreign Jurisdiction Act, 1890, section 6) be sent for trial to Singapore.

(2) The Court for Siam may, where it appears so expedient, by warrant under the hand of a Judge and the seal of the Court, cause the accused to be sent for trial to Singapore accordingly.

(3) The warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up at Singapore according to the warrant.

(4) Where any person is to be so sent to Singapore, the Court before which he is charged shall take the preliminary examination, and shall bind over such of the proper witnesses as are British subjects in their own recognizances to appear and give evidence on the trial.

42. (1) If a British subject, having appeared as prosecutor or witness at a preliminary examination, refuses to enter into a recognizance to appear at the trial to prosecute or give evidence, the Court may send him to prison, there to remain until after the trial, unless in the meantime he enters into a recognizance.

(2) But if afterwards, from want of sufficient evidence or other cause, the accused is discharged, the Court shall order that the person imprisoned for so refusing be also discharged.

(3) Where the prosecutor or witness is not a person subject to this Order, the Court may require him either to enter into a recognizance or to give other security for his attendance at the trial, and if he fails to do so may in its discretion dismiss the charge.

(4) Subject to Rules of Court made under this Order, the Court may order payment of allowances in respect of their reasonable expenses to any complainant or witness attending before the Court on the trial of any criminal case by a jury or with assessors, and also to jurors, assessors, interpreters, medical practitioners, or other persons employed in or in connection with criminal cases.

Charges.

43. (1) Every accused person, unless tried summarily, shall be tried upon a charge, which shall state the offence charged, with such particulars as to the time and place of the alleged offence, and the person (if any) against whom or the thing (if any) in respect of which it was committed, as are reasonably sufficient to give the accused notice of the matter with which he is charged.

(2) The fact that a charge is made is equivalent to a statement that every legal condition required by law to constitute the offence charged was fulfilled in the particular case.

(3) Where the nature of the case is such that the particulars above mentioned do not give such sufficient notice as aforesaid, the charge shall also contain such particulars of the manner in which the alleged offence was committed as will give such sufficient notice.

(4) For the purposes of the application of any Statute law, a charge framed under the provisions of this Order shall be deemed to be an indictment.

44. For every distinct offence of which any person is accused there shall be a separate charge, and every such charge shall be tried separately, except in the cases following, that is to say:

(*a*) Where a person is accused of more offences than one of the same kind committed within the space of twelve months from the first to the last of such offences, he may be charged with, and tried at one trial for, any number of them not exceeding three.

(*b*) If in one series of acts so connected together as to form the same transaction more offences than one are committed by the same person, he may be charged with, and tried at one trial for, every such offence.

(*c*) If the acts alleged constitute an offence falling within two or more definitions or descriptions of offences in any law or laws, the accused may be charged with, and tried at one trial for, each of such offences.

(*d*) If several acts constitute several offences, and also, when combined, a different offence, the accused may be charged with, and tried at one trial for, the offence constituted by such acts when combined, or one or more of the several offences, but in the latter case shall not be punished with more severe punishment than the Court which tries him could award for any one of these offences.

(*e*) If a single act or series of acts is of such a nature that it is doubtful which of several offences the facts which can be proved will constitute, the accused may be charged with having committed all or any of such offences, and any number of such charges may be tried at once; or he may be charged in the alternative with having committed some one of the offences; and if it appears in evidence that he has committed a different offence for which he might have been charged, he may be convicted of that offence, although not charged with it.

45. When more persons than one are accused of the same offence or of different offences committed in the same transaction, or when one is accused of committing an offence and another of abetting or attempting to commit that offence, they may be charged and tried together or separately, as the Court thinks fit.

46. (1) The Court, if sitting with a jury or assessors, may alter any charge at any time before the verdict of the jury is returned or the opinions of the assessors are expressed; if sitting without jury or assessors, at any time before judgment is pronounced.

(2) Every such alteration shall be read and explained to the accused.

(3) If the altered charge is such that proceeding with the trial immediately is likely, in the opinion of the Court, to prejudice the accused or the prosecutor, the Court may adjourn the trial for such period as may be necessary.

47. (1) No error or omission in stating either the offence or the particulars shall be regarded at any stage of the case as material, unless the accused was misled by such error or omission.

(2) When the facts alleged in certain particulars are proved and constitute an offence, and the remaining particulars are not proved, the accused may be convicted of the offence constituted by the facts proved, although not charged with it.

(3) When a person is charged with an offence, and the evidence proves either the commission of a minor offence or an attempt to commit the offence charged, he may be convicted of the minor offence or of the attempt.

48. (1) If the accused has been previously convicted of any offence, and it is intended to prove such conviction for the purpose of affecting the punishment which the Court is competent to award, the fact, date, and place of the previous conviction shall be stated in the charge.

(2) If such statement is omitted, the Court may add it at any time before sentence is passed.

(3) The part of the charge stating the previous convictions shall not be read out in Court, nor shall the accused be asked whether he has been previously convicted, as alleged in the charge, unless and until he has either pleaded guilty to, or been convicted of, the subsequent offence.

(4) If he pleads guilty to, or is convicted of, the subsequent offence, he shall then be asked whether he has been previously convicted, as alleged in the charge.

(5) If he answers that he has been so previously convicted, the Court may proceed to pass sentence on him accordingly, but, if he denies that he has been so previously convicted, or refuses to, or does not, answer the question, the Court shall then inquire concerning the previous conviction, and in that case (where the trial is by jury) it shall not be necessary to swear the jurors again.

Punishments.

49. The powers of the Courts with respect to punishments are limited, as follows:

(1) The Court for Siam may award in respect of an offence any punishment which may in respect of a similar offence be awarded in England provided that (*a*) imprisonment with hard labour shall be substituted for penal servitude, and (*b*) the Court for Siam shall not award a fine exceeding £500, or, in case of a continuing offence, in addition to imprisonment or fine, or both, a fine not exceeding £1 for each day during which the offence continues after conviction.

(2) A District Court may award imprisonment, not exceeding twelve months, with or without hard labour, and with or without a fine not exceeding £100, or a fine not exceeding £100, without imprisonment.

(3) But nothing in this Article shall be deemed to empower any Court to award for any offence any punishment not authorized by law in relation to that offence.

50. (1) If any person is guilty of an offence against this Order not distinguished as a grave offence against this Order, he is liable, on summary conviction—

(i) to a fine not exceeding £5, without any imprisonment; or

(ii) to imprisonment not exceeding one month, without fine; or

(iii) to imprisonment not exceeding fourteen days, with a fine not exceeding £2.

(2) Imprisonment under this Article is without hard labour.

51. (1) If any person is guilty of an offence against this Order, distinguished as a grave offence against this Order, he is liable on summary conviction—

(i) to a fine not exceeding £10, without imprisonment, or

(ii) to imprisonment not exceeding two months, without fine; or

(iii) to imprisonment not exceeding one month, with a fine not exceeding £5.

(2) Imprisonment under this Article is, in the discretion of the Court, with or without hard labour.

52. (1) The Court may, if it thinks fit, order a person convicted of an assault to pay to the person assaulted by way of damages any sum not exceeding £10.

(2) Damages so ordered to be paid may be either in addition to or in lieu of a fine, and shall be recoverable in like manner as a fine.

(3) Payment of such damages shall be a defence to an action for the assault.

53. (1) The Court may, if it thinks fit, order a person convicted before it to pay all or part of the expenses of his prosecution, or of his imprisonment or other punishment, or of both, the amount being specified in the order.

(2) Where it appears to the Court that the charge is malicious, or frivolous and vexatious, the Court may, if it thinks fit, order the complainant to pay all or part of the expenses of the prosecution, the amount being specified in the order.

(3) In these respective cases the Court may, if it thinks fit, order that the whole or such portion as the Court thinks fit of the expenses so paid be paid over to the complainant or to the accused (as the case may be).

(4) In all cases the reasons of the Court for making any such order, or for refusing it if applied for, shall be recorded in the Minutes.

54. Where any person is sentenced to suffer the punishment of death, the Judge who presided at the trial shall forthwith send a report of the sentence, with a copy of the Minutes of proceedings and notes of evidence in the case, and with any observations he thinks fit, to the Minister.

The sentence shall not be carried into execution without the direction of the Minister in writing under his hand.

The Minister, if he does not direct that the sentence of death be carried into execution, shall direct what punishment in lieu of the punishment of death is to be inflicted on the person convicted, and the person convicted shall be punished accordingly.

55. (1) The Court for Siam may by general order, approved by the Secretary of State, prescribe the manner in which and the prisons in Siam at which punishments passed by any Court or otherwise awarded under this Order are to be carried into execution.

(2) The warrant of any Court shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named in any prison so prescribed.

56. (1) Where an offender is sentenced to imprisonment, and the Court for Siam thinks it expedient that the sentence be carried into effect within His Majesty's dominions, and the offender is accordingly, under section 7 of the Foreign Jurisdiction Act, 1890, sent for imprisonment to a place in His Majesty's dominions, the place shall be either Singapore, or a place in some other part of His Majesty's dominions, the Government whereof consents that offenders may be sent thither under this Article.

(2) The Court for Siam may, by warrant under the hand of a Judge and the seal of the Court, cause the offender to be sent to Singapore, or other such place as aforesaid, in order that the sentence may be there carried into effect accordingly.

(3) The warrant shall be sufficient authority to any person to whom it is directed to receive and detain the person therein named, and to carry him to and deliver him up at the place named, according to the warrant.

57. (1) The Court for Siam may, if it thinks fit, report to the Secretary of State recommending a mitigation or remission of any punishment awarded by any Court, and thereupon the punishment may be mitigated or remitted by the Secretary of State.

(2) Nothing in this Order shall affect His Majesty's prerogative of pardon.

Inquests.

58. The Court shall have and discharge all the powers, rights, and duties appertaining to the office of Coroner in England, in relation, not only to deaths of British subjects happening in the district of the Court, but also to deaths of any persons having happened

at sea on board British ships arriving in the district, and to deaths of British subjects having happend at sea on board foreign ships so arriving, provided as follows:

(*a*) Where a British subject is charged with causing the death, the Court may, without holding an inquest, proceed forthwith with the preliminary examination.

(*b*) Where a British subject is not charged with causing the death, the Court shall, without any jury hold an inquest, taking the depositions of those who know the facts. If, during or after the inquest, a British subject is so charged, the deposition shall be read over in the presence of the witnesses and of the accused, who shall be entitled to cross-examine each witness, and the procedure shall be as in other cases of preliminary examination. If after the inquest the Court does not see fit to cause any person to be charged, the Court shall certify its opinion of the cause of the death. When the inquest is held by a District Court, the certificate and the depositions shall be sent forthwith to the Court for Siam, and that Court may give any directions which may seem proper in the circumstances.

Statutory and other Offences

59. Any act which, if done in the United Kingdom, or in a British possession, would be an offence against any of the following Statutes of the Imperial Parliament or Orders in Council, that is to say—

The Merchandize Marks Act, 1887,

The Patents, Designs, and Trade-marks Acts, 1883 to 1888;

Any Act, Statute, or Order in Council for the time being in force relating to copyright, or to inventions, designs, or trade marks,

Any Statute amending, or substituted for, any of the above-mentioned Statutes;

Shall, if done by a British subject in Siam, be punishable as a grave offence against this Order, whether such act is done in relation to any property or right of a British subject, or of a foreigner, or native, or otherwise howsoever

Provided—

(1) That a copy of any such Statute or Order in Council shall be published in the public office of the Consulate at Bangkok, and shall be there open for inspection by any person at all reasonable times, and a person shall not be punished under this Article for anything done before the expiration of one month after such publication, unless the person offending is proved to have had express notice of the Statute or Order in Council

(2) That a prosecution by or on behalf of a prosecutor who is not a British subject shall not be entertained unless the Court is satisfied that effectual provision exists for the punishment in Consular or other Courts in Siam of similar acts committed by the subjects of the State or Power of which such prosecutor is a subject, in relation to, or affecting the interests of, British subjects.

60. (1) If a British subject—

(i) Smuggles, or attempts to smuggle, out of Siam any goods on exportation whereof a duty is payable to the Siamese Government,

(ii) Imports or exports, or attempts to import or export, into or out of Siam any goods, intending and attempting to evade payment of duty payable thereon to the Siamese Government,

(iii) Imports or exports, or attempts to import or export, into or out of Siam any goods the importation or exportation whereof, into or out of Siam, is prohibited by law,

(iv) Without a proper license, sells, or attempts to sell, or offers for sale, in Siam, any goods whereof the Siamese Government has by law a monopoly,

in each of the four cases aforesaid he shall be guilty of a grave offence against this Order.

(2) Where a person is charged with such an offence as in this Article is mentioned, the Court may seize the goods in relation to which the alleged offence was committed, and may hold the same until after the hearing of the charge.

(3) If a person so charged is convicted, then those goods whether they have been so seized or not shall be forfeited to His Majesty the King, and the Court shall dispose of them as the Court thinks fit.

61. (1) If any British subject, without His Majesty's authority, proof whereof shall lie on the party accused, does any of the following things, that is to say

(*a*) Levies war or takes any part in any operation of war against, or aids or abets any person in carrying on war, insurrection, or rebellion against the Government of Siam, or

(*b*) Takes part in any operation of war in the service of the Government of Siam against any persons engaged in carrying on war, insurrection, or rebellion against that Government;

he shall be guilty of an offence against this Order, and, on conviction thereof, shall be liable to imprisonment, with or without hard labour, for any term not exceeding two years, and with or without a fine not exceeding £500, or to a fine not exceeding £500 without imprisonment.

(2) In addition to any such punishment every conviction under the provisions of this Article shall of itself, and without further proceedings, make the person convicted liable to deportation, and the Court may order him to be deported from Siam in manner provided by this Order.

(3) An offence against this Article shall not be tried except in the Court for Siam.

62. (1) Any British subject being in Siam may be proceeded against, tried, and punished under this Order for piracy wherever committed.

(2) If a person accused of piracy is brought before a District Court, that Court shall report the case to the Court for Siam, and the Court for Siam shall thereupon direct in what mode and when the case shall be heard and determined, and the case shall be heard and determined accordingly.

63. (1) Where, by agreement among the Diplomatic or Consular Representatives in Siam of foreign States, or some of them, in conjunction with the Siamese authorities, Sanitary, or Police, or Port, or Game, or other Regulations are established, and the same, as far as they affect British subjects, are approved by the Secretary of State, the Court may, subject and according to the provisions of this Order, entertain any complaint made against a British subject for a breach of those Regulations, and may enforce payment of any fine incurred by that subject or person in respect of that breach, in like manner, as nearly as may be, as if that breach were by this Order declared to be an offence against this Order.

(2) In any such case the fine recovered shall be disposed of and applied in such manner (if any) as may be provided by those Regulations, or otherwise in like manner as other fines recovered under this Order.

64. Every person subject to the criminal jurisdiction of the Court who prints, publishes, or offers for sale any printed or written newspaper or other publication containing matter calculated to excite tumult or disorder, or to excite enmity between His Majesty's subjects and the Government of Siam, or between that Government and its subjects, shall be guilty of a grave offence against this Order and may, in addition to, or in lieu of, any other punishment, be ordered to give security for good behaviour, and in default thereof, or on a further conviction for the like offence, he may be ordered to be deported.

An offence against this Article shall not be tried in a District Court.

65. (1) If a British subject—

(i) Publicly derides, mocks, or insults any religion established or observed within Siam; or

(ii) Publicly offers insult to any religious service, feast, or ceremony established or kept in any part of those dominions, or to any place of worship, tomb, or sanctuary belonging to any religion established or observed within those dominions, or belonging to the ministers or professors thereof; or

(iii) Publicly and wilfully commits any act tending to bring any religion established or observed within those dominions, or its ceremonies, mode of worship, or observances, into hatred, ridicule, or contempt, and thereby to provoke a breach of the public peace; he shall be guilty of an offence, and, on conviction thereof, liable to imprisonment not exceeding two years, with or without hard labour, and with or without a fine not exceeding £50, or to a fine alone not exceeding £50.

(2) Notwithstanding anything in this Order, every charge under this Article shall be heard and determined by the Court alone, without jury or assessors, and any District Court shall have power to impose the punishment aforesaid.

(3) Consular officers shall take such precautionary measures as seem to them proper and expedient for the prevention of such offences.

66. (1) If any person, subject to the criminal jurisdiction of a Court, does any of the following things, namely:

(*a*) Wilfully, by act or threat, obstructs an officer of, or person executing any process of, the Court in the performance of his duty; or

(*b*) Within or close to the room or place where the Court is sitting wilfully misbehaves in a violent, threatening or disrespectful manner, to the disturbance of the Court, or to the intimidation of suitors or others resorting thereto; or

(*c*) Wilfully insults any member of the Court, or any assessor or juror, or any person acting as clerk or officer of the Court, during his sitting or attendance in Court, or in his going to or returning from Court; or

(*d*) Does any act in relation to the Court, or a matter pending therein, which, if done in relation to the High Court in England, would be punishable as a contempt of that Court;

he shall be guilty of a grave offence against this Order:

Provided that the Court, if it thinks fit, instead of directing proceedings as for an offence against this Order, may order the offender to be apprehended forthwith, with or without warrant, and on inquiry and consideration, and after the hearing of any defence which such person may offer, without further process or trial, may adjudge him to be punished with a fine not exceeding £10, or with imprisonment not exceeding twenty-four hours, at the discretion of the Court.

(2) A Minute shall be made and kept of every such case of punishment, recording the facts of the offence, and the extent of the punishment. In the case of a District Court, a copy of the Minute shall be forthwith sent to the Court for Siam.

(3) Nothing herein shall interfere with the power of the Court to remove or exclude persons who interrupt or obstruct the proceedings of the Court.

67. (1) If an officer of the Court employed to execute an order loses by neglect or omission the opportunity of executing it, then, on complaint of the person aggrieved, and proof of the fact alleged, the Court may, if it thinks fit, order the officer to pay the damages sustained by the person complaining, or part thereof.

(2) The order shall be enforced as an order directing payment of money.

68. (1) If a clerk or officer of the Court, acting under pretence of the process or authority of the Court is charged with extortion or with not paying over money duly levied, or with other misconduct the Court, if it thinks fit, may inquire into the charge in a summary way, and may for that purpose summon and enforce the attendance of all necessary persons, as in an action, and may make such order for the repayment of any money extorted, or for the payment over of any money levied, and for the payment of such damages and costs, as the Court thinks fit.

(2) The Court may also, if it thinks fit, on the same inquiry, impose on the clerk or officer such fine, not exceeding £5 for each offence, as the Court thinks fit.

(3) A clerk or officer against whom an order has been made, or who has been acquitted under this Article, shall not be liable to an action in respect of the same matter, and any such action if begun, shall be stayed by the Court in such manner and on such terms as the Court thinks fit.

Deportation.

69. (1) Where it is proved that there is reasonable ground to apprehend that a British subject is about to commit a breach of the public peace, or is otherwise conducting himself so as to be dangerous to peace and good order or is endeavouring to excite enmity between the people of Siam and His Majesty, or is intriguing against His Majesty's power and authority within the limits of this Order, the Court may, if it thinks fit, cause him to be brought before it, and require him to give security to the satisfaction of the Court, to keep the peace, or for his future good behaviour, as the case may require.

(2) Where a British subject is convicted of an offence before the Court, the Court may, if it thinks fit, require him to give security to the satisfaction of the Court for his future good behaviour, and for that purpose may (if need be) cause him to be brought before the Court.

(3) In either of the foregoing cases, if the person required to give security fails to do so, the Court may order that he be deported from Siam to such place as the Court directs

(4) The place shall be a place in some part (if any) of His Majesty's dominions to which the person belongs, or the Government of which consents to the reception of persons deported under this Order.

(5) A District Court shall report to the Court for Siam any order of deportation made by it and the grounds thereof, before the order is executed. The Court for Siam may reverse the order, or may confirm it with or without variation, and, in case of confirmation, shall direct it to be carried into effect.

(6) The person to be deported shall be detained in custody until a fit opportunity for his deportation occurs.

(7) He shall, as soon as is practicable, and, in the case of a person convicted, either after execution of the sentence or while it is in course of execution, be embarked in custody under the warrant of the Court for Siam on board one of His Majesty's vessels of war, or, if there is no such vessel available, then on board any British or other fit vessel bound to the place of deportation.

(8) The warrant shall be sufficient authority to the commander or master of the vessel to receive and detain the person therein named, and to carry him to and deliver him up at the place named according to the warrant.

(9) If any master of a British ship, after a reasonable remuneration for the conveyance of a deported person has been tendered or paid to him, refuses or fails to carry such person to the place named, he shall be liable to a penalty not exceeding £50.

(10) The Court may order the person to be deported to pay all or any part of the expenses of his deportation. Subject thereto, the expenses of deportation shall be defrayed in such manner as the Secretary of State, with the concurrence of the Treasury, may direct.

(11) The Court for Siam shall forthwith report to the Secretary of State any order of deportation made or confirmed by it and the grounds thereof, and shall also inform the Minister.

(12) If any person deported under this or any former Order returns to Siam without permission in writing from the Secretary of State (which permission the Secretary of State may give), he shall be deemed guilty of a grave offence against this Order; and he shall also be liable to be forthwith again deported.

Appeal and Reserved Case.

70. Where a person is convicted before the Court for Siam or before a District Court—

(a) If he considers the conviction erroneous in law, then, on his application, within the prescribed time (unless it appears merely frivolous, when it may be refused); or

(b) If the District Court or the Court for Siam thinks fit to reserve for consideration of the Full Court any question of law arising on the trial; the Court shall state a case, setting out the facts and the grounds of the conviction, and the question of law, and send it to the Registrar of the Court for Siam.

71. Where a case is stated under the last preceding Article, the Court before whom the trial was had shall, as it thinks fit, either postpone judgment on the conviction, or respite execution of the judgment and either commit the person convicted to prison, or take security for him to appear and receive judgment, or to deliver himself for execution of the judgment (as the case may require), at an appointed time and place.

72. (1) The Full Court, sitting without a jury or assessors, shall hear and finally determine the matter, and thereupon shall reverse, affirm, or amend the judgment given, or set it aside, and order an entry to be made in the Minutes that, in the judgment of that Court, the person ought not to have been convicted, or order judgment to be given at a subsequent sitting of the Court before whom the trial was had, or make such other order as the Full Court thinks just, and shall also give all necessary and proper consequential directions.

(2) The judgment of the Full Court shall be delivered in open Court, after the public hearing of any argument offered on behalf of the prosecutor or of the person convicted.

(3) Before delivering judgment, the Full Court may, if necessary, cause the case to be amended by the Court before whom the trial was had.

(4) The Full Court shall not annul a conviction or sentence, or vary a sentence, on the ground—

(a) Of any objection which, if stated during the trial, might, in the opinion of the Court, have been properly met by amendment at the trial; or

(b) Of any error in the summoning of assessors; or

(c) Of any person having served as assessor who was not qualified; or

(d) Of any objection to any person as assessor which might have been raised before or at the trial; or

(e) Of any informality in the swearing of any witness; or

(f) Of any error or informality which, in the opinion of the Court, did not affect the substance of the case or subject the convicted person to any undue prejudice.

73. There shall be no appeal in a criminal case to His Majesty the King in Council from a decision of the Full Court, except by special leave of His Majesty in Council.

Fugitive Offenders.

74. The Fugitive Offenders Act, 1881, and the Colonial Prisoners Removal Act, 1884, shall apply to Siam, as if Siam were a British possession and part of His Majesty's dominions.

Subject as follows:

(*a*) The Minister is hereby substituted for the Governor or Government of a British possession; and

(*b*) The Court for Siam is hereby substituted for a Superior Court of a British possession.

(*c*) The Court for Siam and each District Court is substituted for a Magistrate of any part of His Majesty's dominions

(*d*) For the purposes of Part II of the said Act of 1881, and of this Article in relation thereto, Siam and its dependencies and the Straits Settlements shall be deemed to be one group of British possessions.

PART IV.—CIVIL MATTERS.

75. Subject to the provisions of this Order the civil jurisdiction of every Court acting under this Order shall, as far as circumstances admit, be exercised on the principles of, and in conformity with, English law for the time being.

Procedure.

76. (1) Every civil proceeding in the Court shall be taken by action, and not otherwise, and shall be designated an action.

(2) For the purposes of any statutory enactment or other provision applicable under this Order to any civil proceeding in the Court, an action under this Order shall comprise and be equivalent to a suit, cause, or petition, or to any civil proceeding, howsoever required by any such enactment or provision to be instituted or carried on.

77. (1) Every action shall commence by a summons issued from the Court, on the application of the plaintiff, and served on the defendant (in this Order referred to as an original summons)

(2) Every application in the course of an action may be made to the Court orally, and without previous formality, unless in any case the Court otherwise directs, or the Rules of Court otherwise provide.

(3) No action or proceeding shall be treated by the Court as invalid on account of any technical error or mistake in form or in words.

(4) All errors and mistakes may be corrected, and times may be extended, by the Court in its discretion, and on such terms as the Court thinks just.

78. (1) The sittings of the Court for the hearing of actions shall, where the amount of business so requires, be held on stated days.

(2) The sittings shall ordinarily be public, but the Court may, for reasons recorded in the Minutes, hear any particular case in the presence only of the parties and their legal advisers and the officers of the Court.

79. There shall ordinarily be no written pleadings; but the Court may at any time, if it thinks fit, order the plaintiff to put in a written statement of his claim, or a defendant to put in a written statement of his defence.

80. The evidence on either side may, subject to the direction of the Court, be wholly or partly oral, or on affidavit, or by deposition.

81. (1) Notwithstanding anything in this Order, the Court (for reasons recorded in the Minutes) may at any time do any of the following things as the Court thinks just:

(i) Defer or adjourn the hearing or determination of any action, proceeding, or application;

(ii) Order or allow any amendment of any pleading or other document;

(iii) Appoint or allow a time for, or enlarge or abridge the time appointed or allowed for, or allow further time for, the doing of any act or the taking of any proceeding.

(2) Any order within the discretion of the Court may be made on such terms respecting time, costs, or other matters as the Court thinks fit.

82. (1) Subject to the provisions of this Order, every action in the Court for Siam which involves the amount or value of £200 or upwards shall, on the demand of either party in writing, filed in the Court seven days before the day appointed for the hearing, be heard with a jury.

(2) Any other suit may, on the suggestion of any party, at any stage, be heard with a jury, if the Court thinks fit.

(3) Any suit may be heard with a jury if the Court, of its own motion, at any stage, thinks fit.

(4) Where a jury is not employed the Court for Siam may hear any action with or without assessors.

83. (1) A District Court shall (subject to the provisions of this Order) hear with assessors every action which involves the amount or value of £150 or upwards.

(2) In all other cases a District Court may, as it thinks fit, hear the action either with or without assessors.

84. (1) After the issue of a summons by any Court, the decision of that Court may be given upon a special case submitted to the Court by the parties.

(2) Any decision of a District Court may be given subject to a case to be stated by, or under the direction of, that Court for the opinion or direction of the Court for Siam.

85. Subject to the provisions of this Order and the Rules of Court, the costs of, and incident to, all proceedings in the Court shall be in the discretion of the Court, provided that if the action is tried with a jury the costs shall follow the event, unless the Court shall for good cause (to be entered in the Minutes) otherwise order.

Arbitration.

86. (1) Any agreement in writing between any British subjects to submit present or future differences to arbitration, whether an Arbitrator is named therein or not, may be filed in the Court by any party thereto, and, unless a contrary intention is expressed therein, shall be irrevocable, and shall have the same effect as an order of the Court.

(2) Every such agreement is in this Order referred to as a submission.

(3) If any action is commenced in respect of any matter covered by a submission, the Court, on the application of any party to the action, may by order stay the action.

87. (1) In any action—

(*a*) If all parties consent, or

(*b*) If the matters in dispute consist wholly or partly of matters of account, or require for their determination prolonged examination of documents or any scientific or local examination,

the Court may at any time refer the whole action, or any question or issue arising therein, for inquiry and report, to any Referee.

(2) The report of the Referee may be adopted wholly or partially by the Court, and if so adopted may be enforced as a judgment of the Court.

(3) The Court may also in any case, with the consent of both parties to an action, or of any parties between whom any questions in the action arise (such consent being signified by a submission), refer the action or the portions referred to in the submission to arbitration, in such manner and upon such terms as it shall think reasonable or just.

(4) In all cases of reference to a Referee or Arbitrator, under any order of the Court, the special Referee or Arbitrator shall be deemed to be an officer of the Court, and shall have such powers and authority, and shall conduct such reference or arbitration in such manner as may be prescribed by any Rules of Court, and subject thereto as the Court may direct.

88. Subject to the Rules of Court, the Court shall have authority to enforce any submission, or any award made thereunder, and to control and regulate the proceedings before and after the award, in such manner and on such terms as the Court thinks fit.

Bankruptcy.

89. (1) Each Court shall, as far as circumstances admit, have, for and within its own district, with respect to the following classes of persons being either resident in Siam or carrying on business there, namely, resident British subjects and their debtors and creditors, being British subjects, or foreigners submitting to the jurisdiction of the Court, all

such jurisdiction in bankruptcy as for the time being belongs to the High Court and the County Courts in England.

(2) Proceedings in bankruptcy shall be originated by a summons to the party to be made bankrupt to show cause why he should not be adjudicated bankrupt, or by a summons issued by a debtor himself to his creditor, or any of his creditors, to show cause why he (the debtor) should not be adjudicated bankrupt.

(3) On or at any time after the issue of such a summons, the Court for Siam may stay any proceedings pending in any Court in any action, execution, or other legal process against the debtor in respect of any debt provable in bankruptcy, or it may allow such proceedings, whether pending at the commencement of the bankruptcy or begun during the continuance of the bankruptcy, to proceed on such terms as the Court thinks fit.

(4) The Court may, on or at any time after the issue of such a summons, appoint a receiver or manager of the property or business of the debtor, or of any part thereof, and may direct immediate possession to be taken by an officer of the Court, or under the control of the Court, of that property or business, or of any part thereof.

Admiralty.

90. (1) The Court for Siam shall have Admiralty jurisdiction for and within the limits of this Order, and over vessels and persons coming within the same.

(2) The following enactments of the Colonial Courts of Admiralty Act, 1890—that is to say, section 2, sub-sections (2) to (4), sections 5 and 6; section 16, sub-section (3)—shall apply to the Court for Siam as if that Court were a Colonial Court of Admiralty, and as if Siam were a British possession; and for the purpose of this application the expressions "judgment" and "appeal" shall in the enactments so applied have the same respective meanings as are assigned thereto in section 15 of the said Act.

Matrimonial.

91. (1) The Court for Siam shall, as far as circumstances admit, have for and within Siam, with respect to British subjects, all such jurisdiction in matrimonial causes, except the jurisdiction relative to dissolution or nullity or jactitation of marriage, as for the time being belongs to the High Court in England.

(2) The Court for Siam and every District Court shall have jurisdiction from time to time to make an order requiring a person to contribute, in such manner as the Court directs, to the support of his wife or to the support of his or her child, whether legitimate or not, being, in the opinion of the Court, under the age of 16 years. Any such order may be made in a summary way, as if the neglect to provide for the support of such wife or child were an offence, and any failure to comply with any such order shall be deemed to be an offence, and shall be punishable with a fine not exceeding £2 for any one default, and the Court may direct any penalty imposed for such offence to be applied for the support of such wife or child in such manner as the Court thinks fit.

Lunacy.

92. (1) The Court for Siam shall, as far as circumstances admit, have for and within Siam, in relation to British subjects, all such jurisdiction relative to the custody and management of the persons and estates of lunatics, as for the time being belongs to the Lord Chancellor or other Judge or Judges in England intrusted by virtue of His Majesty's sign manual with the care and commitment of the custody of the persons and estates of lunatics, and also such jurisdiction as may be exercised in England by a judicial authority under the provisions of the Lunacy Act, 1890, or any Act amending the same.

(2) A District Court shall, as far as circumstances permit, have, in relation to British subjects, such jurisdiction relative to the custody and management of the persons and estates of lunatics as for the time being may be prescribed by Rules of Court, and until such Rules are made, and so far as such Rules do not apply, as may be exercised in England by a judicial authority and by the Masters in Lunacy under the provisions of the Lunacy Act, 1890, or any Act amending the same.

(3) In any such case the District Court may, of its own motion, or on the application of any person interested, take or authorize such steps as to the Court may seem necessary or expedient for the immediate protection of the person and property of any person appearing to the Court to be a lunatic, and may, from time to time, revoke, or vary, or supplement any order or proceeding taken in the matter.

(4) A District Court shall report any proceedings under this Article to the Court for Siam, and shall thereafter proceed according to any directions of the Court for Siam.

(5) Sections 5 to 7 of the Lunatics Removal (India) Act, 1851 (14 and 15 Vict., cap. 81), shall apply to Siam, with the substitution of "the Court for Siam" for "the Supreme Court of Judicature at any of the Presidencies of India."

Probate and Administration.

93. All real or immovable property situate in Siam, and belonging at the time of his death to any British subject, shall be deemed to be personal estate; and the devolution thereof, in case of intestacy, shall be regulated according to the law of England for the time being relating to personal estate.

94. (1) The Court for Siam shall, as far as circumstances admit, have, for and within Siam, with respect to the wills and the property in Siam of deceased British subjects, all such jurisdiction as for the time being belongs to the High Court in England.

(2) A District Court shall have power to grant probate or letters of administration where there is no contention respecting the right to the grant.

(3) Probate or administration granted by a Court under this order shall have effect over all the property of the deceased within Siam, and shall effectually discharge persons dealing with an executor or administrator thereunder, notwithstanding that any defect afterwards appears in the grant.

95. Section 51 of the Conveyancing (Scotland) Act, 1874, and any enactment for the time being in force amending or substituted for the same, are hereby extended to Siam, with the adaptation following, namely:

The Court for Siam is hereby substituted for a Court of Probate in a Colony.

96. (1) Where probate, administration, or confirmation is granted in England, Ireland, or Scotland, and therein, or by a Memorandum thereon signed by an officer of the Court granting the same, the testator or intestate is stated to have died domiciled in England, Ireland, or Scotland (as the case may be), and the probate, administration, or confirmation is produced to and a copy thereof is deposited with the Court for Siam, the Court shall write thereon a certificate of that production and deposit under the seal of the Court; and thereupon, notwithstanding anything in this Order, the probate, administration, or confirmation shall, with respect to the personal property in Siam of the testator or intestate, have the like effect as if he had been resident in those dominions at his death, and probate or administration to his personal property there had been granted by the Court for Siam.

(2) Any person who, in reliance on an instrument purporting to be a probate, administration, or confirmation granted in England, Ireland, or Scotland, and to bear such a certificate of the Court for Siam as in this Article prescribed, makes or permits any payment or transfer in good faith, shall be, by virtue of this Order, indemnified and protected in respect thereof, in Siam, notwithstanding anything affecting the validity of the probate, administration, or confirmation.

(3) The following shall be the terms of the certificate of the Court for Siam in this Article prescribed, namely:

This probate has [*or* these letters of administration have, *or* this confirmation has] been produced in this Court, and a copy thereof has been deposited with this Court.

97. (1) Where a British subject dies in Siam or elsewhere, intestate, then, until administration is granted, his personal property in Siam shall be vested in the Judge of the Court for Siam.

(2) The Court within whose jurisdiction any property of the deceased is situate shall, where the circumstances of the case appear to the Court so to require, forthwith on his death, or as soon after as may be, take possession of his personal property within the particular jurisdiction, or put it under the seal of the Court (in either case, if the nature of the property or other circumstances so require, making an inventory), and so keep it until it can be dealt with according to law.

98. If any person named executor in the will of the deceased takes possession of and administers or otherwise deals with any part of the personal property of the deceased, and does not obtain probate within one month after the death, or after the termination of any suit or dispute respecting probate or administration, he shall be guilty of an offence and shall be liable to a fine not exceeding £50.

99. If any person, other than the person named executor or an administrator or an officer of the Court, takes possession of and administers or otherwise deals with any part of the personal property of a deceased British subject, whether resident or not, he shall be deemed guilty of a contempt of Court, and shall be liable to a fine not exceeding £50.

100. Where a person appointed executor in a will survives the testator, but either dies without having taken probate, or, having been called on by the Court to take probate, does not appear, his right in respect of the executorship wholly ceases; and without further renunciation the representation to the testator and the administration of his property shall go and may be committed as if that person had not been appointed executor.

101. (1) Where a British subject dies in Siam, any other such subject having in his possession, or under his control, any paper or writing of the deceased, being, or purporting to be, testamentary, shall forthwith bring the original to the Court within whose particular jurisdiction the death happens, and deposit it there.

If any person fails to do so for fourteen days after having knowledge of the death of the deceased, he shall be guilty of an offence and liable to a fine not exceeding £50.

(2) Where it is proved that any paper of the deceased, being, or purporting to be, testamentary, is in the possession or under the control of a British subject, the Court may, whether a suit or proceeding respecting probate or administration is pending or not, order him to produce the paper and bring it into Court.

(3) Where it appears to the Court that there are reasonable grounds for believing that any person has knowledge of any paper, being, or purporting to be, testamentary (although it is not shown that the paper is in his possession or under his control), the Court may, whether a suit or proceeding for probate or administration is pending or not, order that he be examined respecting it before the Court or elsewhere and that he do attend for that purpose, and after examination order that he do produce the paper and deposit it in Court.

102. Where it appears to the Court that the value of the property or estate of a deceased person does not exceed £100, the Court may, without any probate or letters of administration, or other formal proceeding, pay thereout any debts or charges, and pay, remit, or deliver any surplus to such persons, and subject to such conditions, as the Court thinks proper, and shall not be liable to any action, suit, or proceedings in respect of anything done under this Article. Every proceeding of the Court under this Article shall be recorded in the Minutes.

Appeals.

103. (1) Where an action in the Court involves the amount or value of £50 or upwards, any party aggrieved by any decision of that Court, with or without assessors, in the action shall have the right to appeal against the same, on such terms and conditions as may be prescribed by Rules of Court. The appeal lies from decisions of the District Court or of the Court for Siam to the Full Court.

(2) In any other case, the District Court or the Court for Siam may, if it seems just and expedient, give leave to appeal on like terms.

(3) In any case the Full Court may give leave to appeal on such terms as seem just.

Appeals to His Majesty in Council.

104. (1) Where a final judgment or order of the Full Court given or made in a civil action involves the amount or value of £500 or upwards, any party aggrieved thereby may, within the prescribed time, or, if no time is prescribed, within fifteen days after the same is given or made, apply by motion to the Full Court for leave to appeal to His Majesty the King in Council.

(2) The applicant shall give security to the satisfaction of the Court to an amount not exceeding £500 for the prosecution of the appeal, and for such costs in the event of the dismissal of the appeal for want of prosecution as the Full Court may award, and for payment of all such costs as may be awarded to any respondent by His Majesty in Council, or by the Lords of the Judicial Committee of His Majesty's Privy Council.

(3) He shall also pay to the Registrar of the Court for Siam a sum estimated by the Full Court to be the amount of the expense of the making up and transmission to England of the transcript of the record.

(4) If security and payment are so given and made within two months from the filing of the motion-paper for leave to appeal, then, and not otherwise, the Full Court shall give leave to appeal, and the appellant shall be at liberty to prefer and prosecute his appeal to His Majesty in Council according to the rules for the time being in force respecting appeals to His Majesty in Council from his Colonies, or such other rules as His Majesty in Council from time to time thinks fit to make concerning appeals from the Full Court.

(5) In any case the Full Court, if it considers it just or expedient to do so, may give leave to appeal on the terms and in the manner aforesaid.

105. (1) Where leave to appeal to His Majesty in Council is applied for by a person ordered to pay money or do any other act, the Full Court shall direct either that the order appealed from be carried into execution, or that the execution thereof be suspended pending the appeal, as the Court thinks just.

(2) If the Court directs the order to be carried into execution, the person in whose favour it is made shall, before the execution of it, give security to the satisfaction of the Court for performance of such order as His Majesty in Council may think fit to make.

(3) If the Court directs the execution of the order to be suspended, the party against whom it is given shall, before an order for suspension is made, give security to the satisfaction of the Court for performance of such order as His Majesty in Council may think fit to make.

106. This Order shall not affect the right of His Majesty at any time on the humble petition of a person aggrieved by a decision of the Full Court, to admit his appeal thereon on such terms and in such manner as His Majesty in Council may think fit, and to deal with the decision appealed from in such manner as may be just.

PART V.—PROCEDURE, CRIMINAL AND CIVIL.

107. (1) In every case, civil or criminal, Minutes of the proceedings shall be drawn up, and shall be signed by the Judge or Consular officer before whom the proceedings are taken, and shall, where the trial is held with assessors, be open for their inspection and for their signature if concurred in by them.

(2) These Minutes, with the depositions of witnesses, and the notes of evidence taken at the hearing or trial by the Judge or Consular officer, shall be preserved in the public office of the Court.

108. (1) The Judge of the Court for Siam may make Rules of Court for the regulation of all matters of civil and criminal procedure.

Provision may, amongst other things, be made by such Rules—

(*a*) For prescribing forms of procedure ;

(*b*) For regulating the mode in which legal practitioners are to be admitted to practise as such;

(*c*) For prescribing and enforcing the fees to be taken in respect of any proceedings under this Order, not exceeding, as regards any matters provided for by the Consular Salaries and Fees Act, 1891, fees fixed and allowed from time to time by any Order in Council made under that Act;

(*d*) For prescribing a scale of payments to be made to a complainant or witness or a jury or assessors (in criminal cases only), and the conditions upon which an order may be made by the Court for such payments;

(*e*) For prescribing scales of costs to be paid to practitioners;

(*f*) For taking and transmitting depositions of witnesses for use at trials in a British possession or in the United Kingdom.

(2) Rules framed under this Article shall not have effect until approved by the Secretary of State, and, so far as they relate to fees and costs, sanctioned by the Treasury; but in case of urgency declared in any such Rules with the approval of the Minister, the same shall have effect unless and until they are disapproved by the Secretary of State, and notification of such disapproval is received and published by the Judge.

(3) Until such Rules have been made, or in relation to matters to which they do not extend, a Court may adopt and use any procedure or forms heretofore in use in the Courts in Siam, with any modifications or adaptations which may be necessary.

109. (1) The Court may, in any case, if it thinks fit, on account of the poverty of a party, or for any other reason, provisionally dispense with the payment of any fee in whole or in part.

(2) Payment of fees payable under any Rules to be made in pursuance of this Order, and of costs and of charges and expenses of witnesses, prosecutions, punishments, and deportations and of other charges and expenses, and of fines respectively payable under this Order, may be enforced under order of the Court by seizure and sale of goods, and, in default of sufficient goods, by imprisonment as a civil prisoner for a term not exceeding one month, but such imprisonment shall not operate as a satisfaction or extinguishment of the liability.

(3) Any bill of sale or mortgage, or transfer of property made with a view of avoiding seizure or sale of goods or ship under any provision of this Order, shall not be effectual to defeat the provisions of this Order.

110. (1) Every person doing an act or taking a proceeding in the Court as plaintiff in a civil case, or as making a criminal charge against another person, or otherwise, shall do so in his own name and not otherwise, and either—

(*a*) By himself, or

(*b*) By a legal practitioner ; or

(*c*) By his attorney or agent thereunto lawfully authorized in writing and approved by the Court.

(2) Where the act is done or proceeding taken by an attorney (other than a legal practitioner) or by an agent, the power of attorney, or instrument authorizing the agent, or an authenticated copy thereof, shall be first filed in the Court.

(3) Where the authority has reference only to the particular proceeding, the original document shall be filed.

(4) Where the authority is general, or has reference to other matters in which the attorney or agent is empowered to act, an authenticated copy of the document may be filed.

(5) Any person doing any act or taking any proceeding in the Court in the name or on behalf of another person, not being lawfully authorized thereunto, and knowing himself not to be so authorized, is guilty of a contempt of Court.

111. (1) In any case, criminal or civil, and at any stage thereof, the Court, either of its own motion or on the application of any party, may summon a British subject to attend to give evidence, or to produce documents, or to be examined.

(2) If the person summoned, having reasonable notice of the time and place at which he is required to attend, and his reasonable expenses having been paid or tendered, fails to attend and be sworn, and give evidence, or produce documents or submit to examination accordingly and does not excuse his failure to the satisfaction of the Court, he shall be guilty of an offence against this Order.

(3) If in any case, civil or criminal, a British subject wilfully gives false evidence on oath in the Court, or on a reference, he shall be deemed guilty of wilful and corrupt perjury.

112. (1) Whenever under this Order any person is to be taken for trial or imprisonment to the Court for Siam, or elsewhere in Siam, or to Singapore, England, or elsewhere, the Court or other authority by this Order authorized to cause him to be so taken may for that purpose (if necessary) cause him to be embarked on board one of His Majesty's vessels of war, or if there is no such vessel available then on board any British or other fit vessel, at any port or place whether within or beyond the particular jurisdiction or district of that Court or authority, and in order to such embarkment may (if necessary) cause him to be taken, in custody or otherwise, by land or by water, from any place to the port or place of embarkment.

(2) The writ, order, or warrant of the Court, by virtue whereof any person is to be so taken, shall be sufficient authority to every constable, officer, or other person acting thereunder, and to the commander or master of any vessel of war or other vessel (whether the constable, officer, or other person, or the vessel or the commander or master thereof, is named therein or not), to receive, detain, take, and deliver up such person, according to the writ, order, or warrant.

(3) Where the writ, order or warrant is executed under the immediate direction of the Court or authority issuing it, the writ, order, or warrant shall be delivered to the constable, officer, or other person acting thereunder, and a duplicate thereof shall be delivered to the commander or master of any vessel in which the person to whom the writ, order, or warrant relates is embarked.

(4) Where the writ, order, or warrant issues from the Court for Siam, and is executed by a District Court, a copy thereof, certified under the seal of the Court executing the same, shall be delivered to the constable, officer, or other person acting thereunder, and to the commander or master of any vessel in which the person taken is embarked; and any such copy shall be for all purposes conclusive evidence of the order of which it purports to be a copy.

113. (1) Subject to the other provisions of this Order, all expenses of removal of prisoners and others from or to any place in Siam, or from or to Singapore, and the expenses of the sending of any person to England or elsewhere, shall be defrayed in such manner as the Secretary of State from time to time directs.

(2) Any master of a British ship when required shall be bound to take such persons for a reasonable remuneration to be determined by a Judge of the Court for Siam, and in case of non-compliance shall be liable to a penalty not exceeding £50.

114. (1) Every District Court shall execute any warrant, summons, writ, order, or other process issuing from the Court for Siam, and may take security from any person named in such warrant, summons, writ, order, or other process for his appearance personally or by attorney, and may, in default of security being given, or when the Court for Siam so orders, send the person in custody to Bangkok, or to such other place as may be named in the order.

(2) For the purposes of this Article the District Court may, where such course is convenient, send the person on board one of His Majesty's vessels of war to such port as may be named in the order, or, if no vessel of war is available, then on board some British or other fit vessel.

(3) The order of the Court shall be sufficient authority to the commander or master of the vessel to receive and detain the person, and deliver him up at the port named according to the order.

115. (1) The following Acts, namely:

The Foreign Tribunals Evidence Act, 1856;

The Evidence by Commission Act, 1859;

The Evidence by Commission Act, 1885;

or so much thereof as is for the time being in force, and any enactment for the time being in force amending or substituted for the same, are hereby extended to Siam, with the adaptation following, namely:

In the said Acts the Court for Siam is hereby substituted for a Supreme Court in a Colony.

(2) The following Acts, namely:

The British Law Ascertainment Act, 1859;

The Foreign Law Ascertainment Act, 1861;

or so much thereof as is for the time being in force, and any enactment for the time being in force amending or substituted for the same, are hereby extended to Siam, with the adaptation following, namely:

In the said Acts the Court for Siam is hereby substituted for a Superior Court in a Colony.

116. The Public Authorities Protection Act, 1893, shall extend and apply to Siam, as if Siam were therein mentioned in place of the United Kingdom, and as if this Order and any other Order relating to Siam and any Regulations or rules made under any such Order were therein referred to, in addition to any Act of Parliament.

117. The Court for Siam may, if it thinks fit, order that a Commission do issue for examination of witnesses at any place out of Siam on oath, by interrogatories or otherwise, and may, by order, give such directions touching the time, place, and manner of the examination, or anything connected therewith, as to the Court appear reasonable and just.

PART VI.—BILLS OF SALE.

118. The provisions of this Order relating to bills of sale—

(1) Apply only to such bills of sale executed by British subjects as are intended to affect chattels in Siam;

(2) Do not apply to bills of sale given by sheriffs or others under or in execution of process authorizing seizure of chattels.

119. (1) Every bill of sale must conform with the following rules (namely):

(*a*) It must state truly the name, description, and address of the grantor.

(*b*) It must state truly the consideration for which it is granted.

(*c*) It must have annexed thereto or written thereunder an inventory of the chattels intended to be comprised therein.

(*d*) Any defeasance, condition, or declaration of trust affecting the bill not contained in the body of the bill must be written on the same paper as the bill.

(*e*) The execution of the bill must be attested by a credible witness, with his address and description.

(2) Otherwise the bill is void in Siam to the extent following, but not further (that is to say):

(*a*) In the case of failure to conform with the rule respecting an inventory, as far as regards chattels omitted from the inventory; and

(*b*) In any other case, wholly.

(3) The inventory, and any defeasance, condition, or declaration as aforesaid, respectively, is for all purposes deemed part of the bill.

120. A bill of sale conforming, or appearing to conform, with the foregoing rules may be registered, if it is intended to affect chattels in Siam, at the Consulate of the Consular district wherein the chattels are, within the respective time following, and not afterwards (namely):

(1) Within twenty-eight days after its execution, where it is executed in the Consular district wherein the chattels are;

(2) Within two months after its execution, where it is executed in Siam elsewhere than in that Consular district;

(3) Within six months after its execution, where it is executed elsewhere than in Siam.

121 Registration is made as follows The original and a copy of the bill of sale, and an affidavit verifying the execution, and the time and place of execution, and the attestation thereof, and verifying the copy, are brought into the proper office of the Consulate, and the copy and affidavit are left there

122 If a bill of sale is not registered at a place and within the time by this Order appointed and allowed for registration thereof, it is, from and after the expiration of that time, void in Siam to the extent following but not further (that is to say)

(1) As against trustees or assignees of the estate of the grantor, in or under bankruptcy, liquidation, or assignment for benefit of creditors; and

(2) As against all sheriffs and others seizing chattels under process of any Court, and any person on whose behalf the seizure is made; but only

(3) As regards the property in, or right to, the possession of such chattels comprised in the bill as, at or after the filing of the petition for bankruptcy or liquidation, or the execution of the assignment, or the seizure, are in the grantor's possession, or apparent possession.

123 Registered bills of sale affecting the same chattels have among themselves priority in order of registration.

124. Chattels comprised in a registered bill of sale are not in the possession, order, or disposition of the grantor within the law of bankruptcy.

125. If in any case there is an unregistered bill of sale, and within or on the expiration of the time by this Order allowed for registration thereof, a subsequent bill of sale is granted affecting the same or some of the same chattels for the same or part of the same debt, then the subsequent bill is to the extent to which it comprises the same chattels and is for the same debt, absolutely void, unless the Court is satisfied that the subsequent bill is granted in good faith for the purpose of correcting some material error in the prior bill, and not for the purpose of unlawfully evading the operation of this Order.

126. The registration of a bill of sale must be renewed once at least every five years.

127 Renewal of registration is made as follows — An affidavit stating the date of and parties to the bill of sale, and the date of the original registration, and of the last renewal and that the bill is still a subsisting security, is brought into the proper office of the Consulate of original registration, and is left there

128 If the registration of a bill of sale is not so renewed in any period of five years, then on and from the expiration of that period the bill is deemed to be unregistered

129 The provisions of this Order relating to renewal apply to bills of sale registered under the Order in Council repealed by this Order or any previous Order.

130 A transfer or assignment of a registered bill of sale need not be registered and renewal of registration is not necessary by reason only of such a transfer or assignment.

131 Where the time for registration or renewal of registration of a bill of sale expires on a Sunday or other day on which the office for registration is closed, the registration or renewal is valid if made on the first subsequent day on which the office is open

132 If in any case the Court for Siam is satisfied that failure to register or to renew the registration of a bill of sale in due time or any omission or misstatement connected with registration or renewal, was accidental or inadvertent the Court may, if it thinks fit, order the failure, omission, or misstatement to be rectified in such manner and on such terms, if any, respecting security, notice by advertisement or otherwise, or any other matter, as the Court thinks fit

133 The provisions of this Order apply to a bill of sale executed before the commencement of this Order.

134. The power conferred on the Judge of the Court for Siam by this Order of framing Rules from time to time extends to the framing of Rules for prescribing and regulating the making and keeping of indexes, and of a general index, to the registers of bills of sale, and searches in those indexes, and other particulars connected with the making, keeping, and using of those registers and indexes, and for authorising and regulating the unregistering of any bill of sale, or the registering of any release or satisfaction in respect thereof.

PART VII.—KING'S REGULATIONS.

135 The Minister shall have power to make Regulations (to be called King's Regulations) for the following purposes, that is to say

(*a*) For the peace, order, and good government of British subjects within Siam in relation to matters not provided for by this Order.

(*b*) For securing the observance of any Treaty for the time being in force relating to any place within Siam, or of any native or local law or custom, whether relating to trade, commerce, revenue, or any other matter.

(*c*) For preventing the importation or exportation in British ships or by British subjects of any munitions of war, or any parts or ingredients thereof, where it appears to the Minister that such munitions of war are intended or are likely to be used against any power with which His Majesty is at peace, or against His Majesty.

(*d*) For requiring Returns to be made of the nature, quantity, and value of articles exported from or imported into his district, or any part thereof, by or on account of any British subject who is subject to this Order, or in any British ship, and for prescribing the times and manner at or in which, and the persons by whom, such Returns are to be made.

(2) Any Regulations made under this Article may provide for forfeiture of any goods, receptacles, or things in relation to which, or to the contents of which, any breach is committed of such Regulations, or of any Treaty or any native or local law or custom, the observance of which is provided for by such Regulations.

(3) Any person committing a breach of any such Regulations shall, in addition to any forfeiture prescribed thereby, be liable, on conviction, to imprisonment for a period not exceeding three months, or to a fine, or to both.

(4) Any fine imposed for a breach of Regulations shall not exceed £50 provided that where the breach is of any regulation relating to customs law, or to the importation or exportation of any goods, the fine may extend to a sum equivalent to treble the value of the goods in relation to which the breach is committed.

136 (1) Regulations made under this Order shall not have effect unless and until they are approved by a Secretary of State—save that, in case of urgency declared in any such Regulations, the same shall take effect before that approval, and shall continue to have effect unless and until they are disapproved by a Secretary of State, and until notification of that disapproval has been received and published by the Minister.

(2) That approval, where given, shall be conclusive, and the validity or regularity of any Regulations so approved shall not be called in question in any legal proceeding whatever.

137. (1) All Regulations made under this Order, whether imposing penalties or not, shall be printed, and a printed copy thereof shall be affixed and be at all times kept exhibited conspicuously in the public office of each Consulate in Siam.

(2) Printed copies of the Regulations shall be kept on sale at such reasonable price as the Minister from time to time directs.

(3) A printed copy of any Regulations purporting to be made under this Order, and to be certified under the hand of the Minister, or under the hand and seal of one of His Majesty's Consular officers in Siam, shall be conclusive evidence of the due making of such Regulations.

138 The respective powers aforesaid extend to the making of Regulations for the governance, visitation, care and superintendence of prisons in Siam, and for the infliction of corporal or other punishment on prisoners committing offences against the rules or discipline of a prison, but the provisions of this Order respecting penalties, and respecting the printing, affixing, exhibiting, and sale of Regulations, and the mode of trial of charges of offences against Regulations, do not apply to Regulations respecting prisons and offences of prisoners.

PART VIII.—REGISTRATION

139. A register of British subjects shall be kept in the office of every Consulate in Siam.

140 (1) Every British subject, resident in Siam, being of the age of 21 years or upwards, or being married, or a widower or widow, though under that age, shall in the month of January of every year register himself or herself at the Consulate of the Consular district within which he or she resides.

(2) A British subject arriving in Siam may be registered either in the register of the Consular district in which he first arrives, or in that of the district in which he goes to reside, and he must apply for registration within one month after arrival in Siam.

Provided that a person who fails to apply for or to obtain registration within the time limited by this Article may be registered at any time if he excuses his failure to the satisfaction of the Consular officer.

141. The registration of a man shall comprise the registration of his wife, or wives, if living with him; and the registration of the head of a family shall comprise the registration of all females and minors, being his relatives, in whatever degree, living under the same roof with him at the time of his registration.

142. A person registered in any register of British subjects established under any repealed Order in Council shall be registered under the provisions of this Order, unless the Consular officer is satisfied, after inquiry, that the previous registration was erroneous, or that such person is not entitled to registration under the provisions of this Order.

143. The Consular officer shall on the first registration of any person issue to him a certificate of registration signed and sealed with his Consular seal and on the renewal of any registration shall enter an indorsement on the old certificate unless he thinks fit to issue a new certificate.

144. The names and descriptions of females and minors whose registration is under the provisions of this Order comprised in that of the head of the family, may be indorsed on the certificate of the family.

145. Every person who has not previously been registered applying to be registered under this Order shall, unless excused by the Consular officer, attend personally for that purpose at the Consulate, but no person applying for the renewal of his registration need attend personally unless directed by the Consular officer to do so.

146. (1) Every person shall, on every registration of himself, and on every renewal of the registration, pay a fee of 2*s*. 6*d*., or such other fee as the Secretary of State from time to time appoints. The amount of the fee may be uniform for all persons, or may vary according to the position and circumstances of different classes if the Secretary of State from time to time so directs, but may not in any case exceed 5*s*.

(2) Where any person applies to be registered, he shall be entitled to the assistance of the Consular officer in the preparation of any affidavit that may be required without a fee.

147. If any British subject fails to obtain registration under the provisions of this Order, he shall not be entitled to be recognised or protected as a British subject in Siam, and shall be liable to a fine not exceeding £2 for each instance of such failure, but he shall, although not registered, be subject to the jurisdiction of His Majesty's Courts in Siam.

Provisions affecting particular Classes of British Subjects.

148. (1) A person not of Asiatic descent, arriving in Siam and applying to be registered as a British subject, shall be so registered if the Consular officer is satisfied, after such inquiry as he may deem fit, that he is entitled to the status of a British subject.

(2) A person of Asiatic descent, arriving in Siam and applying to be registered as a British subject, shall be so registered if he (*a*) produces a passport as a British subject from British India or a British possession, or (*b*) files an affidavit or sworn declaration showing that he was born within His Majesty's dominions or within the territory of any Prince or State in India under the suzerainty of or in alliance with His Majesty, or that he has been naturalized in the United Kingdom; and (*c*) in either case gives satisfactory evidence of his identity.

149. (1) A person born in Siam, being the child of a person of Asiatic descent who arrived in Siam, may be registered as a British subject if it is proved that the father (*a*) was registered as a British subject, or (*b*) being entitled was prevented from being so registered by causes for which he was not responsible.

(2) Any child of a person registered under the provisions of this Article shall not be entitled to be registered as a British subject by reason only that his father and grandfather were so registered.

150. A person of Asiatic descent, being a native of Upper Burmah or of the British Shan States, shall not be registered as a British subject if it appears that he arrived in Siam before the 1st January, 1886, and has become domiciled there.

151. A woman, being the widow of a person of Asiatic descent, who was in his lifetime registered as a British subject, shall be registered as a British subject if her name appears on the last certificate given to her husband before his death.

152. The Consular officer may, without fee, register any British subjects, being minors, living in the houses of foreigners or Siamese subjects.

153. All registers kept under any Order repealed by this Order shall continue in force until superseded by registers kept under this Order.

PART IX.—INTERNATIONAL COURT.

Whereas by a Treaty made the 3rd day of September, 1883, between Her late Majesty Queen Victoria and His Majesty the King of Siam, it was amongst other things agreed as follows:

"Article VIII. His Majesty the King of Siam will appoint a proper person or proper persons to be a Commissioner and Judge, or Commissioners and Judges, in Chiengmai for the purposes hereinafter mentioned. Such Judge or Judges shall, subject to the limitations and provisions contained in the present Treaty, exercise civil and criminal jurisdiction in all cases arising in Chiengmai, Lakon, and Lampoonchi, between British subjects or in which British subjects may be parties as complainants, accused, plaintiffs or defendants, according to Siamese Law; provided always that in all such cases the Consul or Vice-Consul shall be entitled to be present at the trial, and to be furnished with copies of the proceedings, which, when the defendant or accused is a British subject, shall be supplied free of charge, and to make any suggestions to the Judge or Judges which he may think proper in the interests of justice: provided also that the Consul or Vice-Consul shall have power at any time before judgment, if he shall think proper in the interests of justice, by a written requisition under his hand, directed to the Judge or Judges, to signify his desire that any case in which both parties are British subjects, or in which the accused or defendant is a British subject, be transferred for adjudication to the British Consular Court at Chiengmai, and the case shall thereupon be transferred to such last-mentioned Court accordingly, and be disposed of by the Consul or Vice-Consul, as provided by Article II of the Supplementary Agreement of the 13th May, 1856;"

And whereas the IXth Article of the said Treaty provides for the decision of appeals from the said Commissioners or Judges;

And whereas in pursuance of the said Treaty His Majesty the King of Siam has from time to time appointed Commissioners or Judges for the purposes mentioned in the said Article, and civil and criminal jurisdiction has been, and is, exercised in Chiengmai subject to the limitations and provisions contained in the said Treaty;

And whereas in pursuance of powers reserved in the said Treaty, it was agreed between Her said Majesty and His Majesty the King of Siam that the limits within which the jurisdiction of the said Commissioners and Judges under, and for the purposes of, the said Treaty shall be extended to the Provinces of Muang Nan, Phre, Muang Thon, Raheng, Sawankaloke, Sukotai, Utaradit, and Pichai;

And whereas such limits of jurisdiction may hereafter be further extended:

It is hereby ordered as follows:

154. In this Part the expression "the International Court" means the Court of any Commissioners or Judges exercising jurisdiction in pursuance and under the provisions of the said recited Treaty as modified by any subsequent Agreement, whether made before or after the passing of this Order.

The expression "limits of the International Court" means the provinces and parts of provinces to which the jurisdiction of that Court for the time being extends.

155. With respect to any civil or criminal case arising within the limits of the International Court between British subjects, or in which British subjects may be parties as complainants, accused, plaintiffs, or defendants, the principal Order shall not operate or have any effect so long as the said Treaty continues in force, unless and until such case shall have been transferred to the District Court in manner provided by the said Treaty.

156. Where a case is so transferred, the District Court shall give such directions as seem proper for its determination, having regard to the proceedings (if any) in the International Court.

In a criminal case, if the accused is handed over by the International Court in custody, he may be detained in custody as if on the day on which he is handed over he had been arrested under a warrant of the District Court.

157. Where, in pursuance of the IXth Article of the said Treaty, an appeal is brought to Bangkok from any Siamese Judge or Judges, Commissioner or Commissioners, the Minister shall take such steps as may be directed by the Secretary of State, in order that the final decision on appeal may be recorded at Bangkok and duly transmitted to the Court from which the appeal is brought, and in order that effect may be given thereto by such Court.

PART X.—FOREIGN SUBJECTS AND TRIBUNALS.

158. (1) Where a Siamese or foreigner desires to institute or take in the Court an action against a British subject, or a British subject desires to institute or take in the Court an action against a foreigner, the Court shall entertain the same, and shall hear and

determine it, either by the Court sitting alone, or, if all parties desire, or the Court, having regard to its jurisdiction, thinks fit to direct a trial with a jury or assessors then with a jury or assessors, but in all other respects according to the ordinary course of the Court.

(2) Provided that the Siamese or foreigner, if so required by the Court, first obtains and files in the Court the consent in writing of the competent authority on behalf of his own nation to his submitting, and does submit, to the jurisdiction of the Court, and, if required by the Court, gives security to the satisfaction of the Court, and to such reasonable amount as the Court thinks fit, by deposit or otherwise, to pay fees, damages, costs, and expenses, and abide by and perform such decision as shall be given by the Court or on appeal.

(3) A cross-action shall not be brought in the Court against a plaintiff, being a Siamese or foreigner.

(4) Where a Siamese or foreigner obtains in the Court an order against a defendant being a British subject, and in another suit that defendant is plaintiff and the Siamese or foreigner is defendant, the Court may, if it thinks fit, on the application of the British subject, stay the enforcement of the order pending that other suit, and may set off any amount ordered to be paid by one party in one suit against any amount ordered to be paid by the other party in the other suit.

(5) Where a plaintiff, being a Siamese or foreigner, obtains an order of the Court against two or more defendants being British subjects jointly, and in another action one of them is plaintiff and the Siamese or foreigner is defendant, the Court may, if it thinks fit, on the application of the British subject, stay the enforcement of the order pending that other action, and may set off any amount ordered to be paid by one party in one action against any amount ordered to be paid by the other party in the other action, without prejudice to the right of the British subject to require contribution from his co-defendants under the joint liability.

(6) Where a Siamese or foreigner is co-plaintiff in a suit with a British subject who is within the particular jurisdiction, it shall not be necessary for the foreigner to give security for costs, unless the Court so directs, but the co-plaintiff British subject shall be responsible for all fees and costs.

159. (1) Where it is proved that the attendance within the particular jurisdiction of a British subject to give evidence, or for any other purpose connected with the administration of justice, is required in a Court of Siam, or before a Siamese judicial officer, or in a Court or before a judicial officer of a State in amity with His Majesty, the Court may, if it thinks fit, in a case and in circumstances in which the Court would require his attendance before the Court, order that he do attend in such Court, or before such judicial officer, and for such purpose as aforesaid.

(2) A District Court, however, cannot so order attendance at any place beyond its particular jurisdiction.

(3) If the person ordered to attend, having reasonable notice of the time and place at which he is required to attend, fails to attend accordingly, and does not excuse his failure to the satisfaction of the Court, he shall (independently of any other liability) be guilty of an offence against this order.

160. When a British subject invokes or submits to the jurisdiction of a Siamese or foreign Tribunal, and engages in writing to abide by the decision of such Tribunal, or to pay any fees or expenses ordered by such Tribunal to be paid by him, the Court for Siam or any District Court may, on such evidence as it thinks fit to require, enforce payment of such fees and expenses in the same manner as if they were fees payable in a proceeding by such person in that Court, and shall pay over and account for the same when levied to the proper Siamese or foreign authority, as the Court may direct.

PART XI.—MISCELLANEOUS.

161. Where, by virtue of any Imperial Act or of this Order or otherwise, any provision of any Imperial Acts, or of any law or of any Orders in Council other than this Order, are applicable in Siam, or any Form, Regulation, or procedure prescribed or established by or under any such Act or Law or Order, or made applicable for any purpose of this Order, such Act, Law, Order, Form, Regulation, or procedure shall be deemed applicable so far only as the constitution and jurisdiction of the Courts and the local circumstances permit, and, for the purpose of facilitating application, may be construed or used with such alterations and adaptations as may be necessary, and anything required to be done by, to, or before any Court, Judge, officer, or authority may be done by, to or before a Court, Judge, officer, or authority having the like or analogous functions, or by, to, or before any officer designated by the Secretary of State or by the Court (as the case may require) for that purpose; and the seal of the Court may be substituted for any other seal; and in case any difficulty occurs in the application, it shall be lawful for the Secretary of State to direct by, to, or before whom and in what manner anything is to be done, and such Act, Law, Order, Form, Regulation, or procedure shall be construed accordingly.

162. Nothing in this Order shall deprive the Court of the right to observe, and to enforce the observance of, or shall deprive any person of the benefit of, any reasonable custom existing in Siam, unless this Order contains some express and specific provision incompatible with the observance thereof.

163. Nothing in this Order shall prevent any Consular officer in Siam from doing anything which His Majesty's Consuls in the dominions of any other State in amity with His Majesty are, for the time being, by law, usage, or sufferance, entitled or enabled to do.

164. Section 48 of the Conveyancing and Law of Property Act, 1881 (which relates to the deposit of instruments creating powers of attorney in the Central Office of the Supreme Court in England or Ireland) shall apply to Siam with these modifications, that is to say: the Office of the Court for Siam is substituted for the Central Office, and Rules of Court under this Order are substituted for General Rules.

165. The Foreign Jurisdiction Neutrality Order in Council, 1904, shall apply to all persons subject to this Order.

166. (1) All fees, fines, penalties, or other sums of money which, under the provisions of this Order or any Regulations or Rules of Court, are stated or imposed in terms of British currency shall, if not paid in British gold, be paid in Siam in ticals or in rupees at such rates as may from time to time be authorized by the Treasury.

(2) The said rates of exchange shall apply to the ascertainment of the value of any income for any purpose of qualification or of any limitation or security, in any case where this Order or any Rules or Regulations contains a reference to British currency.

(3) Except as in this Order otherwise provided, all fees, dues, fines, and other receipts under this Order shall be carried to the public account, and shall be accounted for and paid as the Secretary of State, with the concurrence of the Treasury, directs.

167. Not later than the 31st March in each year, the Judge shall send to the Secretary of State a report on the operation of this Order up to the 31st January in that year, showing for the then last twelve months the number and nature of the proceedings, criminal and civil, taken in the Courts under this Order, and the result thereof, and the number and amount of fees received, and containing an abstract of the registration list, and such other information, and being in such form, as the Secretary of State from time to time directs.

168. Each District Court shall at such time as may be fixed by Rules of Court furnish to the Court for Siam an Annual Report of every case, civil and criminal, brought before it, in such form as the Court for Siam directs.

169. (1) A printed copy of this Order shall be always kept exhibited in a conspicuous place in each Consular office and in each Court-house.

(2) Printed copies shall be sold at such reasonable price as the Minister directs.

(3) Judicial notice shall be taken of this Order, and of the commencement thereof, and of the appointment of Consuls, and of the constitution and limits of the Courts and districts, and of Consular seals and signatures, and of any Rules made or in force under this Order, and no proof shall be required of any of such matters.

170. The provisions of the Evidence Act, 1851 (14 and 15 Vict., cap. 99), sections 7 and 11, relating to the proof of judicial and other documents, shall extend and be applied for all purposes as if the Courts, districts, and places to which this Order applies were in a British Colony.

171. (1) The Siam Order in Council, 1903, is hereby repealed, but this repeal shall not—

(i) Affect the past operation of that Order, or any appointment made, or any right, title, obligation, or liability accrued, or the validity or invalidity of anything done or suffered under that Order, before the making of this Order;

(ii) Interfere with the institution or prosecution of any proceeding or action, criminal or civil, in respect of any offence committed against or forfeiture incurred or liability accrued under or in consequence of any provision of that Order, or any Rule or Regulation made thereunder;

(iii) Take away or abridge any protection or benefit given or to be enjoyed in relation thereto.

(2) Notwithstanding the repeal of the Order aforesaid, or any other thing in this Order, every Rule, Regulation, appointment, and other thing in this Article mentioned shall continue and be as if this Order had not been made (references to provisions of the said Order being construed as references to the corresponding provisions of this Order); but so that the same may be revoked, altered or otherwise dealt with under this Order, as if it had been made or done under this Order.

(3) Criminal or civil proceedings begun under the Order in Council repealed by this Order, and pending at the time when this Order comes into operation, shall, from and after that time, be regulated by the provisions of this Order, as far as the nature and circumstances of each case admits.

(4) Lists of jurors and assessors in force at the passing of this Order shall continue in force until revised and settled under the provisions of this Order.

172. This Order shall commence and have effect as follows:

(1) As to the making of any warrant or appointment under this Order, immediately from and after the date of this Order.

(2) As to the framing of Rules of Court or Regulations, and the approval thereof by the Secretary of State, immediately from and after the date of this Order.

(3) As to all other matters and provisions comprised and contained in this Order, immediately from and after the expiration of one month after this Order is first exhibited in the public office of the Court, for which purpose the Judge is hereby required forthwith, on receipt by him from the Minister of a copy of this Order, to affix and exhibit the same conspicuously in the public office of the Court, and he is also hereby required to keep the same so affixed and exhibited during one month from the first exhibition thereof; and notice of the time of such first exhibition shall, as soon thereafter as practicable, be published in Siam in such manner as the Minister directs; and notwithstanding anything in this Order, the time of the expiration of the said month shall be deemed to be the time of the commencement of this Order.

(4) Proof shall not in any proceeding or matter be required that the provisions of this Article have been complied with, nor shall any act or proceeding be invalidated by any failure to comply with any of such provisions.

And the Right Honourable Sir Edward Grey, Baronet, one of His Majesty's Principal Secretaries of State, is to give the necessary directions herein.

A. W. FitzRoy.

L. W. DANE,

Secretary to the Government of India.

FINANCE DEPARTMENT.

NOTIFICATIONS.

LEAVE AND APPOINTMENTS.

Simla, the 5th May, 1906.

No. 2520-*E.O.*—With effect from the 1st of April 1906,

(a) Figures for week ending 28th April 1906.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 10th May 1906, based on the India Daily Weather Reports of the period.

The pressure conditions which prevailed over northern India throughout last week continued up to the morning of the 6th, but experienced a change during that day in consequence of a movement of the trough of low pressure which separated itself from the plain country at the foot of the United Provinces Himalayas, and thereafter lay more to the southward.

As a result of this new disposition of the low pressure trough the winds from the Bay resumed more nearly normal courses into Bengal, temperature falling very rapidly there, and by their incursion into north Bengal, and thence westwards into the United Provinces, caused cloudy skies, thunderstorms and rain. These conditions reached their fullest development during the 7th, and the rainfall reported on the succeeding morning was of a nearly general character in the province of Eastern Bengal and Assam and in Bengal.

Changes at corresponding times occurred also in north-west India, the high pressure and low temperature recorded there at the end of last week having by the 6th given place to normal pressure and nearly normal temperature. Thereafter pressure continued to fall and temperature to rise until by the 7th thunderstorms, snowstorms and rain had visited Kashmir, and during that day and the 8th gave falls exceeding an inch at Skardu and smaller amounts elsewhere.

In the southern half of the Peninsula weather has been wet locally and temperature generally high throughout the week, and the rainfall has been almost entirely associated with thunderstorms.

On the 10th, at the close of the week, pressure was everywhere practically normal and temperature, which was from 3° to 5° high over Sind, the south of Rajputana, in Central India, the Central Provinces, the Peninsula except its coast lines and in Burma, was low only over the seat of rainfall in Bengal. Skies were clear from Bombay northwards over the whole of north-west India except Kashmir.

The following are the principal amounts of rainfall recorded in north-east India and in the southern half of the Peninsula:

North-East India.—May 4th Sibsagar 1·22", Cherra Poonjee 1·70" and Silchar 1·33".
,, 5th Dibrugarh 1·55".
,, 6th Sibsagar 1·93" and Gauhati 0·97".
,, 7th Darjeeling 1·62".
,, 8th Sibsagar 1·36", Cherra Poonjee 1·56", Silchar 0·89", Mymensingh 1·47", Jessore 0·90", Chittagong 1·12" and Bogra 1·22".
,, 9th Narayanganj 1·13" and Dinajpur 1·25".
,, 10th Silchar 2·01", Mymensingh 1·48", Narayanganj 1·77", Jessore 1·22", Barisal 1·18", Chittagong 3·02", Calcutta 1·40" and Burdwan 1·42".

Southern half of the Peninsula.—May 4th Trivandrum 0·69", Calicut 0·62" and Belgaum 0·56".
,, 5th Calicut 0·46".
,, 6th Mangalore 0·40".
,, 7th Trivandrum 0·46", Mercara 1·96", Mysore 0·47", Mangalore 0·55" and Bellary 0·37".
,, 8th Cochin 0·74".
,, 9th Wellington 1·19".
,, 10th Trivandrum 0·93", Cochin 0·42" and Coimbatore 0·72".

In the accompanying table of rainfall a new period has been begun from May 4th.

J. H. FIELD,
for Meteorological Reporter to the Government of India
and Director General of Indian Observatories.

J. WILSON,
Secretary to the Government of India.

SIMLA;
The 10th May, 1905.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 5th May 1906.

Burma.—Slight rain fell in Mergui and Myitkyina during the week. In Upper Burma reaping of dry weather paddy has commenced in Bhamo and is progressing at several centres. Gathering of peas is completed in the Kanbalu subdivision of Shwebo. Reaping of miscellaneous crops is completed in alluvial tracts in Minbu. Ploughing for and sowing of cotton has commenced in Lower Chindwin. Gathering of onions and plucking of tobacco are in progress in Kyaukse. Rain is much needed; irrigation water is insufficient and dry weather paddy is mostly ruined, while early wet weather paddy and other crops are suffering for want of water. The condition of the standing crops as a whole is good. The price of paddy has risen considerably in Bassein and Henzada and slightly in Prome, Thaton and Pakokku; it has fallen slightly in Rangoon, Myaungmya and Thayetmyo; elsewhere it is unchanged.

Eastern Bengal and Assam.—The weather is generally hot and dry. There was heavy rain during the week in Sibsagar and moderate to slight rain in all districts, except Rangpur, Dinajpur, Malda, and Rajshahi where rain is badly wanted. More rain is wanted in most other Eastern-Bengal districts, in Lower Assam and in hill districts. Plucking of tea is in progress, prospects of tea are not good in Lakhimpur owing to heavy and continuous rain, but elsewhere they are generally fair. Ploughing for and sowing of early rice and jute and pressing of sugarcane are in progress. Prices of common rice.—Manipur 23; Kohima 11½; Chittagong 10½; Rangamati, Gauhati, Tezpur, and Sibsagar 10; Dinajpur 9⅞, Dacca and Silchar 9½; Rangpur 9¼, Jalpaiguri, Malda, Bogra, Nowgong and Dibrugarh 9; Pabna 8¾; Rampur Boalia, Dhubri and Tura 8½; Mymensingh, Barisal, Comilla, Noakhali, and Sylhet 8; Faridpur 7 to 8; Shillong 6¼; and Aijal 6 seers per rupee. Prices have risen in six districts; and remain stationary in the remaining districts.

Bengal.—There was no rain in the Province, except at Darjeeling where the fall was moderate. Rain is urgently needed for the standing crops as well as for the sowing of jute, paddy and other autumn crops which is being retarded. Prospects on the whole continue fair. There is no want of fodder and the water-supply is generally sufficient. The price of common rice has risen in eight and has fallen in two districts, it continues high in most of the districts of the Province especially in Hooghly, Howrah, Nadia, Jessore, Khulna, Saran, Muzaffarpur, Darbhanga, Purnea, and Darjeeling.

United Provinces—The week was rainless and the weather hot. Threshing and winnowing of the spring crops has been completed in some districts and is approaching completion in most of the others. Irrigation and weeding of extra crops, sugarcane, indigo, and tobacco continue and in a few districts fields are being prepared for the sowing of the early autumn crops. *Sawan* (millet) is being reaped in Barabanki, Rae Bareli, Sultanpur, and Fyzabad. Fodder is still scarce in six districts and in some of the Bundelkhand districts where the water-supply is also running short. Cholera is severe in Gonda, Bahraich, Hamirpur and Jalaun but is abating in Jhansi. Prices have fallen in 17 districts, but in Bareilly, Aligarh, Fyzabad, and Jaunpur they show a tendency to rise. The total number of persons on relief at the end of the week was 173,000.

The weekly report on the famine and scarcity is as follows:—Threshing and winnowing of spring crops are nearly completed. Irrigation and weeding of extra crops and cane are in progress. Rice, cotton, *juar*, and maize are being sown in parts of Cawnpore and Muttra. The numbers on works are falling in Hamirpur and Jalaun owing to cholera, but in Jhansi the disease is abating and the numbers on relief are rising again. The condition

of the people in the other districts is satisfactory. Fodder is still scarce in Cawnpore and the Bundelkhand districts and especially in Jalaun and Hamirpur, where the water-supply is also insufficient. Prices generally show a tendency to fall; barley is selling at 15 seers in Cawnpore and maize at 12 seers per rupee in Jalaun. The numbers on relief are:—Agra Division—workers 6,000, on gratuitous relief 11,000; Allahabad Division—workers 99,000, on gratuitous relief 57,000, total 173,000.

Punjab.—There were light showers in places during the week. Prices of food-grains are generally falling. Harvesting of spring and sowings of extra spring and autumn crops continue. The condition and prospective outturn of spring crops is good except of those on unirrigated lands in Delhi. Cattle generally are in good condition. The fodder scarcity has practically disappeared. There are no complaints regarding the canal water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—on works 4,769, dependants 6,062, total 10,831. The distress is moderate. People are generally resorting to the works. There is no wandering or emaciation. The physical condition of the labourers is good and relief measures are sufficient. The public health is generally good, except for a few cases of plague.

North-West Frontier Province.—There were slight showers all over the Province during the week. The condition of the standing spring crops continues good on irrigated areas and average on unirrigated. Harvesting of spring crops is in progress. Sowings of extra spring crops and cotton are still being continued. The outturn of spring crops is good except of gram which is below average in Bannu. The canal water-supply is normal, but there is no inundation from hill-torrents in Dera Ismail Khan. The condition of cattle is average in Dera Ismail Khan and good elsewhere. Stocks of grain are sufficient. Green fodder is procurable, except in the Daman tract of Dera Ismail Khan. Prices have risen in Bannu and Dera Ismail Khan. Prices:—wheat 14 to 16¼; gram 15 to 18; maize 15 to 19½; and *bajra* 13 to 14, seers per rupee.

Jammu.—There was slight rain during the week in Rampur, Ramban, Samba and Ranbirsinghpura. Prices are fluctuating. Prices:—wheat 12 to 24 and maize 15 to 35 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Harvesting of spring crops and preparation of lands for autumn sowings are in progress.

Kashmir.—The weather was generally bright but rainy on the nights of 1st and 2nd instant. Prices are stationary.

Rajputana.—Harvesting is nearing completion. Extra crops for fodder are being sown in places and land is being prepared for autumn sowings in Mewar. The condition of cattle is poor in many places where fodder is scarce. Insufficiency of water is being felt in hill tracts and is serious in parts of Kotah. Cattle are returning in considerable numbers to Marwar. Prices have fallen in Partabgarh and slightly in Shahpura, but have risen in Kotah and Kishengarh. The numbers on famine relief are:—Ajmer-Merwara, 31,353; Native States, 61,871; total 93,224 or an increase of 2,316.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 6,6[illegible], on gratuitous relief 3,128; Merwara—on works 15,205, on gratuitous relief 6,360; total 31,353. Native States:—Marwar—on works 2,480, on gratuitous relief 1,780, total 4,260; Mewar—on works 2,588, on gratuitous relief 395, total 2,983; Shahpura—on works 32, on gratuitous relief 89, total 121; Tonk—on works 2,704, on gratuitous relief 358, total 3,062; Jaipur—on works 14,479, on gratuitous relief 479, total 14,958; Kishengarh—on works 3,614, on gratuitous relief 2,687, total 6,301; Alwar—on works 2,090, on gratuitous relief 1,189, total 3,279; Eastern States—on works 20,852, on gratuitous relief 6,055, total 26,907. Prices vary between 11¼ seers in Karauli and 14¾ seers per rupee in Kishengarh. There is no change in other conditions.

Central India.—There was no rain during the week. Harvesting of spring crops is completed in Gwalior, Bundelkhand, Bhopawar, and is in progress elsewhere. The probable outturn is good in parts of Gwalior; average in parts of Indore; and below average

in Malwa. Agricultural stock is good in parts of Indore and Malwa; fair in Bhopal; and average in Bundelkhand. Pasturage is good in Baghelkhand and Malwa; sufficient in Bhopawar and Indore; fair in Bhopal; bad in parts of Gwalior; and scarce in Bundelkhand. Prices continue high in Indore and Baghelkhand; are rising in parts of Bhopal; slightly falling in Gwalior; and are steady in Bhopawar, Bundelkhand, and in parts of Malwa.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. Prices in Bundelkhand vary from 12 to 14 and in Gwalior from 10 to 12 seers per rupee. The numbers on relief are:—in Gwalior—on works 66,000, on gratuitous relief 20,000, total 86,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila and Jagirs—on works 27,500, on gratuitous relief 5,000, total 32,500; grand total 118,500.

Central Provinces.—The weather has been very hot and occasionally cloudy but rainless. Threshing and winnowing are nearing completion. The district outturns of wheat and linseed range as follows:—wheat 50 to 117 and linseed 46 to 110, the average for the Central Provinces and Berar is—wheat 94 and linseed 82. Preparation of land for the autumn sowings is in full swing, and field embankments are being raised in Raipur and Bilaspur. In Bilaspur the condition of the people is satisfactory, while private tank works and field embankments provide sufficient employment for labourers. Scarcity of fodder and water is felt in Damoh, in parts of Chanda and the Mungeli tahsil of Bilaspur. Prices of staple food-grains have risen in Chhindwara, Saugor and Damoh and have fallen slightly in Hoshangabad and Seoni; gram is reported cheaper by 2½ seers in Drug; prices elsewhere are steady.

Baroda.—For week ending 28th April 1906.—The numbers on relief are:—on works 3,616, on gratuitous relief 147, total 3,763.

Bombay.—There was good to moderate rain during the week in parts of Satara Belgaum, and Kolhapur; and slight in parts of Kanara, Poona, Sholapur, Bijapur and Dharwar. The fall will be useful in some districts for preparation of lands for next season. The standing crops are generally in good condition. Irrigation canals, tanks, and wells are running dry. Harvesting and threshing of spring crops and preparation of lands for autumn sowing continue. Cotton picking is progressing in Dharwar, Panch Mahals, Baroda, and Mahi Kantha. The improvement of the water-supply with aid of Government grants and takavi advances continues. The condition of cattle in the affected districts is deteriorating and useless animals are still being sold at low prices. Importation of fodder continues and Government grass finds ready sale. Prices of local fodder are 2 to 3 times above the normal. The stocks of food grains are sufficient and trade is brisk. The quantity of grain purchaseable per rupee is in the Deccan 28 to 50 per cent; in the Karnatak 40 to 50 per cent; in Gujrat 20 to 35 per cent; in the Konkan 15 to 30 per cent; and in Sind 15 to 20 per cent, less than the normal. The numbers on test works on the last day of the week ending 28th April were—Sholapur 157, Dharwar 86, Phaltan 90, total 333. The distress is gradually increasing though is not yet acute. Agricultural labourers are in good condition and find considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants. The condition of relief workers is fair to good and relief measures are adequate. The numbers on relief are rising and immigrants continue to return. There is no aimless wandering reported. The condition of the people is in general good. Cholera is still prevalent in places in Ahmednagar, Poona, Satara, Karnatak and Kolhapur. The numbers on relief in British districts are:—Deccan on works 16,156, on gratuitous relief 29,459, total 45,615; Karnatak on works 10,161, on gratuitous relief 16,133, total 26,294. Native States:—on works 4,007, on gratuitous relief 2,263, total 6,270.

Hyderabad.—Rainfall—one cent. The late rice harvest is in progress in a few talukas. Lands are being prepared for autumn sowings. Fodder scarcity exists in 57 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 4,738 persons and the number gratuitously relieved to 733. People are also employed on wells for which takavi has been given. The price of *juar* has risen from ½ to 1 seer

per rupee in eleven talukas and fallen from ½ to 2 seers in ten. Prices —wheat 8½, coarse rice 7½, and *juar* 14½ seers per rupee.

Mysore—There was light rain during the week in parts of Mysore, Hassan, Kadur and Shimoga. Markets are well supplied except in parts of Shimoga. Prices are rising and are high in Kolar, Hassan, and Shimoga. Crops are fading in parts of Tumkur and Hassan. Prospects are fair in Chitaldroog but are not encouraging in other parts of the Province. The want of rain is felt everywhere Cattle are unhealthy in parts of Kolar, Tumkur, Mysore, and Hassan. The supply of water is generally insufficient and fodder is available only in limited quantities

Coorg—Rainfall 2 inches 10 cents. Prices of food-grains are normal. Water and fodder are sufficient

Madras.—The rainfall of the week was good in Tinnevelly and Malabar, fair in the Vizagapatam Agency and Madura, and light or nil elsewhere Irrigation supplies are insufficient except in Cuddapah and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts The standing crops are generally fair but some in parts of Chingleput are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, Nellore, Tinnevelly, and the Nilgiris Fodder is scanty in parts of Bellary, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in six districts, has fallen in one, and has slightly risen in sixteen The prices of millets have fluctuated as follows —*Ragi* is stationary in six districts, has fallen in three and has slightly risen in twelve. *Cholam* is stationary in one, has fallen in four, and has slightly risen in nine *Cumbu* is stationary in six and has slightly risen in nine.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table

Name of Province or State	Preceding week: Relief works	Gratuitous relief	Total	Present week: Relief works	Gratuitous relief	Total	Increase or Decrease.

J. WILSON,
Secretary to the Government of India.

E

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENTS.

Simla, the 9th May, 1905.

Indian Public Works Department.

Regulation 5 as to appointments of Assistant Engineers, 1906.

With reference to Regulation 5 of the Regulations* as to appointments of Assistant Engineers, 1906, the Secretary, Judicial and Public Department, desires to point out that it is open to any candidate who has not obtained one of the University degrees mentioned in Appendix I of the Regulations to submit a Form of Application for one of those appointments, to be laid before the Selection Committee in due course.

* Pages 214-220 of the Supplement to the *Gazette of India*, dated the 3rd February 1906.

It will be for the Selection Committee to decide whether they will recommend any such candidate for appointment, as possessing a diploma or other distinction in Engineering approximately equivalent to a University degree.

L. M. JACOB,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENTS.

Simla, the 9th May, 1906.

Admission of Natives of India to the Public Works Department, from the United Kingdom, after the closing of the Royal Indian Engineering College at Coopers Hill.

After the Royal Indian Engineering College at Coopers Hill ceases to supply Engineers for the Public Works Department, and recourse is had solely to the open market, Natives of India will be eligible, under the regulations issued from year to year by the Secretary of State for India in Council, for appointments to that Department, provided that the total number of Natives of India recruited in the United Kingdom under the regulations shall not at any time exceed 10 per cent. of the total number of Engineers thus recruited.

The appointments will be confined to men of high qualifications who satisfy all the tests which are usually applied to those who are preparing for the Engineering profession.

The foregoing rule will take effect for the first time in 1908.

(This is in amplification of the rules published in page 1313 of the Supplement to the *Gazette of India* of the 15th July 1905.)

L. M. JACOB,

Secretary to the Government of India.

RAILWAY BOARD.

STATEMENT OF APPROXIMATE GROSS EARNINGS OF INDIAN RAILWAYS.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 17th May 1906, based on the India Daily Weather Reports of the period.

Rainfall has continued throughout the week in north-east India, and with the exception of the last day in the south of the Peninsula also; in both these areas thunderstorms have been prevalent.

Early on the 11th there lay over Chota Nagpur, Bihar and the east of the United Provinces an area of low pressure resulting from a local intensification of the eastern end of the low pressure trough which is characteristic of this period of the year. The Bay winds are peculiarly sensitive to developments and movements of this trough and the immediate effect of the change above noted was a shift of wind direction round the head of the Bay which carried the damp airs from the sea along more easterly courses than before and thereby reduced the rainfall and raised the temperature in Deltaic Bengal. Pressure had again fallen briskly by the 12th and, the trough having now shifted from the hilly country to the north, the Bay winds passing from Bengal into the east of the United Provinces had gained considerably in strength; rainfall had accordingly spread westwards into Bihar, and was rapidly diminishing in Assam. In the course of the day the low pressure trough continued to move southward and rain began to fall on the Orissa coast. This became heavier by the 14th and was reported to have passed inland in a scattered manner to Chota Nagpur by the morning of the 16th.

Burma has had odd showers throughout the week, and small amounts have fallen from time to time in the hills of the west Himalayas.

The low temperatures which affected Bengal at the end of last week have steadily become more marked there and have spread westwards with the rainfall; they are at present giving cooler weather in the United Provinces. In the north-west temperature

rose in the middle of the week to 8° or 10° above normal, but fell rapidly between the 15th and 16th and is now approximately normal. In the south weather has at no time differed much in warmth from its appropriate conditions.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:

Northern India and

Burma.—May 11th Tezpur 0·50", Dhubri 0·84", Mymensingh 0·99" and Jalpaiguri 0·82".

J. H. FIELD,
for Meteorological Reporter to the Government of India and Director General of Indian Observatories.

J. WILSON,
Secretary to the Government of India.

SIMLA;
The 17th May, 1906

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 12th May 1906.

Burma.—Slight rain fell during the week in most districts of Upper Burma and in some parts of Lower Burma; Thaton received nearly two and a half inches and Kyaukse 48 cents. In Upper Burma the reaping of dry weather paddy is completed in Sagaing and continues in several districts. Clearing of jungle for hill side cultivation is progressing and planting of hill side paddy has commenced in Myitkyina. Plucking of onions and beans is completed in Thayetmyo and of tobacco in Sagaing. Sowing of early sessamum is completed in Meiktila. In Kyaukse dry weather crops have been mostly spoilt for want of rain. The state of the standing crops is generally good. The price of paddy has risen considerably in Amherst and Akyab and slightly at eight centres; it has fallen considerably in Magwe.

Eastern Bengal and Assam.—The weather is seasonable. Moderate to slight rain has fallen in every district and has greatly benefited crops. More rain is wanted in Pabna and Kamrup. Much damage has been done to jute and summer rice in Sylhet by floods. Tea is suffering from insect pests in Cachar and Lakhimpur; prospects elsewhere are generally fair. Ploughing for and sowing of early and late rice and jute are in progress. Prices of common rice:—Manipur 16, Kohima, Chittagong, 10½, Tezpur, 10, Noakhali 9 to 10, Rangpur 9½, Jalpaiguri, Malda, Bogra, Rangamati, Silchar, Gauhati, Nowgong, Sibsagar, and Dibrugarh 9; Mymensingh, 8[illegible], Dinajpur 8[illegible], Rampur Boalia 8½, Pabna, Sylhet, Dhubri and Tura 8, Faridpur 7 to 8, Comilla, 7[illegible], Aijal and Shillong 6 seers per rupee. Prices have risen in twelve, fallen in three, and remain stationary in the remaining districts.

Bengal.—During the week under report there was general and moderate rain in the Burdwan and Presidency Divisions, but the fall was light in the Bhagalpur and Chota Nagpur Divisions while in the Patna and Orissa Divisions it was lighter and scattered. The rain of the week will help the sowing of jute and paddy. More rain is however needed in Bihar, Orissa, and Chota Nagpur. Some damage to the mango crop by a violent storm is reported from Darbhanga and Purnea. Prospects are on the whole fair. The fodder and water-supply is sufficient. The price of common rice has risen in four and fallen in three districts; it continues high in most districts, especially in Hooghly, Howrah, Nadia, Jessore, Khulna, Muzaffarpur, Darbhanga, Purnea, and Darjeeling, and the Sonthal Parganas.

United Provinces.—Light showers of rain were received during the week in the four Himalayan districts and in Bijnor and Muzaffarnagar. The threshing and winnowing of the spring crops continue in a few districts but agricultural operations generally are confined to the irrigation and weeding of sugarcane and extra crops and to the preparation and sowing of fields for the autumn harvest. Harvesting of *[illegible]* millet has commenced. Opium weighments are in progress in Budaun, Shahjahanpur, Hardoi, Sitapur, Lucknow and Sultanpur. The condition of agricultural stock is bad in the Bundelkhand districts, where fodder and water are scarce, and in one tahsil of the Unao district. Cholera continues in Gonda, but has abated in Hamirpur and Jhansi, and some deaths have occurred in Pilibhit. Prices have fallen or are falling in 14 districts; they have risen in Agra, Farrukhabad, and Budaun. The total number of persons on relief at the end of the week was 164,000.

The weekly report on the famine and scarcity is as follows:—There was no rain during the week. Irrigation and weeding of extra crops are proceeding and fields are being prepared for autumn sowings. Extra crops are in good condition. Cholera in Hamirpur and in Jalaun has further reduced numbers on works; it is abating in Jhansi; elsewhere the condition of the people is satisfactory. Fodder is very scarce in Jalaun and practically unobtainable in Hamirpur and cattle are suffering in consequence. A fresh consignment of [illegible] maunds of forest grass is now arriving in the former district. Prices have fallen considerably in [illegible] and Hamirpur but are high and have risen in Agra; in the other districts prices are stationary. The numbers on relief are:—Agra Division—workers [illegible], on gratuitous relief 10,000; Allahabad Division—workers 91,000, on gratuitous relief [illegible], total 164,000.

Punjab.—There was slight rain during the week in Gurgaon and Rawalpindi. Prices of food-grains are generally unchanged; wheat is rising slightly in Amritsar only. Harvesting of spring and sowing of extra spring and autumn crops continue. The condition and prospects of extra spring and standing autumn crops are good. The outturn of spring crops is average in Rawalpindi, Delhi, and on unirrigated areas of Sialkot and Delhi and good elsewhere. Rust and green fly in cotton are reported from Lyallpur. Cattle are generally in good condition. The fodder scarcity has practically disappeared. There are no complaints regarding the canal water-supply.

North-West Frontier Province.—There was no rain during the week, except slight showers in parts of Peshawar. The condition of the standing crops continues good on irrigated areas and average on unirrigated. Harvesting of spring crops is in progress. Sowings of extra spring crops are finished in Dera Ismail Khan, but continue in other districts. Cotton and rice are being sown. The outturn of the spring crops is good, except of gram in Bannu which has been considerably damaged by hot winds. Canal water is abundant in Peshawar and normal elsewhere, but there is no irrigation from hill-torrents in Dera Ismail Khan. The condition of cattle is good, except in Dera Ismail Khan where it is average in the Indus Valley and poor in the Daman tract. Stocks of grain are sufficient. Green fodder is procurable, except in the Daman tract of Dera Ismail Khan. Prices are fluctuating. Prices:—wheat 14 to 19; gram 15 to 20; maize 15 to 20; and *bajra* 13 to 14⅜ seers per rupee.

Jammu.—There was slight rain during the week in Ramnagar, and Samba. Prices are fluctuating. Prices:—wheat 12 to 14 and maize 14 to 32 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Harvesting of spring crops and preparation of lands for autumn sowings are in progress.

Kashmir.—The weather is generally bright. Prices are stationary. The spring crops are in good condition.

Rajputana.—There was slight rain during the week at Jodhpur and Dholpur. The late fodder crops are being watered and land is being prepared for autumn sowings. The condition of cattle is poor in many places where fodder is scarce. Emigrant cattle are returning in considerable numbers. Insufficiency of water is being felt in hill tracts and is serious in parts of Kotah and Dholpur. Prices have fallen in Partabgarh and slightly in Alwar and Bharatpur, but have risen in Kishengarh, Kotah, and Mewar. The numbers on famine relief are:—in Ajmer-Merwara, 32,405; in Native States, 62,895, total 95,300.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 7,035, on gratuitous relief 3,264, total 10,299; Merwara—on works 15,724, on gratuitous relief 6,382, total 22,106. Native States:—Marwar—on works 2,349, on gratuitous relief 1,701, total 4,050; Mewar—on works 2,820, on gratuitous relief 411, total 3,231; Shahpura—on works 35, on gratuitous relief 89, total 124; Tonk—on works 2,295, on gratuitous relief 739, total 3,034; Jaipur—on works 15,379, on gratuitous relief 656, total 16,035; Kishengarh—on works 3,800, on gratuitous relief 2,745, total 6,545; Alwar—on works 2,246, on gratuitous relief 1,296, total 3,542; Eastern States—on works 20,456, on gratuitous relief 5,878, total 26,334. Prices vary between 11¼ seers in Karauli and 14½ seers per rupee in Alwar. Relief measures are adequate. The public health is generally good but cholera has broken out in Pushkar village near Ajmer and 40 deaths were reported during the week. Plague continues in Tonk city and smallpox in two districts of Bharatpur.

Central India.—There was no rain during the week. Land is being prepared for autumn sowings. Agricultural stock is bad in parts of Gwalior; fair in Bhopal; and good in Malwa and Indore. Pasturage is bad in parts of Gwalior, and scarce in Bundelkhand. Prices are high in Gwalior, Baghelkhand, and Indore, and are rising slightly in parts of Malwa.

The weekly report on the famine and scarcity is as follows: the general position is unaltered. Prices in Bundelkhand vary from 12 to 14 seers per rupee. The numbers on relief are:—on works in Gwalior 62,000, on gratuitous relief 19,000, total 81,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila and Jagirs—on works 29,750, on gratuitous relief 4,500, total 34,250; grand total 115,250.

Central Provinces.—The weather continues to be very hot, the nights are cloudy but high winds prevail in the day time. Half an inch of rain was received in Nagpur and a few scattered showers in Amraoti and Balaghat during the week. Threshing and winnowing have almost been completed. Preparation of land for autumn sowings is in rapid progress throughout the Provinces. Insufficieny of fodder and water continues to

exist in Damoh and parts of the Chanda and Bilaspur districts, and the price of fodder is very high in Hoshangabad, Wardha, Nagpur, and Akola. The price of wheat has again fallen in Saugor, Damoh, and Chhindwara, but has risen slightly in Mandla and Seoni; rice is one seer in the rupee cheaper in Bilaspur where the condition of the people continues to be satisfactory; elsewhere prices are steady or fluctuate slightly.

Baroda.—For week ending 5th May. The numbers on relief are:—on works 3,616; on gratuitous relief 147; total 3,763.

Bombay.—There was good to moderate rain during the week in parts of the Karnatak, Satara, and Kolhapur and very slight in parts of Thar and Parkar, Kanara, Kolaba, Ahmednagar and Sholapur. The standing crops have been slightly damaged by insects in parts of Karachi and by locusts in parts of Karachi, Larkana, and Hyderabad; are withering in parts of Ahmednagar and Kanara; and are generally in good condition elsewhere. Water in irrigation canals, tanks, and wells are giving out. Harvesting and threshing of spring crops and preparation of lands for autumn sowing continue. The supply of drinking water is deficient and measures for its improvement with aid of Government grants and takavi advances are in progress. Agricultural stock in the affected districts are losing condition and takavi is being granted for making good their deficiency; useless animals continue to be sold at low prices. Grass imported by Government finds ready sale. The prices of local fodder are two to three times above the normal. Active trade helps to keep up stocks of food grains. The quantity of grain purchasable per rupee in the Deccan is 28 to 50 per cent; in the Karnatak 40 to 50 per cent; in Gujarat 20 to 35 per cent; in the Konkan 15 to 30 per cent; and in Sind 10 to 25 per cent less than the normal. The numbers on test works on the last day of the week ending 5th instant were:—Dharwar 115, Phaltan 87, total 202. Distress is gradually increasing though is not yet acute. The condition of agricultural labourers is fair to good and they find considerable employment in fields and on Local Boards and Government irrigation and private works organized by help of takavi grants. Relief workers are generally in good condition and relief measures are adequate. The numbers on relief are rising, and emigrants continue to return. No aimless wandering is reported. The condition of the people is in general good but cholera is still prevalent in places in Ahmednagar, Poona, Satara, the Karnatak, and Kolhapur. The numbers on relief are:—British districts:—Deccan—on works 17,250, on gratuitous relief 31,177, total 48,427; Karnatak—on works 10,573, on gratuitous relief 15,761, total 26,334; Native States:—on works 4,143, on gratuitous relief 2,281, total 6,424.

Hyderabad.—Rainfall—six cents. The late rice harvest is nearly over. Lands are being prepared for autumn sowings Fodder scarcity exists in 59 talukas and water scarcity in 39. The attendance on road works in the affected talukas amounted to 3,875 persons and the number relieved gratuitously was 763. People are also employed on takavi and local fund wells. The price of *juar* has risen from ½ to 4 seers per rupee in twelve talukas and fallen from ½ to 2 seers in 14. Prices:—wheat 8½; coarse rice 7¼; and *juar* 14¼ seers per rupee.

Mysore.—There was fair rain during the week in Mysore and Hassan and slight rain elsewhere. Markets are well supplied, but prices are high in Kolar, Hassan, and Shimoga. The standing crops are in fair condition except in parts of Tumkur where they are withering for want of rain. Prospects have been improved by the recent rain except in Tumkur. Cattle are unhealthy in parts of Kolar, Tumkur, Mysore, and Hassan. Water and fodder are generally available in Bangalore and parts of Kadur, but are insufficient in other parts. Temporary irrigation wells and minor works affording employment for about 1,800 persons have been undertaken in several parts of Tumkur.

Coorg.—Rainfall 1 inch 67 cents. Prices of food-grains are normal. Water and fodder are sufficient.

Madras.—The rainfall was good in Malabar and the Nilgiris; fair in the Vizagapatam Agency, Bellary, Madura, and South Canara; light or none elsewhere. Irrigation supplies are insufficient except in Cuddapah and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair, but some in parts of Madura and Chingleput are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Vizagapatam, Nellore, Tinnevelly, and the Nilgiris. Fodder is scanty in parts of Bellary, Anantapur, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in seven districts; has fallen in two; and has slightly risen in fourteen. The prices of millets have fluctuated as follows:—*Ragi* is stationary in six districts; has fallen in two; and has slightly risen in thirteen. *Cholam* is stationary in three; and has fallen in nine. *Cumbu* is stationary in five; has fallen in two; and has slightly risen in eight.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table :

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 23rd May, 1906.

No. 6.—The following Statute is published for general information.

ARMY (ANNUAL) ACT, 1906.

[6 EDW. VII, CH. 2.]

An Act to provide, during Twelve Months, for the Discipline and Regulation of the Army.

[30TH MARCH, 1906.]

WHEREAS the raising or keeping of a standing army within the United Kingdom of Great Britain and Ireland in time of peace, unless it be with the consent of Parliament, is against law

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of forces should be continued for the safety of the United Kingdom and the

defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of two hundred and four thousand one hundred, including those to be employed at the depôts in the United Kingdom of Great Britain and Ireland for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions:

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid:

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law, in their duty, that an exact discipline be observed, and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

44 & 45 Vict. c. 58. And whereas the Army Act will expire in the year one thousand nine hundred and six on the following days:

(a) In the United Kingdom, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and

(b) Elsewhere in Europe, inclusive of Malta, also in the West Indies and America, on the thirty-first day of July; and

(c) Elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of December:

Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Short title.

1. This Act may be cited as the Army (Annual) Act, 1906.

Army Act to be in force for specified times.

2.—(1) The Army Act shall be and remain in force during the periods hereinafter mentioned, and no longer, unless otherwise provided by Parliament (that is to say):

(a) Within the United Kingdom, the Channel Islands, and the Isle of Man, from the thirtieth day of April one thousand nine hundred and six to the thirtieth day of April one thousand nine hundred and seven, both inclusive; and

(b) Elsewhere in Europe, inclusive of Malta, also in the West Indies and America, from the thirty-first day of July one thousand nine hundred and six to the thirty-first day of July one thousand nine hundred and seven, both inclusive; and

(c) Elsewhere, whether within or without His Majesty's dominions, from the thirty-first day of December one thousand nine hundred and six to the thirty-first day of December one thousand nine hundred and seven, both inclusive.

(2) The Army Act, while in force, shall apply to persons subject to military law, whether within or without His Majesty's dominions.

(3) A person subject to military law shall not be exempted from the provisions of the Army Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the marine forces, is either greater or less than the number herein-before mentioned.

Prices in respect of billeting.

3. There shall be paid to the keeper of a victualling house for the accommodation provided by him in pursuance of the Army Act the prices specified in the Schedule to this Act.

Amendments of Army Act.

4. For the purpose of preventing soldiers convicted of offences against discipline under the Army Act, and not discharged with ignominy, from being subjected to the stigma attaching to imprisonment, the following amendments shall be made in the Army Act:

Power to award detention instead of imprisonment as punishment for military offences.

(1) In section forty-four—

(i) After paragraph *k* there shall be added as an additional paragraph—
"*kk.* Detention for a term not exceeding two years";

(ii) After proviso (*1*) there shall be added as an additional proviso—

"(1A). For the purposes of commutation and revision of punishment, detention shall not be deemed to be a less punishment than imprisonment if the term of detention is longer than the term of imprisonment."

(2) The word "detention" shall be substituted for the word "imprisonment" in proviso (10) to section forty-four, and for the words "imprisonment with or without hard labour" and "imprisonment," wherever those words occur in section forty-six.

(3) In sub-section (5) of section forty-seven, for the words "death or penal servitude or of imprisonment" there shall be substituted the words "death, penal servitude, or imprisonment, or of detention."

(4) In sub-section (3) of section fifty, section fifty-one, section fifty-two, sub-sections (3), (4), and (8) of section fifty-three, sub-sections (3) and (4) of section fifty-four, and section fifty-six, the word "accused" shall be substituted for the word "prisoner" wherever that word occurs; and in sub-section (9) of section fifty-three and sub-section (1) of section fifty-four, the words "person under sentence" shall be substituted for the word "prisoner."

(5) For paragraph (1) of section one hundred and thirty-eight the following paragraph shall be substituted:

"(1) All ordinary pay for every day of absence either on desertion or without leave, or as a prisoner of war, and for every day of imprisonment awarded by a civil court or court-martial, or, if he is on board one of His Majesty's ships, by the commanding officer of that ship, for every day of detention awarded by a court-martial or by his commanding officer, and for every day whilst he is in custody on a charge for an offence of which he is afterwards convicted by a civil court or court-martial, or on a charge of absence without leave for which he is afterwards awarded detention by his commanding officer."

(6) After section one hundred and thirty-five, the following section shall be added as a new section:

"135A.—(1) A soldier sentenced to detention shall undergo the term of his detention either in military custody or in a detention barrack, or partly in one way and partly in the other.

"(2) A soldier sentenced to imprisonment, or any other person liable to be imprisoned in a military prison, may be confined in a detention barrack, but a soldier sentenced to detention shall not be confined in a prison.

"(3) Subject to the foregoing provisions of this section, the provisions of this Act (other than proviso (4) to section forty-four) relating to imprisonment, military prisoners, and military prisons, shall apply to detention, soldiers undergoing detention, and detention barracks:

"Provided that a detention barrack shall not be deemed to be a public prison for the purposes of sub-section (3) of section sixty-three of this Act, so far as that sub-section relates to the manner in which a military prisoner is to be dealt with."

5.—(1) For paragraph (*a*) of sub-section (*1*) of section thirteen of the Army Act (which relates to fraudulent enlistment) the following paragraph shall be substituted:

Amendment of Army Act as to fraudulent enlistment in colonial force.

"(*a*) When belonging to either the regular forces, or the militia when embodied, or the yeomanry when called out for actual military service, without having obtained a regular discharge therefrom, or otherwise fulfilled the conditions enabling him to enlist or enrol, enlists or enrols himself in His Majesty's regular forces or in any force raised in India or a colony."

(2) In sub-section (1) of section one hundred and eighty-one of the Army Act (which modifies that Act with respect to the auxiliary forces) for the words "enlists or attempts to enlist in the regular forces" there shall be substituted the words "enlists or enrols himself, or attempts to enlist or enrol himself, in the regular forces or in a force raised in India or a colony."

As to mode of complaint by soldiers.

6. In section forty-three of the Army Act (which relates to the mode of complaint by soldiers). for the words "to the general or other officer commanding the district or station where the soldier is serving," there shall be substituted the words "to the prescribed general officer."

As to punishments of non-commissioned officers.

7.—(1) For paragraph *m* of section forty-four of the Army Act (which relates to punishments of non-commissioned officers) the following paragraph shall be substituted:

"*m*. In the case of a non-commissioned officer, forfeiture, in the prescribed manner, of seniority of rank, or reduction to a lower grade, or to the ranks."

(2) In paragraph (3) of section one hundred and eighty-three of the Army Act (which relates to non-commissioned officers), for the words "may be reduced by sentence of a court-martial," there should be substituted the words "may, by the sentence of a court-martial, be ordered to forfeit seniority of rank or be reduced."

As to competent military authority for the purposes of s. 73.

8. In sub-section (3) of section seventy-three of the Army Act (which relates to the competent military authority in case of confession of desertion or fraudulent enlistment) for the words "or any general or other officer commanding a military district" there shall be substituted the words "or any prescribed general officer."

As to military prisons.

9.—(1) Rules made under sub-section (2) of section one hundred and thirty-three of the Army Act (which relates to military prisons) shall not authorise the infliction of corporal punishment for any offence, and accordingly in that sub-section the words "not exceeding twenty-five lashes in the case of corporal punishment," and the words "in addition to the offences for which such punishment can be inflicted in pursuance of the Prison Act, 1865, and the Prison Act, 1877," shall be repealed.

(2) In the same sub-section, after the words "military prisoners therein" there shall be inserted the words "and for enabling such prisoners to earn, by special industry and good conduct, a remission of a portion of their sentence."

(3) In the same sub-section, for the words "regulations in the Prison Act, 1865, and in the Prison Act, 1877, as to the duties of gaolers, medical officers, and coroners," there shall be substituted the words "regulations made under the Prison Act, 1898, as to the duties of gaolers and medical officers and all regulations contained in the Coroners Act,
61 & 62 Vict. c. 41. 1887, as to the duties of coroners with respect to inquests in prisons."

50 & 51 Vict. c. 71.

As to the application of military law to reservists

10. At the end of paragraph (5) of section one hundred and seventy-six of the Army Act (which relates to the application of military law to the reserve forces) there shall be added:

"and

"(*d*) when employed in military service under the orders of an officer of the regular forces."

The 25th May, 1906.

No. 1088-*G.*—The services of Mr. A. W. E. Standley, Executive Engineer, 2nd grade, United Provinces, are replaced at the disposal of the Public Works Department, with effect from the 8th April, 1906, on the termination of the period of his employment in the Bikaner State.

No. 2112-*I.A.*—In continuation of the Notification of the Government of India in the Foreign Department, No. 2471-I.A., dated the 29th May, 1903, the Governor General in Council is pleased to make the following additional modifications in the Excise Act, 1896 (XII of 1896), as applied to the Civil and Military Station of Bangalore by the said notification, namely:

(1) At the end of clause (*j*) of sub-section (*1*) of section 3 add the following words:

"and shall include every other drug which the Resident in Mysore may, by notification in the Gazette, declare to be included in the said definition, and every preparation and admixture of any such drug."

(2) For section 18 the following shall be substituted:

"18. (*1*) Save as otherwise provided in sub-section (*2*) no person shall have in his possession any larger quantity of any intoxicating drugs than that specified in section 3, sub-section (*1*), clause (*n*), in respect of such drugs unless he is permitted to collect, cultivate, manufacture, or sell the same or holds a pass therefor from the Collector or some other officer empowered by the Resident in Mysore to grant such passes.

"(2) No person shall have in his possession any drugs, preparations or admixtures which the Resident in Mysore by notification, under section 3, sub-section (*1*), clause (*j*), has declared to be included in the definition of 'intoxicating drugs' except under, and in accordance with the terms of, a general exemption granted by the Resident in Mysore, or a license granted by such officer as the Resident in Mysore may, from time to time, appoint in this behalf."

(3) To section 21 the following proviso shall be added:

"provided also that where the Resident in Mysore has declared by notification under section 3, sub-section (*1*), clause (*j*), any drug, preparation or admixture to be included in the definition of 'intoxicating drugs,' such drug, preparation or admixture may be sold under, and in accordance with the terms of, a general exemption granted by the Resident in Mysore."

No. 2113-*I.B.*—In exercise of the powers conferred by section 17, sub-section (*1*), clause (*b*), of the Cantonments Act, 1889 (XIII of 1889), as applied to the Cantonment of Nimach by the Notification of the Government of India in the Foreign Department, No. 1376-I., dated the 25th April, 1890, the Governor General in Council is pleased to direct that the payment of the Octroi duties leviable in the said Cantonment may be commuted in accordance with the following rule, namely:

Any Military or Civil Officer or servant of Government or of the Railway residing in the Cantonment of Nimach whose pay is not less than Rs. 2 a month, may commute the Octroi duties payable on parcels, brought by post or railway, which are intended only for his *bonâ fide* personal use or for that of his family residing with him, for an annual payment on the following scale:

	Rs.
General Officers and Civil Officers whose pay exceeds Rs. 1 500 a month .	15 a year.
Colonels and Lieutenant-Colonels and Civil Officers whose pay exceeds Rs. 900 and does not exceed Rs. 1,500 a month	12 a year.
Majors and Civil Officers whose pay exceeds Rs. 500 and does not exceed Rs. 900 a month	10 a year.
Captains and Civil Officers whose pay exceeds Rs. 300 and does not exceed Rs. 500 a month	8 a year.
Lieutenants and 2nd-Lieutenants and Civil Officers whose pay exceeds Rs. 200, but does not exceed Rs 300 a month	6 a year.

No. 2114-*I.B.*—In continuation of Foreign Department Notification No. 4161-I., dated the 25th October, 1889, the Governor General in Council is pleased to direct that the following rules shall be substituted for rules 8 and 9 of the rules for the assessment and recovery of Octroi duties in the Nowgong Cantonment published with that Notification:

8. A certificate of exportation will be granted on application, to every holder of such a receipt who exports (within three months of the date of the said receipt) goods which correspond in nature with, and do not exceed in quantity, the goods described in the said receipt.

9. On production of an export certificate (within one week of its having been granted) accompanied by the corresponding receipt, the amount of duty paid, as per the receipt, in respect of goods of the nature and quantity exported, as per the export certificate, shall be refunded without reduction provided that the sum claimed amounts to not less than Rs. 3 (three) for each export certificate.

No. 1091-*G.*—Lieutenant R. A. Yule, a Political Assistant of the 3rd class, is posted as Assistant Political Agent in Loralai.

L. W. DANE,

Notes and Instructions.

(1) Section 17 of the Indian Mines Act provides that when any accidental explosion occurs in a mine or when any accident occurs in or at a mine causing loss of life or serious bodily injury, the Owner, Agent, or Manager of the mine shall give such notice of the explosion or accident to such authorities in such form and within such a time as may be prescribed. By Notification No. 3352—45-32, dated the 27th December 1901, it is prescribed that the notice should be sent to the Chief Inspector of Mines, Calcutta, through the Magistrate of the District within 24 hours of the occurrence of the accident.

(2) The notice of the accident may be sent through the Sub-Divisional Officer instead of through the Magistrate if that course is more convenient. (Letter from the Government of India, No. 2594—102-3, dated Simla, the 7th August 1902.)

(3) An injury is said to be serious which involves or will in all probability involve the loss of or permanent injury to any limb, or to the sight or hearing, or fracture of any limb, or enforced absence from work for 20 days, or which is declared by any medical officer to be serious. (Circular No. 42—70 6, dated 4th September 1902, of the Government of India in the Department of Revenue and Agriculture.)

(4) The following terms are to be used in column 8:

(1) Explosions of fire damp, (2) falls of roof, (3) falls of side, (4) in shafts (overwinding), (5) in shafts (ropes and chains breaking), (6) in shafts (whilst ascending or descending by machinery), (7) in shafts (falling into the shaft from the surface), (8) in shafts (falling from part of the way down); (9) in shafts (things falling from the surface), (10) in shafts (things falling from part of the way down), (11) in shafts (miscellaneous), (12) suffocation by gases (13) by explosives; (14) irruptions of water or falling into water, (15) haulage, (16) by underground machinery, (17) sundries underground, (18) by surface machinery (19) surface boilers or pipes bursting, (20) on surface railways or tramways belonging to the mine, (21) miscellaneous on surface

The 23rd May, 1906.

No. 110.—The following is published for general information:

No. R. T. 337-4, dated the 8th May 1906.

RESOLUTION—By the Railway Board.

Amendments in rule 14, Chapter III, Part II, and in Appendix A of the General Rules for working open lines of railway—Rules to regulate the packing and carriage by railway in India of certain dangerous petroleums.

Read—

Section 47 of the Indian Railways Act, 1890 (IX of 1890).

Government of India, Public Works Department, notification No. 118, dated the 21st March 1895, and the Government of India, Public Works Department, Circular No. 6 Railway, dated the 12th March 1895.

Government of India, Department of Commerce and Industry, notification No. 801, dated the 24th March 1905.

Railway Board's Circular No. R. T. 146-8, dated the 26th October 1905.

Memo. from the Consulting Engineer to the Government of India for Railways, Calcutta, No. 95, dated the 9th January 1906, and letter from the Standard Oil Company of New York, Calcutta, dated the 9th January 1906.

RESOLUTION.—With their circular No. R. T. 146-8, dated 26th October 1905, the Railway Board promulgated revised rules to regulate the packing and carriage by railway in India of petrol or motor spirit both by passenger and goods train.

They are now advised that the rules laid down in the above circular should apply to all dangerous petroleums which include benzine or benzol, benzoline, gasoline, motor car spirit, motor spirit, motorine, naphtha and petrol. The Railway Board accordingly direct that their circular No. R. T. 146-8, dated the 26th October 1905, be cancelled and in exercise of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No 801, dated the 24th March 1905, read in the preamble above, they sanction, under section 47, sub-section (4) of the Indian Railways Act, 1890 (IX of 1890), as in force in British India, or as locally applied, the adoption by the administrations of the railways concerned, whether in British India, in foreign territory or in Native States, to which the General Rules for working open lines of railway, promulgated with the Government of India, Public Works Department, Circular No. 6 Railway, dated the 12th March 1895, apply, of the accompanying amendments in rule 14, Chapter III, Part II, and in Appendix A of the General Rules referred to.

ORDER.—Ordered, that this circular with its enclosure be published under a notification in Part I of the *Gazette of India* as required by section 47, sub-section (3) of the Indian Railways Act, 1890 (IX of 1890), and that a copy thereof be kept open for inspection at railway stations as directed by sub-section (6) of the same section; also, that a copy of this circular and of its enclosure be communicated to the Governments, Administrations and Officers noted in the margin, for information.

The Governments of Madras, Bombay and Burma, Public Works Department, Railway Branch.
The Governments of Bengal, the United Provinces and Eastern Bengal and Assam, Public Works Department.
The Government of Bengal, Marine Department.
The Honourable the Resident at Hyderabad.
The Honourable the Agent to the Governor General for Rajputana.
The Consulting Engineers to the Government of India for Railways, Calcutta and Lucknow.
The Managers, North Western, Oudh and Rohilkhand and Eastern Bengal (State) railways.

[Enclosure to the Railway Board's Circular No. R. T. 337-4, dated the 8th May 1906.]

Amendments in rule 14, Chapter III, Part II, and in Appendix A of the General Rules for working open lines of railway—Rules to regulate the packing and carriage by railway in India of certain dangerous petroleums.

From rule 14, Chapter III, Part II, *delete* the following items, *viz.*,-

Benzine or Benzol	D.
Benzoline	D.
Gasoline	D.
Naphtha	D.

and *add* the following under a separate class E, *viz.*,—

Benzine or Benzol	E.
Benzoline	
Gasoline	
Motor Car Spirit	
Motor Spirit	
Motorine	
Naphtha	
Petrol	

In Appendix A *add* the following as new rule V:

V.—Goods marked E in Rule 14.

I.—*By passenger train.*

(i) In drums or receptacles of not more than four gallons capacity up to a limit of twelve gallons in one train.

(ii) The drums or receptacles containing the goods must be made of tinned or galvanized sheet iron, steel or lead plate, and they must be packed in strong wooden cases, the thickness of the wood to be not less than half an inch; provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal

	Not less than
(1) When the capacity does not exceed 2 gallons .	25 B. W. G.
(2) When the capacity exceeds 2 gallons but does not exceed 4 gallons	22 B. W. G.

(iii) The drums or receptacles containing the goods must be fitted with well made filling holes and well-fitting screw plugs, or fitted with screw caps with metal air tight undercap. They must also be gas-tight and so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

(iv) The nature of the contents and also the words "highly inflammable" must be distinctly marked on the drums or receptacles.

(v) A certificate must be handed in by the consignor to the effect that the air space of at least 1-10th of its capacity was left in each drum or receptacle at time of filling.

(vi) Drums or receptacles in a damaged condition must not be accepted.

(vii) The screw plugs or caps of empty drums or receptacles must be securely fastened.

(viii) The drums or receptacles must be carried in the rear brake-van, which should be well ventilated and they must not be exposed to the sun or be brought into contact with naked lights. They must be placed as far away as possible from the other packages in the brake-van.

II.—*By goods train.*

(i) In drums or receptacles of not more than ten gallons capacity.

(ii) The drums or receptacles containing the goods must be made of tinned or galvanized sheet iron, steel or lead plate, and they must be packed in strong wooden cases, the thickness of the wood to be not less than half an inch; provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal

	Not less than
(1) When the capacity does not exceed 2 gallons	25 B. W. G.
(2) When the capacity exceeds 2 gallons but does not exceed 4 gallons	22 B. W. G.
(3) When the capacity exceeds 4 gallons	16 B. W. G.

(iii) The drums or receptacles containing the goods must be fitted with well made filling holes and well fitting screw plugs or fitted with screw caps with metal air-tight undercap. They must also be gas-tight and so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

(iv) The nature of the contents, and also the words "highly inflammable" must be distinctly marked on the drums or receptacles.

(v) A certificate must be handed in by the consignor to the effect that an air space of at least 1-10th of its capacity was left in each drum or receptacle at time of filling.

(vi) Drums or receptacles in a damaged condition must not be accepted.

(vii) The screw plugs or caps of empty drums or receptacles must be securely fastened.

(viii) The drums or receptacles may be carried in ordinary iron wagons, provided the wagons are well ventilated. They may, at the option of the Railway Administration, be loaded in vehicles with other goods of a non-explosive or non-dangerous nature.

(ix) The drums or receptacles containing the motor spirit must not be allowed to stand in the sun.

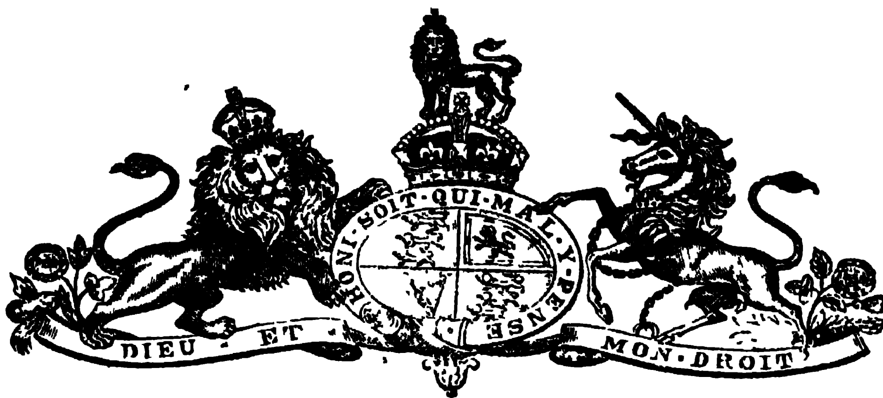

(x) Lamps or naked lights must not be allowed in, or brought near vehicles loaded with drums or receptacles containing the goods.

2. The chief danger to be apprehended is from leakage, as the vapour of these goods is heavier than air and is inflammable. The vapour is also explosive when mixed with certain proportions of air in a confined space.

3. Tanks of motor cars or motor cycles tendered for carriage by railway, must be empty, thoroughly clean and free from vapour before the vehicles are accepted.

C. A. R. BROWNE, *Lieut.-Col., R.E.,*

Secretary, Railway Board.

SUPPLEMENT TO

The Gazette of India.

No. 21.} SIMLA, SATURDAY, MAY 26, 1906.

OFFICIAL PAPERS.

A SUPPLEMENT *to the* GAZETTE OF INDIA *will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in* PART VI *of the* GAZETTE.

Non-Subscribers to the GAZETTE *may receive the* SUPPLEMENT *separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The* SUPPLEMENT *and* PART VI *of the* GAZETTE *can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.*

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA *is required by Law, or which it has been customary to publish in the* CALCUTTA GAZETTE, *will be included in the* SUPPLEMENT. *For such Orders and Notifications the body of the* GAZETTE *must be looked to.*

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 24th May 1906, based on the India Daily Weather Reports of the period.

Probably owing to a temporary advance of monsoon winds towards the close of last week nearly general rain began to fall on the 18th on the south Burma coast and has continued throughout the week. The direction of the winds on the Pegu coast have however been generally unfavourable for a free inflow of moist air into the interior of Burma and only isolated showers have occurred there.

Rainfall became nearly general in northeast India on the 18th and then diminished until the 20th when, probably owing to strong south-westerly winds at the head of the Bay, it was almost entirely confined to the northern and central districts of Eastern Bengal and Assam. The winds now began to shift to more southerly directions and rain extended into deltaic Bengal on the 21st, but on the 22nd the area of rainfall had again contracted to the southern districts of Eastern Bengal with odd showers in other parts of northeast India. On the next day however rainfall became nearly general in Eastern Bengal and Assam, but only to cease in Assam on the following day.

Dust and thunder storms with rain occurred on the 18th in the submontane districts of the United Provinces and the west Himalayas, and again on the 20th and 21st showers occurred in the extreme north. These cooled the air very materially in the United Provinces, the Punjab, the Frontier Province and Kashmir, but temperature soon recovered and at the close of the week it was from 2½° to 10½° in excess in these parts.

In south India only one or two falls have been reported daily except on the 18th when several falls occurred. The rain has generally been associated with thunder storms.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:

Northern India and Burma.—May 18th Rangoon 1·04″, Toungoo 0·32″, Yamethin 0·31″, Saugor Island 2·03″, Calcutta 0·93″, Burdwan 1·91″, Patna 0·50″, Purnea 1·39″, Bahraich 0·50″ and Lucknow 0·90″.

„ 19th Tavoy 1·05″, Minbu 0·44″, Dhubri 1·10″, Patna 0·48″, Balasore 1·25″, False Point 0·85″ and Cuttack 1·09″

„ 20th Moulmein 1·17″, Rangoon 9·05″, Thayetmyo 0·36″, Yamethin 1·44″, Dhubri 0·90″ and Mymensingh 3·84″.

„ 21st Port Blair 1·20″, Mergui 1·15″, Tavoy 1·42″, Dhubri 0·76″ and Mymensingh 2·88″.

„ 22nd Port Blair 1·71″, Mergui 2·95″, Tavoy 1·25″, Moulmein 1·90″, Rangoon 1·24″, Chittagong 1·59″, Mymensingh 0·91″, Narayanganj 0·72″, Jessore 1·33″ and Darbhanga 0·35″.

„ 23rd Mergui 1·55″, Rangoon 0·97″, Chittagong 0·88″, Gauhati 0·88″, Dhubri 1·70″, Shillong 0·92″, Cherra Poonjee 2·32″, Jessore 1·05″, Bogra 0·87″, Dinajpur 0·96″ and Purnea 0·43″

„ 24th Mergui 1·25″, Rangoon 0·72″, Barisal 0·77″, Narayanganj 1·85″, Mymensingh 0·83″, Jessore 0·90″ and Bogra 2·67″.

Southern half of the Peninsula.—May 18th Salem 1·20″, Cochin 1·40″ and Trivandrum 1·23″.

„ 21st Kodaikanal 0·62″ and Cochin 0·61″.

„ 22nd Mysore 1·21″.

„ 23rd Salem 1·19″.

The total rainfall for the first twenty-four days of May has been in defect in most parts of the country. It has been practically normal in the subdivisions represented by the stations of Dinajpur, Darbhanga, Bijapur and Madura and in excess in the Delta of Bengal and the Burdwan subdivision. The largest deficiency, expressed in inches, occurs in the Bay Islands and Burma.

Temperature has been below normal throughout the week in northeast India and has been in large excess in upper Burma and from the 20th in the central parts of the country. In the Peninsula the departure from normal temperature has not been large except in the Deccan and the central parts of the Madras coast where it was occasionally from 6° to 7° above normal.

J. WILSON,
Secretary to the Government of India.

SIMLA;
The 24th May, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 19th May 1906.

Burma.—Moderate to light rain was practically general during the week except in Rangoon where the rainfall was nearly 10 inches and in Thaton and Maubin where it was over 4 and 2 inches respectively. In Upper Burma reaping of dry weather paddy has commenced in Shwebo and continues in some other districts. Sowing of hill side paddy has commenced in Katha. Gathering of onions is completed in Myingyan and plucking of tobacco and tea leaves in the Momeik subdivision of the Ruby Mines district. The ploughing of paddy land has commenced in parts of Sagaing. Dry weather crops do not promise well in Minbu for want of water, and in Kyaukse they have mostly failed and rain is badly wanted for early wet weather paddy. The price of paddy has risen largely in Magwe and slightly at seven centres; it has fallen slightly at three centres; and is stationary elsewhere.

Eastern-Bengal and Assam.—The weather is seasonable. Heavy rain has fallen in Mymensingh, Sylhet, Cachar and the Garo Hills and moderate to slight rain in all other districts. Prospects of tea are generally fair. Ploughing for and sowing of early and late rice and jute are in progress. Prospects of crops have suffered from heavy rains in parts of Mymensingh, elsewhere prospects are generally improved. Prices of common rice:—Manipur 17; Kakima 11; Chittagong $10\frac{1}{2}$; Gauhati, Tezpur, and Sibsagar 10; Dinajpur $9\frac{9}{16}$; Rangpur $9\frac{1}{2}$; Comilla $9\frac{7}{16}$; Jalpaiguri, Noakhali, Rangamati, Silchar, Nowgong, and Dibrugarh 9; Malda $8\frac{3}{4}$; Rampur Boalia and Dacca $8\frac{1}{2}$; Patna, Mymensingh, Dhubri, and Tura 8; Faridpur 7 to 8; Barisal $7\frac{1}{2}$; Bogra $7\frac{1}{4}$; Shillong $6\frac{1}{2}$; and Aijal 6 seers per rupee. Prices have risen in six; fallen in six; and remain stationary in the remaining districts.

Bengal.—Rainfall is reported from all the districts of the Province except Sambalpur and Monghyr. The fall was light in the Patna and Chota Nagpur Divisions and moderate in the rest of the Province. The rain of the week has done much good and the sowing of jute and paddy is in progress and sugarcane is doing well. Fodder is insufficient in parts of Nadia and Jessore. The water-supply is reported to be getting scarce in Angul. The price of common rice has risen in nine districts, and fallen in six; it continues high in most districts.

United Provinces.—Rain fell during the week in 36 districts and did some good besides facilitating the ploughing of the fields for the autumn sowings. In Garhwal and Almora the rain was accompanied by hail which did some damage to the crops. Irrigation and weeding of cane and extra crops continues; the latter are everywhere doing well and are being reaped in six districts. Maize, rice and cotton are being sown and opium weighments continue. Cholera is abating in Bahraich, Hamirpur and Jhansi, but is still bad in Jalaun, and has also broken out in some villages in Jaunpur and in Banda. Cattle are in good condition except in the districts where there is scarcity of fodder or water. Markets generally are well supplied and the demand for labour full. Prices of food grains have fallen in eight districts and have risen in five. The total number of persons on relief at the end of the week was 156,000.

The weekly report on the famine and scarcity is as follows:—There was slight rain during the week in Cawnpur, Hamirpur, Banda, and Muttra. Irrigation and weeding of cane and extra crops continue; the latter are being cut in Agra. Cotton and early rice are being sown in Cawnpore and maize and cotton in Muttra. Fodder is scarce in all

districts and there is a great demand in Jalaun for forest grass. Cholera has appeared in Banda, and is abating in Jhansi and Hamirpur, but is still bad in Jalaun where a further decrease in the numbers on relief has taken place. The condition of the people otherwise is satisfactory but there has been suffering from the heat in Jalaun where the task has accordingly been reduced. Prices of food grains have fallen in Cawnpore, Jalaun and Etawah; in the other districts they are stationary. The numbers on relief are:—Agra Division—workers 7,000, on gratuitous relief 9,000; Allahabad Division—workers 85,000, on gratuitous relief 55,000, total 156,000.

Punjab.—There was light rain during the week in all districts except Sialkot. Prices are falling; the price of wheat is rising only in Sialkot and Rawalpindi. Harvesting of spring and sowing of autumn crops especially on irrigated areas continue. The condition and prospects of extra spring and standing autumn crops are good except on unirrigated areas in Delhi. The yield of spring crops is below average on unirrigated areas in Delhi and good elsewhere. Cotton has been attacked by grass-hoppers (*toka*) in parts of Jullundur. Cattle are generally in good condition. Fodder is now sufficient throughout the Province. There are no complaints regarding the canal water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak: on works 6,452, dependants 6,736, total, 13,188. People are generally resorting to the works. There is no wandering or emaciation apparent. The physical condition of the labourers is good and relief measures are sufficient. The public health is good except for a few cases of plague.

North-West Frontier Province.—There were slight showers all over the Province during the week. The condition of the standing crops continues good on irrigated and average on unirrigated areas. Harvesting of spring crops is in progress. Sowings of extra spring crops are finished except in Bannu. Sowings of cotton and other early autumn crops are being continued. The outturn of spring crops is good except of gram in Bannu which is much below the average. Canal water is abundant in Peshawar and normal elsewhere; there is no irrigation from hill-torrents in Dera Ismail Khan; rivers are rising. The condition of cattle is good, except in Dera Ismail Khan where it is average in the Indus Valley and poor in the Daman tract. Locusts appeared in Bannu but passed on to the north without doing any damage. Stocks of food grains are sufficient. Green fodder is procurable, except in the Daman tract. Prices are fluctuating. Prices:—wheat 14 to 18; gram 15 to 19; maize 15 to 20½; and *bajra* 13 to 14¾ seers per rupee.

Jammu.—There was slight rain during the week in Ramnagar, Ramban, and Basohli. Prices are fluctuating. Prices:—wheat 12 to 24 and maize 14 to 30 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Harvesting of spring crops and preparation of land for autumn sowings are in progress. Threshing and housing of the harvested crops are going on.

Kashmir.—The weather is generally bright. Prices are stationary. The spring crops are in good condition.

Rajputana.—There was slight rainfall at Alwar during the week. Land is being prepared for autumn sowings in many places. The condition of cattle is generally poor in affected tracts owing to the scarcity of fodder; emigrant cattle are returning in considerable numbers. Water is insufficient in hill tracts and in parts of Kotah, Kishengarh and Dholpur. Prices have risen in Merwara and have fallen slightly in Kishengarh and Bharatpur. The numbers on famine relief are:—Ajmer-Merwara, 32,402; in Native States, 57,392; total 89,794.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 6,750, on gratuitous relief 3,188, total 9,938; Merwara—on works 16,150, on gratuitous relief 6,314, total 22,464; the numbers are practically steady. Native States:—Marwar—on works

2,495, on gratuitous relief 1,679, total 4,174; Mewar—on works 2,832, on gratuitous relief 369, total 3,201; Shahpura—on works 35, on gratuitous relief 93, total 128; Tonk—on works 2,426, on gratuitous relief 737, total 3,163; Jaipur—on works 13,080, on gratuitous relief 1,652, total 14,732; Kishengarh—on works 3,734, on gratuitous relief 2,974, total 6,708; Alwar—on works 2,072, on gratuitous relief 1,354, total 3,426; Eastern States—on works 15,842, on gratuitous relief 6,018, total 21,860. Prices vary between 11¼ seers per rupee in Karauli and 14$\frac{5}{16}$ seers in Alwar. Cholera is subsiding in Ajmer and plague is decreasing in Tonk city; other conditions are practically unchanged.

Central India.—There was no rain during the week. Land is being prepared for autumn sowings in Indore, Malwa, and Bhopawar. Agricultural stock is in bad condition in parts of Gwalior; good in Indore; and fair in Bhopal and Malwa. Pasturage is bad in parts of Gwalior and scarce in Bundelkhand. Prices are high in Gwalior, Indore, and Baghelkhand; are falling in parts of Bhopal; and are steady in Bundelkhand, Malwa, and Bhopawar.

The weekly report on the famine and scarcity is as follows:—the general position is unaltered. Prices in Bundelkhand vary from 12 to 13½ seers per rupee. The numbers on relief are:—on works in Gwalior 63,000, on gratuitous relief 16,000, total 79,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila and Jagirs:—on works 26,500, on gratuitous relief 4,500, total 31,000; grand total 110,000.

Central Provinces.—The weather has been very hot, and occasionally cloudy with high winds; the week has been rainless except for showers in Nagpur and Hoshangabad. Threshings and winnowing have been completed. Preparation of land for autumn sowings is in full swing everywhere. Immigrants from Bundelkhand are now returning homewards through the Northern districts. Field embankments are being repaired in Raipur and Bilaspur. There is ample employment for labourers in Bilaspur and the condition of the people continues to be satisfactory. Fodder is still insufficient in parts of Chanda, Bilaspur, Buldana, and Yeotmal. Scarcity of water is reported in parts of Jubbulpore, Narsinghpur, Chanda, Bilaspur, Akola, Amraoti, and Yeotmal. Fodder is still very dear in Wardha, Nagpur, and Akola. The price of gram has risen in Drug and Betul by 2 and 1½ seers, respectively, but elsewhere variations are slight: the prices of food grains are generally steady.

Baroda.—For week ending 12th May. The numbers on relief are:—on works 3,403; on gratuitous relief 147, total 3,550.

Bombay.—There was slight rain during the week in parts of Bijapur, Belgaum, and Kolhapur and very slight in parts of Kanara, Ratnagiri, and Satara. The standing crops are generally in good condition except in parts of Ahmednagar and Kanara where they are withering. Irrigation canals, tanks, and wells are drying up. Preparation of lands for autumn sowings continues. Sowing of rice has commenced in parts of Belgaum and Dharwar. The drinking water-supply is being improved with the aid of Government grants and takavi advances. Agricultural stock are deteriorating in affected districts and takavi is being granted for making good their deficiency. Grass imported by Government finds ready sale. The prices of local fodder are two to three times above the normal. Stocks of food grains are ample and trade is active. The quantity of grain purchasable per rupee in the Deccan is 28 to 55 per cent; in the Karnatak 35 to 50 per cent; in Gujarat 20 to 35 per cent; in the Konkan 15 to 30 per cent; and in Sind 10 to 25 per cent less than the normal. The numbers on test works on the last day of the week ending 12th instant were:—Dharwar 122, Phaltan 96, Kathiawar 618, total 836. The distress is gradually increasing though is not yet acute. Agricultural labourers are in fair to good condition and find considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants. The people on relief

works are generally in good condition and relief measures are adequate. The numbers on relief are rising and immigrants continue to return. There is no aimless wandering reported. The condition of the people is in general good. Cholera is still prevalent in places in the Deccan, the Karnatak and Kolhapur. The numbers on relief are:—British districts:—Deccan—on works 19,029, on gratuitous relief 34,070, total 53,099; Karnatak—on works 10,750, on gratuitous relief 16,458, total 27,208; Native States:—on works 4,114, on gratuitous relief 2,274, total 6,388.

Hyderabad.—Rainfall—two cents. The late rice harvest continues in parts. Lands are being prepared for autumn sowings. Fodder scarcity exists in 52 talukas and water scarcity in 45. The attendance on road works amounted to 3,078 persons, the fall in numbers being due to cholera; in poor houses there were 850 persons. The price of *juar* has risen from ½ to 1 seer per rupee in four talukas and has fallen from ½ to 2 seers in 8. Prices:—wheat 8½; coarse rice 7½; and *juar* 14½ seers per rupee.

Mysore.—There was fair rain in Bangalore, Mysore and Kadur and slight rain in parts of Shimoga and other districts during the week. Markets are fairly well supplied but prices are high in Kolar, Hassan, and Shimoga. The crops in parts of Tumkur are withering. Ploughing operations have begun in certain parts of the Province. Prospects are not encouraging in Kolar, Tumkur, and Shimoga, where more rain is needed. Cattle are unhealthy in parts of Mysore and Hassan and are deteriorating in Tumkur. The supply of water and fodder is limited in Tumkur, Shimoga, Chitaldroog, and parts of Hassan.

Coorg.—Rainfall—two cents. Prices of food-grains are normal. Water and fodder are sufficient.

Madras.—The rainfall of the week was good in Salem, Trichinopoly, Malabar, and the Nilgiris; fair in Vizagapatam Agency, Coimbatore, Madura and South Canara; no rain fell in Guntur, Kurnool, and Madras and only light rain elsewhere. Irrigation supplies are insufficient except in Cuddapah and the Nilgiris. Ploughing, sowing, manuring, weeding and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Madura, Chingleput and Coimbatore are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Nellore and the Nilgiris. Fodder is scanty in parts of Bellary, Anantapur, Salem, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in ten districts; has fallen in four and has slightly risen in nine. The prices of millets have fluctuated as follows:—*Ragi* is stationary in five districts and has slightly risen in sixteen. *Cholam* is stationary in three districts; has fallen in one; and has slightly risen in ten. *Cumbu* is stationary in eight districts; has fallen in two; and has slightly risen in five.

Nepal.—Report for the quarter ending the 15th April 1906:—The rainfall for the period was 3·49 inches as compared with 3·85 inches for the corresponding period last year.

January / *February* } The second crop of potatoes and winter vegetables were sown.

March.—In the Terai the spring crops, *i.e.*, wheat, barley and gram, were harvested and the outturn was good. Maize sowing was commenced in the hills.

April.—The wheat crop in the hills is thriving. The barley crop is nearly ready to be reaped and the second crop of potatoes has commenced to be dug. Peas (small) are being gathered. Fields are being prepared for the paddy crop and red pepper. Early rice is being sown. The prices of food-grains are normal and the market is well stocked. Wheat is particularly cheap this year. It is anticipated that fruit will be plentiful.

The health of the live stock continues good. The weather latterly has been abnormally hot and dry.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table :

Name of Province or State.	Preceding week.			Present week.			Increase or decrease.

STRAITS SETTLEMENTS.

ACT XLI OF 1850

AS AMENDED BY ORDINANCE IX OF 1906.

An Act to prevent the landing and leaving of Decrepit Beggars in the Settlements of Prince of Wales' Island Singapore and Malacca.

WHEREAS much public inconvenience has arisen by masters of ships and Nakodas of junks and other vessels landing and leaving in the Settlements of Prince of Wales' Island Singapore and Malacca diseased maimed blind and decrepit persons who afterwards beg for subsistence in the public streets: It is enacted as follows:

Masters of vessels landing decrepit persons not having means of subsistence liable to punishments.

1. All masters of vessels who shall bring and land or cause to be brought and landed in any of the Settlements of the Colony without leave of the Chief Police Officer of such Settlement any diseased maimed blind idiot lunatic or decrepit person not having the means of subsistence and who may be hindered by his or her diseased blind or disabled state from earning a livelihood or any person who cannot show that he has in his possession or that he is physically able to earn the means of decently supporting himself and his dependents if any or any person who has been banished from any foreign country or has been shipped from any foreign country by the authorities of the Government of such country with a view to his being repatriated other than a person born in the Colony or the Federated Malay States shall on conviction before a Police Court be liable for every such offence to pay a fine not exceeding one hundred dollars.

Police Court may examine such person and make order for his removal.

2. Any Police Court upon the complaint of the Chief Police Officer or other Officer of Police that any such person who has not resided one month in the Settlement has been found begging or has become chargeable to the Settlement may cause such person to be brought before it and may examine such person and any other witness on oath touching the place from which he or she was brought to the said Settlement and may cause any such person to be removed to the place from which he or she was so brought in such manner as shall be from time to time directed by the Governor and the reasonable cost of such removal shall be borne and paid by the master of the vessel by whom such person was brought to the Settlement and may be sued for and recovered as so much money due from him to Her Majesty.

Police Officers may inquire into circumstances of suspected persons.

3. It shall be lawful for any Police Officer not below the rank of Inspector or for any other Police Officer thereunto generally authorized in writing by the Chief Police Officer to enter upon any vessel arriving at any of the ports of the Colony and to detain and inquire into the circumstances of any of the passengers who may reasonably be suspected of belonging to any of the classes of persons whom it is an offence to bring into the Colony under Section one hereof. If after such inquiry it shall be found that any of such passengers belongs to one of the aforesaid classes it shall be lawful for the Police Officer to prevent such passenger from landing unless he

has obtained the permission of the Chief Police Officer or to detain him until an opportunity arises of returning him to his port of embarkation provided that no passenger able to earn his own livelihood shall be so detained for more than forty-eight hours except on the written authority of a Police Magistrate. If the master of the vessel bringing such passenger is dissatisfied with the result of such inquiry the question of whether such passenger belongs to any class of passengers which it is an offence to bring into the Colony shall be decided by the Port Health Officer.

Liability of master of vessel bringing decrepit persons to the Colony.

4. In cases where a passenger is prevented from landing the master of the vessel if returning to the port of the passenger's embarkation shall afford such passenger a passage free of charge thereto and in cases where the vessel is not so returning and the passenger has landed and is detained in the Colony the master of the vessel shall be liable to pay to Government all costs incurred by the Colony for the maintenance of and removal from the Colony of such passenger.

Liability of owner.

5. The owner agent and consignee of the vessel shall also be liable to pay all such costs and charges to the Government.

Master of vessel to give information to Police Officer.

6. The master of any vessel which has been boarded by a Police Officer under this Act shall give to such Police Officer any information relating to any passengers suspected of belonging to any of the classes mentioned in Section one hereof as may reasonably be required for the purposes of this Act.

Exemption.

7. The Governor in Council may by order exempt from the provisions of the last preceding section any special class of passengers or voyages or any special vessels but any such order may be withdrawn at any time at his discretion.

NOS. 3917—3937-10.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

COMMERCIAL EXIBITIONS.

RESOLUTION.

Simla, the 23rd May, 1906.

The following papers relative to the Exhibition, which will be held at Christ Church in New Zealand in November 1906, are published for general information. The Government of India have decided not to participate in the Exhibition.

NOTICE.

The Government of New Zealand has decided to hold, during the summer of 1906-07, an

International Exhibition

at Christ Church, Canterbury, New Zealand, in which all the nations of the world have been invited to participate. The object of the Exhibition is educational, and it is intended to demonstrate the resources and possibilities of the Colony as one of the world's food-producing factors; its vast mineral resources; and to draw attention to its unrivalled and varied scenery, thermal wonders, and also the exceptional opportunities offered to sportsmen;

And, further and specially

To bring under the notice of the more industrial nations of the world the great field the Colony of New Zealand offers as an outlet for enterprise and for the use and consumption of all manner of up-to-date appliances, manufactures, etc.

New Zealand's imports.

Such an Exhibition should command the support and attention of all the manufacturing nations of the world, and, if taken advantage of, must accomplish tangible and satisfactory results. The Colony of New Zealand, being essentially a producing country, offers a splendid outlet for the manufactures of other countries which pay more attention to the development of manufacturing industries and whose industrial conditions and facilities are better adapted to the promotion and development of manufacturing.

The imports of the Colony for the past year (at least three-fourths of which are manufactured goods) amounted to £13,292,000, received from the following countries:

	£
Great Britain	7,982,000
Commonwealth of Australia	1,893,000
United States of America	1,528,000
Fiji Islands	157,000
Germany	309,000
India	290,000
Ceylon	173,000
Belgium	120,000
Canada and British Columbia	113,000
Japan	85,000
France	55,000
Singapore	37,000
Pacific Islands	30,000
Holland	29,000

	£
China, including Hongkong	21,000
Italy	19,000
Asia Minor	17,000
Sweden	16,000
Greece	14,000
Phillipine Islands	10,000
Java	5,000
Other Countries	29,000
Total .	£13,292,000

When it is considered that this immense expenditure on imports is required for the use and consumption of a colony with a population of 850,000 persons, it can be readily understood what a rare opportunity there is for exploiting this Colony with up-to-date manufactures.

The prosperous condition of New Zealand and the equal distribution of wealth, places every one in a position to indulge in a fair degree of comfort, and anything in the way of an improvement in the existing conditions is welcomed and substantially supported. The sparsity of the population provides an exceptional market for all labour-saving machinery in every department of agricultural, pastoral, and domestic life.

These features of the possibilities of Exhibition are confidently placed before the more industrial nations of the world. Therefore manufacturers are urged to appoint representatives and to send such exhibits as will show the nature and finish of their work, and which are suitable for a colony which is progressing with almost unparalleled rapidity, and which has the keenest desire to adopt the most modern ideas and conveniences of advanced civilisation.

New Zealand as a food-producing country.

The resources and possibilities of the Colony of New Zealand as a food-producing country promise so much that it is without any apology that the Government desire to bring it under the notice of those interested in transporting, importing, and otherwise handling the food stuffs of the world.

It is only necessary to instance the rapid growth of the developement of the NEW ZEALAND FROZEN-MEAT INDUSTRY and the splendid service of mammoth refrigerator steamers dependent thereon; the DAIRYING INDUSTRY, which has now reached proportions beyond the most optimistic expectations, and which is still only in its infancy. The fortnightly shipments of BUTTER AND CHEESE to London during the past season ranged from 1,500 to 2,000 tons, carried in one bottom.

New Zealand's raw materials.

As a market in which to procure supplies of raw materials, of quality unequalled in the world, our *annual export of wool, hemp, skins and hides, kauri-gum, and coal* have only to be mentioned to induce purchasers of these staples to attend and investigate the sources of production:

	£		£
Wood ...	4,673,826	Hemp ...	710,281
Kauri-gum	501,817	Coal ...	139,898
Skins ...	444,821	Hides ...	53,431

New Zealand's mineral wealth.

The mineral wealth of this naturally endowed Colony is demonstrated by the continuous and increasing output of GOLD, which during the past fifty years has totalled in value

the immense sum of £65,000,000.

In this industry alone there is an opening for investment which is not offered by any other part of the world under such secure conditions.

The surfaces of the gold-bearing parts of the Colony have only been "scratched over," and there are immense possibilities and discoveries awaiting enterprise combined

with scientific and up-to-date methods of prospecting with a view to tracing the supplies of GOLD to their original sources.

LARGE DEPOSITS OF IRON-SAND AND IRON-ORE are available within the Colony, and these await the enterprise and attention necessary to development; and, in convenient proximity, are THE COAL-MINES OF NEW ZEALAND, producing coal of quality equal to the best in the world, and for which an over-sea trade has yet to be initiated and developed.

New Zealand as a tourist resort.

As a resort for tourists and sportsmen, the Colony of New Zealand offers an interesting opportunity at a cost which compares favourably with similar opportunity in any other part of the world.

DEER-STALKING,	TROUT-FISHING,	ALPINE-CLIMBING,
GEYSERS,	HOT AND COLD LAKES,	SUPERB MOUNTAIN
SCENERY,	SOUNDS, SHOOTING,	ROAD AND RIVER SCENERY,

unsurpassed in the world, are available to every one who can find time to visit the Colony; and not necessarily only to wealthy people, because every attraction is available to people of ordinary means, on account of the moderate charges for travelling and accommodation, and for participation in the available sport.

Duty and freight.

Special arrangements will be made with the steamship companies trading to New Zealand whereby exhibitors will obtain *special rates of freight on exhibits*, and complete arrangements will be made for the *reception and installation of exhibits* on such lines as will protect exhibitors from any excessive charges.

The Exhibition buildings will be constituted a *bonded warehouse* for the time being. All goods sold will be *plus duty*, whilst all over-sea exhibits that may be returned can be reshipped *free of duty*.

The Exhibition grounds and buildings.

The grounds and buildings will be lighted by ELECTRICITY AND GAS, and as electricity and lighting in almost every form will be a prominent feature of the Exhibition, every facility will be extended to exhibitors to display the latest developments and designs.

Each nation participating will be allotted a special court, irrespective of the class of exhibits shown, except in the case of artificial manures in bulk, and machinery in work requiring to be supplied with motive power.

These classes will be allotted separate buildings.

Arts and crafts.

Particular attention will be devoted to arts and crafts in actual operation, and every reasonable facility will be given to exhibitors who desire to MANUFACTURE GOODS IN THE EXHIBITION.

Awards.

Awards in the form of diploma of gold and silver medals, according to merit, in each section, to exhibitors who desire to compete. These awards should prove of great value to successful firms, as care will be taken to select competent and unbiassed judges.

Railway and steamer concessions.

Special rates for coastal, over-sea, and railway passenger fares will be arranged, so as to encourage the presence of visitors, and popular excursions will be promoted continuously to all the principal places of interest in the Colony. Every facility will be provided, not only to attend the Exhibition, but at the same time to visit the scenic, thermal, and other attractions in various parts of the Colony.

Contests and games.

INTERNATIONAL BAND CONTESTS,	ATHLETIC SPORTS,
BOWLING TOURNAMENTS,	AQUATIC SPORTS,
RACE MEETINGS AND REGATTAS,	CRICKET MATCHES,
VOLUNTEER ENCAMPMENTS AND MILITARY SPORTS,	POLO MATCHES,
FIRE BRIGADE DEMONSTRATIONS AND SPORTS,	FOOTBALL MATCHES,
AGRICULTURAL AND PASTORAL AND STOCK SHOWS,	GOLF TOURNAMENTS,

will be arranged in suitable continuation during the progress of the Exhibition.

Educational competitions will also be instituted with a view to promote and illustrate progress in *music and art.*

RULES AND REGULATIONS.

Opening date.

1. The Exhibition will be open to the public from the 1st November, 1906, to the first Thursday in Easter week (April, 1907), from 10 A.M. to 10 P.M. daily.

Exhibits in order.

2. All exhibits must be in the building and every arrangement complete by 10 P.M. on 28th October, when the buildings and grounds will be cleared of all workmen and others, any exhibits not properly placed will have to be removed.

Date of installation.

3. Exhibits may be sent in (at owner's sole risk) and exhibitors may commence fitting up and arranging on and from 1st October, or earlier if necessary, at the discretion of the Executive.

Date of removal.

4. All exhibits will have to be removed from the buildings and grounds by 30th April.

Prohibition of subletting.

5 Exhibitors will not be permitted to sublet the whole or any portion of the space allotted to them.

Supply of electric current, gas, and water.

6. Provision will be made where practicable (at exhibitor's risk and expense) for supplying power for exhibits to be shown in motion, and for the supply of electric current, gas, or water, if required, if duly entered on the application for space. Exhibitors must indicate on their application for space the probable extent of electric power they will require. The charges for electricity must be taken as correct, and paid for by the exhibitors weekly. Exhibitors will not be permitted to interfere in any way with the gas or water fittings or electric light without an approval in writing from the Executive, whose requirements must in all respects be complied with.

Indemnity.

7. If any damage or injury shall be occasioned during the progress of the Exhibition by any exhibited machinery, implement, or article to any visitor or other person (or to any officer, servant, or other person there and then employed by the Exhibition Executive), then the exhibitor to whom such machinery, implement, or article may belong shall be responsible for such damage or injury in the first instance, and shall besides indemnify and hold harmless the said Executive from and against all actions, suits, expenses, and claims on account and in respect of any such damage or injury which may be caused.

Forfeiture of deposit.

8. In case the balance due on space is not paid on the due date, the first deposit of 50 per cent. will be forfeited and the space reallotted.

Admission for exhibitors and assistants.

9. Tickets (non-transferable) to admit exhibitors, attendants, and workmen will be supplied free of cost to the exhibitors ; and no exhibitor, attendant, or workman will be admitted without such ticket being produced to an official on entering the grounds. In the event of any such ticket being transferred or otherwise disposed of, the same will be immediately cancelled, and no further ticket will be issued. The number of passes issued to workmen and attendants will be limited at the discretion of the Executive of the Exhibition.

Entrance for goods.

10. All goods must enter and leave only at the goods entrances, the location of which will be duly notified.

Directions for forwarding goods.

11. All goods must be forwarded consigned to

The New Zealand International Exhibition,

Christchurch, New Zealand,

and in every instance carriage must be prepaid, otherwise the exhibits cannot be received. All goods will be received at the Exhibition and deposited on the space taken by the exhibitor at a reasonable charge, but without responsibility on the part of the Exhibition Executive or any of its officials. All charges for transport to the Exhibition grounds must be borne by the exhibitor. The total charge for transport from the ship's slings, Lyttelton, to the Exhibition grounds, including wharfage, railage, receiving, and delivering, will not exceed 8*s*. 6*d*. per ton on ordinary goods, charged on the same basis as the freight. Heavy lifts will be transported at special rates.

Erection of stands.

12. Exhibitors in fitting up their stands must comply with the orders and Regulations of the Christchurch City Council or other local authority.

Sign-Boards.

13. Name-boards, show-cards, tablets, or the like, or any part thereof, will not be allowed to be of greater length than the frontage of space allotted to the exhibitor, nor to be placed at a greater height than 2 ft from the top of stall (excepting only in special positions where permission in writing has been first obtained), nor in any way to interfere with or be a nuisance to other exhibitors. The decision of the Executive in this respect shall be final and binding.

Interference with flooring.

14. When fixing to the floor is necessary, no nails, but screws only, may be used, and exhibitors desirous of taking up the floor, *or in any way altering the structure, must obtain the necessary permission* from and comply with the requirements of the Executive, and must employ the Exhibition workmen. Exhibitors are responsible and must pay for all damage caused by their exhibiting.

Removal of exhibits.

15. No exhibitor will be permitted to remove his exhibit until the close of the Exhibition, and not then without the consent in writing of the Executive being previously obtained, and until all charges due are paid. The Exhibition Executive shall have a lien upon all goods exhibited for any moneys due by exhibitors, and shall be entitled to realise such lien by sale, public or private, or by forfeiture.

Non-obstruction of gangways.

16. Gangways must at all times be kept clear and free and fully available for passage.

Invitation tickets.

17. Exhibitors will be entitled to invitation admission tickets, available any day, for the purpose of inviting their customers to visit the Exhibition and view their exhibits. Such tickets will be supplied at special rates and under certain conditions determined by the Executive.

Non-responsibility and insurance.

18. Every article exhibited will be at the sole risk and responsibility of the exhibitor, but every precaution and care will be taken by the Executive for the prevention of loss or damage to any exhibit or exhibits. Exhibitors are recommended to insure their exhibits against fire. In the event of the buildings being unavailable in consequence of fire or other agencies over which the Executive have no control, all contracts are null and void from the date of such occurrence.

Allotment of position.

19 No particular position can be guaranteed, but the Executive will endeavour to meet the wishes of exhibitors in respect thereto as far as possible.

Spaces selected will be allotted unless previously let, or unless the exhibit is unsuitable for such position.

Decorating stands.

20. Exhibitors requiring plants or shrubs for adorning their stands may obtain the same for a moderate fee on application to the management, who reserve to themselves the right to supply or withhold the supply of such articles.

Stand numbers.

21. Each exhibitor must place prominently upon his position the number of his stand.

Machinery in motion.

22. Exhibitors showing heavy machinery or machinery in motion must only do so in special building set aside for that purpose. Notice should be given in writing when engaging space where an exhibit is likely to be of exceptionally heavy character, all risk in connection therewith must be taken by exhibitors.

Display of exhibits.

23 Every exhibit must be open to the public view from 10 A.M. to 10 P.M. on all the days the Exhibition is open to the public; and in the event of any exhibitor failing to comply with this rule, the Executive are hereby authorised and empowered to remove any covering and expose the exhibit, at the risk and cost of the exhibitor, who shall in addition be liable for £10 per day as liquidated damages.

Naked lights.

24. Under no circumstances must naked lights or dangerous oil lamps be used within the buildings All such lamps or lights will be removed by the Exhibition officials.

Supply of fire and gas.

25 Special regulations will be made in cases where fire and gas is used by exhibitors, and a responsible officer will be appointed to carry out the injunctions of the Executive in this respect. A deposit will be required in all cases where gas or electricity is required.

Prohibition of explosives, etc.

26. No explosive or any substance, which in the judgment of the Executive is dangerous, will be admitted, but may be represented by models

Objectionable exhibits.

27. Spirits, oils, corrosive substances, and generally all substances which might spoil other articles or inconvenience the public, and any other articles which in the opinion of the Executive are objectionable, can only be permitted to be exhibited in solid and suitable vessels.

Catalogue.

28. The Executive reserves to itself the sole right of compiling and printing a catalogue of exhibits, under regulations which will be duly notified.

Rules binding exhibitors.

29. All who become exhibitors shall be held by so doing to signify their compliance and practically to subscribe to the whole of these regulations, together with such other regulations as the Executive may issue from time to time.

Applications for space.

30 Applications for space, with full particulars, are invited as early as possible, and in the allotment of space precedence will be given, as far as posible, to priority of application. No application will be received later than the 31st March 1906.

Applications for space may be lodged with the High Commissioner for New Zealand, Westminster Chambers, 13, Victoria Street, London, S W., or with the Secretary, New Zealand International Exhibition, Christchurch, New Zealand, on the official printed form attached hereto, and notice of allotment (if space is allotted) will be promptly mailed to the applicant.

The latest date for receiving applications may be determined earlier if the number of applications promise to exceed the accommodation provided.

Charge for space.

31. The ordinary charge for space will be from 2*s*. per square foot, the minimum charge being £1 1*s*.—25 per cent. payable on application, 25 per cent. on allotment, and the balance one month before the opening date of the Exhibition. End spaces, etc, at special rates.

Press private view.

32. Press private view will take place, if desired, on the day before the opening, when it is requested that exhibitors will be present to supply full particulars, and so help the members of the Press.

Arrangement of stands.

33. Exhibitors occupying stands with two or more frontages must arrange their exhibits on each frontage, and any bare woodwork and backs of signboards, etc., must be covered.

Unpacking.

34. All cases must be unpacked on arrival, and empties removed at the exhibitor's expense to the space provided by the Executive.

Photographic rights.

35. No articles or buildings may be photographed, drawn, copied, or reproduced without the permission of the Executive.

Advertisements and handbills.

36. Exhibitors will not be allowed to exhibit advertisements in any part of the Exhibition, nor to give away nor cause to be given away any handbills, etc., except at their own respective stands.

Regulations for stands and selling.

37. Exhibitors must keep their exhibits and stands in good order and well displayed during the hours of the Exhibition being open. Exhibitors shall be permitted to have attendants, and such attendants may take orders, but shall not be permitted to annoy the public or other exhibitors by solicitations, and any exhibitor or assistant breaking these rules may be expelled by the Executive, and not allowed to re-enter the Exhibition without the written permission of the Executive.

Those desirous of giving away samples, or selling samples, must have the written permission of the Customs Department and adhere to its rules, and such permission must be indorsed by the Executive.

The Executive may, without giving any reason for doing so, remove any person or persons acting improperly or annoying the public, and may prevent any such person or persons from again entering the grounds.

Special terms and conditions for retailing can be made with the Executive.

Address on cases and goods.

38. All cases and goods for the Exhibition must bear the distinctive mark

NEW ZEALAND

INTERNATIONAL EXHIBITION,

together with the name of the exhibitor and the number of his allotted stand.

Power to make additional rules.

39. Should any question arise not provided for in the above rules, regulations, and conditions, the decision of the Executive shall be final. The right to alter, amend, add to, or cancel any of these rules, and to grant relaxation from them in individual cases, is reserved to the Executive, who also reserve to themselves the right of postponing or abandoning the Exhibition, provided that due notice be given to all intending exhibitors not later than 6th January 1906. If any dispute or difference shall arise between any exhibitor, whether a private individual, company corporation, or Government, and the Commission for the Exhibition concerning any matter or thing in any way connected with these Articles and Regulations of the rights duties, or liabilities of the exhibitors, and the Commission, respectively under or in connection therewith, or the Exhibition, then and in every such case the dispute or difference shall be referred to a single arbitrator to be nominated by the Chairman for the time being of the Christchurch Chamber of Commerce in accordance with and subject to the provisions of the Arbitration Act in force in the Colony of New Zealand.

EXHIBITORS' APPLICATION FOR SPACE.

(To be filled and lodged as soon as possible.)

Christian and Surname, or name of Firm

Address in full ... ...

General Description of the Exhibit for reproduction in the Catalogue.

Particulars of the space required.

Horizontal or floor space:—	*Feet.*	*Inches.*	*Vertical or wall space:—*	*Feet.*	*Inches.*
Length or Frontage			Height		
Breadth			Width		
Height from Floor			Depth or Projection from front to back ...		

Payment made for space: £ Competitive or Non-competitive:

The undersigned agree to take the space described above subject to the Rules and Regulations attached hereto, and enclose a remittance for £ , being 25 per cent. of the total cost of the space, a further payment of 25 per cent. being payable on allotment, and the balance one month before the opening of the Exhibition.

Signature of Exhibitor or Agent

DESCRIPTION OF EACH PROPOSED EXHIBIT.

FOR THE INFORMATION OF THE EXECUTIVE COMMISSIONERS AND FOR THE PREPARATION OF THE CATALOGUE.

To be written on this page only, and each object to be described on a separate line.

FOR INDEX.				DESCRIPTION OF EXHIBITS.
NAME.	ADDRESS.	TOWN.	COUNTRY.	

Ordered that the foregoing papers be published in the Supplement to the *Gazette of India*, for general information, and that copies be forwarded to the Local Governments and Administrations named in the margin, for information, with the request that the papers may be published in the local Gazette.

The Secretary to the Government of Madras.
" " " Bombay.
" " " Bengal.

Printed and published for the GOVERNMENT OF INDIA *at the* GOVERNMENT CENTRAL PRINTING OFFICE, *Simla.*

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JUNE 2, 1906.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

Rates of subscription.

	Per annum. R	a.	p.
Subscription for Gazette and Supplement	15	0	0

Complaints regarding non-receipt of any number of the *Gazette*, should be forwarded within a week after the date on which it is due.

J. J. MEIKLE,
Publisher, Gazette of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 31st May 1906.

NOTIFICATIONS.

No. 2157 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 26th May 1906:—

No. 253 of 1906.—George Ernest Lillie, manager and engineer-in-chief, Bhavnagar-Gondal-Junagad-Porbunder Railway, of Bhavnagar, Kathiawar. *An automatic catch siding points controller for hill railways.*

No. 254 of 1906.—Captain A. Gardiner, R.E., executive engineer, Indian State Railways, Lucknow. *An improved system of electric singnalling for railways by means of electric currents conveyed continuously to the drivers in their engine cabs.*

No. 255 of 1906.—Hubert Chippendale Smith, manufacturer, of 65 Copeley Hill, Erdington, near the city of Birmingham, England. *Improvements relating to pendants or like supports for electric lamps.*

No. 256 of 1906.—August Wilhelm Cordes, architect, of 634 West 158th street, New York city, New York. *Bottle stoppers.*

No. 257 of 1906.—Sidney Theodore Muffly, mining engineer, of No. 3709 Woodland Avenue, in the city and county of Philadelphia, state of Pennsylvania, United States of America. *Process and apparatus for the extraction of precious metals from their ores.*

No. 258 of 1906.—Philip Henry Deis, gentleman, of 119 B street, S. E., Washington, district of Columbia, United States of America, and Ernest Gerstenburg, restaurateur, of the Corcoran building, Pennsylvania Avenue, Washington, district of Columbia, United States of America. *Improvements in pumps.*

No. 259 of 1906.—O. S. Young, mica merchant, No. 5 Sooterkin's Lane, Calcutta. *An improved gearing for cycles to be worked on the treadle principle.*

No. 260 of 1906.—William Tice, engineer, in the employ of Messrs. Bird & Company, of No. 101/1 Clive street, in Calcutta, British India. *Improvements in septic tanks.*

No. 261 of 1906.—James John Walker, organ builder, of 27 Francis street, Tottenham Court road, London, England. *Improvements in or relating to the reproducing of music played upon pianofortes, organs, harmoniums and similar instruments.*

No. 262 of 1906.—James John Walker, organ builder, of 27 Francis street, Tottenham Court road, London, England. *A new or improved music record for use in automatic musical instruments.*

No. 263 of 1906.—Walter Villa Gilbert, secretary, of 11 Seymour street, Port Elizabeth, South Africa. *Improved means for effecting reciprocal movements in parts required to be actuated.*

No. 264 of 1906.—Carl Lorenz, engineer, Redfern, in the state of New South Wales, in the commonwealth of Australia. *An automatic regulator or governor for steam or other engines of a like class.*

No. 265 of 1906.—Louis Rushworth, mill manager, residing near Railway Suburb, Ahmedabad. *Improvements in cotton carding engines.*

No. 266 of 1906.—John Albert Ferguson, manufacturer, of 811 17th street, city and county of Denver, and state of Colorado, United States of America. *A moulding machine for building blocks.*

No. 2158 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 461 of 1905.—Bastiaan Carel August Vorster, commercial agent, of 71 iste Jan van der Heyden-straat, Amsterdam, Holland. *Apparatus for damping and affixing adhesive stamps.* (Specification filed 19 May 1906.)

No. 474 of 1905.—John Thomas Innes, mechanical engineer, of Mount Gambier, in the state of South Australia, common wealth of Australia. *Improvements in water feeding and liquid raising devices for steam boilers and other purposes.* (Specification filed 19 May 1906.)

No. 477 of 1905.—Edward Lewellin White, photographic publisher, Managing Director of the Photochrom Company, Limited, of No. 35 Hosier lane, Snow Hill, in the city of London, England. *Improvements in pictorial post cards, view books, almanacks, show cards, and the like.* (Specification filed 22 May 1906.)

No. 485 of 1905.—John Fraser, Patrick Fraser, and Norman Fraser, engineers, all of Westburn Foundry, Arbroath, in the county of Forfar, Scotland. *Improvements in belt-pulleys.* (Specification filed 22 May 1906.)

No. 487 of 1905.—Joseph George Nash, engineer, of Hindmarsh square, Adelaide, in the state of South Australia, and commonwealth of Australia. *Improvements in apparatus for automatically indicating numbers or changes of numbers simultaneously with the action of a press for marking or embossing tickets.* (Specification filed 22 May 1906.)

No. 44 of 1906.—William Tice, engineer, in the employ of Messrs. Bird & Company, of 101/1 Clive street, Calcutta. *Improvements in apparatus for sterilising the effluents of septic tanks, latrines, and the like.* (Specification filed 21 May 1906)

The sum of R100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s*. 1*d*. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,

Secretary under the Inventions and Designs Act, V of 1888.

Arabic, Bengali, Hindi, Persian, Sanskrit, Urdu.

D. C. PHILLOTT, Lieut.-Col.,
Secretary, Board of Examiners.

TENDER FOR PRINTING THE GOVERNMENT OF INDIA STOCK FORMS.

Tenders are invited for Printing, Binding, Storing and Distributing Government of India Stock Forms, for a period of not less than ten years, from the 11th April 1908. The Forms are of various sizes and descriptions; and the number probably required to be printed and issued annually will be about 100 millions; but Government in no way bind themselves to any particular number, and the Contractors will have no claim to any allowance in the event of the numbers required being less than the above-mentioned number.

2. Samples of the Forms at present in issue (which are liable to alteration, addition or cancellation) may be seen at the Government Central Press, No. 8, Hastings Street, Calcutta.

3. Tenders will be received only for the *whole* of the work, and the printed form of tender must be adhered to strictly. Copies of this form may be obtained from the Superintendent of Government Printing at the Central Press. Intending tenderers may also inspect at the Press the proposed form of Contract to be executed by the successful tenderer. All necessary information in regard to the extent of the Reserve Stock maintained, the space it occupies, statistics of the number of Despatches made in a year and their distribution by road, rail and steamer, as well as the amount of correspondence devolving upon the Contractor and the quantities and varieties of paper and binding materials absorbed, will also be forthcoming in the same office for the assistance of tenderers.

4. Each tender must be accompanied by R500, as earnest money, which will be returned to unsuccessful tenderers.

5. On the acceptance of a tender the Contractor will be required to deposit in the Bank of Bengal R10,000 in cash, or Government Promissory Notes of the nominal value of that amount, as a guarantee for the due performance of the Contract. The sum will subsequently be made up to a total Security Deposit of R25,000 by deductions equal to 7½ per cent. from bills falling due to the Contractor.

6. Tenders will be received up to noon of the 9th August 1906, at the Office of the undersigned, Church Lane, Calcutta.

7. The undersigned does not bind himself to accept the lowest or any tender.

M. J. COGSWELL,
Controller of Printing, Stationery and Stamps.

CHURCH LANE;
Calcutta, 16th May 1906.

Remarks by the Administrative Medical Officer, North-West Frontier Province.

Five thousand six hundred and forty-nine births were registered in the Province during the month of April 1906, giving a birth-rate of 35 *per mille* of population. Of the total number of births, 2,991 were boys and 2,658 girls.

The total number of deaths registered from all causes in the Province during the month of April 1906 was 3,756 against 4,431 in the previous month; and 4,024 in the corresponding month of the past year, giving an annual death-rate of 23, 26 and 25 *per mille* of population per annum, respectively.

There was not a single death registered under the head of cholera. From small-pox 97 deaths were registered against 113 in the previous month and 45 in the corresponding month of the past year.

There was 1 death registered from plague, it occurred in the Rural Circle of the Hazara district.

From fevers 2,613 deaths were registered against 3,147 in the previous month and 3,166 in the corresponding month of the last year; dysentery and diarrhœa 39 against 38; respiratory disease 109 against 125; suicide 1 against *nil*; wounding 20 against 29; accidents 35 against 23; snake-bite and killed by wild beasts 3 against 2; and from all other causes 838 against 915 in the past month and 658 in the corresponding month of the last year.

Peshâwar, the 25th May 1906.

G. W. P. DENNYS, Lt.-Col., I.M.S.,
Administrative Medical Officer, N.-W. F. Province.

EDUCATIONAL DEPARTMENT

NOTIFICATION.

The 21st May 1906.

No. 461—XV-759-A.—Whereas the Lieutenant-Governor is satisfied, by an inquiry held under section 40 of the Land Acquisition Act, 1894 (I of 1894), that the acquisition of the land more particularly delineated in the schedule annexed to the agreement hereinafter set forth is needed by a society registered under the Societies Registration Act, 1860 (XXI of 1860), under the name of the Central Hindu College, Benares, for the purposes of the general sanitary improvement of the existing premises of the said Society, the making of gateways and approaches, and the construction of staff quarters, boarding houses, and other similar buildings and works subservient to the registered objects of the said Society: and that such purposes and such works are likely to prove useful to the public:

And whereas, upon such a report as is referred to in section 41 of the said Land Acquisition Act, 1894, he has required the said Society to enter into an agreement with the Secretary of State for India in Council and the agreement hereinafter set forth has been executed accordingly:

Now, under and by virtue of the power conferred by section 42 and with reference to the provisions of section 39 of the said Land Acquisition Act, 1894, the Lieutenant-Governor is pleased to publish the agreement so set forth for the information of all persons likely to be affected thereby.

By order, etc.,

F. E. TAYLOR,

Secretary.

An agreement entered into this 15th day of May 1906 between the Secretary of State for India in Council (hereafter called the Secretary of State) on the one part and the Association named the Central Hindu College, Benares, a society registered under the Societies Registration Act (XXI of 1860) on the other part.

Whereas the aforesaid Central Hindu College, Benares, has made an application to the Government of the United Provinces of Agra and Oudh to acquire for the purposes of the said Society under the provisions of the Land Acquisition Act (I of 1894) certain plots of land situate in the city of Benares, in the part known as Mauza Binaika, of Pergana Dehat Amanat, District Benares, amounting to 8 biswas 1 biswansis or thereabouts, as detailed and described in the schedule annexed hereto and for the sake of greater clearness delineated or shown on the plan hereto annexed and thereon coloured green and yellow. And whereas the aforesaid Local Government is satisfied that the said Central Hindu College, Benares, is a company within the meaning of section 3 (*e*) of the aforesaid Land Acquisition Act of 1894.

And whereas the aforesaid Local Government after making and holding such enquiry as is required and prescribed by law is satisfied that the acquisition of the aforesaid land desired by the Central Hindu College, Benares, is needed for the construction of some work and that such work is likely to prove useful to the public.

And whereas under section 41 of the aforesaid Land Acquisition Act of 1891, the Central Hindu College, Benares, is required to enter into an agreement with the Secretary of State for India in Council regarding the matters specified in the aforesaid section.

It is hereby agreed and declared as follows:—

1. That the aforesaid Central Hindu College, Benares will pay to the Local Government of the United Provinces of Agra and Oudh or to such person or persons whom the Local Government may appoint in this behalf all such sum or sums of money as shall be awarded under the provisions of the aforesaid Land Acquisition Act of 1894 as compensation to any person or persons who may be found on enquiry held under the provisions of the said Act, to be interested in the land hereinbefore mentioned as required by the Centrael Hindu College, Benares.

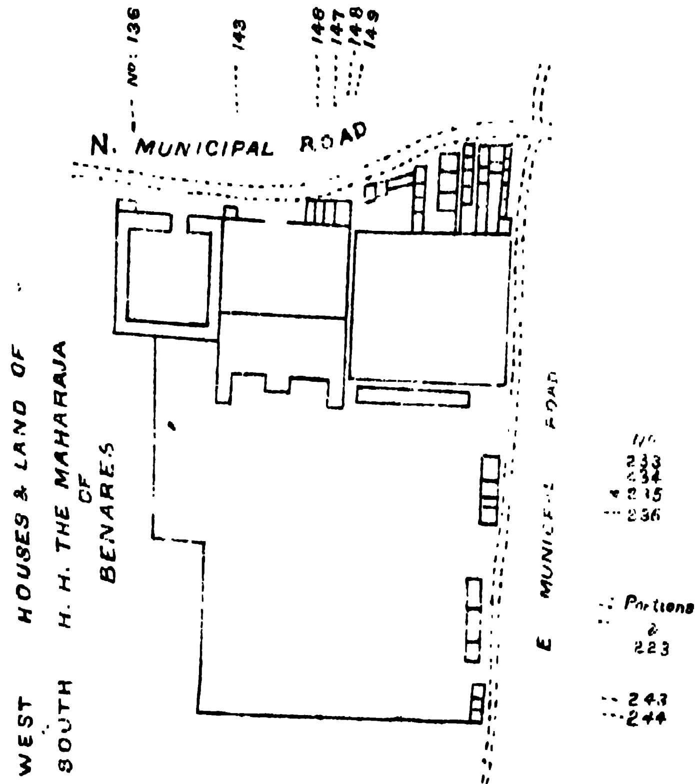

2. That the Central Hindu College, Benares, will pay to the Local Government from its funds all such other charges as may be incidental to the acquisition of the aforesaid land under the provisions of the Land Acquisition Act of 1894.

3. That upon the Central Hindu College, Benares, having made the payments mentioned in the foregoing paragraphs Nos. 1 and 2 of this agreement the Local Government will forthwith in consideration of the repayment of the compensation money and cost of acquisition aforesaid convey and grant to the Central Hindu College, Benares, all those aforesaid plots of land containing by admeasurement 8 biswas and 1 biswansis or thereabouts situate in the

city of Benares, Mauza Bhalka, Pergana Dehat Amanat, District Benares, and described and shown in the schedule and plan annexed hereunto free from all incumbrances and occupancy rights and together with all rights easements and appurtenances thereto in fact or by reputation belonging or now or heretofore enjoyed therewith to hold the said plots of land unto and to the use of the Central Hindu College, Benares.

4. That the Central Hindu College, Benares, will perpetually hold and enjoy the aforesaid land and premises and use the said land and premises for the purposes hereby agreed upon.

5. That the Central Hindu College, Benares, will use the aforesaid plots of land for the purposes of the general sanitary improvement of the existing premises of the said Society, the making of gateways and approaches, and the construction of staff quarters, boarding-houses, and other similar buildings and works subservient to the registered objects of the said Society.

6. That the Central Hindu College, Benares, will immediately on being put in proprietory possession of the land aforementioned dismantle the huts existing thereon and generally clear out the whole site and begin the work of making and completing gateways and approaches, etc.. as may appear necessary to carry out the aforesaid purposes for which the land is acquired.

In witness whereof the parties hereto have hereto set their hands the day and year first above written.

FREDERICK NOËL PATON,
Director General of Commercial Intelligence

W. L. HARVEY,
Secretary to the Government of India

Calcutta, June 1, 1906

GOVERNMENT OF INDIA

COMMERCIAL INTELLIGENCE DEPARTMENT.

Calcutta, May 31, 1906.

Final General Memorandum on the Indian Wheat crop of the season 1905-06.

The wheat crop as a whole is a good one ; for, while the total area falls short of that of 1904-05 by 2,244,000 acres (or nearly 8°/ₒ) the outturn is believed to exceed that of the said year by 978,000 tons, or 13°/ₒ. There have been very large percentage shrinkages in certain of the reporting areas, as, for instance, in Bombay, Rajputana and Mysore ; and unfortunately the form in which these forecasts have up to the present time been printed does not show what actual contraction or expansion of area or yield is indicated by such percentages.

Some of the areas that report the largest declines in acreage (as for instance the United Provinces) show the largest gain in tonnage ; and fortunately it is the largest of the wheat provinces—the United Provinces and the Panjab—in which conditions have been most favourable. But in both of these regions there were times in the early part of the year when continued drought augured very ill for the crop.

The total estimated outturn of 8,560,000 tons falls short of only one recorded year, that of 1903-04, when 9,641,000 tons were produced.

The following is a summary of the principal reports. The figures in brackets following the name of each province indicate what percentage of the total area under wheat in British India is ordinarily cultivated in that province.

Panjab (34·7°/ₒ) reports the area under wheat as finally ascertained, to be 8,572,100 acres (4,615,400 irrigated) as compared with 7,712,100 acres (4,053,600 irrigated) last year—an increase of 11 per cent. Conditions were most favourable for early and for late sowings, but deteriorated under drought which lasted till the middle of February. Since the heavy and general rain that then set in the season has been excellent. The total outturn is estimated at 3,510,300 tons as compared with 2,855,300 tons last year—an increase of about 23 per cent. The grain is of excellent quality everywhere, and there need be no hesitation in classing the harvest as a bumper one.

North-West Frontier Province (*4·2*°/ₒ) reports 1,024,600 acres (2,79,500 irrigated) compared with 882,200 acres (273,000 irrigated) for last year, an increase of 16 per cent. The season was on the whole a very favourable one; and the crop has been much above the average, though it suffered from hailstorms and high winds in places. The total yield is reported to be 279,700 tons as against 267,600 tons last year, this representing an increase of 4½ per cent.

United Provinces (*33·4*°/ₒ).—The total area sown is reported to be 6,367,500 acres as compared with 7,706,500 acres last year—a decrease of 17 per cent owing to drought at sowing time. The deficiency of rain was, however, largely made up by irrigation which began much earlier than usual. The irrigated crop, which this year comprised nearly two-thirds of the total area under wheat, has done exceptionally well ; the yield has been heavy and the quality of the grain exceptionally good. The unirrigated crop suffered much from continued drought ; the rain of February was expected to improve it ; but strong winds which blew at the time the grain was ripening reduced the outturn. The total outturn is estimated at 2,428,700 tons as compared with 1,897,000 tons last year—an increase of 28 per cent.

Bengal (*6·2*°/ₒ) reports 1,259,000 acres as compared with 1,324,900 acres for last year, this representing a decrease of 5 per cent. In spite of the want of rain at the sowing season in October, the crop promised fairly well at first, but in February continuous rain accompanied by cloudy weather and hailstorms caused serious damage. The total yield is expected to be 400,000 tons as compared with 433,200 tons last year—the decrease being one of nearly 8 per cent.

Eastern Bengal (*1*°/ₒ) reports 159,800 acres as compared with 180,700 acres for last year—a decrease of 11·5 per cent. The season on the whole was not a favourable one. The yield is expected to be 50,000 tons as compared with 62,000 tons last year, this representing a decrease of 19 per cent.

Central Provinces and Berar (*12·5*°/ₒ).—The total area sown is reported to be 3,446,500 acres (3,022,200 in the Central Provinces and 424,300 in Berar), as compared with 3,497,100 acres (3,068,500 in the Central Provinces and 428,600 in Berar) for last year. The crops suffered from drought and also from an absence of dew, but it was greatly benefited by the rain received at the end of January. The harvest was on the whole not much below normal. The total yield is estimated to be 827,800 tons (767,450 in the Central Provinces

and 60,350 in Berar) as compared with 834,900 tons (751,900 in the Central Provinces and 80,000 in Berar) for last year.

The British districts of **Bombay** (5·6°/₀) report the area sown to be 928,800 acres as compared with 1,749,000 acres last year, a decrease of 47 per cent. The Native States (including Baroda) return a total area of 381,100 acres as compared with 511,900 acres last year, a decrease of 25 per cent. Of the total area sown, 344,000 acres or 26 per cent. were helped by irrigation. The dry crop fared tolerably well in North Gujarat; but elsewhere it suffered through deficiency of moisture and also in places from cloudy weather. The irrigated crop was generally fair in the Deccan; but elsewhere it suffered through deficiency of water-supply. The yield in the British districts is estimated at 118,200 tons compared with 201,800 tons last year, a decrease of 41 per cent. The estimate for **Native States** is 152,500 tons as against 154,800 tons last year—a decrease of 1·5 per cent. The total yield for the presidency proper shows a decrease of 24 per cent.

Sind (2·1°/₀) reports 616,300 acres (43,000 in Native States) as compared with 522,700 acres (31,300 in Native States)—an increase of 18 per cent owing to timely and plentiful inundation. The crop suffered slightly from locusts and in places from frosts; but the season on the whole was favourable, and the yield fairly satisfactory. The total outturn is estimated at (193,100 tons as compared with 126,100 tons last year—this representing an increase of 53 per cent.

Hyderabad reports 934,500 acres compared with 1,126 600 acres last year—a decrease of 17 per cent. arising from failure of late rains. The crop was almost a complete failure in the important district of Aurangabad; and the total outturn is estimated to be only 40,400 tons as compared with 89,700 tons last year—a decrease of as much as 55 per cent.

Rajputana and Central India.—Rajputana reports 683,100 acres and 141,500 tons as compared with 1,023,800 acres and 189,000 tons last year, or a decrease of 33 °/₀ in area and of 25 °/₀ in yield. Central India reports 1,850,500 acres and 418,000 tons as compared with 2,227,400 acres and 473,200 tons last year, that is, a decrease of 17 °/₀ in area and of 12 °/₀ in yield.

Mysore reports 2,400 acres and 140 tons compared with 5,300 acres and 440 tons last year, the decrease being attributed mainly to deficient rainfall.

Exports and Prices.—The exports of wheat from India to foreign countries by sea during the last five years have been:—

	Tons.
1901-02	366,091
1902-03	514,607
1903-04	1,295,566
1904-05	2,150,025
1905-06	937,523

The following figures represent the quantities (in *sers*) sold for a rupee in the first-half of the months mentioned:—

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JUNE 9, 1906.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 7th June 1906.

NOTIFICATIONS.

No. 2253 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 2nd June 1906:—

No. 267 of 1906.—Thomas Warsop, engineer, of Launder street in the city of Nottingham and county of Nottingham, England. *Improvements in or relating to rock drills or other percussion tools.*

No. 268 of 1906.—Charles Robert Mayo, mechanical engineer, of 9 Mostyn Avenue, Wembley, in the county of Middlesex, England. *Improvements in spark arresters.*

No. 269 of 1906.—Cecil Beckwith Cave-Browne-Cave, gentleman, of Chesham Bois Place, Chesham Bois, Bucks, England. *Improvement in devices for securing the rims and tyres of the wheels of motor cars and similar vehicles.*

No. 270 of 1906.—William Henry Hoyle, cotton spinner, of 86 Chorley New road, Bolton, in the county of Lancaster, England, and Thomas Barker, consulting engineer of 352 Church road, Smithills, Bolton, aforesaid. *Improvements in and connected with spinning machinery or machinery for working textile fibres.*

No. 271 of 1906.—Fred. David Stewart Sandeman, spinner and manufacturer, Manhattan Works, Dundee, Scotland. *Improvements in drawing and roving frames for jute, hemp and other fibres.*

No. 272 of 1906.—Maneckshaw Jamshedji Chanjibhoy Mistry, typist, residing at Dhobhi Talao, Bombay. *A detaching device for vehicles.*

No. 273 of 1906.—Piroshaw Burjorji Godrej, safe maker, Godrej & Boyce Manufacturing Company, Parel, Bombay. *Improvements in safes.*

No. 274 of 1906.—Frederick Robert Jones, engineer, at present residing at "Bantony," Simla. *An improved mill for grinding corn or other like substances to be called the "Kaisar-i-Hind Mill."*

No. 275 of 1906.—Arthur K. Leslie, partner in the firm of Messrs. Greaves Cotton and Company, residing at Altamont Lodge, Altamont road, Cumballa Hill, in Bombay. *Preserving from damage ordinary mule yarn cops, or cops spun on bare spindle of the ring frame, during transport, and also for enabling them to be subjected to pressure in packing, for economy in carriage, without destroying their formation or causing difficulty and waste in rewinding same.*

No. 276 of 1906.—Arthur Kitson, engineer, of Hythe road, Willesden Junction, in the county of Middlesex, England. *Improvements in incandescence vapour lamps.*

No. 277 of 1906.—Percy John Neate, engineer, of "Belsize," Watts Avenue, Rochester, in the county of Kent, England. *Improvements in spring wheels for vehicles and cycles.*

No. 278 of 1906.—Percy John Neate, engineer, of "Belsize," Watts Avenue, Rochester, in the county of Kent, England. *Improvements in springs.*

No. 279 of 1906.—Ludovic Brignandy, commercial traveller, c/o American Consulate, Bombay. *A horse shoe.*

No. 280 of 1906.—Robert Walter Egerton, consulting engineer to the Government of India for Railways, and John Alexander Colquhoun, engineer,

both of East Indian Railway House, Calcutta, in the Bengal Presidency of British India. *Improvements in pantagraphic apparatus for copying sections of prismatic solids.*

No. 2264 P.—**SPECIFICATIONS** of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 223 of 1905.—Bastiaan Carel August Vorster, commercial agent, of 71 1ste Jan van der Heidjen-straat, Amsterdam, Holland *An apparatus for damping and affixing adhesive stamps.* (Specification filed 23 April 1906.)

No. 286 of 1905.—Jyoti Persad, proprietor of the Shib Iron and Brass Works, Moghul-sarai. *Hand power three rollers sugarcane machine.* (Specification filed 28 May 1906.)

No. 296 of 1905—James Robinson Hatmaker, gentleman, of No. 25 Rue de la Faisanderie, Paris, France. *Improvements in cylindrical drying machines.* (Specification filed 28 May 1906.)

No. 443 of 1905.—Sobieski Louis Bond, late a gentleman citizen of the United States and resident of Charleston in the county of Charleston and state of South Carolina, United States of America, and John Calham Jaudon, gentleman, citizen of the United States and resident of the same place. *Cotton picker.* (Specification filed 29 May 1906.)

No. 464 of 1905.—Motilal Kashalchand Shah, merchant, residing at Jubilee Baug, Tardeo, Bombay. *Improvements in lanterns.* (Specification filed 24 May 1906.)

No. 441 of 1900.—Edwin West & Company, Limited, and Leonard Renaud West. *Improvements in leggings or gaiters.* (Specification filed 26 February 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of filing of the specification—

The sum of R50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1s. 1*d*. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

G W. P. DENNYS, Lt.-Col., I.M.S.,

Offg. Administrative Medical Officer,
N.-W. Frontier Province.

REVENUE AND FINANCIAL SECRETARY TO THE CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Nathiagali, the 31st May 1906.

No. 1-*H*.—Whereas by a written instrument duly executed and dated the 6th day of December 1905, Hafiz Ahmad Khan, son of Ghulam Sarwar Khan, resident of Dera Ismail Khan in the Dera Ismail Khan District, has signified on behalf of himself and his family acceptance of the rule of primogeniture in respect of the succession to the assignment of land revenue enjoyed by him, and more particularly set out in the said written instrument and in the second schedule appertaining thereto, the Chief Commissioner of the North-West Frontier Province is pleased to declare that the said rule of descent, as set out in the first schedule appertaining to the said written instrument prevails in the family of the said Hafiz Ahmad Khan in respect of succession to the said assignment of land revenue.

This declaration is made in exercise of the powers conferred by section 30 of the North-West Frontier Regulation, 1901.

No. 2-*H*.—In exercise of the powers conferred on him by section 31 of the North-West Frontier Regulation of 1901, the Chief Commissioner of the North-West Frontier Province hereby directs that the rule of descent declared by Notification No. 1-H., dated 31st May 1906, to prevail in the family of Hafiz Ahmad Khan, son of Ghulam Sarwar Khan,

resident of Dera Ismail Khan in the Dera Ismail Khan District, shall be subject to the conditions (*a*) and (*b*) specified in the said section and the provisons thereof.

No. 3-*H*.—Whereas by a written instrument duly executed and dated the 19th day of September 1905, Mahmud Khan, son of Ghulam Sarwar Khan, resident of Dera Ismail Khan in the Dera Ismail Khan District, has signified on behalf of himself and his family acceptance of the rule of primogeniture in respect of the succession to the assignment of land revenue enjoyed by him, and more particularly set out in the said written instrument and in the second schedule appertaining thereto, the Chief Commissioner of the North-West Frontier Province is pleased to declare that the said rule of descent, as set out in the first schedule appertaining to the said written instrument prevails in the family of the said Mahmud Khan in respect of succession to the said assignment of land revenue.

This declaration is made in exercise of the powers conferred by section 30 of the North-West Frontier Regulation, 1901.

No. 4-*H*.—In exercise of the powers conferred on him by section 31 of the North-West Frontier Regulation of 1901, the Chief Commissioner of the North-West Frontier Province hereby directs that the rule of descent declared by Notification No. 3-H, dated 31st May 1906, to prevail in the family of Mahmud Khan, son of Ghulam Sarwar Khan, resident of Dera Ismail Khan in the Dera Ismail Khan District, shall be subject to the conditions (*a*) and (*b*) specified in the said section and the provisos thereot.

No. 5-*H*.—Whereas by a written instrument duly executed and dated the 6th day of December 1905, Abdulla Khan, son of Ghulam Sarwar Khan, resident of Dera Ismail Khan in the Dera Ismail Khan District, has signified on behalf of himself and his family acceptance of the rule of primogeniture in respect of the succession to the assignment of land revenue enjoyed by him, and more particularly set out in the said written instrument and in the second schedule appertaining thereto, the Chief Commissioner of the North-West Frontier Province is pleased to declare that the said rule of descent, as set out in the first schedule appertaining to the said written instrument prevails in the family of the said Abdulla Khan in respect of succession to the said assignment of land revenue.

This declaration is made in exercise of the powers conferred by section 30 of the North-West Frontier Regulation, 1901.

No. 6-*H*.—In exercise of the powers conferred on him by section 31 of the North-West Frontier Regulation of 1901, the Chief Commissioner of the North-West Frontier Province hereby directs that the rule of descent declared by Notification No 5-H., dated 31st May 1906, to prevail in the family of Abdulla Khan, son of Ghulam Sarwar Khan resident of Dera Ismail Khan in the Dera Ismail Khan District, shall be subject to the conditions (*a*) and (*b*) specified in the said section and the provisos thereof.

F. B. LONGE, Colonel, R.E.,
Surveyor General of India

THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Dated Abu, the 4th June 1906.

No. 590.—In exercise of the powers conferred by section 3 of the Glanders and Farcy Act, XIII of 1899, the Honourable the Chief Commissioner is pleased to apply the said Act to the Districts of Ajmer and Merwara, provided that the provisions of section 10 of the Act shall not be deemed to be in force except in the local area included within the Municipal limits of the towns of Ajmer and Beawar, and in the Cantonment of Nasirabad.

No. 591.—Under section 4 of the Glanders and Farcy Act, XIII of 1899, the Honourable the Chief Commissioner is pleased to appoint the undermentioned Officers to be Inspectors under the said Act, and to exercise and perform within the areas specified against their respective designations, the powers conferred and the duties imposed by the said Act on Inspectors :—

(1) The Superintendent, Civil Veterinary Department, Sind, Baluchistan, and Rajputana	Throughout the districts of Ajmer and Merwara
(2) The Assistant Commissioner of Ajmer . .	The District of Ajmer.
(3) The Cantonment Magistrate, Nasirabad . .	The limits of the Nasirabad Cantonment.
(4) The Extra Assistant Commissioner, III grade, Kekri.	The Kekri Circle.
(5) The Assistant Commissioner, Merwara . .	The District of Merwara
(6) The Itinerant Veterinary Assistant, Ajmer .	The District of Ajmer.
(7) The Senior Veterinary Officer of the Military Department at Nasirabad.	The limits of the Nasirabad Cantonment

No. 592.—Under section 7 of the Glanders and Farcy Act, XIII of 1899, the Honourable the Chief Commissioner is pleased to appoint the undermentioned Officers to be Veterinary Practitioners under the said Act and to exercise and perform within the areas specified against their respective designations, the powers conferred and the duties imposed by the said Act on Veterinary Practitioners :—

(1) The Superintendent of Civil Veterinary Department, in Sind, Baluchistan and Rajputana.	Throughout the Districts of Ajmer and Merwara.
(2) The Senior Veterinary Officer of the Military Department at Nasirabad.	The limits of the Nasirabad Cantonment.

No. 593.—With reference to this office Notification No. 590, dated the 4th June 1906, the Honourable the Chief Commissioner of Ajmer-Merwara is pleased to make the following rules under section 14 of the Glanders and Farcy Act, XIII of 1899, for the local area included within the limits of the Districts of Ajmer and Merwara.

1. The Inspector appointed under section 4 of the Glanders and Farcy Act, 1899, shall, whenever he has reason to believe from personal knowledge or from information given by any person and taken down in writing, that a diseased horse is to be found in any building, enclosure or place, forthwith proceed to the said building, enclosure or other place, and in the presence of the owner or other person then in charge, or, if he is absent in the presence of an Officer of Police, shall inspect the said premises and execute and discharge the duties and powers conferred on him under the Act.

The Inspector may, in such entry and search, be accompanied by a Veterinary Practitioner appointed under the Act, or such Police officers as he considers necessary, or by both.

The owner of the premises or person in charge at the time shall give free ingress to the Inspector, and shall in every possible way facilitate the search, and he shall be entitled

subsequently to receive from the Inspector a statement in writing of the grounds of entry and in the event of his premises being infected, shall be furnished with written instructions as to his liabilities and duties under the Act signed by the Inspector.

2. The Inspector shall seize and hand over to the police for detention any horse which he considers or reasonably suspects to be diseased. Such horse shall as soon as possible and with the exercise of due precautions against contagion to other horses and men, be examined by a Veterinary Practitioner and dealt with under the Act. Such precautions shall comprise, in the case of a discharge from the nose, the wearing of a nose-bag and, in the case of open sores, the covering up of the same, so far as is practicable, with disinfecting powder and cloths and bandages during removal along public roads; and such removal shall, unless there be any sufficient reason to the contrary, be at night. These precautions shall be enforced in all cases where horses have to be moved for examination or disposal under the Act.

3. The owner or person in charge of a horse, which he believes or has reason to believe to be diseased, shall report the case as soon as possible to the Inspector or to a Police Officer or other Officer authorised to receive such information (who shall at once inform the Inspector) and may remove such horse to any isolated building within 50 yards of the stable or to a remote part of the building, enclosure or other place in which such horse has been standing, and shall keep it as much as is possible within these limits away from other horses. He shall detain in the stable until the granting of a license for removal, any horse which has been in contact with or near the diseased horse or in the same line or building. Except as provided in these rules no person shall cause or permit any diseased horse to stray or to be worked, led or driven in a public thoroughfare, road, street or place.

4. Licenses for the removal of horses which have been with a diseased horse would be granted by an Inspector under section 11 of the Act on the following conditions, *viz.*:—

(1) That the horse to be removed shall be taken direct under such precautions as the Inspector deems fit to prescribe to such place as may be designated by the Inspector, where it can be conveniently isolated.

(2) That whilst so isolated the horse shall be inspected from time to time at intervals of not more than a week by the Inspector, provided he holds a certificate of veterinary proficiency from any government Veterinary Officer or institution entitled to grant such certificate or, if he is not so qualified by the Veterinary Practitioner.

(3) That the horse shall continue at the appointed place in isolation for so long as the Inspector, provided he holds a certificate of veterinary proficiency from any Government Veterinary Officer or Institution entitled to grant such certificate, or if he is not so qualified, the Veterinary Practitioner, deems it necessary to keep it under treatment or observation.

(4) That the horse while so isolated may be subjected to any of the following tests.—

(*a*) Mallein.

(*b*) Medicinal.

(*c*) Inoculating the horse with its own discharge.

(*d*) Inoculating another horse with the discharge.

5. Whenever a horse is detained for test or isolated, the owner or person in charge thereof shall be required to provide food and an attendant and to pay a fee of 2 annas per diem for treatment or in the alternative to pay a fee of one rupee per diem, which fee shall be deemed to cover the cost of food, attendance and treatment.

Any sum due under the preceding clause shall be recoverable on application to a Magistrate as if it were a fine

6. The owner or person in charge of any building, enclosure or other premises which have been occupied by any diseased horse shall, within seven days, carry out such disinfection of such building, enclosure or other premises and destruction of dung, litter and waste food gear and other articles in or near the premises as may be prescribed by the Inspector, provided he holds a certificate of veterinary proficiency from any Government Veterinary Officer or institution entitled to grant such certificate, or if he is not so qualified by the Veterinary Practitioner, and such disinfection shall be carried out in the presence of the Inspector.

In all cases dung, surplus food and litter from the infected stable, also clothing and other gear which has been used by or been in contact with the diseased horse, shall be consumed or disinfected by fire, temporary building materials such as thatch of grass or leaves, bamboo walls and matting shall be burnt, if the position admits of this being done with safety and (after complete removal of all dung, temporary fittings and other articles for destruction by fire) the wood-work of the stable shall be thoroughly washed with boiling water, the walls, wood-work and ceiling shall be scraped and lime-washed with freshly mixed quicklime and water, to which shall be added crude carbolic acid in the

proportion of half a pint to a bucketful of limewash and the flooring shall be removed to a depth of 2 feet, the removed earth being burnt. The whole of the interior shall then be fumigated with burning sulphur, chlorine, carbolic vapour, or some other gaseous disinfectant. The earth removed from the flooring shall be replaced by fresh earth after the lapse of two weeks.

7. On a certificate from the Veterinary Practitioner that a horse is diseased, it shall be destroyed humanely in the presence of the Inspector and the carcass shall be disposed of by burning under the supervision of the Police. Except with the sanction of the Police and for the purpose of burning it no person shall remove the carcass or any portion of it.

8. In the event of the disinfection of premises and the destruction of gear, fittings, dung and other articles condemned by the Inspector not being carried out by the owner within the period of seven days, they shall be carried out by the Inspector under Police supervision, and the expenses shall be recovered from the owner of the premises in the manner prescribed by section 9 of the said Act

9. The District Superintendent of Police may, with the sanction of the Commissioner, award to the Inspector at whose instance any conviction is obtained under the Act, a sum not exceeding half the amount of any fine imposed.

APPENDIX I.

Forms.

Form I

(Notice to be issued under rules 1 and 6, *vide* section 9 of the Act)

Notice is hereby given you that whereas a diseased horse has been in the buildings (shed, enclosed space, open space, open place or open lines) situated in and called of which (building, etc.) you are the owner (or person in charge) ; you are hereby directed—

(*a*) to disinfect the said (building, etc.) by causing—

(1) the wood-work of the stable to be thoroughly washed with boiling water,

(2) the walls, wood-work and ceiling to be scraped and limewashed with freshly mixed quicklime and water with crude carbolic acid added thereto in the proportion of half a pint of carbolic acid to every bucketful of limewash,

(3) the flooring to be removed to a depth of 2 feet and the earth removed to be burnt and the flooring to be kept unrenewed for the space of two weeks, and then to be replaced by fresh earth,

(4) the whole of the interior of the said (building, etc.) to be fumigated with burning sulphur (or chlorine or carbolic vapour) ;

(*b*) to destroy by fire—

(1) all dung, litter and waste food and gear in or near the said (building, etc.),

(2) all surplus food and all clothing and other gear which has been used by, or been in contact with, any diseased horse,

(3) the thatch, bamboo walls, matting and all temporary fittings.

NOTE.—Horses include asses and mules.

Date and place—

Inspector under the Glanders and Farcy Act

Form II

(License to be issued under rules 3 and 4, *vide* section 11 of the Act.)

I hereby grant to (here enter name) the owner or person in charge of the undermentioned horses, which have been in the same field, building or place, or in contact with a diseased horse, license to remove the same from to on the following conditions :—

(1) That the horse to be removed shall be taken under the following precautions, (here enter precautions)

(2) That whilst so isolated the horse shall be inspected from time to time at intervals of not more than a week by the Inspector or by the Veterinary Practitioner.

(3) That the horse shall continue at the appointed place in isolation so long as the said Inspector or Practitioner deems it necessary to have it under treatment or observation.

(4) That the horse whilst so isolated may be subjected to any of the following tests :—

(a) Mellein.
(b) Medicinal.
(c) Inoculating the horse with its own discharge.
(d) Inoculating another horse with the discharge.

(5) That the owner or person in charge of the horse so isolated shall provide food and an attendant, and to pay a fee of two annas per diem for treatment, or, in the alternative, to pay a fee of Re. 1 per diem, which fee shall be deemed to cover the cost of food, attendance and treatment.

N.B.—Any sum due under the preceding condition shall be recoverable on application to a Magistrate as if it were a fine.

(Here enter horses with their description).

NOTE.—Horses include asses and mules.

Date and place—

Inspector under the Glanders and Farcy Act.

FORM III.

(Certificate to be issued under Rule 7, *vide* section 8 of the Act).

It is hereby certified that the undermentioned horses said to belong to or to have been in charge of , have this day been examined and found to be diseased within the meaning of the Glanders and Farcy Act, 1899.

(Here enter horses with their description).

Date and place—

Veterinary Practitioner under the Glanders and Farcy Act.

Appendix II

(Instructions for the diagnosis of Glanders and Farcy.)

(1) Glanders is a malignant, contagious and fatal disease, characterised by the following symptoms.—

Increased temperature; swelling of the glands under the jaw; discharge of sticky material from the nose which sticks about the nostrils; ulcers on the mucous membrane of the nostrils; the eyes are weak and often discharge; abscesses form along the course of the lymphatics of the face; lungs become affected, animal gets very thin, in some cases dies rapidly and in others lives for some weeks.

(2) Farcy is another form of Glanders and presents the following symptoms.—

Increased temperature; the legs swell, presenting an uneven surface, increasing and decreasing suddenly and attended with pain and lameness. Farcy buds form along the vessels of the leg, burst and give exit to a thin purulent yellowish material, which generally soon dries and forms a yellow crust on the surface of the ulcer.

By order,
C. C. WATSON,
First Assistant to the Hon'ble the Agent to the Governor-General Rajputana, and Chief Commissioner, Ajmer-Merwara.

SIBPUR,
The 6th June 1906

HIGH COURT—ORIGINAL SIDE.

THE JURY RULES, 1906.

Existing rules repealed

All existing rules now in force in the High Court relating to the qualification, summoning, empanelling and serving of Jurors are hereby rescinded and the following rules are made in lieu thereof —

Title of rules and date of commencement

II These rules shall be called "The Jury Rules, 1906", and shall take effect from the 1st day of July 1906.

Qualifications of Jurors

III. Every male person between the ages of twenty-one and sixty, who is not the subject of any Foreign State, and who resides or personally works for gain within the local limits of the High Court in its Ordinary Original Criminal Jurisdiction, shall be qualified and liable, subject to the provisoes and conditions hereinafter contained, to serve as a Juror at any Criminal Sittings of the High Court other than sittings held under the provisions of Section 3'5 of the Code of Criminal Procedure, 1898, and upon any inquest before the Coroner of Calcutta; provided he be the resident occupier of a house within the said local limits of the annual value of not less than four hundred rupees, or has property, or an interest in lands, tenements, or goods within the Province of Bengal of the value of not less than three thousand rupees, or is in receipt of an income of not less than one hundred rupees a month.

America is not "a Foreign State" within the meaning of these rules.

"Annual value" in this rule means annual value as defined by section 151 of the Calcutta Municipal Act, 1899.

Disqualification of Jurors

IV. No person shall be eligible to serve as a Juror, as aforesaid, who holds any office in or under the High Court, or who receives any pay or emolument for any employment in any office or under any officer thereof, or for executing any duties of Police, or who is the subject of any Foreign State; or who is under the age of twenty-one years, or who having been convicted of a non-bailable offence under the Indian Penal Code, or of a similar offence in British India or elsewhere, shall not have obtained a free pardon in respect thereof, or have obtained a reversal of such conviction upon the merits; or who is a lunatic or an idiot, or who does not understand English when spoken.

[illegible] V. The following persons are exempted from liability to serve on Juries, and shall not be put upon the list of Jurors, viz.,—

1. The Viceroy and Governor General of India.
2. The Lieutenant-Governor of Bengal.
3. The Members of the Council of the Governor General of India.
4. Judges.
5. The Members of the Council of the Governor General of India and of the Lieutenant-Governor of Bengal, respectively, for the purpose of making laws and regulations.
6. The Members of the Personal Staff of the Viceroy.
7. The Members of the Personal Staff of the Lieutenant-Governor of Bengal.

90. The Director and Assistant Superintendents of the Geological Survey of India.

91. The Chairman and Members of the Railway Board.

The Secretary and Assistant Secretaries to the Railway Board.

The Registrar of the office of the Railway Board.

Persons whose names are on the Jury List liable to serve subject to objection.

VI Subject to the provisions hereinbefore contained and subject to the right of objection contained in Section 278 of the Code of Criminal Procedure, 1898, any person whose name shall be on the Jury List then in force shall be qualified and liable to serve as a Juror as aforesaid.

Lists of Special and Common Jurors to be summoned for each Session, when and by whom to be prepared and number of names to be contained therein.

VII. On some day not less than six weeks before the commencement of each Session, one of the Judges of the High Court shall cause to be made out lists of the persons to be summoned as Special and Common Jurors, respectively, for such Session. The list of Special Jurors shall contain the names of forty, and the list of Common Jurors the names of eighty persons of those respectively included in the list of Special and Common Jurors. The lists shall be respectively called 'The Special Jurors' List' and 'The Common Jurors' List' for the particular Session, designating it by the date on which it is to commence, and shall be prepared as follows :—

List of Special Jurors how prepared.

(1) The names of all persons, if any, ordered to be entered in the list of Special Jurors for such Session under Rule VIII, XI, or XVI, shall be first entered in the said list, unless the Judge shall be satisfied as regards any one or more of such persons that he or they will be unable, from illness or other sufficient cause, to attend at such Session, in which case the name of such person may be set aside in the same manner as it might have been set aside under Rule VIII, if the name had been drawn by lot for such Session. The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Special Juries as, with those already on the list, will, subject to the provisions of these rules, make up the number of forty persons qualified and liable to serve on Special Juries, and the names of such forty persons shall be entered upon and form the list of Special Jurors liable to serve and to be summoned as Special Jurors for such Session

List of Common Jurors how prepared.

(2) In like manner the names of all persons, if any, ordered to be entered in the Common Jurors List for such Session under Rule VIII, XI or XVI, shall be first entered in the said list, unless the Judge shall be satisfied as regards any of them that such person will be unable, from illness or other sufficient cause, to attend at such Session, in which case the name of such person may be set aside in the same manner as it might have been set aside under Rule VIII, if his name had been drawn by lot for that Session. The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Commom Juries as, with the names already on the list, will, subject to the provisions of these rules, make up the number of eighty persons qualified and liable to serve on Common Juries, and the names of such eighty persons shall be entered upon and form the list of Common Jurors liable to serve and to be summoned as Common Jurors for such Session.

Mode of proceeding to draw the names of the Special and Common Jurors to be summoned.

VIII. The mode of proceeding to draw the names of such Special and Common Jurors, respectively, shall be as follows :—

The names of all the Jurors in the list of Special and Common Jurors, respectively, prepared by the Clerk of the Crown, shall be numbered consecutively. The number attached in the list of Special Jurors to the name of each Juror liable to be summoned as a Special Juror for the Session for which the list of Special Jurors is to be prepared, shall be written on a bone or ivory counter, the several counters being all, as nearly as may be, of equal size and shape, and such counters shall be put together by the Clerk of the Crown into a box, and, on the day to be fixed for drawing the names of the Jurors, the Clerk of the Crown shall, in open Court, draw, or cause to be drawn, the said counters one after the other, until the requisite number of Special Jurors shall be obtained. The Juror on the Special Jurors' List, whose number on such list shall correspond with the number drawn, shall, subject to the provision in these rules, be entered in the Special Jurors' List for the Session, and a number denoting the order in which the name of each Juror is so drawn shall be set against the name of such Juror in the Special Jury List for the Session.

A similar course, *mutatis mutandis*, shall be adopted in drawing the names of the Common Jurors.

Names of deceased person or persons not liable to serve or excused from service, to be set aside.

Names of persons excused from service to be entered in list for future service.

The Judge may order the name of any person who has actually served as a Juror in the preceding year, and of any person known or believed to be dead, absent from Calcutta, or likely to be unable from illness or otherwise to attend, or known or believed not to be qualified or liable to serve as a Juror under these rules, to be set aside; and, in every such case, an additional name shall be drawn in lieu of that so set aside, and the Judge, if he think fit, may order the name of any person so set aside, except on account of death or disqualification, to be entered on the list of Special or Common Jurors, as the case may be, for any subsequent Session to be then fixed.

Order in which names to be arranged in lists with additions and places of abode.

IX. The names, additions and places of abode of the several persons included in such Special and Common Jurors' Lists for the Session, shall be written therein and numbered in the order in which they shall have been drawn, and such lists shall be signed by the Judge.

Copy of lists to be annexed to Precept to Sheriff to summon Special Jurors in numerical order.

X. A copy of such lists shall be annexed to a Precept to the Sheriff, commanding him to summon the fir t thirty-five on the list of Special Jurors, and the first sixty-five on the list of Common Jurors, and, in case he shall not be able to summon the whole of the first thirty-five or sixty-five, as the case may be, then to summon as many as shall be necessary to make up the full number of thirty-five or sixty-five of those in numerical order in such lists respectively next after the first thirty-five or sixty-five.

Name of Juror excused attending at one Session, on condition of his serving at a subsequent Session, to be inserted in the list for such Session.

XI. Any person whose name is included in the Special or Common Jurors' List for any Session may apply to the Clerk of the Crown to cause him to be excused from attendance as a Juror, either generally or at the particular Session. Such application shall be made at least one week before the day fixed for the commencement of the Session, and shall specify the grounds upon which the application is made. The Clerk of the Crown shall, as soon as possible after the last day allowed for making such application, bring them before one of the Judges of the Court and such Judge shall pass orders thereupon, which shall be communicated by the Clerk of the Crown to the respective applicants. If the Judge shall think fit to excuse any of the applicants from attendance at the particular Session, he may do so unconditionally, or on condition of his serving at the next or some subsequent Session to be fixed, and any such conditional order shall operate as an authority to the Clerk of the Crown to include the name of such person in the list for such subsequent Session under the provisions of Rule VI.

Jurors to be summoned ten days before the first day of the Session.

XII. Every person named in the lists mentioned in Rule IX shall forthwith, or as soon as possible after the receipt of the Precept by the Sheriff, be summoned by him to attend at the Session for which he shall have been appointed to serve as a Juror, and such summons shall be served at least ten days before the first day of the Session.

Service of summons or process by post.

XIII. A summons to a Juror who resides out of the limits of the Town of Calcutta, and to whom access at his office or place of business within such limits is denied to the Sheriff's Officer, as also all notices, orders, or other proceedings required to be served on him, shall, unless otherwise ordered, be addressed to him at his office or place of business aforesaid, or at his place of residence, and forwarded to him by post duly registered. The transmission by post as aforesaid of every such summons, or notice or of a copy, authenticated by the seal of the Court, of every such order or other proceeding, shall, unless good cause be shown to the contrary, be deemed sufficient service thereof.

Personally.

XIV. In all other cases every such summons, notice, order or other proceeding, shall, unless otherwise ordered, be served on a Juror personally.

Sheriff to return Precept with two panels, one of Special Jurors, the other of Common Jurors showing in tabular form names and particulars of service, and accounting for non-service.

XV. The Sheriff shall, as soon as possible after service of the summons, and not later than one week before the commencement of the Session, return the Precept to the Clerk of the Crown, with two panels annexed thereto, one of the Special Jurors and one of the Common Jurors, which panels shall show in a tabular form the names of the persons summoned and the particulars of service upon each; and if any person or persons named in the lists annexed to the Precept shall not have been served, the panel shall state that fact, and the reason why such person or persons has or have not been summoned: and in every case the reason why such service has not been effected shall be verified by the affidavit of the Officer whose duty it was to effect such service, and such affidavit shall be filed with the Clerk of the Crown, with the return to the Precept.

Sheriff's return to be immediately laid before a Judge for orders.

XVI. On the receipt of such return, the Clerk of the Crown shall, without delay, bring the same before one of the Judges of the Court. The said Judge may, if necessary, examine the Sheriff's Officer or

Officers as to the truth of such return, and as to the circumstances of the service or of the absence of service on any person, and may direct service to be made upon the person or persons not already served in such manner as to him shall seem fit. The Judge, if he think fit, may cause the name of any person returned by the Sheriff as not summoned to be entered on the list of Jurors, either Special or Common, as the case may be, for any subsequent Session to be fixed by the Judge.

If sufficient number of Jurors not served, further names of Jurors to be drawn by lot, as provided by Rule VIII.

XVII. If the Judge shall be of opinion that the number of Jurors named in either of the said lists who shall have been served is in not likely to be sufficient, he may cause to be drawn by lot, in the mode provided by Rule VIII, such further number of names as may be requisite not exceeding forty and eighty respectively.

Copy of Supplementary Lists to be annexed to additional Precept to Sheriff. Sheriff's return.

XVIII. Such lists shall be called the Supplemental Lists of Special or Common Jurors, as the case may be, and shall be prepared and signed in the manner hereinbefore provided with respect to the original lists, and copies thereof shall be sent to the Sheriff with an additional Precept, and the Sheriff shall, as soon as possible after the receipt of such additional Precept, cause the persons named therein to be summoned to attend at the Session, and shall return the Precept to the Court not later than one clear day before the first day of the Session, with a panel similar to that provided by rule XV in respect of the original lists and Precept.

Jury how to be drawn and empanelled.

XIX. In order to nominate a Jury for the trial of any prisoner or other person to be tried by Jury, the Clerk of the Crown shall cause to be put together into one box cards or pieces of parchment containing the names of all the persons summoned to serve on the Common Jury for the Session, if the trial is to take place before a Common Jury, or on the Special Jury, if the trial is to take place before a Special Jury, except such of the said persons as shall have been excused by the Judge from serving on that day in consequence of his having served as a Juror on the previous day, or for any other cause. Such cards or pieces of parchment shall be, as nearly as may be, of equal size, and each shall bear the name of one person summoned to serve on the Jury for that Session. The Clerk of the Crown shall then in open Court draw or cause to be drawn out of the said box nine of the said cards or pieces of parchment, one after another; and if any of the Jurors whose name shall be so drawn shall not appear, then such further number shall be drawn until nine Jurors shall appear. The prisoner or person to be tried shall be informed that, if he desires to object to any Juror, he must make his objection before the Juror is sworn. The names of the Jurors shall then be called aloud; and if, upon any challenge or objection either by the Government or the party to be tried, or for any other lawful cause, any Juror is not allowed to serve, or is exempted from serving the Clerk of the Crown shall draw out another card or piece of parchment from the said box, and so on, until nine Jurors shall have been drawn who shall be allowed to serve.

Proceedings in case of deficient Jurors.

XX. If, by reason of absence, or disallowance on challenge, or any other cause, there be a deficiency of Jurors, the Court may command the Sheriff, or other Officer, to name or summon a sufficient number of persons to make up a full Jury, and the Sheriff, or other Officer shall, at such command of the Court, return such men duly qualified to serve as shall be then present, or can be found to serve on such Jury, and the course of proceeding shall be the same as if their names had been returned in the panel and drawn by ballot under Rule XIX; provided that, in case of a Special Jury, the additional Jurors may be taken from the list of Common Jurors summoned to serve at the same Session if a sufficient number of Jurors qualified to serve as Special Jurors shall not be present in Court.

After every Session entry to be made against the name of each non-defaulting Juror.

XXI. After each Session the Clerk of the Crown shall make an entry in the List of Jurors opposite the names of those who shall have served at such Session or shall have been summoned to serve at such Session and shall not have made default, together with the date of service, or of the Session for which he shall have been summoned to serve.

Only persons on Common Jury List eligible to serve on Coroner's inquest, and, except in case of necessity, no Juror to be summoned again within twelve months.

XXII. No person shall be summoned to serve upon any inquest before a Coroner unless he is on the Common Jury List, nor, except in the case of necessity, within the period of twelve months after he shall have served on a Coroner's inquest or shall have been summoned to serve on a Coroner's inquest, and shall not have made default. The Coroner shall keep a copy of the Common Jury List, and shall enter therein the names of the persons who shall have served or been summoned to serve and not made default, and the date of the inquest at which such Juror shall have served or for which he shall have been summoned to serve.

Dated this 10th May 1906.

By order of the Full Court,

W. R. FINK,
Registrar and Clerk of the Crown.

Advertisements and Notices by Private Individuals and Corporations.

Estate Major General F. W. Collis, deceased.

PURSUANT TO SECTION 42, ACT 28 OF 1866.

Notice is hereby given that all persons having claims against the late Francis William Collis, a Major General in the Indian Army, who died on 22nd December 1905, at 71, Festing Road, Southsea, Hants, Letters of Administration to whose Estate have been granted to George Roberts Johnston, Esq., of Messrs. Grindlay & Co., Calcutta, are required to send in the same on or before 5th July next to the said Messrs. Grindlay & Co., Calcutta, after which date the said Administrator will proceed to administer the assets, having regard only to the claims of which he shall then have received notice, and no claims sent in subsequently will be recognized, and all persons indebted to or holding any securities or property belonging to the said Estate are also hereby requested to pay without delay the amount owing by them, or deliver the said securities or property to the said Administrator whose receipt alone is valid for the same.

G. R. JOHNSTON,
Administrator to Estate Major General F. W. Collis, deceased.

CALCUTTA;
The 24th May 1906.

FREDERICK NOËL-PATON
Director-General of Commercial Intelligence

W. S. MEYER
Secretary to the Government of India

Calcutta, June 6, 1906

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JUNE 16, 1906.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

Fee in respect of the continuance of an exclusive privilege—

4 (h) After the expiration of the tenth year and before the expiration of the eleventh year from the date of filing of the specification—

The sum of R100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s*. 1*d*. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Invention and Designs Act, V of 1888.

* Agents for sale of the Legislative Department publications

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through Local Governments to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agents of the particular Government under whose orders they were originally issued.

The amounts within parentheses are for packing and postage.

Advertisements and Notices by Private Individuals and Corporations.

Estate Major General F. W. Collis, deceased.

PURSUANT TO SECTION 42, ACT 28 OF 1866

Notice is hereby given that all persons having claims against the late Francis William Collis, a Major General in the Indian Army, who died on 22nd December 1905, at 71, Festing Road, Southsea, Hants, Letters of Administration to whose Estate have been granted to George Roberts Johnston, Esq., of Messrs. Grindlay & Co., Calcutta, are required to send in the same on or before 5th July next to the said Messrs. Grindlay & Co., Calcutta, after which date the said Administrator will proceed to administer the assets, having regard only to the claims of which he shall then have received notice, and no claims sent in subsequently will be recognized, and all persons indebted to or holding any securities or property belonging to the said Estate are also hereby requested to pay without delay the amount owing by them, or deliver the said securities or property to the said Administrator whose receipt alone is valid for the same.

G R. JOHNSTON,
Administrator to Estate Major General F. W. Collis, deceased.

CALCUTTA;
The 24th May 1906.

FREDERICK NOEL-PATON

Director-General of Commercial Intelligence

W. L. HARVEY

Secretary to the Government of India

Calcutta, June 15, 1906

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JUNE 23, 1906.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT,
Secretary to the Government of India.

No. 2518 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees respectively hereinafter mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased :—

No. 299 of 1901.—The Cotton Seed Company, Limited. *Improvements in or relating to bagging apparatus.* (Specification filed 11 March 1902.)

No. 343 of 1901.—Herbert Edward Crampton Stubbs. *Improvements in backrests for cycle saddles.* (Specification filed 11 March 1902.)

No. 400 of 1901.—Priyanath Nandi. *A process of curing hydrocele by the application of electricity.* (Specification filed 13 March 1902.)

No. 465 of 1901.—Gomer Emons Highley. *Improvements in the art of condensing steam and cooling fluids* (Specification filed 11 March 1902.)

No. 471 of 1901.—Alfred James Saville and Logie Pirie Watson. *Improvements in gaiter fasteners.* (Specification filed 11 March 1902.)

No. 475 of 1901.—William Frederick Ellis and Edwin Courtis Davis. *Improvements in wheels for bicycles, motor carriages, road vehicles and the like.* (Specification filed 11 March 1902.)

No. 25 of 1902.—Casimir Masse and La Societe Francaise de Ramie. *Improvements in or relating to the treatment of ramie, china grass and other fibrous material.* (Specification filed 15 March 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 448 of 1899.—William McConway. *Coupling mechanisms and draft and buffing apparatus for railway wagons.* (Specification filed 13 March 1900.)

Fee in respect of the continuance of an exclusive privilege—

4 (*c*) After the expiration of the fifth year and before the expiration of the sixth year from the date of the filing of the specification—

The sum of R50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

C. STEWART-WILSON,
Offg. Director General of the Post Office of India.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Agricultural Department.

HIGHER AGRICULTURAL CLASS.

(Session 1906-1907.)

Rules for Admission.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications :—

(i) He must have passed the F. E. Examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agricultural Class after the expiration of five years from admission into the Engineering College.

(ii) He must have passed the B. A. Examination of the Calcutta University by the B. Course or possess other sufficient educational qualifications ; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.

(iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding R 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

Course of Instruction.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

Scholarships.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One scholarship of R 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

Appointments.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

Entrance and Tuition Fees.

Each student in the Higher Agricultural Department will be required to pay an *admission fee* of R 10.

F. E.'s who elect to join the Agricultural Department immediately after passing the F. E. Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be R 8 a month.

Further particulars may be obtained free on application to the Principal.

B. HEATON,
Principal, Civil Engineering College, Sibpur.

SIBPUR;

GAZETTE OF INDIA.

NOTICE.

The 21st March 1906.

From the 7th April next till further notice, Parts I, IV, V, and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 31st March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette"

J. P. HEWETT,
Secretary to the Government of India

The 28th June 1906.

J. C. E. BRANSON,
Offg. Comptroller General.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 28th June 1906.

NOTIFICATIONS.

No. 2589 P.—APPLICATIONS in respect of the under-mentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 23rd June 1906 :—

No. 309 of 1906.—Charles Rutland, manufacturer, of 83 Charles street, Perth, Western Australia. *Metallic inflator connection for cycles.*

No. 310 of 1906.—Eugenio Cantono, Captain of the Italian Army, of 13 Viale Parioli, Rome, Italy. *An improved starting device for explosion engines and other machines generally.*

No. 311 of 1906.—Samuel S. Harper, engineer, of the city of Philadelphia, county of Philadelphia, and state of Pennsylvania, United States of America, and John Uhle Bethell, Attorney-at-law, of the city of Philadelphia, county of Philadelphia, and state of Pennsylvania, United States of America. *Improvement in windmills.*

No. 312 of 1906.—George Westinghouse, manufacturer, of Westinghouse Building, Pittsburg, Pennsylvania, United States of America. *Improvements in elastic fluid turbines.*

No. 313 of 1906.—Siderurgica Glisenti Company, of Carcina (Brescia) in Italy. *Improvements in pistols.*

No. 314 of 1906.—August von Hasperg, manufacturer, of 43 Kaiserstrasse, Munich, Germany. *Sewing machines for closing filled bags and the like.*

No. 315 of 1906.—Sydney Herbert Morden, engineer, of Spencer House, South Place, London, England. *Improvements in or connected with automatic vacuum brake apparatus.*

No. 316 of 1906.—J. & H. Hadden & Company, Limited, textile fabric manufacturers, and Reginald Hadden, commission agent, both of Stanford street, in the city of Nottingham, county of Nottingham, England. *Improvements in bandages.*

No. 317 of 1906.—Charles Henry Codd, draftsman, Drawing Office, Loco. Central Shops, Ajmer. *A back sight protector for the Government rifles.*

No. 318 of 1906.—Edward Leslie Jackson, engineer, of 4 Bankshall street, Calcutta, and of 6 Waterloo street, Calcutta. *A new or improved apparatus for cooling the air in rooms, store houses, factories and the like.*

No. 319 of 1906.—C. A. Clifford Batten, dental surgeon, of Mussoorie, India. *An improved electric ray night sight for rifles or other shooting weapons.*

No. 2590 P.—SPECIFICATIONS of the under-mentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection from 11 A. M. to 3 P. M. at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 419 of 1905.—Vincent Richard Carbery, marine engineer, and Annie Vonck, no occupation, acting as sole executrix of John Joseph Beahan, deceased, both in care of H. V. Williams & Co., of No. 14 Hare street, Calcutta. *An improved slip-shackle.* (Specification filed 19 April 1906.)

No. 445 of 1905.—Henry William Herbert, general foreman, and Frederick William Gwyther, carriage foreman, both of the E. B. S. Railway, Northern Section Workshops, Saidpur. *An improved dust shield and oil retainer for railway axle-boxes.* (Specification filed 18 June 1906.)

No. 504 of 1905.—Max Hermann, banker, of Flottwellstrasse 4, Berlin Germany, and Ludwing Lorenz, engineer, of Altonaerstrasse 12, Berlin, Germany. *Improved oil lamp burner.* (Specification filed 18 June 1906.)

No. 515 of 1905.—Frederick Beale, engineer, of 12 Jessore road, Dum Dum, in Bengal, British India. *Improvements in time and percussion fuses for projectile and the like.* (Specification filed 19 June 1906.)

No. 50 of 1906.—Reuben Entwistle, retired mill manager, of 19 Albion street, Kearsley near Manchester, in the county of Lancaster, England. *Improvements in or relating to apparatus for ginning or similarly treating cotton, wool, or other fibrous substances.* (Specification filed 18 May 1906.)

No. 87 of 1906.—Charles Henry Von Mylius and Thomas Probin Von Mylius, manufacturers, both of Adam street, Burnley, in the county of Bourke, state of Victoria, commonwealth of Australia. *Improvements in smoke consuming furnaces.* (Specification filed 18 May 1906.)

No. 139 of 1906.—Antoine Janssens, mechanical engineer, of St. Nicolas, Belgium. *Improvements in wheels for rolling and mechanical purposes.* (Specification filed 11 June 1906.)

No. 221 of 1906.—Charles Russo, electrical engineer, of 1 Marlboro Court, Carnaby street, Regent street, and Edward Caro Feinstein, merchant, of 140 Houndsditch, both in the county of London, England. *Improvements in and means for electrically recording weights lifted by a crane or the like.* (Specification filed 15 June 1906.)

No. 2591 P.—The fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 124 of 1895.—Deutsche Metallpatronenfabrik. *Improvements in storing and packing opium, and in appliances therefor.* (From 22 October 1906 to 22 October 1907.)

No. 305 of 1895.—Pierre Paulin Faure. *Improvements in the method of and machinery for decorticating ramie and other textile plants and leaves.* (From 2 July 1906 to 2 July 1907.)

No. 180 of 1898.—Khan Bahadur Commodore Dhanjibhoi. *Improvements in tongas and other carriages specially applicable for ambulance purposes.* (From 5 July 1906 to 5 July 1907.)

No. 249 of 1900.—John Edward Thornycroft and the Thornycroft Steam Wagon Company, Limited. *Improvements in motor propelled road vehicles.* (From 11 October 1906 to 11 October 1907.)

No. 444 of 1900.—James Begg. *A rotary leaf spreader and arrangement for withering tea leaf and the like.* (From 2 July 1906 to 2 July 1907.)

No. 208 of 1901.—Charles Cheers Wakefield and Walter Grimes *Improvements in or relating to sight-feed lubricators* (From 26 June 1906 to 26 June 1907.)

No. 219 of 1901.—Walter Grimes and Charles Cheers Wakefield. *Improvements in sight-feed lubricators.* (From 3 July 1906 to 3 July 1907.)

No. 221 of 1902.—Cass Langdon Kennicott. *Improvements in or relating to water-purifying apparatus.* (From 23 July 1906 to 23 July 1907.)

No. 2592 P.—Whereas the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorizing others so to do, has ceased :—

No. 267 of 1901.—Ghasiram Kishenlal Bania Agarwalla. *The manufacture of ice-cream without the help of ice.* (Specification filed 17 March 1902.)

No. 312 of 1901.—Grafton Phillips. *Improved means for carrying packages applicable to wheel-barrows stretchers and the like.* (Specification filed 19 March 1902.)

No. 358 of 1901.—Albert Harlow Silver and Alfred Butterworth. *A new style of back-sight for military and other rifles.* (Specification filed 18 March 1902.)

No. 381 of 1901.—L. P. Declosets d'Errey and H. Felix. *A machine to separate the kernels of ground-nut from their pods called the "Ground-nut husking mill."* (Specification filed 22 March 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 359 of 1899.—The General Electrolytic Parent Company, Limited. *Improvements in or connected with electrical conductors and anodes for electrolytic and similar purposes.* (Specification filed 17 March 1900.)

Fee in respect of the continuance of an exclusive privilege—

The sum of R100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo. volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

CIVIL ENGINEERING COLLEGE, SIBPUR.

Agricultural Department.

HIGHER AGRICULTURAL CLASS.

(Session 1906-1907.)

Rules for Admission.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications :—

(i) He must have passed the F. E. Examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agricultural Class after the expiration of five years from admission into the Engineering College.

(ii) He must have passed the B. A. Examination of the Calcutta University by the B. Course or possess other sufficient educational qualifications ; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.

(iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding R10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

Course of Instruction.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

Scholarships.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One scholarship of R30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

Appointments.

Two appointments annually are assigned to students holding a fully-signed diploma : one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

Entrance and Tuition Fees.

Each student in the Higher Agricultural Department will be required to pay an *admission fee* of R10.

F. E.'s who elect to join the Agricultural Department immediately after passing the F. E. Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be R8 a month.

Further particulars may be obtained free on application to the Principal.

B. HEATON,
Principal, Civil Engineering College, Sibpur.

SIBPUR;
The 18th June 1906.

THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Dated Mount Abu, the 20th June 1906.

No. 661.—The Hon'ble the Chief Commissioner of Ajmer-Merwara, having accepted the resignations tendered by Khan Bahadur Dr. Sheikh Ilahi Baksh and Mr. K. L. Paonaskar of their appointments of Honorary Magistrates of Ajmer, the powers conferred upon them by Notifications Nos. 275—269, dated the 24th March 1890, and 760, dated the 20th July 1904, respectively, are hereby withdrawn in accordance with the provisions of section 41 of the Code of Criminal Procedure (Act V of 1898).

No. 662.—In exercise of the powers vested in him by section 12 of the Code of Criminal Procedure (Act V of 1898), the Hon'ble the Chief Commissioner of Ajmer-Merwara is pleased to appoint the following gentlemen to be Honorary Magistrates, and to invest them with the powers of a Magistrate of the second class to be exercised within the Municipal limits of the City of Ajmer:—

(1) Rai Bahadur Seth Sobhag Mal Dhadda.

(2) Munshi Abdus Samad Khan.

The 21st June 1906.

No. 672.—Under section 25 of the Negotiable Instruments Act, XXVI of 1881, the Hon'ble the Chief Commissioner is pleased to declare the 29th June 1906, being the date fixed for the celebration of the birthday of His Majesty the King-Emperor of India, to be a public holiday.

CALCUTTA UNIVERSITY.

NOTICE.

Babu Kisorilal Sarkar, M.A., B.L., Tagore Law Professor for 1905, will hold an Examination on the subject of his lectures, the Rules of Interpretation in Hindu Law, with special reference to the Mimansa Aphorisms as applied to Hindu Law, at the Senate House, College Square, on Saturday, the 14th July, at 11 A. M.

Candidates who have attended 75 per cent. of the Lectures delivered by the Professor are admissible to the Examination.

C. LITTLE,
Registrar, Calcutta University.

SENATE HOUSE;
The 27th June 1906.

THE HON'BLE THE AGENT TO THE GOVERNOR GENERAL AND CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATION.

Peshawar, the 25th June 1906.

No. 258-*N*.—On return from the leave granted to him in Notification No. 91, dated 14th May 1906, Rai Bahadur Ressaldar Kanshi Nand, Extra Assistant Commissioner, resumed charge of his duties as Native Assistant to the Chief Commissioner, on the afternoon of the 7th June 1906, relieving Mir Abdul Rashid, B.A., reverted.

A. H. GRANT,
Secretary to the Chief Commissioner,
North-West Frontier Province.

OFFICE OF REVENUE AND FINANCIAL SECRETARY TO CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATION.

Peshawar, the 23rd June 1906.

No. 95-*H*.—In exercise of the powers conferred by section 17, sub-section (2) of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor General in Council, the Chief Commissioner is pleased to apply the following rules, for the assessment and recovery of octroi, being an adaptation of certain rules in force in the Municipality of Kohat, to the Cantonment of Nowshera, with effect from the date of this notification —

(1) A table showing the octroi leviable shall be open to the inspection of any person at the Cantonment office, and copies shall be supplied without charge to any person requiring the same and shall be affixed in a conspicuous place at every post or office at which octroi is collected.

(2) Every person bringing dutiable goods into the Cantonment shall bring them to one of the octroi posts.

(3) Goods brought to an octroi post under rule (2) shall be examined by the Octroi Post Muharrir, and a pass in triplicate for such of the goods as are liable to octroi duty shall be furnished by him to the importer.

(4) Octroi duty shall not be paid at the octroi posts.

(5) The Octroi Muharrir on furnishing a pass, in triplicate, to the importer in accordance with rule 3 may, if he sees fit, take security in cash or kind from the importer for the octroi leviable.

(6) On receiving the pass and giving security, if so required, the importer shall forthwith bring the taxable goods to the Central Octroi office where they may be unloaded and weighed by the officer of the Committee appointed in this behalf Upon ascertainment of the amount of the octroi payable on the goods, the importer shall pay such amount to the Head Muharrir at the octori office, who shall fill in the form of receipt, retain one foil of the pass and return the two foils to the importer.

(7) With a view to the appraisement of the value of the goods when the tax is assessed on value, the importer may be called upon to produce the invoice of the goods for the inspection of the officers of the Committee.

Should he fail or refuse to produce the invoice, the value of the goods shall be assessed at current rates, and octroi levied accordingly.

(8) The security (if any) given by the importer under Rule 5 shall be returned to him at any time on the production of duplicate pass duly endorsed as provided in rule 6.

Upon so returning the security the outpost muharrir shall retain one foil of the pass and shall return the other to the importer

The pass so returned shall be regarded as a receipt for the payment of octroi.

C. B. RAWLINSON, Major,
Offg. Revenue and Financial Secretary to the
Chief Commissioner, North-West Frontier Province.

II C

RESOLUTION—By the Government of India, Finance Department.

Read—

Resolution by the Government of India in the Finance Department, No. 2256-P., dated 17th May 1899.

RESOLUTION.—In supersession of the Resolution cited in the preamble the Governor General in Council is pleased to issue the following orders relating to the conditions of acceptance of private employment during leave:

No gazetted officer who is in receipt of furlough or leave allowances may, without the special orders of the Government of India, take service under any other employer in India, and no such officer whose services have been lent to any other employer in India can take leave or obtain leave allowances from the Government of India, unless he actually quits his employment for the period of such leave. In the case of a non-gazetted officer, the previous consent of his departmental superior is sufficient authority for the taking of leave with the object of obtaining such employment, provided it is not under a Native State, and for the acceptance of such employment during leave.

But in no case may any officer, gazetted or non-gazetted, while on leave (whether with or without allowances) take service in a Native State, except with the consent of the authority whose sanction is required to the transfer of his services to foreign service under Article 753 of the Civil Service Regulations or otherwise than under the conditions imposed by that Article.

ORDER.—Ordered, that this Resolution be published in the *Gazette of India.*

LEAVE AND APPOINTMENTS.

The 1st June, 1906.

NOTIFICATIONS.

GENERAL.

Simla, the 30th May, 1906.

No. 4138-40—Mr G. Rainy, of the Indian Civil Service, is appointed Under-Secretary in the Department of Commerce and Industry, with effect from the 8th May 1906.

EXPLOSIVES.

The 1st June, 1906.

No. 4197-26.—In supersession of the Notification of the Government of India in the Home Department No. 1747, dated the 11th August 1899, and in exercise of the powers conferred by section 17 of the Indian Explosives Act, 1884 (IV of 1884), the Governor General in Council is pleased hereby to declare that acetylene when liquid or when subject to a pressure greater than $1\frac{1}{20}$ atmospheres shall be deemed to be an explosive within the meaning of the said Act :

Provided that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil-gas, shall not be deemed to be an explosive within the meaning of the said Act, when under compression—

(1) The acetylene shall be generated only by the Atkins Dry Process.

(2) The proportion of acetylene shall not exceed fifty parts by volume in every one hundred parts of the mixture of acetylene and oil-gas.

(3) The acetylene and oil-gas shall be mixed together in a chamber or vessel before the gases are subjected to compression.

(4) The mixture shall not be compressed to a pressure exceeding one hundred and fifty pounds per square inch.

GENERAL.

LEAVE AND APPOINTMENTS.

The 1st June, 1906.

No. 4143-40.—Mr. F. W. Kennaway, of the Indian Civil Service, is appointed to officiate as Under-Secretary in the Department of Commerce and Industry, with effect from the 25th May 1906, *vice* Mr. J. Campbell, on leave, and until further orders.

Nos. 4329—4333-181.

POST OFFICE.

The 1st June, 1906.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

The Government of India have had under their consideration the question of the amendment of that portion of the rules for the guidance of depositors in Post Office Savings

Banks which relates to investments in Government Securities. Under the existing rules considerable delay necessarily occurs before the investment certificate can be furnished to the investor ; and the popularity of the system suffers in consequence. Arrangements have therefore been made by which the investment certificate will be handed over the counter of the Post Office at the time when the application for investment is made. This arrangement will for the present be confined to head offices but it is hoped that hereafter it may prove possible to extend it to sub-post offices also. Applications made at sub-offices will be forwarded to the head office for the issue of an investment certificate. The rules for the guidance of depositors have been revised accordingly.

2. Certain minor amendments have also been made in the rules in order to simplify and popularize the system. When the investment amounts to Rs. 100 and upwards the investor will have the option of receiving an Investment Certificate for the whole sum or of getting whole pieces of Government paper for Rs. 100, or multiple thereof, and a certificate for the remainder. An investor will also have the option of obtaining (*a*) Government Securities of the nominal value of a specified sum, the actual amount payable being dependent on the rate fixed by the Comptroller, Post Office, for the purchase of Government Securities represented by investment certificates, or (*b*) the amount of Government Securities which the sum specified would at this rate produce. It has also been arranged that two or more small investment certificates may at any time be exchanged for a single certificate of the same aggregate value.

3. The Governor General in Council is pleased to direct that the following rules shall be substituted for those bearing the same numbers which were published with the Resolution in this Department, No 509, dated the 11th March 1906, and that they shall come into force with effect from the 1st August 1906:

11. The total amount which may be deposited in any one official year—from the 1st April to the 31st March inclusive—may not exceed Rs. 1,200, of which not more than Rs 200 may remain at call, or subject to six months' notice of withdrawal, or partly at call and partly subject to six months' notice of withdrawal. The excess above Rs. 200, together with any further sum at the depositor's credit, which he may wish to invest (being a sum in whole rupees and not less than Rs. 10 in all), will be invested for him in Government securities under rule 46.

Example.—A depositor has deposited Rs. 200 from April 1st to November 10th, and on November 20th brings Rs. 5 annas 3 to the post office to be deposited. The Rs. 5 annas 3 will be accepted as a deposit provided that the depositor at the same time signs a form of application requesting that out of the Rs. 205 annas 3 any specified sum in whole rupees not being less than Rs 10 (*e.g.*, Rs 10 or Rs. 11) may be invested for him. In this way the depositor may continue to make deposits up to Rs. 1,200 in all during the year.

NOTE 1.—The annual limit of Rs. 200 for deposits remaining at call or subject to six months' notice of withdrawal, will be reckoned irrespective of withdrawals that is withdrawals will not be deducted in applying the limit. But amounts (1) deposited for purposes of immediate investment or (2) transferred from the deposits at call to deposits requiring six months' notice of withdrawal or *vice versâ* will be deducted in applying the limit.

NOTE 2.—When an account is transferred from one Post Office Savings Bank to another, only such portion of it as was deposited in the current official year shall be included in calculating the limit of Rs. 200.

INVESTMENTS.

Purchase of Government Securities.

46. (1) Any person, whether previously a depositor in the Post Office Savings Bank or not, may invest through the Post Office in Government Securities, in one of the 3½ per cent. loans specifying in his application either the sum to be invested or the nominal value of the securities to be purchased : provided that the sum to be invested or the nominal value of securities to be purchased shall be in whole rupees, and not less than Rs. 10 : provided also that the total amount invested in any one official year from the 1st of April to the 31st of March shall not exceed Rs. 1,000 and that the total amount invested through the Post Office, after deducting any sum sold through the Post Office, shall not exceed Rs. 5,000 in the case of an adult or Rs. 4,000 in the case of a minor.

(2) If the nominal value of securities purchased is *less* than Rs. 100, an Investment Certificate will be issued. If the nominal value of the securities is Rs. 100, the investor may have either an Investment Certificate or a whole piece of Government paper for the amount, and if the nominal value of the securities is above Rs. 100, he may have either (i) an Investment Certificate for the entire amount or (ii) whole pieces of Government paper of Rs. 100, or any multiple of Rs. 100, and an Investment Certificate for the remainder provided that the remainder is not less than Rs. 10.

NOTE.—In the case of all applications for the purchase of Government Securities, either the whole, or a portion of the balance standing at the credit of the depositor's Savings Bank account may be made available or a special deposit made, for the purpose of providing the amount required.

(3) When whole pieces of Government paper are required, the investor has the option of requesting, in his application, that the paper should remain in the custody of the Comptroller, Post Office, or be delivered to him. When paper is to be delivered to the investor, it will be enfaced for payment of interest at the District Treasury and be forwarded to the Post Office for delivery to the investor. In the case of Government securities represented by an Investment Certificate, the securities will remain in the custody of the Comptroller, Post Office, and no paper can be delivered to the investor or enfaced for payment of interest at the Treasury.

(4) Application for Investment Certificates and Government Promissory Notes must be made on separate forms of application prescribed by the Director General of the Post Office. If the applicant is already a depositor in the Post Office Savings Bank, he should present his pass-book with his application; if he is not already a depositor, a pass-book will be prepared and delivered to him.

(5) When an application for Investment Certificate is presented at a head post office, an Investment Certificate signed by the head postmaster, will be handed to the investor across the counter of the post office. When presented at a sub or branch post office, it will be forwarded to the head office for the issue of an Investment Certificate. The Comptroller, Post Office, will fix the rate at which Government Securities represented by Investment Certificates can be purchased. This rate will be communicated to head postmasters and will remain in force until it is changed by the Comptroller.

(6) Two or more Investment Certificates may, at any time, be exchanged for a single certificate of their aggregate value. The certificates to be exchanged must be presented at the local post office, entered in the form of application prescribed for the purpose by the Director General of the Post Office.

(7) Applications for Government Promissory Notes presented at any post office will be forwarded to the Comptroller, Post Office, at Calcutta, who will take the necessary steps for the purchase. *The investor will be charged with the actual price paid for the Government Promissory Notes.* When the pass-book is presented at the Post Office, the transactions connected with the investment will be noted therein.

NOTE 1.—The annual limit of Rs. 1,000 and the maximum limit of Rs. 5,000 for investments through the Post Office do not apply to investments in connection with public accounts, with regimental, police and other conjoint accounts, or with security deposit accounts.

NOTE 2.—No portion of the balance of an account which is subject to six months' notice of withdrawal may be withdrawn for the purpose of investment in Government securities until the expiry of the notice prescribed by rule 26 (1).

Sale of Government Securities.

47. (1) Any depositor may apply for sale through the Post Office of the whole, or of any portion, of any Government securities which may have been purchased for him through the Post Office, whether held by himself or held for him by the Comptroller, Post Office: provided that, if only a portion of the Government Securities is specified for sale, the nominal value of this portion must not be (1) less than Rs. 10 or (2) such a sum as would leave a balance of securities of the nominal value of less than Rs. 10.

(2) Applications for the sale of (*i*) Investment Certificates, and (*ii*) Government Promissory Notes, must be made on separate forms of application prescribed by the Director General of the Post Office. In the former case, the application must be accompanied by the Investment Certificates, and the securities will be sold at the same rate as that fixed by the Comptroller, Post Office, for the purchase of securities represented by Investment Certificates. In the latter case, such of the Government Promissory Notes to be sold as are not held by the Comptroller, Post Office, must be presented with the application endorsed in favour of the Comptroller, and these, together with any Government Promissory Notes in the custody of that officer which are specified for sale, will be sold at the current market rate.

(3) The results of sale will be intimated to the depositor by the Comptroller, Post Office, through the postmaster concerned with the least possible delay after the receipt of the application. The proceeds of sale, together with any interest that may be due, will be credited to the depositor's Savings Bank account, in the first instance. If the annual or total cash limit of his account is thereby exceeded, the excess will not bear interest and must be withdrawn by the depositor.

NOTE.—Securities purchased in the name and on behalf of a minor cannot be sold during the minority except by the minor's legally constituted guardian and the definition of guardian in rule 1 of these rules does not apply to the sale of such securities.

Safe Custody of Government Promissory Notes.

48. (1) A depositor may tender at a Post Office Savings Bank for safe custody by the Comptroller, Post Office, Government Promissory Notes which have been purchased for him through the Post Office. The tender must be made on the form prescribed by the Director General, and the Notes tendered must be endorsed to the Comptroller, Post Office.

(2) A depositor may also, at any time, apply through the local post office for the delivery to him of any Government Promissory Notes which have been purchased for him through the Post Office. The application must be made in the form prescribed by the Director General of the Post Office.

Interest on Government Securities.

49. So long as Government Securities purchased through the Post Office remain in the custody of the Comptroller, Post Office, under rules 46 (3) and 48 (1) interest when due* will be drawn and advised to the local Post Office Savings Bank by the Comptroller, Post Office, for credit to the depositor's account. If the annual or total cash limit of the account is exceeded, the excess will not bear interest.

*NOTE.—In the case of Government securities represented by Investment Certificates interest will, for the present, be due on the 1st May and 1st November of each year.

50. No fee, commission, or brokerage of any kind is charged for the purchase, sale, safe custody, or delivery out of custody of Government Securities bought through the Post Office or for the realisation and remittance of interest on such Securities. So long as Government Securities purchased through the Post Office remain in the custody of the Comptroller, Post Office, under rules 46(3) and 48(1) the interest thereon is exempt from income-tax.

Ordered, that this Resolution be communicated to the Finance Department, the Comptroller and Auditor General, the Director-General of the Post Office of India and the Comptroller, Post Office.

Ordered, also, that this Resolution be published in the *Gazette of India* for general information.

W. L. HARVEY,

Secretary to the Government of India.

The 1st June, 1906.

No. 114.—It is hereby notified for general information that His Majesty's Secretary of State for India has sanctioned the construction by the Burma Railways Company of a loop line, 66·25 miles in length, on the metre gauge between the stations of Neikban and Begayat on the Henzada-Bassein section of the Burma Railways.

2. The line has been placed under the control of the Government of Burma and will be known as the East Daga loop.

No. 115.—Mr. A. W. U. Pope, C.I.E., Traffic Superintendent, Oudh and Rohilkhand Railway, in class I, grade 1, of the Superior Revenue Establishment of State Railways, is granted combined leave for six months (privilege leave due and furlough for the remaining period), under Articles 233 and 308 (*b*) of the Civil Service Regulations, with effect from such date as the leave may be availed of.

No 116.—With reference to Railway Board Notification No. 115, dated the 1st June 1906, the following officiating appointments are made, until further orders :

Mr. P. Rainier, Deputy Traffic Superintendent, in class I, grade 3, of the Superior Revenue Establishment of State Railways, to officiate as Traffic Superintendent of the Oudh and Rohilkhand Railway.

Mr. A. R. Jacobson, District Traffic Superintendent, in class II, grade 1, sub. *pro tem.*, and officiating Deputy Manager, Oudh and Rohilkhand Railway, to officiate as Deputy Traffic Superintendent of that Railway.

(Messrs. Rainier and Jacobson will officiate in class I, grade 1, and class I, grade 3, respectively, during the privilege leave portion of Mr. Pope's leave and thereafter hold temporary rank in those grades.)

Captain A. Gardiner, R.E., Executive Engineer, 3rd grade, to officiate as Deputy Manager, Oudh and Rohilkhand Railway, in class I, grade 3, of the Superior Revenue Establishment of State Railways.

No. 117.—Mr. C. L. Biscoe, Traffic Superintendent, North Western Railway, in class I, grade 1, of the Superior Revenue Establishment of State Railways, is granted combined leave for eight months (privilege leave for two months and twelve days and furlough on medical certificate for five months and eighteen days), under Articles 233 and 311 of the Civil Service Regulations, with effect from the 5th March 1906.

No. 118.—With reference to Railway Board Notification No. 117, dated the 1st June 1906, Major V. Murray, R.E., Deputy Traffic Superintendent, in class I, grade 2 (temporary rank), of the Superior Revenue Establishment of State Railways, is appointed to officiate as Traffic Superintendent of the North Western Railway, until further orders.

Major Murray will officiate in class I, grade 1, up to the 16th May 1906 and thereafter hold temporary rank in the same grade.

No. 119.—With reference to Railway Board Notification No. 118, dated the 1st June 1906, Mr. W. E. S. McGregor, District Traffic Superintendent, in class II, grade 1, of the Superior Revenue Establishment of State Railways, is appointed to officiate as Deputy Traffic Superintendent, North Western Railway, in class I, grade 3 of that establishment, until further orders.

No. 120.—Mr. Hugh Denys Furley is appointed, by His Majesty's Secretary of State for India, under covenant, Assistant Locomotive Superintendent, in class III, grade 3, of the Superior Revenue Establishment of State Railways and is posted to the North Western Railway.

No. 121.—Mr. C. T. R. Scovell, Executive Engineer, 1st grade, and Deputy Consulting Engineer for Railways, Bombay, is appointed to officiate as Junior Consulting Engineer for Railways, Dharwar, during the absence of Mr. W. A. Johns, on leave, or until further orders.

Mr. Scovell will hold the officiating rank of Superintending Engineer, 3rd class, during the privilege leave portion of Mr. Johns' combined leave and thereafter temporary rank in the same class.

C. A. R. BROWNE, *Lieut.-Col., R.E.,*

Secretary, Railway Board.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

SANITARY.

PLAGUE.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 31st May 1906, based on the India Daily Weather Reports of the period.

The meteorological conditions of the week have been largely determined by the pressure distribution.

Early in the week the barometer was low in the Indo-Gangetic plain, Assam and especially in Burma. On the 28th and 29th pressure was becoming uniform at the head of the Bay, while gradients to the south were getting steeper. The flow of humid air was accordingly determined chiefly to Burma, and rainfall was heavy on the coast, while in the interior it gradually increased until it became general on the 30th. In northeast India, on the other hand, only occasioned falls, in some cases associated with thunderstorms, have been reported. The total rainfall for the past four weeks is now in excess on the Burma coast and about 25 per cent. in defect in the interior. In northeast India there is still a deficiency except in the Delta of Bengal. Skies have been heavily clouded during the greater part of the week in Burma, but in northeast India they have been, on the whole, only lightly overcast. In the former area temperature steadily decreased and is now in considerable defect, but in the latter a slight deficiency at the beginning of the week has been changed into a large excess at the close.

In the Central Provinces, the west of Central India and in the central parts of both the United Provinces and Rajputana duststorms and thunderstorms with rain were rather numerous on the 26th, diminishing by the 27th to isolated storms in the United and Central Provinces. These cooled the air very considerably in parts of the affected area: the maximum temperature fell 17° at Amraoti on the 26th and 18° at Lucknow and Allahabad on the 27th. Temperature soon recovered and throughout the rest of the week it has been approximately normal in the Central Provinces and the west of Central India, but in the United Provinces and the east of Central India the weather has been considerably hotter than usual. In Rajputana temperature was high until the 29th, and by the 31st it was in large defect.

In Kashmir precipitation was fairly general on the 25th and again on the 27th when several duststorms with rain occurred in the Punjab plains. Isolated falls occurring on the 26th, 28th and 30th in the extreme north completed the week's rainfall. Temperature was generally above normal until the 30th when it fell considerably: it is now normal or in defect. Skies have been moderately clouded in the extreme north, but in the other parts of northwest India they have been generally clear.

As regards the Peninsula, only occasional showers or thunderstorms occurred in the Deccan and south India up to the 28th on which date rain fell at a number of stations on the west coast, but during the last three days it was confined entirely to the Malabar coast. The total rainfall during the month has been in large defect everywhere except in the Hyderabad subdivision. Skies have been moderately overcast except in the Bombay Deccan where they have been clear during the greater part of the week. Temperature has been considerably higher than usual in the eastern districts of the Peninsula owing to the prevalence of westerly winds, while on the western side it has not differed far from the average.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hours each day:

Northern India and Burma.—May 25th. Port Blair 2·62", Mergui 1·60", Bassein 1·40", Diamond Island 1·15", Monywa 0·83" and Sonemarg 0·72".

„ 26th. Mergui 6·10", Tavoy 1·65", Moulmein 2·70", Toungoo 1·37", Minbu 0·47", Yamethin 1·03" and Lucknow 1·30".

„ 27th. Mergui 1·30", Tavoy 1·52", Maymyo 2·35", Barisal 2·60", Sonemarg 0·67", Gilgit 0·50" and Montgomery 0·54".

„ 28th. Mergui 3·70", Tavoy 1·76", Moulmein 2·30", Bassein 2·70", Maymyo 1·65", Mandalay 0·78", Monywa 0·92" and Darjeeling 1·35".

„ 29th. Mergui 2·15", Moulmein 5·52", Diamond Island 8·15", Akyab 1·37", Monywa 0·48" and Cuttack 3·85".

„ 30th. Tavoy 1·67", Moulmein 1·83", Diamond Island 7·70", Akyab 1·80", Toungoo 1·41", Thayetmyo 1·23", Minbu 0·57", Monywa 0·42", Mandalay 1·10", Silchar 4·25", Cherra Poonjee 2·79", Shillong 1·02" and Gauhati 1·20".

„ 31st. Bassein 2·05", Diamond Island 2·20", Toungoo 1·38", Thayetmyo 1·63", Minbu 2·31", Akyab 1·25", Mandalay 1·14" and Monywa 0·79".

Southern half of the Peninsula.—May 26th. Amraoti 0·37" and Sholapur 0·59".

„ 27th. Nagpur 0·34".

„ 29th. Cochin 0·85" and Trivandrum 0·61".

„ 30th. Hyderabad (Deccan) 0·67", Cochin 0·80" and Trivandrum 2·39".

„ 31st. Trivandrum 0·55".

J PATTERSON,
for Meteorological Reporter to the Government of India
and Director General of Indian Observatories.

J. WILSON,
Secretary to the Government of India.

SIMLA;
The 31st May, 1905.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 26th May 1906.

Burma.—The rain of the week was general except in Katha and Shwebo; Thaton and Bhamo had over 8 inches, Amherst 7, Rangoon 4, and Pegu, Sandoway and Pyapon 2½. Ploughing for wet weather paddy has commenced in Pegu, Pyapon and Thaton In Upper Burma reaping of dry weather paddy continues in six districts. Ploughing for early wet weather paddy is completed in the Northern Shan States and transplanting in the Southern Shan States and Mandalay. Transplanting is in progress in the Southern Shan States and Kyaukse and sowing in the Ruby Mines and Pakokku districts. Hill side paddy is being sown in Katha, the Southern Shan States, and in Myitkyina. Ploughing has commenced in Pakokku. Tobacco plucking is completed except in Myingyan. Ploughing for upland crops has commenced in seven districts. Dry weather crops in Mandalay, Minbu and Kyaukse want rain. The price of paddy has risen largely in Tharrawaddy, considerably in Kyaukse, and moderately in three stations; it has fallen considerably in Prome and moderately in Pakokku; elsewhere it is stationary.

Eastern-Bengal and Assam.—The weather is hot. Slight to moderate rain has fallen in almost all districts. Prospects of tea are generally fair. Ploughing for and sowings of early and late rice and jute are in progress. Late rice has been damaged by floods in parts of Sylhet and early rice in parts of Sibsagar: elsewhere prospects of crops are generally fair. Reaping of summer rice is still in progress. Prices of common rice:—Manipur 18; Kohima 10½; Tezpur and Sibsagar 10; Dinajpur 9⅜; Rangpur and Chittagong 9½; Jalpaiguri, Rangamati, Silchar, Gauhati, Nowgong, and Dibrugarh 9; Rampur Boalia 8⅝; Malda and Bogra 8½; Sylhet and Dhubri 8; Faridpur 7 to 8; Barisal 7½; Noakhali and Tura 7; Shillong 6¼; and Aijal 6 seers per rupee.

Bengal.—Rain was scattered and light in the Patna Division but general and fairly moderate in the rest of the Province. Sowing of jute and paddy is in progress Considerable damage to summer rice by insect pests is reported from Jessore. Water is reported to be still scarce in Angul and both water and fodder are insufficient in Darbhanga and Palamau The price of common rice has risen in eleven and fallen in four districts; it continues high in most places, especially in Hooghly, Howrah, Jessore, Khulna, Nadia, Purnea, and the Sonthal Parganas.

United Provinces.—Rain fell in 21 districts during the week, heavy showers being received in Shahjahanpur, Barabanki, Lucknow, Rae Bareli, Partabgarh, Fatehpur, and Allahabad. Several districts report abnormally hot weather. Irrigation of cane and extra crops continues and the latter are now being reaped in nine districts Fields are being prepared for the autumn crops and sowings have commenced in several districts. Opium weighments have been completed in Lucknow and Sultanpur and are approaching completion elsewhere. Cholera continues in Jaunpur, Jhansi, Hamirpur, and Banda and is increasing in Jalaun There is still great scarcity of fodder in the Bundelkhand districts and in parts of the Agra Division. Water is running short in Aligarh. Prices are generally stationary, but have risen in seven and fallen in six districts The total number of persons on relief at the end of the week was 145,000.

The weekly report on the famine and scarcity is as follows:—A quarter of an inch of rain fell during the week in Banda and Hamirpur. and Jhansi also received a slight sprinkling. Agricultural operations are at present confined to the irrigation and weeding of sugarcane and extra crops and the preparation and sowing of fields for the autumn harvest. Fodder is scarce in all districts. Water is very deficient in the Hamirpur district where an attempt is now being made to bore tube wells. Large demands for takavi for cattle have been made and are expected Cholera continues in Banda, Hamirpur, and Jhansi and is increasing in Jalaun, where the numbers on relief continue to fall. Village works are being extended. Prices of food grains are stationary except in Hamirpur where they are rising and in Agra and Etawah where they are falling. The numbers on relief are:—Allahabad Division—workers 70,000, on gratuitous relief 56,000; Agra Division—workers 9,000, on gratuitous relief 10,000; total 145,000.

Punjab.—There was slight rainfall during the week in all districts except Rohtak, Ambala, Jullundur, Mianwali, and Multan. Prices of food grains are generally falling: wheat has risen in price in Rohtak, Delhi, Ambala, and Amritsar. Harvesting of spring and sowing of autumn crops continue. Extra spring crops are still being sown in Lyallpur.

Reaping of tobacco has commenced in Gurgaon. The condition and prospect of the standing crops are good except on unirrigated areas in Delhi. The yield of the spring crops is generally good. The condition of the opium crop in Lahore is good. Locusts appeared in parts of Shahpur and Mianwali slightly damaging the autumn crops in the former and extra spring crops in the latter. *Toka* (grass hopper) is also damaging young cotton plants in Shahpur. Hail fell in parts of Mianwali but did no damage. Cattle are generally in good condition. Fodder is sufficient throughout the Province. There are no complaints regarding the canal water supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—on works 4,808, on gratuitous relief 6,141; total 10,949. People are generally resorting to works. There is no wandering or emaciation apparent. The physical condition of labourers is good. Relief measures are sufficient and the public health is good except for a few cases of plague.

North-West Frontier Province.—There were slight showers throughout the Province during the week except in Bannu. The condition of the standing crops on irrigated areas is good and on unirrigated average, except in Dera Ismail Khan where it is below average. Harvest prospects and outturn of spring crops are good. Sowings of autumn crops are being continued. Canal water is sufficient in Peshawar except in Sivabi and normal elsewhere. There is no irrigation from hill torrents in Dera Ismail Khan; rivers are rising. The condition of cattle is generally good, except in Mardan and Bannu, and average in Dera Ismail Khan. Stocks of food grains are sufficient. Fodder and pasture are sufficient. Prices are fluctuating. Prices:—wheat $14\frac{1}{16}$ to $19\frac{1}{2}$; maize 15 to $18\frac{7}{16}$; gram $15\frac{5}{8}$ to 20; *bajra* 13 to $14\frac{3}{8}$ seers per rupee.

Jammu.—There was no rain during the week. Prices are fluctuating. Prices:—wheat 12 to 24 and maize 14 to 35 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Threshing and housing of the harvested crops are in progress in several tahsils.

Kashmir.—The weather is generally bright and pleasant. Prices are almost stationary.

Rajputana.—Rainfall—Jaipur 21 cents and slight rain in Bikaner, Bharatpur, and Dholpur. Land is being prepared for autumn sowings in many places. The condition of cattle is generally poor in affected tracts owing to scarcity of fodder. Emigrant cattle are returning in considerable numbers. Water is insufficient in hill tracts and in parts of Kotah, Jhalawar, Kishengarh, and Dholpur. Prices have fallen slightly in Bharatpur and are practically steady elsewhere. The numbers on famine relief are:—Ajmer-Merwara—32,823; Native States—57,785; total 90,608.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 7,088, on gratuitous relief 3,168 total 10,256; Merwara—on works 16,226, on gratuitous relief 6,341, total 22,567. Native States:—Marwar—on works 2,644, on gratuitous relief 1,666, total 4,310; Mewar—on works 2,663, on gratuitous relief 316, total 2,979; Shahpura—on works 35, on gratuitous relief 92, total 127; Tonk—on works 3,125, on gratuitous relief 882, total 4,007; Jaipur—on works 15,488, on gratuitous relief 522, total 16,010; Kishengarh—on works 3,651, on gratuitous relief 2,901, total 6,562; Alwar—on works 2,072, on gratuitous relief 1,354, total 3,426; Eastern States—on works 15,203, on gratuitous relief 5,161, total 20,364. Prices vary between $11\frac{1}{2}$ seers per rupee in Karauli and $14\frac{1}{2}$ seers in Bharatpur. Forty-nine deaths from cholera are reported from Pushkar and Ajmer; other conditions are practically unchanged.

Central India.—There was partial rain during the week in parts of Gwalior and Bundelkhand. Land is being prepared for autumn crops. Agricultural stock is bad in parts of Gwalior; fair in Bhopal and Malwa; and good in Bhopawar. Pasturage is bad in parts of Gwalior; and scarce in Bundelkhand. Prices are high in Gwalior and Baghelkhand; are rising in parts of Bhopal; and are steady in Bundelkhand, Malwa, and Bhopawar.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. Prices in Bundelkhand vary from 12 to $13\frac{1}{2}$ seers per rupee. The numbers on relief are:—Gwalior—on works 64,500, on gratuitous relief 17,500, total 82,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs—on works 27,000, on gratuitous relief 4,000, total 31,000; grand total 113,000.

Central Provinces.—The weather has been hot but unsettled with thunder showers in most districts ranging from 26 cents in Hoshangabad to 90 cents in Bhandara and the Murwara tahsil of Jubbulpore. Preparation of land for autumn sowings is in rapid progress throughout the Provinces and sowing of rice has commenced in parts of the Drug tahsil. The condition of the people in Bilaspur continues to be satisfactory and private

tanks and field embankments provide sufficient employment for labourers. The exodus of Bundelkhand immigrants from the Northern districts continues and those still remaining are fully employed. Scarcity of fodder and water continues to exist in parts of Saugor, Chanda, Bilaspur, Akola, and Yeotmal; and fodder is still very dear in Wardha, Nagpur, Akola and in parts of Hoshangabad. Water is insufficient in parts of Narsinghpur and Amraoti. The price of wheat at Mungeli in the Bilaspur district has dropped sharply to 16¼ seers per rupee; in Jubbulpore wheat is cheaper by ¾ths of a seer and dearer by 1¼th seers in Balaghat; gram is dearer by one seer in Mandla: prices elsewhere are steady or fluctuate slightly.

Baroda.—For week ending 19th May 1906. The numbers on relief are:—on works 3,254, on gratuitous relief 147, total 3,401.

Bombay—Rain during the week was partial and slight in parts of Bijapur and Kolhapur, and very slight in parts of Larkana, the Upper Sind Frontier, Poona, Sholapur, Satara, and Dharwar. The standing crops have been slightly damaged by rats in parts of Karachi; by locusts in parts of Karachi, Larkana and Belgaum; are withering in parts of Ahmednagar and Kanara; and are generally in good condition elsewhere. Water is giving out in irrigation canals, tanks, and wells. Lands are being prepared for autumn cultivation. Sowing has commenced in parts of Karachi and Sukkur but is retarded in parts of Kanara, Belgaum, and Dharwar. Measures for the improvement of drinking water with aid of Government grants and takavi advances are in progress. Agricultural stock are deteriorating in condition and takavi is being granted to make good their deficiency. Government grass finds a ready sale. Prices of local fodder are two to three times above the normal. The supply of food grains is ample and active trade helps to keep up stocks with merchants. The quantity of grain purchasable per rupee is in the Deccan 28 to 55 per cent; in the Karnatak 35 to 50 per cent; in Gujarat 20 to 35 per cent; in the Konkan 15 to 30 per cent; and in Sind 10 to 25 per cent less than the normal. The numbers on test works on the last day of the week ending the 19th instant were:—Dharwar 166, Phaltan 124, Kathiawar 507, total 797. Distress is gradually increasing though is not yet acute. The condition of agricultural labourers is fair to good and they get considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants. Relief workers are generally in good condition and measures are adequate. The numbers on relief are rising. Immigrants continue to return. There is no aimless wandering or emaciation reported. The public health is generally good. Cholera is still prevalent in places in the Deccan, the Karnatak, and Kolhapur. The numbers on relief are—British districts:—Deccan—on works 20,964, on gratuitous relief 36,577, total 57,541; Karnatak—on works 12,931, on gratuitous relief 10,332, total 29,263. Native States:—on works 5,960, on gratuitous relief 2,211, total 8,171.

Hyderabad.—Rainfall—one cent. Lands are being prepared for autumn sowings. Fodder scarcity exists in 62 talukas and water scarcity in 45. The attendance on road works amounted to 3,176 persons and in poor houses to 904 persons. The price of *juar* has risen from ½ to 4 seers per rupee in 9 talukas and has fallen from ¾ths to 3 seers in 9. Prices:—wheat 8½; coarse rice 7¼; and *juar* 14¼ seers per rupee.

Mysore.—There was slight rain in parts of the Bangalore, Mysore, Hassan, Tumkur, and Kadur districts. Markets are fairly well supplied but prices are high in Hassan and Shimoga. Crops are withering in parts of Tumkur, Hassan, and Shimoga. Prospects are not encouraging in Bangalore and Tumkur, but have improved in Mysore. More rain is needed throughout. Cattle are unhealthy in parts of Tumkur, Mysore and Hassan. The fodder supply is limited in Tumkur, Shimoga, and Chitaldroog. There is a scarcity of water in parts of Tumkur, Hassan, Kadur, and Shimoga.

Coorg.—Rainfall—two cents. Prices of food grains are normal. Water and fodder are sufficient.

Madras.—There was no rain in Godavari, Guntur, Kurnool, Bellary, Anantapur, Chingleput, Madras, and Tanjore: elsewhere there was light rain. Irrigation supplies are insufficient except in Cuddapah, Nellore and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Bellary, Chingleput, Coimbatore, and Madura are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Malabar and the Nilgiris. Fodder is scanty in parts of Bellary, Anantapur, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in eight districts; has fallen in four; and has slightly risen in eleven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in seven districts; has fallen in three; and has slightly risen in eleven. *Cholam* is stationary in three districts; has fallen in two; and has slightly risen in nine. *Cumbu* is stationary in nine districts; has fallen in one; and has slightly risen in five.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table :

Name of Province or State.	Preceding week.			Present week.			Increase or decrease.

J. WILSON,
Secretary to the Government of India.

No. 6—193-2.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

LAND REVENUE.

Simla, the 24th May, 1906.

RESOLUTION.

In their Resolution on Land Revenue Policy dated the 16th January 1902 the Government of India announced their intention of taking into consideration, in consultation with the Local Governments, the whole question of the exemption from assessment of such improvements as have been made by private enterprise, with a view to the framing of rules that may stimulate the expenditure of private capital upon the improvement of the land, and secure to those who profit by such opportunities the legitimate reward of their enterprise. They also expressed the conviction that, in cases of local deterioration, it is desirable to grant prompt relief, even to single villages, though such a course may involve a departure from the strict principles of settlement, as the amount of revenue which the concession will cost to the State will be insignificant compared with the advantages obtained in assisting and encouraging an afflicted population; and stated their willingness, where the necessity is established, to make a further advance in the form of a more generous resort to reduction of assessment in such cases. They have now received and considered the opinions of the Local Governments, and have been assisted in arriving at a decision on this important subject by the recommendations made by the Famine Commission of 1901 and the Irrigation Commission of 1903. They are now therefore in a position to formulate the principles which they consider should guide the policy of Local Governments in dealing with the assessment of improvements.

2. The question of the protection of improvements made by tenants from enhancement of rent payable to private landlords will be separately treated; and from the nature of the case, the subject now under discussion does not affect areas under permanent settlement. Nor is it intended on this occasion to deal with enhancements due to improvements constructed at the expense of the State. Thus the present Resolution will be confined to the question of exempting improvements made by private individuals in temporarily-settled tracts from enhancement of land revenue payable to the State. A broad distinction must also be drawn between those tracts on the one hand in which the tenure is *raiyatwari*, that is, where, generally speaking, each field or holding is separately assessed, the individual occupant pays his land revenue directly to the State, and unoccupied lands are at the disposal of Government; and on the other hand those in which the tenure is *zamindari*, that is, where the land is held in large blocks or estates by landlords or by village communities with a joint responsibility, and where the uncultivated land within those areas is at the disposal, not of the State, but of the body of landholders who are responsible for the payment of the land revenue assessed on the estate as a whole. The *raiyatwari* tenure, as is well known, is principally to be found in Madras, Bombay, Burma and Assam, while the *zamindari* tenure prevails in Northern India.

3. The recommendations made by the Famine Commission of 1901 with the view of encouraging improvements may be summarised as follows. *First*, in all future settlements any increase of assets due to the construction, otherwise than at the expense of the State, of wells, tanks, or other artificial sources of irrigation should be permanently exempted from assessment to revenue. *Second*, in the case of reclamation of waste land, exemption should be granted for the term of the current settlement or for the term of 15 years, whichever last expires; and in the succeeding settlement, or for the remainder of the succeeding settlement, assessment at half rates should be allowed. The Irrigation Commission have also recorded the following conclusions and recommendations on this subject. *First*, in Madras the permanent exemption of improvements from taxation has justified itself as an effective encouragement to the construction of wells, and its trial for that purpose in other provinces, where exemption is at present only temporary, would be justified in tracts exposed to famine, in which special encouragements are required. *Second*, in Bombay special pains should be taken to give the widest publicity to the provisions of the law, and to the emphatic promises and declarations of Government, to the effect that improvements will be exempted from enhancement, with the view of disabusing the people and subordinate officials of any

misapprehensions which they may entertain on the subject. *Third*, it should be considered whether the rules applicable to the Central Provinces and to the Punjab might not be so far modified as to secure to improving landholders in those provinces a period of exemption from enhancement of revenue on account of their improvements, which would not be less than that which is now given in the United Provinces.

4. The questions under discussion may be conveniently considered under three heads, namely, the reclamation of waste land; the assessment of improvements such as wells, tanks and embankments; and the reduction of assessment when an improvement ceases to be of use.

The first question, regarding the assessment of waste land reclaimed, affects two different classes of cases namely, the reclamation of large areas of waste, as for instance, under colonisation schemes; and the reclamation of small areas, adjoining existing cultivation. As regards the reclamation of large areas of waste, all provinces have separate sets of rules, which usually provide for the grant of land on favourable terms for the first few years, in order to induce cultivators to take it up and to undertake the trouble and expense of clearance. The terms offered vary according to the difficulty of settling and of clearing the land. For instance, in the Punjab canal colonies, where the colonist finds a system of water distribution already completed and a railway within easy reach, it is found that one year's exemption from land revenue and canal rates is enough to give him a fair start on his new holding, the land being so easily cultivated and so fertile that his expenses are more than recouped by two free crops; and in such tracts land on these terms is in great demand and the colonists are extremely prosperous. In less favoured tracts in the Punjab waste land is granted on more lenient terms, such as that it shall be held rent-free for five years, at half rates for five years, and then at a full rent. In Bengal also the terms vary according to the difficulty of reclaiming the land, the most favourable being the Sunderbans conditions, under which one-fourth of the area leased is given rent-free in perpetuity and the remaining three-fourths are exempted from the payment of rent for ten years, and then are assessed at nominal rates for thirty years. In Madras a wide discretion is given to the local revenue authorities to grant heavy jungle land or swamp for reclamation, free of assessment or at reduced rates for a term of years. All Local Governments have, in consequence of the recommendation of the Famine Commission, reconsidered their waste land rules and (except in the Central Provinces and Assam) have come to the conclusion that they are sufficiently liberal. The question is largely one of demand and supply; and while the Government of India agree with the Famine Commission that favourable terms should be offered to encourage the breaking up of large areas of waste land whenever that would add considerably to the permanent surplus of food, they do not consider it necessary in any part of India to offer such very liberal terms as those suggested by the Famine Commission; nor do they think that such an offer, so greatly exceeding the cost of the reclamation in all but extreme cases, would be fair to the owners and cultivators of existing cultivation. They agree with the Local Governments that, except in the case of the Central Provinces (including Berar) and Assam, which will be discussed in separate letters, the terms offered by the existing rules are sufficiently liberal in all provinces; and they are content to leave it to any Local Government, which finds that its waste lands are not being brought under cultivation as rapidly as is desirable, to offer, where it thinks fit, more favourable terms, which should obviously vary according to the keenness of the demand for land and the expense of clearing it.

5. As regards the reclamation of small areas of waste adjoining existing cultivation, there is a marked difference between *zamindari* and *raiyatwari* provinces. In the former, the assessment for a whole estate is usually fixed for a term of 20 or 30 years, and the revenue-payers of the estate may break up any waste land within its limits without any enhancement of assessment until the period of settlement expires; so that the system practically does secure the exemption of newly reclaimed land from assessment for a long period and no special relaxation of the ordinary assessment rules is necessary, except in very precarious tracts, such as Bundelkhand, where, under the system of short-term settlements recently introduced, all newly broken up land which has not begun to pay full rents is excluded altogether from the area assessed. In the *raiyatwari* provinces, plots of waste land not included in an occupied holding are usually held by Government until application is made to occupy them, and any cultivator who takes up such a plot is required to pay its full assessment at once. In Madras the Local Government have now issued orders that no charge shall be made for newly assigned land for the year in which possession is given, unless a crop has been actually reaped therefrom within the agricultural year. They point out that there has been a marked and steady expansion in *raiyatwari* holdings during the last fifty years, and consider that no special inducements by way of remission of assessment are required to stimulate the normal extension of cultivation. A similar opinion is expressed by the Government of Bombay, and is accepted by the Government of India. It appears that the Famine Commission's recommendation that very liberal terms of exemption should be granted for the reclamation of waste land was based on the idea that an extension of cultivation would lead to an addition to the food-supply of the country, and thus increase the protection against famine. The Government of India, however, are not

prepared to accept this view without modification. The extension of cultivation to poor land which cannot even pay the ordinary light revenue assessed on such land would, they think, be apt to stimulate an increase of population dependent on scanty and precarious crops. Moreover, as several Local Governments have pointed out, in the older settled tracts small plots of uncultivated land that have escaped the plough are often of much more value to the community as grazing ground or fuel reserves than they would be if broken up for cultivation, and in some parts of the country it has been found advisable to prohibit the breaking up of such areas, in the interests of the villagers and their cattle. The Government of India have accordingly been led, by their reconsideration of the existing rules regarding the reclamation of waste, to the conclusion that, except in comparatively unimportant details, they are sufficiently liberal, and that the exceedingly favourable exemptions suggested by the Famine Commission are nowhere required, as they would involve a needless sacrifice of revenue, would lead to the artificial encouragement of the cultivation of poor soil which could not permanently support its cultivators, and would result in embarrassing inequalities between the assessment rates of old and new lands.

6. The second branch of the subject is the question of the assessment of improvements such as wells, tanks and embankments. In the *raiyatwari* province of Madras all such improvements made by the expenditure of private capital are already exempt from assessment by executive order, which is fully understood and acted on. In the *raiyatwari* province of Bombay the Land Revenue Code provides that if any improvement has been effected in any land during the currency of a previous settlement made since 1865 by or at the cost of the landholder, the increase in the value of such land or in the profit of cultivating it, due to the improvement, shall not be taken into account in fixing its revised assessment. Thus the protecton of improvements from enhancement of revenue recommended by the Famine and Irrigation Commissions is secured to the occupier in the Bombay Presidency by an express provision of the law. In these two southern provinces, the Government of India are of opinion that, however justifiable such action might be on purely economic grounds, it would be inadvisable, on general grounds of policy, to curtail a privilege which has now been enjoyed for very many years. In Bombay, however, the Irrigation Commission mention that they found that this extremely liberal policy is not thoroughly appreciated and understood, and that there is a certain amount of misapprehension, on the part not only of the raiyats, but also in some cases of the officials, as to the intentions and practice of Government in this matter, and urge that steps should be taken to remove this misapprehension as soon as possible. The Government of India trust that the Local Government will consider this suggestion, and should they find that the misapprehension exists, will take the necessary steps to correct it. The Famine Commission, in paragraph 320 of their Report, have also drawn attention to the policy pursued in Bombay of charging an increased revenue on land which possesses the advantage of subsoil water. They found that this method of assessment had apparently created much dissatisfaction and failed to stimulate the cultivator to utilise the under-ground supply, which was one of the objects of the policy. They mentioned certain objections to the system, which seemed to them to be very weighty, and stated their inability to reconcile its existence with the liberal policy of the Bombay Government, in foregoing all additional assessment on account of wells constructed by private enterprise. The Government of India are disposed to agree with the Commission that, if the result of this principle is to require a poor cultivator, with a small holding and without capital to construct a well, to pay the enhanced rate without hope of recoupment, it must in many cases lead to inequitable assessment. They are therefore gratified to learn from a subsequent communication that the Local Government contemplate a fresh examination of the question of assessment on sub-soil water advantages in Gujarat, and they trust that in any investigation that may be made due consideration will be given to the remarks made by the Famine Commission.

7. In provinces other than Madras and Bombay, under existing rules, a work of improvement is exempted from enhancement of assessment only for a term of years, and the Local Governments concerned are unanimously opposed to the proposal made by the Famine Commission that such improvements should be permanently exempted. After careful reconsideration of this important question, which has previously at various times been fully discussed, the Governor-General in Council concurs in this view. The reasons which have led him to this conclusion may be briefly summarised as follows. The net increase of profit resulting from such an improvement is the result of two factors, namely, *first*, the labour and capital expended, and *second*, the inherent capabilities of the land; and in the circumstances of Northern India an improvement such as a well ordinarily yields an exceptionally great increase of the net profits owing largely to the latter factor. As the State has a concurrent interest in the land, and as in Northern India unimproved land is assessed with reference to its actual present yield and without regard to potential resources, there is no good reason why the landholder should be allowed to retain the whole of the additional profit, after he has been fully recompensed for his outlay and his enterprise. It was mainly on this ground that it was provided in section 11 of the Land Improvement Loans Act that when an improvement consisting of the reclamation of waste land, or of the irrigation of land assessed at unirrigated rates, is made with the aid of a loan granted under the Act,

the increase in value derived from the improvement may, after the expiry of a period to be fixed by rule, be taken into account in revising the assessment of land revenue on the land. And seeing that the basis of the land revenue assessment is the principle that the State is entitled to a portion of the produce of all land, equity demands that this portion should ordinarily vary, if not with the gross produce, at all events with the net profits of cultivation; and to exempt a profitable improvement from enhanced assessment tends to favour the rich as against the poor; nor can it seem fair to a poor peasant, without capital, that his neighbour who derives large profits from his improvement should be permanently assessed at the same rate on his secure and fertile irrigated lands as he himself pays on his fields dependent only on a precarious rainfall. Another practical objection to the proposal to exempt improvements permanently from assessment is that unless extended to existing improvements as well as new ones, it must soon lead to great inequality of assessment, since land assessed under the present rules as irrigated from an existing improvement would remain for ever assessed at a much higher rate than exactly similar adjoining land irrigated from a well or other work hereafter constructed. The Government of India are also of opinion that the adoption in Northern India of the proposed policy would lead to a very large sacrifice of land revenue, quite out of proportion to the result attained in the encouragement of improvements; and it is to be observed that the Irrigation Commission recommend the trial of the policy only in tracts exposed to famine, in which special inducements are required. The evidence collected by the Irrigation Commission and by Local Governments shows that in Northern India, as a general rule, the period of exemption at present given is sufficient to encourage land owners to construct wells and other improvements in large numbers, and the Government of India do not think that the substitution of exemption in perpetuity for the present system of exemption for a long term of years would have any marked effect in encouraging a more rapid development of such improvements, while it would certainly entail a very serious reduction in the future amount of land revenue which may fairly be assessed under the general principles above enunciated. For these reasons they agree with the Local Governments in adhering in Northern India to the existing policy of granting exemption from enhancement on account of improvements only for a term of years, and not in perpetuity.

8. The Governor-General in Council, however, fully accepts the view that in order to encourage improvements it is important to provide that when a work is carried out by a private landowner, he should be granted a temporary exemption from enhancement of assessment due to its construction on terms sufficient to secure to him a fair return for his expenditure; and in almost all provinces the existing rules have been drawn up with this object. In Northern India the shortest period of exemption is that granted in the Punjab, where a new masonry well is exempt from enhancement of assessment for a term of twenty years from the date of its first being set to work. In that province, partly in consequence of the Resolution of the Government of India and of the recommendations of the two Commissions above quoted, the question has recently been made the subject of careful investigation. The broad fact that under the existing rules more than 50,000 new masonry wells have been made in ten years at private expense proves that the people generally are satisfied with the conditions, and that the dread of a future enhancement of land revenue has no marked effect in discouraging such improvements; especially when it is remembered that much of the capital and labour of the people have in recent years been expended in extensions of cultivation and irrigation on the rapidly expanding canals, so that there was the less need to spend money on making wells. Careful calculations show that, under the present rule of exemption for twenty years, a well owner ordinarily obtains during that period an increased net profit equal to much more than the capital cost *plus* interest, and that after the term of exemption has expired, the enhanced land revenue leaves him a net profit exceeding what he had before the well was made by the equivalent of a satisfactory rate of interest on his capital expenditure. In consequence of this investigation, the Punjab Government has issued instructions requiring a Settlement Officer, when submitting an assessment report regarding any tract in which wells are used for irrigation, to make a calculation as regards the capital cost of making a typical well in each main portion of the tract, the increase in net profit accruing to the owner, and the effect on this profit of the assessment proposals. He is also required to submit his opinion as to whether the ordinary rules regarding the exemption of improvements from assessment are sufficient to give the owner a fair return on his capital expenditure, or whether it is advisable to extend the period of exemption or to grant more favourable terms as to the amount of land revenue to be remitted under the exemption. The intention of these instructions is to ensure that the period and amount of the exemption from enhancement of assessment shall be varied for different classes of wells in different tracts so as to allow a fair return on the capital expended in each case in their construction. The Local Government has also recently revised the rules regarding the grant of certificates of exemption of improvements from assessment and made them more liberal, the changes being briefly as follows. A well constructed to irrigate land already assessed at irrigated rates is granted an exemption from those rates for a period so calculated as to allow the owner a reasonable return on his expenditure before that part of the assessment which is due to the existence of the well is again realisable; a remission of the wet land revenue being immediately given even during the currency of the settlement. While the usual term of exemption for a new well is left at twenty

years, the Financial Commissioner may sanction a longer term in special cases; and the Settlement Officer is required to institute a search for improvements entitled to exemption, without waiting for applications from the persons interested. In the opinion of the Government of India rules for the exemption of improvements from assessment are adequate, so long as they allow the improving landholder to recover from the net profits of the improvement, within the term of exemption, the capital cost of his improvement with interest; and if, in addition to this, the rules allow such a landholder, even when the period of remission has ceased, to continue to receive for a certain term of years, say, till the period of the currency of the next settlement, a fair amount of interest on the capital which has been recouped, the system is more than adequate and may be termed liberal; though not more liberal than may be permitted where the provincial system of assessment and settlement admits of the concession being readily made. Judged by this standard the amended Punjab rules are sufficiently favourable, and the Government of India are not prepared to adopt the suggestion made by the Irrigation Commission that the period of exemption in that province should be prolonged to the term in force in the United Provinces, more especially as the Financial Commissioner can himself extend the period of exemption if in any case effect cannot otherwise be given to the principle above stated.

9 In the United Provinces the existing rule is that all works constructed within the thirty-year period of an expiring settlement, are exempted from assessment for the period of the next revised settlement, so that the exemption lasts for at least 30 years, and possibly for nearly 60 years, after the construction of the work. The Government of India agree with the Local Government that in this respect the rule is a liberal one. They also approve of the following modifications in the existing system which have been suggested by the Local Government; namely, that it should be provided by rule that the allowance made for a new well by deduction from the assets on which the assessment is based should not in any case be less than eight per cent on the capital expenditure, and that this exemption may be given in favour of new wells made to take the place of old ones, and of wells which have been constructed, but have failed to work from causes beyond the constructor's control. Such a concession implies that Government to some extent shares the risk of failure of a well but it will tend to encourage the sinking of wells without any undue loss of revenue, and the Government of India recommend that other provinces should consider whether a similar concession should not be adopted in the rules promulgated by them. In the Central Provinces the present rule is that an improvement is exempted from assessment for the term of the next ensuing settlement; and seeing that in some districts the term of settlement may be less than 20 years, the Chief Commissioner has pointed out that the effect of the existing rule may be to grant an insufficiently short period of exemption and has proposed more liberal rules. The Government of India, while they agree with the Chief Commissioner that more favourable conditions should be granted, are not prepared, without further consideration, to accept the detailed proposals made by him and have asked him to reconsider the question and submit a further report upon it. In Bengal it appears that no rules exist for the exemption of improvements from assessment in temporarily-settled estates, unless the improvement is made by means of a State loan, and the Lieutenant-Governor is desired to consider whether the general principles above enunciated should not be applied in respect to all improvements in temporarily-assessed estates, whether carried out with the aid of a loan from Government or without such aid.

10. From the account above given it will be seen that the Government of India are of opinion that in Northern India generally the existing rules on the subject are in the main sufficiently liberal; but in view of the importance of encouraging the construction of land improvements they desire that all Local Governments will once more examine the existing rules with reference to the principles laid down in paragraph 8 above, and will propose any modifications that may seem to be necessary in accordance with those principles, which are applicable not only to wells, but to all works executed at private expense for the improvement of land. They also, with reference to certain remarks made by the Famine Commission, would urge on all Local Governments that the rules on the subject should be made widely known in every possible way, and that all new works entitled to a concession of this character should be registered as soon as they have been constructed. Settlement Officers should also be required to satisfy themselves that no work entitled to exemption under the rules escapes notice during settlement operations. At revision of settlement the assessment upon a holding, in which an improvement has been effected, is often raised on general grounds, such as a rise in the value of produce; and it is all-important to bring home to the revenue-payer in some definite manner (as for instance, by the grant of a *sanad* showing the assessments at irrigated and unirrigated rates respectively, the difference being remitted for a term of years) that the enhancement is not based upon the improvement; since, unless this is done, the exemption affords no stimulus to others.

11. The third branch of the subject dealt with in this Resolution is the question of granting a reduction of assessment when an improvement ceases to be of use. In this connection Local Governments were asked to consider the expediency and practicability of reducing the revenue payable on land which has been assessed with reference to the benefits accruing to it from an irrigation work, when such work has for any reason fallen

into disuse during the currency of settlement. It has hitherto been generally considered that when an estate or holding has been given an assessment fixed for a term of years, no change should be made in the amount of that assessment, until the term of years has expired, without very strong reason, one argument against granting a reduction of assessment being that Government is bound by the terms of the settlement contract not to raise the assessment until the term of settlement has expired, and that therefore the revenue-payer, who is entitled to all the profits that he can derive from the improvement of his holding during the currency of the settlement, should be held to his bargain and required to pay the fixed amount of the assessment, although his holding may have deteriorated. The Government of India admit the force of this argument, especially in the case of a large landholder who has some capital to fall back upon, and who may reasonably be expected to make up for the losses of bad years from the profits of good years; but they are prepared, when dealing directly or indirectly with small landholders, who have no means of rapidly repairing the loss of an improvement, to relax, where practicable, the rigidity of the settlement contract, so far as to grant some reduction of revenue where an irrigation work, the existence of which was taken into account when the assessment was imposed, has fallen out of use. In reply to a circular on the subject, the Government of the Punjab has submitted a revised set of rules proposed with the above object, under which, in certain districts, when a masonry well ceases to be fit for use from any cause, the Collector is required, even during the currency of the settlement, to remit so much of the assessment on the land irrigated from it as is based on the profits of irrigation from the well, the subordinate revenue establishment being instructed in the ordinary course of their duties to report the case of any well which has obviously become quite unfit for use. These rules, which are based on the consideration that, when a well is no longer fit for use, the reduction of its revenue is on a par with the remission of land revenue for calamity of season or in consequence of river action, have been applied even to estates the assessment of which was fixed on the landholders as a body on the principle of joint responsibility, as it is recognised to be unfair to insist upon the rigid application of that principle, where the interests of the individual landholders are in reality distinct. The system now adopted by the Punjab Government necessarily involves an increase of work for the revenue staff and the abatement of small sums of fixed land revenue during the currency of a settlement, but the Government of India are of opinion that where the necessary machinery for carrying out such a system is available, it may properly be adopted. In the Tenancy Law of most provinces provision is made for the reduction of the rent payable by a tenant to a private landlord when land formerly irrigated ceases to be irrigable, and on this analogy the Government of India are prepared to approve of a similar reduction of land revenue payable by small landholders in like circumstances. They consider that the loss of revenue involved by the adoption of such a policy will be more than compensated by the encouragement given to the sinking of wells, seeing that nothing so much discourages a small landholder from making a new well as the dread that he may be required to pay a wet assessment on the land after his well has become unfit for use. They therefore approve of the policy adopted by the Punjab Government, which is in accordance with the promise given in the Resolution on Land Revenue Policy above quoted, that a further advance would, if possible, be made in the direction of a more general resort to reduction of assessment in cases of local deterioration. They desire Local Governments to consider whether rules similar to those adopted in the Punjab could be applied with advantage in their respective provinces. The system is applicable chiefly to small landholders, who have themselves constructed at their own expense wells or other irrigation works, the existence of which has been taken into account in fixing their assessment, and is not meant to apply to works executed by tenants on large estates. The Government of India realise that rules of this character cannot be satisfactorily carried out in the absence of a sufficiently trustworthy and well-supervised land revenue agency, but where such an agency is available, they think that an endeavour should be made to grant prompt relief to impoverished peasants.

12. They also take the opportunity of asking all Local Governments, including those of Madras and Bombay, to explain what arrangements exist under the present system of assessment for ensuring that when a holding deteriorates during the currency of a settlement, owing to such causes as diluvion, a deposit of sand, the spread of salts or of weeds difficult to eradicate, water-logging, or the failure of natural irrigation, relief shall be promptly given to the individual revenue-payer by an abatement of his land revenue. They are of opinion that even in the case of a land revenue assessment fixed for a term of years, a reduction of assessment should be at once given in such circumstances, so far as the necessary machinery can be provided, and they are prepared to accept the resulting loss of land revenue in preference to continuing to realise from an unfortunate revenue-payer a land revenue assessment which is no longer justified by the circumstances of his holding. They are aware that in most provinces rules exist for the abatement of land revenue on an entire estate when its resources have been seriously reduced, but they consider that, where such an advance is practicable, further provision should be made to enable relief to be given without delay to individual landholders who may have suffered from deterioration affecting their own holdings, although the estate as a whole may not have suffered a serious diminution of resources. As already said, they are entirely in

favour of the policy of granting exemption from assessment to new improvements for a period sufficient to recoup the landholder for his expenditure, but they attach still greater importance to the prompt relief from over-assessment of holdings which have suffered deterioration since they were assessed. It was observed in paragraph 37 of the Resolution of the 16th January 1902 that any such alteration of the assessment is in conflict with the terms of the original contract, by which the landholder has undertaken a liability for loss in return for an expectation of profit, but that in this matter the interests of the Government are identical with the interests of the people, and that it is unwise to exact from impoverished persons a revenue which they really cannot pay, merely because they are under an engagement to pay it. To these views the Government of India adhere; and the policy which they wish to see adopted is required, not only in order to encourage improvements, but for the attainment of an equitable distribution of the land revenue demand.

To the Government of Madras.

No. 1775-*F.*—*Corrigendum.*—In Notification No. 3926-F., dated the 21st November, 1905, replacing the services of Mr. V. Stainton, Divisional Engineer, Gilgit, and Assistant Engineer, 1st grade, Public Works Department, Punjab, at the disposal of the Government of India in the Public Works Department, *for* " 23rd September, 1905," *read* " 19th October, 1905."

No. 2286-*I.A.*—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor General in Council is pleased to apply the provisions, as far as they may be suitable, of the Indian Lunatic Asylums Act, 1858 (XXXVI of 1858), to the British Cantonments and Railway lands within the limits of the Rajputana Agency, subject to the following modifications, namely:

(*a*) to section 4 the following shall be added, namely,—

" Provided also that if a lunatic is an inhabitant of a Native State in the Rajputana Agency, the Magistrate or Judge may, with the consent of the Native State concerned, make him over to the care of such State ", and

(*b*) for section 17A, the following shall be substituted, namely,—

" The Governor General in Council may, from time to time, appoint one or more asylums in British India to be asylums to which any Magistrate or Judge exercising jurisdiction within the limits of the areas above mentioned may send lunatics or any class of lunatics, as to asylums established under this Act for such areas ".

2. For the purposes of the provisions of the Act hereby applied, the Agent to the Governor General in Rajputana shall be deemed to be the Executive Government.

3. For the purpose of facilitating the application of these provisions within the areas above mentioned, any Court therein may construe them with such alterations not affecting the substance as may be necessary or proper to adapt them to the matter before the Court.

No. 2287-*I.A.*—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor General in Council is pleased to apply the provisions, so far as they may be suitable, of the Indian Lunatic Asylums Act, 1858 (XXXVI of 1858), to Abu, Anadra, and the Kharari bazaar, including the road leading from Abu Sanitarium to Abu Road Railway Station and to the bazaar at Kharari, subject to the following modifications, namely:

(*a*) to section 4 the following shall be added, namely,—

" Provided also that if a lunatic is an inhabitant of a Native State in the Rajputana Agency, the Magistrate or Judge may, with the consent of the Native State concerned, make him over to the care of such State", and

(*b*) for section 17A, the following shall be substituted, namely:

" The Governor General in Council may, from time to time, appoint one or more asylums in British India to be asylums to which any Magistrate or Judge exercising jurisdiction within the limits of the areas, above mentioned may send lunatics or any class of lunatics, as to asylums established under this Act for such areas".

2. For the purposes of the provisions of the Act hereby applied, the Agent to the Governor General in Rajputana shall be deemed to be the Executive Government.

3. For the purpose of facilitating the application of these provisions within the areas abovementioned, the Magistrate or Judge therein may construe them with such alterations not affecting the substance as may be necessary or proper to adapt them to the matter before the Court.

No. 1240-*G.*—The services of Mr. Ivor Edward David, a District Superintendent of Police, are replaced at the disposal of the Government of Madras, with effect from the date on which he relinquished charge of the appointment of officiating Superintendent of Police, Kolar Gold Fields.

No. 1242-*G.B.*—With the sanction of His Majesty's Government, the Governor General in Council is pleased to recognise the appointment of Mr. George M. Gordon, as Vice-Consul for the United States of America at Aden.

No. 1245-*G.B.*—The following notification, which appeared in the "*London Gazette,*" dated the 15th May, 1906, is republished for general information :

H. H. RISLEY,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 7th June 1906, based on the India Daily Weather Reports of the period.

The changes in pressure at the beginning of the week have been such as usually precede the first advance of the monsoon.

The large deficiency of pressure which existed in the Gangetic plain, Assam and Burma during the preceding week began to disappear on the 1st and by the 2nd pressure was in excess in these areas: these changes lessened the steepness of the gradients in the Bay and they became more normal in character. Rain accordingly diminished in Burma and increased in northeast India. In the former area rainfall was fairly general at the beginning of the week, but by the 3rd only a few light falls were reported: on the next day however it was again nearly general and from this date until the end of the week light local rain fell daily. Skies were lightly to heavily overcast during the greater part of the week, while temperature was approximately normal. In Eastern Bengal and Assam rain fell locally on the 1st and 2nd, but from this date to the end of the week it was nearly general there and in Bengal, extending on the 4th and 5th into Orissa. Skies were moderately to heavily overcast in northeast India during the greater part of the week and temperature which was on the average 4° in excess at the beginning was in considerable defect at the end of the week except in Chota Nagpur.

In the remainder of northern India and in the central portions of the country only occasional light falls of rain occurred and they were associated with duststorms or thunderstorms. In central India skies were lightly to moderately overcast, but in northwest India they were clear during the greater part of the week. Mean temperature was normal or in defect during the first four days, but from the 4th to the 7th it was above normal, the excess being large in the United Provinces.

In the Peninsula weather was practically rainless on the first three days, but on the 4th there were indications of disturbed conditions in the south of the Arabian Sea owing to an onflow of the monsoon and from this date until the 7th rain fell daily on the Malabar coast. In the Deccan and Mysore thunderstorms were fairly numerous on the last two days of the week. Skies have been on the average moderately clouded and temperature considerably above normal.

The rainfall of the period from the 4th May to the 7th June is below the average over by far the greater part of the country. It is practically normal or in excess in only the Andamans, the Burma coast, the Delta of Bengal and the subdivisions of Dinajpur, Burdwan, Ahmedabad and Hyderabad: the largest excess occurs in the subdivision of Calcutta.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:

Northern India and Burma.—June 1st. Mergui 6·64", Tavoy 5·84", Moulmein 4·16", Yamethin 2·42", Maymyo 1·40", Bhamo 3·19" and Sibsagar 3·71".

" 2nd. Cherra Poonjee 5·87", Berhampore 1·29", Ahmedabad 0·70".

" 3rd. Dibrugarh 0·73", Sibsagar 1·75" and Burdwan 0·88".

" 4th. Moulmein 2·30", Maymyo 1·30", Bhamo 1·81", Cherra Poonjee 7·69", Dinajpur 0·81" and Balasore 0·90".

" 5th. Gauhati 0·84", Dhubri 1·32", Jalpaiguri 1·44" and False Point 1·60".

" 6th. Mandalay 0·78", Cherra Poonjee 4·51", Dhubri 1·90", Mymensingh 3·02", Dinajpur 2·15" and Purnea 1·76".

" 7th. Port Blair 2·03", Toungoo 1·54", Gauhati 1·32" and Khushab 0·73".

The Peninsula.—June 4th. Trichinopoly 0·87" and Cochin 1·82".

" 6th. Bellary 0·98", Chitaldroog 2·09", Calicut 1·66", Cochin 1·54" and Trivandrum 1·73".

" 7th. Poona 3·82" and Belgaum 1·20".

J. PATTERSON,

for Meteorological Reporter to the Government of India and Director General of Indian Observatories.

J. WILSON,

Secretary to the Government of India.

SIMLA;

The 7th June, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 2nd June 1906.

Burma.—The rainfall was general and heavy along the Tenasserim coast. Ploughing for wet weather paddy has commenced in Tharrawaddy, Bassein, Toungoo, and Shwebo. Transplanting of dry weather paddy is nearly completed in the Pauk township of Pakokku and reaping has commenced in Katha; has been completed in Bhamo and Myingyan; and is in progress in a few other districts. In Upper Burma plucking of tobacco is completed in Thayetmyo and Myingyan; ploughing for miscellaneous crops has commenced and gathering of onions and chillies is completed in Thayetmyo. Sowing of sessamum has commenced in Magwe and Sagaing and of cotton in Sagaing; sowing of sessamum and cotton is progressing in Myingyan. Ploughing for and sowing of maize have commenced in Magwe; sowing of maize in Sagaing and ploughing for *juar* and peas in the Monywa sub-division of Lower Chindwin have also begun. The state of the standing crops is generally good. Some dry weather paddy crops in Minbu have been much improved by timely rain. The price of paddy has risen considerably in Pyapon and Shwebo and moderately in six districts; it has fallen largely in Minbu and considerably in Myingyan : elsewhere it is stationary.

Eastern-Bengal and Assam.—The weather is seasonable. Heavy rain has fallen in Sibsagar and Cachar and moderate to slight rain elsewhere. The prospects of tea are good in Cachar and Lakhimpur and fair in other districts. Ploughing for and sowing of early and late broadcast rice and of jute are nearly finished. Transplantation of winter rice has commenced in Mymensingh. The prospects of the crops are generally fair. Reaping of summer rice is finished in places. Prices of common rice:—Manipur 20; Kohima, Tezpur and Sibsagar 10; Chittagong 9½; Rangpur, Nowgong, and Dibrugarh 9; Rampur Boalia 8⅝; Dinajpur, Malda, Bogra, and Gauhati 8½; Jalpaiguri, Dacca, Comilla, Noakhali, Rangamati, Sylhet, and Dhubri 8; Faridpur 7 to 8; Mymensingh, Silchar, and Tura 7½; Barisal 7½; Pabna 7; and Aijal and Shillong 6 seers per rupee Prices have risen in ten; fallen in three; and remain stationary in the remaining districts.

Bengal.—Rain was fairly general although light all over the Province except in the Patna Division where practically there was none. More rain is needed especially in the Patna Division for agricultural operations as well as for the standing crops. Sowing of jute and paddy is going on. The water-supply is insufficient in Angul and Darbhanga and both fodder and water are insufficient in Palamau. The price of common rice has risen in ten and fallen in two districts; it is high in most districts, especially in Hooghly, Howrah, Jessore, Khulna, Purnea, and Darjeeling

United Provinces.—Slight showers of rain were received in fourteen districts but the weather generally was dry and hot. The agricultural prospects are fair. Cane is still being irrigated and weeded and sowing for the autumn harvest continues. Extra crops are being cut. The condition of agricultural stock is good except in some villages in Dehra Dun, Bulandshahr and Etah; and in Aligarh, Agra, and Bundelkhand where there is great scarcity of fodder or water. Cholera has broken out in Almora, Muttra and Hardoi and is still prevalent in Jalaun, Jhansi, and Hamirpur. Prices of food-grains have fallen in four districts but have risen in seven. The total number of persons on relief at the end of the week was 154,000.

The weekly report on the famine and scarcity is as follows:—There was slight rain in Jhansi, Jalaun, and Muttra. Extra crops are being harvested in three districts and sowings for the autumn harvest continue. Departmental works are being replaced by Civil works where possible; dependants are being removed to their villages and takavi is being distributed. Cholera has abated very considerably in Jalaun, and the numbers on relief in that district have risen again : the disease however still continues in Hamirpur and Jhansi and a few cases are reported from Muttra. Fodder is still extremely scarce and the forest grass imported into Jalaun has nearly all been sold. Prices of food grains are falling in Jhansi, but have risen slightly in Muttra and Etawah. Barley is selling at between 15 and 16½ and gram at between 12½ and 14½ seers for the rupee. The numbers on relief are:—Allahabad Division—workers 78,000, on gratuitous relief 55,000; Agra Division—workers 11,000, on gratuitous relief 10,000; total 154,000.

Punjab.—The Gurgaon, Ambala, Sialkot, Shahpur, and Rawalpindi districts received light showers during the week. Prices are unsettled. The price of wheat is rising in Gurgaon, Sialkot, Shahpur, and Multan, and falling in Lahore, Rawalpindi, and Lyallpur. Harvesting of spring and sowing of autumn crops continue. Spring crops are being cleaned and housed. Weeding of cotton and sugarcane has commenced in Sialkot and reaping of tobacco is going on in Gurgaon. The condition and prospects of the extra spring and certain early sown autumn crops are good: the yield of spring crops is good in Mianwali. The condition of the opium crop in Lahore is good. Locusts appeared in Amritsar but did no damage. The melon crop in Ambala has been affected by excessive heat. Sugarcane and cotton in Sialkot and cotton throughout Lahore are somewhat damaged by insects called *toka* and *tiddi* (grass hoppers and young locusts). Cattle are generally in good condition. Fodder is sufficient in all districts except Gurgaon. There are no complaints regarding the canal water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—on works 5,489, dependants 6,474, total 11,963. The people are generally resorting to the works; there is no wandering or emaciation reported. The physical condition of the workers is good. Relief measures are sufficient and the public health is good except for a few cases of plague.

North-West Frontier Province.—There were slight showers during the week in Peshawar and Hazara. The condition of the standing crops on irrigated areas is good and on unirrigated average, except in Dera Ismail Khan where it is below average. Harvest prospects and outturn of spring crops are average in Dera Ismail Khan, but good elsewhere. Sowings of autumn crops are in progress. Canal water is sufficient except in Swabi. There is no irrigation from hill torrents in Dera Ismail Khan. The Indus river is rising. The condition of cattle is generally good, except in certain villages of the Peshawar and Bannu districts. Stocks of food grains and fodder are sufficient. Prices are fluctuating. Prices:—wheat $14\frac{5}{16}$ to $18\frac{3}{4}$; maize $15\frac{1}{16}$ to 20; gram $16\frac{1}{16}$ to $18\frac{3}{4}$; and *bajra* 13 to $14\frac{7}{16}$ seers per rupee.

Jammu.—There was no rain during the week. Prices are stationary. Prices:—wheat from 12 to 24 and maize 14 to 35 seers per rupee. The condition of the standing crops is fair. Fodder is sufficient. Harvesting, threshing and housing are in progress.

Kashmir.—The weather is generally bright and pleasant. Prices are almost stationary. The spring crops are in good condition.

Rajputana.—Rainfall—Alwar 75 cents, and slight rain in Bikaner. Land is being prepared for autumn sowings in many places. The condition of cattle is poor in affected tracts owing to scarcity of fodder. Emigrant cattle are returning in considerable numbers. Water is insufficient in the hill tracts and in parts of Kotah, Jhalawar, Kishengarh, Dholpur, and in Ajmer district. Prices have risen slightly in Sirohi, Mewar, Partabgarh, and Merwara district and have fallen slightly in Kishengarh and Karauli. The numbers on famine relief are:—Ajmer-Merwara—34,478; Native States—60,776; total 95,254.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 7,287, on gratuitous relief 3,327, total 10,614; Merwara—on works 17,306, on gratuitous relief 6,558, total 23,864. Native States:—Marwar—on works 2,707, on gratuitous relief 1,683, total 4,390; Mewar—on works 2,794, on gratuitous relief 327, total 3,121; Shahpura—on works 35, on gratuitous relief 92, total 127; Tonk—on works 4,104, on gratuitous relief 538, total 4,642; Jaipur—on works 16,795, on gratuitous relief 587, total 17,382; Kishengarh—on works 3,891, on gratuitous relief 2,940, total 6,831; Alwar—on works 2,160, on gratuitous relief 1,587, total 3,747; Eastern States—on works 15,357, on gratuitous relief 5,179, total 20,536. The numbers continue to fall in Bharatpur but have risen elsewhere, chiefly in the Merwara district and in Jaipur. Prices vary between 12 seers per rupee in Karauli and $14\frac{1}{2}$ seers in Kishengarh and Alwar. The public health is generally good except for a few cases of cholera in two villages of Ajmer-Mewara and in Bharatpur. Relief measures are adequate and relief workers are in fair to good condition.

Central India.—There was partial rain in parts of Gwalior and Bundelkhand during the week. Land is being prepared for autumn sowings. Agricultural stock is bad in parts of Gwalior. Pasturage is bad in parts of Gwalior; and scarce in Bundelkhand. Prices are high in Gwalior, Indore and Baghelkhand; are rising in parts of Bhopal; and are steady in Bundelkhand, Malwa, and Bhopawar.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered in Gwalior. People on relief work and emigrants are returning to their homes in view of the approaching rains. The numbers on relief are:—Gwalior—on works 50,000, on gratuitous relief 12,500, total 62,500. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs—on works 24,600, on gratuitous relief 3,600, total 28,200; grand total 90,700.

Central Provinces.—The weather is still hot and cloudy with fitful winds. Light showers were received in Damoh, Jubbulpore, Hoshangabad, Chhindwara, Wardha, Nagpur and Chanda. The usual preparation and manuring of land for autumn sowings continue. Sowing of rice has commenced in parts of the Chhattisgarh Division and in the Baihar tahsil of the Balaghat district. About 26,000 immigrants passed through the Saugor district from the south. There is plenty of work for the remaining immigrants. Sugarcane is doing well in Betul and Chhindwara. Work is still plentiful in Bilaspur for labourers and the condition of the people continues satisfactory. Fodder is still scarce and dear in Bilaspur, Bhandara, Wardha, Nagpur, and in Berar generally. Water is failing in parts of Saugor, Jubbulpore, Seoni, Chanda, Bhandara, Bilaspur, Akola, Amraoti, and Yeotmal. Prices are generally steady, the variations being slight.

Baroda.—For week ending 26th May 1906. The numbers on relief are :—on works 3,262, on gratuitous relief 147 ; total 3,409.

Bombay.—The rain during the week was partial and slight in parts of Ahmednagar, Sholapur, Bijapur, and Dharwar ; and very slight in parts of Ahmedabad, Ratnagiri, Kanara, Satara, Belgaum, and Kolhapur. The standing crops are generally in good condition except for slight damage by rats in parts of Karachi, and by locusts in parts of Karachi, Larkana, and Thar and Parkar. Irrigation canals, tanks, and wells are drying up. Lands are being prepared for autumn cultivation and sowing continues in parts of Karachi, Larkana, Colaba, Ahmednagar and Bijapur, but is retarded in parts of Kanara, Belgaum, and Dharwar. The drinking water-supply has been improved by recent rain in parts of Bijapur but continues scarce elsewhere and measures for its improvement with the aid of Government grants and takavi advances continue. The condition of agricultural stock is deteriorating and takavi is being granted to make good its deficiency. The demand for Government grass is growing keen and it finds ready sale. Prices of local fodder are two to three times above the normal. Stocks of food grains with merchants are sufficient and trade is active. The quantity of grain purchasable per rupee in the Deccan is 28 to 55 per cent; in the Karnatak 35 to 50 per cent; in Gujarat 20 to 35 per cent ; in the Konkan 15 to 30 per cent; and in Sind 10 to 25 per cent less than the normal. The numbers on test works on the last day of the week ending 26th May were :—Dharwar 162, Phaltan 122, Miraj Junior 100, Kathiawar 624, total 1,008. The distress is gradually increasing though is not yet acute. Agricultural labourers are in fair to good condition and get considerable employment in fields and on Local Boards' and Government irrigation and private works organized by help of takavi grants. Condition of relief workers is generally good and relief measures are adequate. The numbers on relief are rising. Emigrants continue to return. There is no aimless wandering or emaciation reported. The public health is generally good. Cholera is still prevalent in places in the Deccan, the Karnatak, and Kolhapur. The numbers on relief are—British districts :—Deccan—on works 23,948, on gratuitous relief 35,966, total 59,914 ; Karnatak—on works 15,152, on gratuitous relief 16,466, total 31,618; Native States :—on works 4,476, on gratuitous relief 1,935, total 6,411.

Hyderabad.—Rainfall—23 cents. The late rice harvest continues in parts and lands are being prepared for autumn sowings. Fodder scarcity exists in 64 talukas and water scarcity in 49. The attendance on road works amounted to 3,777 persons and in poor houses to 942 persons. Labourers are also employed on takavi and Local Fund wells. The price of *juar* has risen from ½ to 1 seer per rupee in 4 talukas and fallen from ½ to 4 seers in 10. Prices :—wheat 8½ ; coarse rice 7½; and *juar* 14½ seers per rupee.

Mysore.—There was slight rain during the week in parts of Bangalore, Kolar, Tumkur, Mysore, and Hassan. Markets are fairly well supplied but prices are rising high in Kolar, Hassan, and Shimoga. The standing crops are withering in parts for want of rain. Prospects are not encouraging in Kolar and Tumkur, but are moderately fair in other parts of the Province. Cattle are unhealthy in parts of Tumkur, Mysore and Hassan and are generally poor in Kolar. The deficiency of water and fodder is being felt in parts of Kolar, Tumkur, Kadur, Shimoga, and Chitaldroog.

Coorg.—Rainfall—seven cents. Ploughing for rice has commenced. Prices of food grains are normal. Water and fodder are sufficient.

Madras.—The rainfall of the week was fair in South Canara and elsewhere there was light or no rain. Irrigation supplies are insufficient except in Cuddapah, Nellore, Malabar, and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Bellary, and Chingleput, are withering or have withered. Harvests continue in parts with outturn poor to normal and bumper. Pasture is insufficient except in Malabar and the Nilgiris. Fodder is scanty in parts of Bellary, Anantapur, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in five districts; has fallen in two; and has slightly risen in sixteen. The prices of millets have fluctuated as follows :—*Ragi* is stationary in two districts ; has fallen in one ; and has slightly risen in eighteen. *Cholam* is stationary in one district; has fallen in one ; and has slightly risen in twelve. *Cumbu* is stationary in three districts; and has slightly risen in twelve.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table.

No. 11—166-2-F.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

FORESTS.

Simla, the 5th June, 1906.

RESOLUTION.

The Government of India have had under consideration the desirability of making better provision for scientific research in connection with the Indian forests. They cordially acknowledge that the work of the Forest Department has been characterized by marked and progressive development, which has resulted in an improved condition of the standing timber and in a satisfactory increase in the net revenue derived by the State from its forests, while due regard has been paid to the interests and needs of the population residing in their neighbourhood and to the requirements of the future. The energies of the Department have, however, hitherto been largely confined to the practical management of the forests under its charge, and comparatively little attention has been directed to the work of research, which has been pursued with such beneficial results in other countries. In order therefore to provide a staff of experts who will be in a position to devote a large proportion of their time to the prosecution of scientific research connected with forest produce, as well as to give the best available training to candidates for the Forest Services both of British India and of the Native States, they have, with the sanction of the Secretary of State, decided to raise the status of the existing Imperial Forest School at Dehra Dun and to add to its staff. The School will now be known as the Imperial Forest Research Institute and College, and the staff will include six officers of the Imperial Service, holding the following posts :

(*i*) An Imperial Silviculturist, who will make silviculture his special study.

(*ii*) An Imperial Superintendent of Forest Working-Plans, who will collect and collate the statistics of the results of forest management throughout India, which are provided by the control forms annually submitted to the Government of India, so that the valuable information acquired in the different Provinces will be made available to the whole Department. In addition to this he will assist the Inspector-General of Forests in the control at present exercised by the Government of India in the preparation of Working-Plans, performing in this matter the functions at present exercised by the Assistant Inspector-General of Forests. In order to render this assistance more effective, and to remove a serious defect in the present system, he will visit forests in which Working-Plans are being prepared, and will record a note upon the local conditions of the forest for the information of the Inspector-General of Forests. A copy of this note will also be sent through the Conservator to the Local Government for information, and for any action that they may care to take upon it.

(*iii*) An Imperial Forest Zoologist, whose chief duty will be to investigate the damage caused by insects and other pests, and to suggest remedial measures.

(*iv*) An Imperial Forest Botanist, who will study the botany of forest plants, the diseases of trees, and the distribution of species.

(*v*) An Imperial Forest Chemist, who will investigate the chemical properties of the soils and of the produce of forests.

(*vi*) An Imperial Forest Economist, who will make a special study of the best methods of rendering forest produce of all kinds available at the smallest cost to consumers, and who will keep in touch with the commerce of India with the view of fostering and meeting the demand for forest products.

2. These officers, in addition to their research work, will each deliver a course of lectures on his special subject at the College, and take part in the training of the students; but the educational work will be mainly carried on by the Assistant Instructors, who, besides their duties in the class-room, will be in personal charge of the students out of lecture-hours and during practical training in the forests. They will be four in number, and will usually be selected from the Provincial Forest Service.

3. One of the Imperial officers, who will ordinarily be a Conservator of Forests will, in addition to his other duties, hold the post of Principal. The members of the staff, who will be *seconded* on their respective lists, will draw the pay, substantive or officiating, to which they are entitled on those lists, together with the following local allowances.

	Rs. per mensem.
The Principal	200
The other Imperial officers	150
The Assistant Instructors	75

Madras
Bombay
Bengal
United Provinces.
Punjab

ORDERED.—That a copy of the above Resolution be forwarded, for information, to the Local Governments and Administrations noted in the margin, and the Inspector-General of Forests.

ORDERED.—Also that copy be forwarded to the Finance Department for information, and that the Resolution be published in the Supplement to the *Gazette of India.*

J. WILSON,

Secretary to the Government of India

NOS. 4352—4358-27.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

MERCHANT SHIPPING.

Simla, the 6th June, 1906.

RESOLUTION.

It was suggested to the Government of India by the Secretary of State, at the instance of the Board of Trade, that in the form of agreement for the engagement of lascars in India, provision should be made for the transfer of a lascar crew from a vessel at a port abroad to one at a port in the United Kingdom. The suggestion was referred to the maritime Local Governments and was unanimously approved by them.

2. In these circumstances, the Governor General in Council is pleased to direct that, under section 27 (1) of the Indian Merchant Shipping Act, 1883 (V of 1883), the following additional stipulation shall be inserted at the foot of the first page of the form of lascar agreement prescribed in Finance and Commerce Department Resolution, No. 1096-S.R., dated the 25th February 1903.

"Additional stipulation which must be entered into and signed either by the owner of the vessel, or by the Master in his behalf, in the event of discharge at a port not in British India and not in the United Kingdom :

I hereby further agree that if the employment offered to the said lascars or other natives whose names are subscribed on the other side of this sheet is in a ship sailing from a port in the United Kingdom, then in that case I will provide and pay in advance to the said lascars or other natives the charges to which they may be put on account of the journey to such port and their wages for the time during which they may be in transit and make good to them any loss or damage which they may suffer in transit, and I further agree that they shall be transferred only on the terms of an agreement approved in the manner prescribed in section 125 (3) of the Merchant Shipping Act, 1894, and otherwise in accordance with the terms of that sub-section, and that the fee or fees for such approval shall be paid by me."

Ordered, that a copy of the Resolution be forwarded to the Government of

Bombay, Marine Department,
Madras, Marine Department,
Bengal, Marine Department,
Burma, Commerce Department,
Eastern Bengal and Assam, Public Works (Marine) Department,

for information, [in continuation of the correspondence ending with the letter from that Government, No.

172-G., dated the 25th April 1905.
42-Marine, dated the 24th January 1905.
155-Marine, dated the 27th January 1905.
203—4-S.-4, dated the 7th February 1905.

[ ] Not to Eastern Bengal and Assam.

Ordered, also, that a copy of the Resolution be forwarded to the Director General, Commercial Intelligence, for information.

Ordered, also, that the Resolution be published in the Supplement to the *Gazette of India*, for general information.

W. L. HARVEY,

Secretary to the Government of India.

RESOLUTION—By the Railway Board

Amendments in rule 24 A of Chapter III, Part II, and Rule I of Appendix A, of the General Rules for working open lines of railway.

Read—

Sections 47 and 59 of the Indian Railways Act, 1890 (IX of 1890).

Government of India, Public Works Department, notification No. 118, dated the 21st March 1895, and Government of India, Public Works Department, circular No. 6 Railway, dated the 12th March 1895.

Government of India, Public Works Department, notification No 55, dated the 5th February 1897, and Government of India, Public Works Department, circular No. 3 Railway, dated the 3rd February 1897.

Government of India, Public Works Department notification No. 300 dated the 23rd September 1904, and Government of India, Public Works Department, circular No 5 Railway, dated the 13th September 1904.

Read also—

Government of India, Department of Commerce and Industry, notification No. 801, dated the 24th March 1905.

Government of India, Department of Commerce and Industry, letter Nos. 1876-1884-3, dated the 14th March 1906

RESOLUTION.—In the consolidated rules to regulate the importation, possession sale and transport of carbide of calcium in India, circulated with the Government of India, Department of Commerce and Industry, letter Nos 1876-1884-3, dated the 14th March 1906, read in the preamble, it has been ruled that carbide of calcium shall be contained in substantial hermetically closed metal vessels, each containing not more than two hundred and twenty-four pounds, and that while in the possession of a railway for transport, it shall not be stored in any railway goods shed, but shall be stacked in the open under waterproof sheets and so placed as to prevent its getting wet.

2 In exercise of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No 801, dated the 24th March 1905, read in the preamble above, the Railway Board sanction, under section 47, sub-section (4), of the Indian Railways Act, 1890 (IX of 1890), as in force in British India, or as locally applied, the adoption by the administrations of the railways concerned, whether in British India, in foreign territory, or in Native States, to which the General Rules for working open lines of railway, promulgated with the Government of India, Public Works Department, circular No. 6 Railway, dated the 12th March 1895, as amended by the Government of India, Public Works Department, circulars Nos. 3 Railway and 5 Railway, dated, respectively, the 3rd February 1897 and 13th September 1904, apply, of the accompanying amendments in rule 24 A, Chapter III, Part II, and rule I, Appendix A, of the General Rules referred to.

ORDER.—Ordered, that this circular, with its enclosure, be published under a notification in Part I of the *Gazette of India* as required by section 47, sub-section (3) of the Indian Railways Act, 1890 (IX of 1890), and that a copy thereof be kept open for inspection at railway stations as directed by sub-section (6) of the same section; also that a copy of this circular and of its enclosure be communicated to the Governments, Administrations, and Officers noted in the margin, for information.

The Governments of Madras, Bombay and Burma, Public Works Department, Railway Branch.
The Governments of Bengal, the United Provinces, and Eastern Bengal and Assam, Public Works Department.
The Government of Bengal, Marine Department.
The Honourable the Resident at Hyderabad.
The Honourable the Agent to the Governor General for Rajputana.
The Consulting Engineers to the Government of India for Railways, Calcutta and Lucknow.
The Managers, North Western, Oudh and Rohilkhand and Eastern Bengal (State) Railways.

[Enclosure to Railway Board's circular No. R. T. 367-2, dated the 1st June 1906.]

Amendments in rule 24 A of Chapter III, Part II, and Rule I of Appendix A, of the General Rules for working open lines of railway, which were promulgated with the Government of India circular No. 6 Railway, dated the 12th March 1895, as amended by the Government of India circulars Nos. 3 Railway and 5 Railway, dated, respectively, the 3rd February 1897 and 13th September 1904.

Rule 24 A, Chapter III, Part II.—For sub-rule (3) substitute the following:

(3) Carbide of calcium, while in the possession of a railway for transport, shall not be stored in any railway goods shed, but shall be stacked in the open under waterproof sheets and so placed as to prevent its getting wet.

And add the following as sub-rules (4) and (5):

(4) All lights shall be kept away from carbide of calcium stacked as provided in sub-rule (3).

(5) If any carbide of calcium is wetted while in the possession of a railway for transport, it shall be destroyed by immersion in at least twenty times its bulk of water.

NOTE.—The fact of carbide of calcium having become wet will be indicated by the outward appearance of the drum or case, and probably by a disagreeable odour, showing a leakage of gas.

Rule I, Appendix A.—For the words one hundred and fifty pounds, *in sub-rule (1 A) (c) substitute the words* two hundred and twenty-four pounds.

C. A. R. BROWNE, *Lieut.-Col., R.E.,*
Secretary, Railway Board.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

SANITARY.

PLAGUE.

Simla, the 14th June, 1906.

The following statement of plague seizures and deaths reported in India, during the week ending the 9th June 1906, is published for general information :

Presidency or Province	Division	Districts and States and Towns of 50,000 or more inhabitants	Traversed by what railways.	Plague seizures.	Plague deaths.

H. H. RISLEY,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

Department of Revenue and Agriculture.

Memorandum on the abnormal features of the weather of the past half year, with a forecast of the probable character of the south-west monsoon rains of 1906.

It may be of service when attempting to form an estimate of the trustworthiness of such forecasts as the present to have a short statement of the methods that have been employed in the past and of the manner in which the difficulty in interpreting the information that is available, as well as the absence of data that are much to be desired, must lead to inaccuracy in the results.

2. Attempts to estimate the prospects of the rains were made by Blanford in the years 1882-84, and in 1885 it was determined that a monsoon forecast should thenceforward be made annually. These early predictions were chiefly based on the limited information of snowfall reports and on the general character of the distribution of pressure, temperature and winds in India during the period immediately preceding the rains. It was laid down by Blanford that heavy snowfall in the regions to the north and west of India caused abnormal pressure conditions and was unfavourable to the advance of the monsoon over the area so affected; and the general principle was also admitted that lowness of pressure in any area tended to increase the amount of rainfall in that area.

3. It was early realised however by Eliot that Indian conditions alone were not sufficient to give reliable indications and in 1894 a certain amount of marine information was for the first time employed. From this time extra-Indian data were used to a gradually increasing extent; observations from Mauritius, Zanzibar and Seychelles were forthcoming in 1896 and accounts of weather in Africa and Australia appeared in the forecast of 1897. But owing to the small number of years for which data were available, satisfactory comparisons with periods of similar conditions could rarely be made, and the interpretation of the data was inevitably based on intuition and on analogy rather than on experience. It is only of recent years that the accumulation of facts has begun to make reliable deductions by statistical methods possible, and it must be admitted that the results hitherto obtained are not in all cases what had been anticipated. Nothing, for instance, seems *a priori* more probable than that heavy rain at Zanzibar or Seychelles in May, when the monsoon is passing over the equator, should be a presage of an abundant monsoon; yet experience shows that the exact opposite is the case: again the natural inference that abnormally high pressure at Mauritius, which is near to the source of the monsoon currents, is likely to impel the moisture laden air more strongly than usual towards India, now proves to be equally misleading.

4. It might appear that when the effects of different factors taken separately had been correctly ascertained it would be easy to obtain the result of their occurring simultaneously. In order to do this however it is necessary to know whether the factors are independent; if of two unfavourable symptoms the second is a direct consequence of the first the outlook is not so bad as if the symptoms were not causally related. But it is this understanding of mutual relationships which in the absence of information as to the upper air-movements requires data of many years for satisfactory investigation, and when the indications of Indian rainfall afforded by different elements are contradictory prediction of the result is not at present easy.

5. Another element of uncertainty arises from the rapidity with which the determining factors may change. Years in which during April and May the conditions in India and the Indian Ocean may be closely alike are liable to diverge widely in August and September; hence far less reliance can be placed on forecasts made early in June for the rainfall of the latter two months than for the rainfall of June and July. It would seem advisable in order to improve the indications

for August and September to extend considerably the area from which information is obtained; for it is certain that the influence of abnormal features over any large region spreads in every direction and will after some months affect the conditions at very great distances. Attention was drawn by Blanford to the likelihood of the existence of alternations of pressure between India and Siberia, and following up this idea the Lockyers have established that the oscillations of annual pressure in South America are closely related to those of the Indian Ocean but inverse in character. Recent analysis shows that, as might be expected from the opposition of South America to Mauritius, pressure is in excess in the former area in years of abundant Indian monsoon rainfall, and *vice versa;* and further that in many years, as in 1899, the unfavourable indications appeared earlier in the western than in the eastern hemisphere. An attempt to obtain the latest data from Cordoba and Santiago has unhappily proved successful only in the latter case.

STATEMENT OF SOME OF THE PRINCIPAL CONSIDERATIONS EMPLOYED.

6. *The influence of snowfall.*—The effect of heavy snowfall in the mountain area to the north and west of India may be estimated from the following table of all the years from 1876 in which the reports indicate that this precipitation was in moderate or large excess during the period January to March, or in April or May :—

TABLE I.

Year.	Snowfall.			June rainfall departure.	
	January to March.	April.	May.	Punjab, Sind, Rajputana and Gujarat.	Field of Bombay monsoon
1876	Slight defect ...	Moderate excess ...	Slight excess (?) ...	−0·93	−1·91
1877	Great excess	Moderate excess .	Large excess (?) ...	−0·22	−0·10
1878	Moderate excess	Moderate excess ..	Large excess ..	−0·31	−0·98
1883	Normal or in defect ...	Slight defect ...	Large excess .	−0·32	+0·91
1884	Slight excess ...	Moderate excess ..	Large excess in Kashmir normal elsewhere	+0·12	−2·57
1885	Slight excess .	Moderate excess ...	Very large excess ..	−0·29	−0·31
1891	Great excess	Moderate excess ...	Large excess ...	−2·28	−5·22
1893	Great excess	Slight defect	Normal	+4·05	+3·33
1897	Slight excess ...	Moderate excess ...	Moderate excess, particularly in Kashmir	−1·27	−1·09

1906	Moderate excess.	Moderate excess.	Moderate excess (?)	.	.. ..
Normal rainfall.	......	...		2·50	8·56

Of the fifteen years of the table the rainfall in June in north-west India due to the Bombay monsoon current was deficient in every case except 84, 93 and 98. In 1884 the prejudicial influence was shown in weakness during June of the Bombay current as a whole, but in 1893 the June rainfall in north-west India and in the field of the Bombay current was in large excess: while in 1898 June rainfall in both areas was normal. The explanation probably lies in the fact that 1893 was the only year in the series in which the total snowfall during April and May was in defect, and in 1898 the May snowfall followed deficient snowfall, so that even late in May the accumulation was no larger than usual.

It would thus appear that it is only when there has been heavy and late snowfall or the area covered by snow in May is larger than usual that unfavourable results are to be anticipated.

7. *The influence of heavy rain in the subequatorial region.*—It is well known that in general the air rises at the equator and that rainfall is thereby caused in that neighbourhood. Such excess of rain would suggest increased ascensional movement which would during the monsoon period involve diminished continuity between the south-east trades south of the equator and the monsoon winds north of it: thus in spite of the *a priori* view relating to May and already referred to in paragraph 3, abnormally heavy rain at Zanzibar and Seychelles during the period of the Indian monsoon should be associated with deficient rainfall in India. Also since Zanzibar lies near the paths of those parts of the monsoon current which feed Abyssinia and north-western India, while the current over Seychelles would ultimately pass over the Konkan coast, a corresponding geographical relationship might be anticipated between the indications afforded by the two islands. The prejudicial influence of abnormally heavy subequatorial rain in May is decidedly marked and is less so in the case of April, while the reliability of the inference may be estimated from the following table which gives every case on record in which rainfall was as much as one and two thirds inches in excess in either April or May; for the years 1879, 1885-1888 and 1890 the Zanzibar records are wanting, while those of Seychelles only began in 1891.

TABLE II.

RAINFALL DEPARTURES.

Year	Zanzibar.		Seychelles.		Field of Bombay monsoon.		Punjab, Sind Rajputana and Gujarat.		Field of Bay monsoon.

8. Examination of this table and comparison with detailed rainfall maps will bring out the fact that in seven out of the nine years in which the May rainfall at either Zanzibar or Seychelles was more than one and two thirds inches in excess there was a deficiency in the June rainfall due to the Bombay current, the exceptions being 1899 and 1904: in 1899 although rainfall in June due to the Bombay current was in slight excess that of July was in large defect, and in June 1904 there was a considerable shortness of rain in north-west India. It may also be noted that when Seychelles rain had been in excess the deficiency showed itself with tolerable uniformity over the field of the Bombay current, while it tended to appear rather in north-west India when Zanzibar rain only had been above normal.

. The inclusion of the three years in which the heavy subequatorial rainfall occurred in April and not in May would diminish but slightly the closeness of the connection just described. The relationship in question holds in 1878 and 1900, and partially in 1889, so that there is no case of entire failure.

9. It would further appear that some inferences may be drawn in relation to the Bay current. Since the observations at Seychelles began the years of heavy rainfall in April or May have been 1891, 1893, 1900, 1901, 1903 and 1905, and in each case except 1893 there was deficiency in the rainfall due to the Bay current in June, while in 1891, 1900, 1901 and 1903 the weakness extended into July. On the other hand the corresponding years of excessive rain at Zanzibar in April or May, while that at Seychelles was deficient, were 1897, 1899, 1902 and 1904; in 1897 the general pressure conditions were adverse and Bay rainfall was in defect in June and July, but in 1899 and 1904 it was above normal in both months: in 1902 the Bay current was rather feeble but not so feeble as the Bombay current.

10. Another conspicuous fact is that of the sixteen years of records from Seychelles the years of moderately heavy snowfall accumulation in May have been 1891, 1897, 1900, 1901, 1903, 1904, 1905 and 1906: in each of these years subequatorial rain was in excess in April or May, while 1899 and 1902 are the only years in which heavy subequatorial rain was not associated with heavy snowfall. Thus it appears that the evil influence of snowfall is not necessarily exercised in a direct manner, and the fact that in half the years there is greater deficiency of the whole Bombay current than in that part of its field which lies nearer to the region of snowfall suggests that the latter is merely a symptom of disturbed conditions in the bigger air circulations.

11. It is an interesting consequence of the position of Zanzibar, close to the path of the monsoon giving the Abyssinian rainfall which feeds the Nile, that the connection between excessive rain at Zanzibar in April or May and lowness of the Nile has clearly shown itself, and a further illustration of the non-local influence of heavy Indian snowfall is its marked tendency to be followed by deficient Nile floods.

A further piece of evidence for the relationship between heavy snowfall and excessive rain in the subequatorial region is the close connection, recently used for forecasting purposes, between abnormally large rainfall at Seychelles and Zanzibar in November and abundant precipitation in upper India in the succeeding cold weather.

12. *The pressure conditions.*—Just as there is a type of unfavourable conditions in which heavy snowfall is associated with increased rain at Zanzibar or Seychelles, of which 1891, 1901 and 1905 may be taken as examples, there is a second type in which high pressure occurs in the Indian Ocean and ultimately appears in India—as in 1876, 1899 and 1904. This high pressure often shows itself in Australia as well as at Mauritius, but, as in 1899, it is not always evident before June, and it is frequently (as in the three examples given) associated during the rains with relatively high pressure on the Bombay coast and with abnormally steep gradients across India.

The following table contains every year from 1876 when either the departure from normal of Indian monsoon rainfall exceeded two inches, or that of pressure at Mauritius in May exceeded 0·015," irrespective of sign.

TABLE III.

Year.		Departure from normal.		Year.		Departure from normal.	
		Pressure at Mauritius in May.	India rainfall, June to September. (Normal — 41·84).			Pressure at Mauritius in May.	India rainfall, June to September. (Normal = 41·84).
		"	"			"	"
1876	...	+·063	—3·21	1892	...	—·004	+4·88
1877	...	+·050	—6·64	1893	...	+·016	+1·84
1878	...	—·027	+5·78	1894	...	—·018	+3·28
1879	...	—·019	+1·20	1895	...	+·015	—2·22
1880	...	+·007	—2·47	1897	...	+·015	+2·86
1881	...	+·016	—0·24	1898	...	—·030	+0·68
1882	...	—·008	+2·80	1899	...	—·005	—10·03
1884	...	—·031	+0·67	1900	..	—·017	+1·86
1885	...	—·036	+0·05	1901	...	—·012	—4·68
1886	...	+·033	+1·67	1902	...	—·019	—0·79
1889	...	—·038	+3·29	1904	...	+·006	—3·27
1891	...	+·017	—4·53	1905	...	+·026	—4·90

13. It will be noticed that out of nine years in which the pressure departure at Mauritius exceeded ·020 the sign of the departure of the monsoon rainfall was opposite to that of the pressure departure in eight cases: while out of sixteen years in which the pressure departure exceeded ·015 the correct indication for the monsoon was given in thirteen cases, and out of these thirteen the departures of monsoon rainfall exceeded three inches in seven cases and one inch in nine cases.

The number of years available is not great enough for accurate results to be given by statistical methods, but the approximate 'correlation coefficient' of Mauritius May pressure with Indian monsoon rainfall is —·42, with a 'probable error' of ·1. In other words about forty per cent. of the departure from normal of monsoon rainfall may be regarded as determined by Mauritius May pressure, the remaining sixty per cent. being governed by factors independent of this: and in the estimate of forty per cent. there is a likelihood of an error of ten owing to the fact that the number of years available is not large enough to overcome the irregularities in the data. For April the coefficient is —·13 which is rather too small for reliability in the conclusions.

14 In the case of Cape Town the corresponding correlation coefficient of May pressure with Indian monsoon rainfall is —·09, and for the mean of four Australian stations + ·09. The probable error in either case being as large as or larger than the coefficient deduced no satisfactory inference can be made: thus if the extremely abnormal data of 1877 were removed the Australian correlation coefficient would become —·20.

15. Among the areas where the influence of local heat or cold upon the pressure conditions of the earth might be expected to be most important Siberia must be included; the approximate values of the correlation coefficient of Indian monsoon rainfall with the mean of the pressure at the six selected stations of Orenburg, Tashkent, Omsk, Barnaul, Tomsk and Irkutsk are +·18 for March, —·16 for April and —·02 for May. It will be noted that the probable error being here ·12 the results are somewhat uncertain: thus if we consider only the twelve years in which in March the Siberian pressure departure equalled or exceeded 2 mm. (or ·08″) the Indian rainfall departure and that of Siberian pressure were alike in sign only in eight years, and unlike in four years.

16. As has been indicated in paragraph 5 the striking connection between the pressure in South America and Mauritius, discovered by the Lockyers, suggests the examination of the data of Cordoba and Santiago, between which stations close parallelism exists: the resulting correlation coefficients of Indian monsoon rainfall with the Cordoba pressures for some of the different months of the same and succeeding years prove to be approximately :—

TABLE IV.

Months of same year as that of Indian rainfall.										Months of year following Indian rainfall.				
March.	April.	May.	June.	July.	August.	September.	October.	November.	December.	January.	February.	March.	April.	May.
·21	·35	·40	·24	·58	·43	·16	·11	—·18	—·07	·01	·07	·30	·14	·08

For forecasting purposes it will be seen that the pressure data of April and May have a correspondence almost as close as that of Mauritius in May while in March it is half as close. Thus equally good indications are given by Cordoba at least a month earlier than by Mauritius. The influence of the monsoon of the previous year still remains fairly large however in March and dwindles in April and May: and the effect of the previous monsoon has to be removed before deductions for the next year are made. When this has been done and the results for March, April and May have been weighted in proportion to the closeness of their connection with monsoon rainfall for combination into the 'effective' pressure departure the following table results :—

TABLE V.

17. This table emphasizes strongly the remarks of paragraph 12 by exhibiting widespread abnormalities of pressure with considerable influence upon Indian monsoon rainfall. This abnormality 'of the second type' is most strongly marked in one direction in 1899, the worst Indian season on record, and in the other direction in 1892, the second best season on record; while the character of such unusual years as 1876, 1877 and 1894, is also clearly foreshadowed. Further a comparison with Table III will show that the indications given by Mauritius may, as in 1892 and 1899, be entirely inadequate while those from South America, where the changes take place earlier, may be well marked.

The apparent discrepancies between the deduced and the actual monsoon rainfall in 1891, 1901 and 1904 are due to the fact that the table takes no account of data from the Indian Ocean: if allowance be made for abnormality 'of the first type' as displayed in subequatorial rainfall, the correspondence with actual rainfall is decidedly improved. That some fairly large discrepancies will still remain, however, such as those of 1889 and 1897, is only too certain.

CONDITIONS IN THE AREA AFFECTING THE MONSOON RAINFALL IN INDIA.

18. The following is a statement of the information received concerning :—

(*a*) Australia as represented by Perth, Adelaide, Sydney and Port Darwin.

(*b*) The Indian Ocean as indicated by Mauritius, Seychelles, Zanzibar and the logs of vessels.

(*c*) Southeast Africa, east Africa and northeast Africa.

(*d*) Siberia as represented by Orenburg, Tashkent, Omsk, Barnaul, Tomsk and Irkutsk.

(*e*) Chili as represented by Santiago.

(*a*) AUSTRALIA.

19. The average pressure for the stations from which data have been received indicates that pressure was in defect in April by ·02" and in excess in May by ·02".

(*b*) THE INDIAN OCEAN.

20. *Mauritius.*—The average pressure during April was 064" in defect and during May ·008" in excess, while winds were less easterly than usual during May and their strength was practically normal. Rainfall during the period 6th May to 2nd June amounted to 3 74", which agrees closely with the normal.

21. *Seychelles.*—Mean pressure for April was in excess by ·018" and for May in defect by ·027". Winds were normal in intensity but their direction was more easterly than usual in May. The April rainfall was 7·11" in excess and that of May 1·08" in defect.

22. *Zanzibar.*—Pressure averaged ·022" in excess in April and was almost exactly normal in May. The wind velocity was approximately normal while the direction was much more westerly than usual in May. In April the rainfall amounted to 22·20", being 8 61" or 63 per cent. in excess. During May the amount was 15 24" which is 4·87" or 47 per cent. above the normal.

23. *Logs of vessels.*—The marine information for the western half of the equatorial belt is as scanty as usual. It appears however to show that the south-east trades only extended as far north as latitude 7° or 8° S. during the first half of May. Similar conditions appear to have obtained in the corresponding periods of the past four years.

The air movement was exceedingly unsteady over a large part of the Arabian Sea during the month, northerly winds alternating with those from between south and west. Conditions were on the other hand fairly normal in the Bay except in the east and centre where the direction of the winds was much more westerly than usual.

It may be noted that the delayed conditions in the Arabian Sea resembled those at the corresponding periods of 1897, 1900 and 1901.

(*c*) AFRICA.

24. *Transvaal.*—There was an almost entire failure of the early summer rains but in April heavy rains prevailed.

25. *Natal.*—The rains are described as rather late and uneven: the total for the summer was slightly below normal. In April pressure was normal and in May in excess by ·005″.

26. *Rhodesia.*—The rains were late and there was a deficiency in the seasonal total. Exceptionally high temperature prevailed.

27. *Nyassaland.*—Rainfall from January to April was much below normal, with sunshine in excess.

28. *German East Africa.*—Rainfall was in excess both in March and April.

29. *Uganda Protectorate.*—In March and April rainfall is stated to have been excessive and in May nearly normal in amount. The level of the Victoria Nyanza was one and a half feet above the highest level of last year.

30. *British East Africa.*—Rainfall was heavy both in March and April.

31. *Bahr el Jebel and Abyssinia.*—At the end of October 1905 there was every prospect of a very insufficient summer supply in the Nile since the rains of Abyssinia had been weak and ill-sustained. Heavy rainfalls in November, however, and the passage of two large cyclonic depressions in February and March respectively over Abyssinia and the southern Sudan had materially changed the condition of affairs early in May. The Blue Nile was then decidedly above its average level; that this was not however due to the ordinary rains was clear since the Sobat River was falling slowly up to the 1st May, whereas there are usually slight rises in this river in April owing to the first rains on the Abyssinian tableland. Pressure in north-east Africa was in excess in April. The Blue Nile at Roseires did not begin to rise from the normal causes until the 16th May; on the 3rd June its level was below normal and had been falling since the 26th May. The Sobat River at its junction with the White Nile began to rise on the 9th May and the rise continues. Rainfall in May in the eastern Sudan has been in defect. Pressure in Egypt was still in excess on the 3rd June.

It is obvious that the rains in northeast Africa are delayed, and it would appear that the present pressure conditions are not favourable.

(*d*) SIBERIA.

32. The information given refers to the mean of the six stations of Orenburg, Tashkent, Omsk, Barnaul, Tomsk and Irkutsk, selected as representative. Pressure was in defect in March by 1·9 mm., while it was in excess in April by 0·4 mm., and in May by 0·6 mm.; temperature was in excess in March by 4°·4 Cent., in April by 3°·3 and in May by 0°·3.

(*e*) CHILI.

33. *Santiago.*—It is reported that the monthly pressures for March, April and May respectively were 716·6 mm., 716·8 mm. and 717·0 mm., and that the corresponding departures from normal were 0·57 mm., 0·07 mm. and 0·48 mm. (or ·023″, ·003″ and ·019″), all being positive. Pressure was still increasing early in June.

SNOWFALL DATA.

34. (1) The snowfall in Baluchistan was much above the average and occurred during the normal period. The occurrence of excessive snowfall in May is suggested, however, by the recent abnormally low temperature at Chaman.

(2) The precipitation was greatly in excess of the normal in Afghanistan (as represented by Kabul) in December and February and equally in defect in January and March. Conditions did not differ much from the normal in April. On the mountain ranges of the North-West Frontier Province on the other hand there were three falls of snow in April, one at the beginning of the month being exceptionally heavy and resulting in large accumulations of snow on the Sufed Koh, in Kohistan, in Kafiristan and on the Lagman hills. In May several light falls occurred on the higher peaks of the Sufed Koh.

(3) There were frequent falls of snow in Chitral in December and February and occasional falls in January, March and April. The precipitation of the period December to April was apparently above the normal, the excess occurring chiefly in April. The Lowari Pass was almost free from snow by the middle of May.

(4) In the Kashmir Himalayas the snowfall was heavy and frequent in March and April. Several falls occurred also in May and heavy snow is reported to be lying on the higher elevations. The unsettled weather in May apparently extended northward into Gilgit where the precipitation of the month amounted to 2·99″, the normal being 0·57″. In Ladak the precipitation of the season was on the whole less than usual.

(5) In the Punjab Himalayas the falls were light till the end of January, but heavy falls occurred in February producing large accumulations of snow. The falls were repeated on the middle and higher ranges in March and April but were neither so heavy nor so extensive as before. A few falls occurred also in May but they were generally light. The snow line descended to 10,000 feet in Pangi during the disturbed weather of May 7th to 10th when the Sach Pass received a fall of 2½ feet. It is remarkable that although the snowfall was light in the earlier part of the season the accumulation at the end of April was quite as great as at the corresponding date of 1905, a year of unusually heavy and prolonged snowfall.

(6) In the Kumaon hills moderate snow fell in December, January and April, and heavy snow in February and March. Snow to a depth of about two feet is reported to have fallen on the higher ranges of Garhwal in May.

The snow line descended to much lower levels than usual in April and May. The accumulation at the end of April was deeper than at the same time last year.

(7) The information for the Assam Himalayas is as usual very scanty, but appears to indicate that the snowfall was considerably heavier than usual on the ranges bordering on the Darrang and Lakhimpur districts.

(8) *Summary.*—The most noteworthy features of the snowfall distribution were—

(*a*) much snow in Kashmir from March to May ;

(*b*) heavy falls in the hills to the northwest of the Punjab in April ;

(*c*) large accumulations of snow in the western Himalayas at the end of April, almost equal in depth to those at the corresponding period of last year ;

(*d*) the very low elevation to which the falls descended in the Kumaon hills in April and May ; a moderate fall in Garhwal in May ; and

(*e*) excessive falls in parts of the Assam Himalayas.

The influence of the first three conditions is shown by the temperature data of the Punjab where mean temperature was in defect by 1·8° in January, 2·6° in February, 4·4° in March and 3·0° in April. In May there was an excess of 2·7°.

INFERENCES FROM THE CONDITIONS OF THE PRESENT YEAR.

35. The most important features of the present year have been the heavy and late snowfall, associated as usual with excessive subequatorial rain both at Zanzibar

and Seychelles in April, and in May at the former station only. As is natural under these conditions the northward progress of the monsoon has taken place much more slowly than is normal and recent logs of ships suggest that it may be some time before the establishment of the rains is effected. These impressions are entirely corroborated by the reports from Egypt, where the rises of the Blue Nile and the Sobat River have been delayed and pressure conditions still appear somewhat unfavourable.

Such features are characteristic of what has in paragraph 17 been called abnormality of the first type and the effect usually persists at any rate until the middle of July.

As to the existence of unfavourable abnormality of the second type—excess of pressure in the Indian Ocean—the direct evidence shows the present existence of a very slight amount: but the data from Chili suggest distinctly that pressure in general is likely to be favourable.

36. The present conditions in the Indian Ocean have been described as resembling those of 1897, 1900 and 1901. The snowfall data are much like those of 1897, 1901 and 1905, and the subequatorial rainfall resembles 1901 closely, with 1897 and 1900 less closely: in all these years the Bay current was affected, as well as the Bombay current, during June and part of July. On the whole 1901 seems to bear the closest resemblance. The rainfall data of these years are given in Table VI appended.

FORECAST FOR THE SOUTHWEST MONSOON OF 1906.

(*a*) It appears likely that the Bay branch of the monsoon will be somewhat late in establishing itself and weak during June; and that the Arabian Sea branch will be more decidedly late and weak during that month, especially in the northern half of its field, *i.e.*, in the Punjab, the North-West Frontier Province, Rajputana, Gujarat and the west of Central India.

(*b*) In July it may be anticipated that the rainfall will be somewhat below normal and that the deficiency, while roughly similar in distribution, will probably be less than in June.

(*c*) As regards August and September there are no indications at present upon which any reliance can be placed: but if the snowfall of June and July is not more than usual a material improvement seems probable.

(*d*) On the whole there is reason to expect that the seasonal rainfall will not be appreciably smaller in total amount than that of last year, which was however considerably below normal.

SIMLA;
The 9th June 1906.

GILBERT T. WALKER,
Meteorological Reporter to the Government of India, and Director General of Indian Observatories.

J. WILSON,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 14th June 1906, based on the India Daily Weather Reports of the period.

The important feature in the weather during the past week has been the appearance of monsoon rainfall on the west coast on the 12th instant and its breaking with less than the usual strength on the 13th when moderately heavy rain occurred on the Konkan coast.

On the Burma coast rainfall was fairly general throughout the week. In the interior it was local on the 8th and nearly general from the 9th to the 11th, but by the next day, owing to the gradual shifting of the winds on the Pegu coast from south to northwest, the inflow of moist air into the interior was practically interrupted and rainfall diminished very materially, only a few falls being reported daily until the end of the week. Skies have been moderately clouded over throughout the week, and temperature has been generally in slight defect in upper Burma and in slight excess in lower Burma.

In northeast India rainfall, which had been nearly general at the end of last week in Eastern Bengal and Assam, diminished very materially by the 8th when only a few scattered falls were reported. On the 9th and 10th the rain was chiefly confined to the northern districts, but next day pressure became very uniform and precipitation increased rapidly, being nearly general in Eastern Bengal and Assam and in north Bihar. It ceased in the latter area on the 12th, but continued in the former until the 13th when it diminished rapidly and by the 14th only a few falls were reported. In Bengal nor'westers and thunderstorms were fairly numerous on the 12th and in Orissa on the 8th and 9th. Skies have been moderately to heavily overcast throughout the week in Assam, and in the remainder of northeast India they have been lightly to moderately clouded over. Temperature, which was everywhere in defect at the beginning of the week, was in defect in Eastern Bengal and Assam at the close, but in the western districts it was in large excess owing to the prevalence of dry westerly winds in these parts.

In the remainder of northern India and in central India duststorms and thunderstorms have been fairly numerous and were in many instances accompanied with rain, but the falls were in the great majority of cases light. In the Central Provinces the rainfall covered the greatest area during the day ending at 8 hrs. on the 10th. In consequence of these local disturbances which have probably given snow on the higher ranges of the Himalayas temperature has been generally below the normal during the week in the Punjab, the Frontier Province and Kashmir and from the 12th there has been a steady fall, the mean temperature at the end of the week being on the average 10° below normal. On the 13th temperature fell rapidly over the remainder of northwest India, but it soon recovered and by the 14th it was again approximately normal.

In the Peninsula precipitation for the first two days of the week was confined to the west coast and the adjacent districts, but on the 10th the rain extended into the Deccan and continued during the next day. On the 12th monsoon rainfall appeared and from this date until the end of the week nearly general rain fell daily. Skies were lightly to heavily overcast at the beginning of the week, but at its close they were almost completely clouded over. Temperature was generally in excess on the 8th, but on the 14th it was in defect.

The rainfall of the period from the 4th May to the 14th June has been normal or in excess in Burma, the Delta of Bengal, Gujarat, the Deccan, South India and the subdivisions of Dinajpur, Burdwan and Jaipur. It has been in defect in all other parts of the country, but the large deficiency shown last week has been materially reduced in the Northwest, Dry Area, the East Coast (South) and the subdivisions of Lahore, Jubbulpore, Jhansi and Bombay.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:

Burma, northern India and central India.

June 8th. Thayetmyo 1·04", Minbu 1·27" and Akyab 1·87".

" 9th. Port Blair 1·81", Minbu 1·47", Akyab 4·64", Monywa 1·50", Shillong 2·65", Dinajpur 1·50", Purnea 3·52" and Darbhanga 1·27".

" 10th. Mergui 1·35", Thayetmyo 1·50", Akyab 1·52", Chittagong 1·41", Ranchi 1·15", Cuttack 1·06", Allahabad 1·52", Hoshangabad 1·01", Pendra 1·18" and Seoni 1·47".

" 11th. Toungoo 1·31", Akyab 2·86", Bhamo 2·78", Gauhati 1·62", Cherra Poonjee 2·90" and Ajmer 3·10".

" 12th. Mergui 1·55", Diamond Island 1·87", Dibrugarh 1·82", Gauhati 1·30", Dhubri 2·37", Cherra Poonjee 2·61", Narayanganj 2·10", Jalpaiguri 1·60", Multan 0·50", Veraval 2·05", Nagpur 0·77" and Chanda 0·60".

" 13th. Tavoy 5·40", Gauhati 1·67", Dhubri 1·15", Silchar 1·32", Cherra Poonjee 3·61", Barisal 2·40", Dinajpur 1·65", Murree 2·15", Dera Ismail Khan 0·75", Montgomery 0·85", Khandwa 1·00" and Saugor 1·05".

" 14th. Mergui 2·70", Tavoy 6·06", Jalpaiguri 1·29" and Srinagar 0·81".

The Peninsula.

June 8th. Gopalpur 1·35", Poona 1·30", Cochin 1·10" and Trivandrum 1·33".

" 9th. Surat 1·32".

" 10th. Ahmednagar 0·88", Bijapur 0·87", Kurnool 0·76", Cuddapah 0·78", Ratnagiri 0·90", Goa 0·77" and Karwar 1·08".

" 11th. Surat 1·36" and Bijapur 0·79".

" 12th. Ratnagiri 1·56", Goa 2·59", Masulipatam 1·20", Cuddapah 4·16", Madras 1·43", Bangalore 1·05", Salem 1·80", Trichinopoly 1·55" and Madura 1·33".

" 13th. Bombay 3·44", Mormugao 1·60", Karwar 2·77", Mangalore 2·69", Bellary 1·24", Hyderabad 1·11" and Madura 1·57".

" 14th. Mormugao 4·12", Karwar 2·67", Mangalore 4·28", Ahmednagar 1·40", Sholapur 1·50", Bijapur 1·35", Bellary 1·75", Kurnool 1·01" and Chitaldroog 1·72".

J. PATTERSON,

for Meteorological Reporter to the Government of India and Director General of Indian Observatories.

J. WILSON,

Secretary to the Government of India.

SIMLA;

The 14th June, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 9th June 1906.

Burma.—The rainfall was general and mostly heavy, but light in Bassein and Mergui. Agricultural operations have commenced in Akyab, Kyaukpyu, Sandoway, Maubin, and Mergui and are progressing in most other districts. Reaping of dry weather paddy is completed in Mandalay and sowing of hill side paddy has commenced in Bhamo. Ploughing for and sowing of early sessamum, cotton, and maize are in progress in several districts. The condition of the standing crops is good. The price of paddy has risen considerably in Maubin, Bassein, and Mandalay; changes are slight at five centres; elsewhere it is stationary.

Eastern-Bengal and Assam.—The weather is seasonable. The rainfall of the week was general. Prospects of tea are good in Cachar and Lakhimpur and fair elsewhere. Ploughing for and sowing of early and late broadcast rice and jute are nearly finished. Cultivation of winter rice continues. Reaping of summer rice is finished in places. Prices of common rice.—Manipur 20; Kohima, Tezpur and Sibsagar 10; Rangpur, Chittagong, Rangamati, Nowgong and Dibrugarh 9; Comilla 8¾; Rampur Boalia, Dinajpur, Malda, Bogra and Dhubri 8½; Jalpaiguri, Dacca, Noakhali, Sylhet and Gauhati 8; Faridpur 7 to 8, Silchar 7½, Barisal 7½, Mymensingh 7⅜; Pabna 7; Shillong 6½ and Aijal 5 seers per rupee. Prices have risen in three; fallen in four; and remain stationary in the remaining districts.

Bengal.—Rain was fairly general all over the Province but for the most part light, excepting in Purnea where it was heavy. More rain is generally needed for agricultural operations. The sowing of jute is almost finished and that of autumn paddy is still going on. Some damage to sugarcane by insect pests is reported from Sambalpur. The water-supply is insufficient in Angul and both fodder and water are insufficient in Palamau. The price of common rice has risen in two and fallen in five districts; it continues high in most districts especially in Hooghly, Howrah, the 24 Parganas, Jessore, Khulna, Purnea, and Darjeeling.

United Provinces.—There was light rain during the week in several districts mostly from duststorms. The weather is hot. Extra crops are being cut and cane irrigated. Fields are everywhere being ploughed and prepared for the autumn crops and sowings are in progress in irrigated areas. Scarcity of fodder or water continues in parts of the Allahabad and Agra Divisions and water is also reported to be running short in Almora, Aligarh, and Unao. Cholera is abating in Bundelkhand but is bad in Garhwal and cases still occur in Muttra and Jaunpur. Prices of food-grains are generally stationary but have fallen in four districts and risen in ten. The total number of persons on relief at the end of the week was 158,000.

The weekly report on the famine and scarcity is as follows.—There was slight rain in Cawnpore, Jhansi, Muttra and Agra. Harvesting of extra crops; irrigation of cane; and preparations and sowings for the autumn harvest continue. The numbers on relief have risen in Hamirpur, Jhansi, and Jalaun owing principally to cholera having abated. More village works are being opened as departmental works are closed and gratuitous relief is being extended. The demand for takavi for purchase of bullocks is great. Fodder and water are still very scarce in all districts. Prices of food grains are inclined to rise in Etawah, but are falling in Jhansi and Agra. The numbers on relief are:—Allahabad Division—workers 78,000, on gratuitous relief 59,000; Agra Division—workers 10,000, on gratuitous relief 11,000; total 158,000.

Punjab.—The rainfall of the week was more or less general, except in Delhi Jullundur, and Amritsar. Prices are practically unchanged; the price of wheat is rising in Gurgaon and Jullundur and falling in Hissar and Lyallpur. Harvesting of spring and sowing of autumn crops continue. The condition and prospects of extra spring and standing autumn crops are good and will be improved by the recent rain. The outturn of spring crops is generally good to average except on unirrigated areas in Delhi. The condition of the opium crop in Lahore is good. Cotton has been damaged somewhat by locusts in Hissar; by *kutta*, *sundi* and *toka* (local names for grasshoppers) in Gurgaon, Lahore, Amritsar, and Sialkot; sugarcane by *kiri* (an insect) in Sialkot; indigo in Multan by insects; and melons in Ambala by excessive heat. Cattle are generally in good condition. Fodder is sufficient except in Gurgaon. There is no complaint regarding the canal water-supply.

The weekly report on the famine and scarcity is as follows :—Rohtak—on works 5,863, dependants 6,622; total 12,485. The people are generally resorting to the works. There is no wandering or emaciation reported. The physical condition of the workers is good. Relief measures are sufficient and the public health is generally good.

North-West Frontier Province.—There were slight showers throughout the Province, except in Dera Ismail Khan where rain is badly wanted. The condition of the standing crops on irrigated areas is good and on unirrigated average, except in Dera Ismail Khan, where it is below average. The outturn of the spring crops is good. Sowings of autumn crops are in progress. The canal water-supply is sufficient except in Swabi. There is no irrigation from hill torrents in Dera Ismail Khan. The Indus river is rising. The condition of cattle is generally good, except in certain villages of the Peshawar and Bannu districts. Stocks of food grains and fodder are sufficient. Prices are fluctuating. Prices.—wheat $15\frac{1}{16}$ to 20; maize $16\frac{1}{2}$ to $20\frac{1}{2}$; *bajra* 13 to $14\frac{3}{8}$; and gram $15\frac{3}{4}$ to 19 seers per rupee.

Jammu.—There was slight rain in Jammu during the week. Prices are falling. Prices:—wheat 14 to 23 and maize 16 to 35 seers per rupee. The condition of the standing crops is fair. Fodder is sufficient. Harvesting and threshing are over and housing is in progress

Kashmir.—The weather is partly bright and somewhat cooler. Prices are almost stationary. Crops are in good condition.

Rajputana.—Light rain fell during the week in Ajmer-Merwara, Bundi, Kishengarh, Alwar, Dholpur, and parts of Marwar and Sirohi, but nowhere exceeding 30 cents. Operations for autumn sowings continue. Sugarcane and fodder crops are being irrigated in Ajmer-Merwara and Alwar. The condition of cattle is generally poor in affected tracts owing to scarcity of fodder. The water supply is failing in hill tracts and in parts of Kotah, Jhalawar, Kishengarh, Dholpur, and Ajmer. Prices are high but have fallen in Bikanir and Alwar and slightly in Ajmer and Kishengarh. The numbers on famine relief are:—Ajmer-Merwara—36,131; in Native States—62,213; total 98,344. There was good rain in parts of Ajmer, Jodhpur and Bikanir on the 10th instant.

The weekly report on the famine and scarcity is as follows:—Ajmer—on works 7,576, on gratuitous relief 3,409, total 10,985; Merwara—on works 18,242, on gratuitous relief 6,904, total 25,146. Native States:—Marwar—on works 2,911, on gratuitous relief 1,684, total 4,595; Mewar—on works 2,709, on gratuitous relief 320, total 3,029; Shahpura—on works 40, on gratuitous relief 95, total 135; Tonk—on works 3,611, on gratuitous relief 907, total 4,518; Jaipur—on works 16,566, on gratuitous relief 862, total 17,428; Kishengarh—on works 3,855, on gratuitous relief 2,881, total 6,736; Alwar—on works 2,789, on gratuitous relief 1,939, total 4,728; Eastern States—on works 15,338, on gratuitous relief 5,706, total 21,044. The numbers have risen chiefly in Mewar, Alwar, and Karauli and have fallen again in Bharatpur. Prices vary between $11\frac{3}{4}$ seers per rupee in Karauli and $16\frac{1}{2}$ seers in Alwar. Small-pox and cholera are prevalent in some places in Bharatpur and there were 10 deaths from cholera in Ajmer-Merwara, otherwise the public health is generally good. Relief measures are adequate and the physical condition of relief workers is fair to good. Emigrant cattle are returning in considerable numbers.

Central India.—There was partial rain during the week in parts of Gwalior, Bundelkhand, and Bhopawar. Land is being prepared for autumn sowings. Agricultural stock is bad in parts of Gwalior and Bundelkhand. Pasturage is bad in parts of Gwalior; scarce in Bundelkhand; and insufficient in parts of Indore. Prices are high in Gwalior, Indore and Baghelkhand; are rising in Bhopal; are fluctuating in Jaora, and are steady elsewhere.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. The numbers on relief are:—Gwalior—on works 47,000, on gratuitous relief 12,000, total 59,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs—on works 22,200, on gratuitous relief 3,200, total 25,400, grand total 84,400. Prices in Bundelkhand $13\frac{5}{16}$ seers per rupee.

Central Provinces.—The weather continues to be hot and cloudy with occasional high winds. Seoni, Saugor, Buldana and Nagpur received from one to one and a half inch of rain; light local showers were also received in all other districts, except Mandla, Narsingpur, Damoh, Balaghat, and Amraoti. The preparation of land for autumn sowings is almost completed, but sowings await advance of the monsoon. Sowing of rice continues in Chhattisgarh and has commenced in the Brahmapuri tahsil of Chanda. The return of emigrants towards Bundelkhand continues unchecked. Labourers are leaving their work on field embankments and private tanks in Bilaspur for field work. The condition of the people remains satisfactory. Swarms of locusts passed over Hatta in the Damoh district but proceeded to the west without causing damage. Insufficiency of fodder and water continues in parts of Damoh, Jubbulpore, Chanda, Bilaspur, Akola, and Yeotmal. Fodder

in very dear in Wardha and Nagpur. The prices of food-grains are almost stationary and are still equal to or about the warning rates in all districts, except Saugor, Jubbulpore, Narsinghpur and Betul : the scarcity level has been reached in Nimar, Wardha, Balaghat, and Bilaspur.

Baroda.—For week ending 2nd June 1906. The numbers on relief are :—on works 3,097, on gratuitous relief 147, total 3,244.

Bombay.—There was good rain during the week in parts of Surat, Nasik, Poona, and Kolhapur; moderate in parts of Broach, Thana, Colaba, Kanara, Satara, and Belgaum, and slight in parts of Sind, Ratnagiri, Khandesh, Ahmednagar, Sholapur, Bijapur, Dharwar, Baroda, Cutch, Mahi Kantha, Sawantwadi, and Kathiawar. The rainfall is not sufficient for general commencement of sowing operations. The standing crops are generally in good condition except for slight damage by locusts in parts of Karachi, Larkana, Thar and Parkar, and Bijapur. Water is deficient in irrigation canals, tanks, and wells. Preparation of lands for autumn cultivation continues in some places : sowings are in progress in parts of Karachi, Sukkur, Larkana, Broach, Surat, Konkan, Nasik, Ahmednagar, Poona, Satara, the Karnatak and Kolhapur, but are retarded in parts of Larkana, Kanara, and Dharwar. The supply of drinking water is improved by recent rain in parts of Ahmednagar, Poona, Sholapur, Satara, and Bijapur but continues scarce elsewhere and measures for its improvement with aid of Government grants and takavi advances continue. Agricultural stock are losing codition. The deficiency in numbers of cattle is being made good from takavi advances. Fodder continues scarce and prices are two to three times above the normal. The demand for imported grass is keen, and active trade helps to keep up ample stocks of food grains with merchants. The quantity of grain purchasable per rupee in the Deccan is 28 to 53 per cent; in the Karnatak 37 to 49 per cent; in Gujarat 24 to 40 per cent, in the Konkan 25 to 43 per cent, and in Sind 10 to 25 per cent less than the normal. The numbers on test works on the last day of the week ending the 2nd instant were :—Dharwar 158, Phaltan 147, Miraj Junior 140, Kathiawar 639, total 1,084. Distress is gradually increasing though is nowhere acute. The condition of agricultural labourers is fair to good and they get considerable employment in fields and on Local Boards', Government and private works organized by help of takavi grants. Relief workers are generally in good condition and relief measures are adequate. The numbers on relief are rising. Emigrants continue to return. There is no aimless wandering or emaciation reported. The public health is generally good. Cholera is still prevalent in places in the Deccan, the Karnatak, and Kolhapur. The numbers on relief are :—British districts —Deccan—on works 27,323, on gratuitous relief 37,623, total 64,946, Karnatak—on works 16,666, on gratuitous relief 16,788, total 33,454, Native States :—on works 6,757, on gratuitous relief 2,240, total 8,997.

Hyderabad.—Rainfall—10 cents. Lands are being prepared for autumn sowings which have commenced in parts. Fodder scarcity exists in 64 talukas and water scarcity in 49. The attendance on road works amounted to 3,669 persons and in poor houses to 941 persons. Labourers are also employed on takavi wells. Prices :—wheat 8¼; coarse rice 7¼; and *juar* 14½ seers per rupee. The price of *juar* has risen by ½ to 4 seers per rupee in 15 talukas and fallen from ½ to 1½ seers in 14.

Mysore.—The rainfall of the week was good in Hassan, Kadur, Shimoga, and Chitaldroog and fair in other parts. Markets are fairly well supplied but prices are high in Kolar, Hassan, and Shimoga. The standing crops are withering in parts of Tumkur, and Mysore, elsewhere they are in fair condition. Prospects are generally improved except in parts of Tumkur and Mysore. Cattle are unhealthy in parts of Tumkur, Mysore and Hassan, and generally in poor condition in Kolar. Water and fodder are still available only in limited quantities in parts of Bangalore, Kolar, Hassan, Shimoga, and Chitaldroog.

Coorg.—Rainfall—48 cents. Ploughing for rice continues. Prices of food grains are normal. Water and fodder are sufficient.

Madras.—There was no rain in Chingleput, Madras, South Arcot, and Tinnevelly; good rain in Vizagapatam littoral, Salem, West Coast districts and the Nilgiris; and light to fair rain elsewhere. Irrigation supplies are sufficient except in Cuddapah, Nellore, and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Bellary, Chingleput, Coimbatore, and Madura are withering or have withered. Harvests continue with outturn poor to normal and bumper. Pasture is insufficient except in Malabar and the Nilgiris. Fodder is scanty in parts of Bellary, Anantapur, Coimbatore, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in eight districts; has fallen in one; and has slightly risen in fourteen. The prices of millets have fluctuated as follows :—*Ragi* is stationary in five districts, and has slightly risen in sixteen. *Cholam* is stationary in three districts, has fallen in one; and has slightly risen in ten. *Cumbu* is stationary in four districts; and has slightly risen in eleven.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table:

DEPARTMENT OF COMMERCE AND INDUSTRY.

NOTIFICATIONS.

POST OFFICE.

MONEY ORDERS.

Simla, the 18th June, 1906.

No. 4844-173.—In exercise of the power conferred by section 43 of the Indian Post Office Act, 1898 (VI of 1898), the Governor General in Council is pleased to direct that the undermentioned amendment shall be made in the rules published in the Notification in the Finance and Commerce Department No. 1429-C.S R, dated the 30th March 1899.

Insert the following after rule 126—

(*c*) Foreign money orders telegraphed to offices of exchange.

126A.—The remitter of a foreign money order drawn on any country except Ceylon with which money orders are exchanged may have the particulars of the money order telegraphed to the Indian Office of exchange concerned, and that office shall, on receipt of the telegraphic advice, issue by post a money order on the country of payment under the rules relating to foreign money orders.

126B.—The fees, the limit of value, and the other conditions laid down in the rules relating to inland telegraphic money orders shall apply in the case of foreign *rupee* money orders telegraphed to offices of exchange.

126C.—The amount for which a single foreign *sterling* money order may be telegraphed to the office of exchange shall not exceed £40, and shall not include any broken sum less than £1.

126D.—The following fees (which include the cost of the telegram) shall be charged for the issue of foreign *sterling* money orders telegraphed to offices of exchange.

(*a*) *For sums not exceeding £5—*

		Rs.	A.	P.	
For the first £1		1	3	0	If advice sent "Urgent."
		0	11	0	If advice sent "Deferred."
For the balance	If it is £1	0	2	0	
	" " £2	0	5	0	
	" " £3	0	7	0	
	" " £4	0	9	0	

(*b*) *For sums exceeding £5 up to £40—*

	Rs.	A.	P.	
For the first £5	1	12	0	If advice sent "Urgent."
	1	4	0	If advice sent "Deferred."
For each complete sum of £5 additional	0	12	0	
For sums less £5 additional—				
If the sum is £1	0	3	0	
" " " £2	0	5	0	
" " " £3	0	8	0	
" " " £4	0	10	0	

126-E.—Rules 96, 97, 98, 99 and 103 relating to telegraphic inland money orders shall be equally applicable to foreign *sterling* money orders telegraphed to offices of exchange.

COTTON DUTIES.

The 19th June, 1906.

No. 4820-4.—In exercise of the powers conferred by section 7 (1) of the Cotton Duties Act, 1896 (II of 1896), the Governor General in Council is pleased to direct that entries Nos. 34, 35, 36 and 37, fixing tariff values for certain descriptions of Madras cloth, shall be omitted from the list of tariff values appended to the Notification of the Government of India in this Department, No 7514 dated the 15th December 1905. This decision will take effect from the 10th July 1906, and from that date Madras cloths of the descriptions in question will be assessed to excise duty on an *ad valorem* basis.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 21st June 1906, based on the India Daily Weather Reports of the period.

On Sunday morning a depression appeared off the north Circars coast and developed during the day until on the next morning its barometric depth was approximately a quarter of an inch. The depression crossed the coast on Monday and passed slowly inland through Orissa and the Central Provinces, reaching on the morning of the 21st the neighbourhood of Saugor. Under its influence the Bay monsoon current became established in northeast India and monsoon conditions extended up the Gangetic plain as far as the eastern boundary of the Punjab. On the other side the Bombay current penetrated freely into the Central Provinces and the west of Central India, and at the end of the week was being drawn into parts of Rajputana and Gujarat.

On the Burma coast rainfall has been nearly general throughout the week and at times moderately heavy, but in the interior of Burma it has usually been light and has varied from local to nearly general. Skies were moderately to heavily overcast and temperature was in slight defect.

In northeast India there were only isolated falls of rain up to the 17th, but on the next day owing to the depression rainfall increased rapidly and from the 19th to the end of the week it was nearly general and moderately heavy. Skies were only lightly to moderately overcast for the first three days of the week, but during the remainder they were

heavily clouded over. The moderate to large excess of temperature on the 15th and 16th disappeared on the 18th and from the 19th to the 21st weather was cooler than usual.

In the United Provinces, the Punjab, the Frontier Province, Kashmir and Rajputana, rain, usually associated with duststorms and thunderstorms, was reported from a number of stations during the first part of the week. During the second half the monsoon as already stated, gave light rain at a few of the stations in the United Provinces: there was also a large increase in humidity, and skies became moderately to heavily overcast. In the Punjab and Rajputana, however, there were clear skies during the greater part of the week. Temperature was in large excess in the United Provinces during the first three days and below normal at the end of the period, while in the Punjab temperature has been on the average in defect.

In the Central Provinces owing to the depression heavy rain fell during the latter part of the week, while in Central India rainfall was moderately heavy in the western districts and light in the eastern. Skies which were lightly to moderately overcast from the 15th to the 18th were completely overcast from the 19th to the 21st and temperature which was in large excess in the central parts of the Central Provinces for several days was below normal over the whole province on the 21st.

Moderate to heavy rain fell on the west coast daily and on the Circars coast from the 15th to the 19th. In the interior of the Peninsula rainfall was abundant on the 15th, but diminished during the next two days · on the 18th it increased considerably in the Deccan and good rain was received during the rest of the week in the Bombay Deccan and Hyderabad. Skies were heavily overcast and temperature in considerable defect throughout the week.

The rainfall of the period from the 4th May to the 21st June is normal in Burma and normal or in excess over a large part of northeast India and practically the whole of the Peninsula. It is still in defect in the Brahmaputra Valley, Bihar, Chota Nagpur, the United Provinces, Central India, the whole of northwest India and Malabar. The defect is large averaging more than 50 per cent. in northwest India.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:

June 15th. Tavoy 5·30", Moulmein 2·83", Mormugao 4·60", Salem 1·17" and Cocanada 2·45".

" 16th. Diamond Island 2·43", Ratnagiri 3·74" and Negapatam 1·41".

" 17th. Bassein 2·39", Sibsagar 1·94", Indore 3·26", Ratnagiri 6·58", Goa 5·23", Hyderabad 2·38" and Hanumkonda 3·32".

" 18th. Maymyo 1·15", Bhamo 3·65", Barisal 1·30" and Vizagapatam 5·70".

" 19th. Akyab 5·07", Dinajpur 1·57", Cuttack 1·91", Dehra Dun 1·43", Ambala 1·01", Malegaon 1·50" and Masulipatam 3·15".

" 20th. Mergui 3·80", Jalpaiguri 2·03", Benares 1·42", Sambalpur 1·98", Seoni 2·30", Chanda 6·41", Amraoti 3·29", Mangalore 3·16" and Poona 1·99".

" 21st. Akyab 4·02", Khandwa 3·32", Pachmarhi 4·44", Nagpur 5·32", Mercara 3·87" and Ahmednagar 2·09".

J. PATTERSON,

for Meteorological Reporter to the Government of India and Director General of Indian Observatories.

J. WILSON,

Secretary to the Government of India.

SIMLA;

The 21st June, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 16th June 1906.

Burma.—The rainfall of the week was heavy in Tenasserim; light in the dry zone; and moderate elsewhere. Ploughing for wet weather paddy has commenced in Hanthawaddy, Prome, Mandalay, and Bhamo and is now practically general. Sowing of early wet weather paddy is completed in Mandalay, and reaping of dry weather paddy in the Ruby Mines district and ploughing for early sessamum, cotton, maize, and groundnut is progressing. Sowing of early sessamum has begun in Pakokku. The crop prospects are favourable. Scarcity is reported from the Arrakan hill tracts owing to last season's shortage of crop, and measures are being taken to assist with agricultural advances. The price of paddy has risen considerably in Toungoo, Shwebo, and Kyaukse and slightly in five districts: it has fallen slightly at one centre.

Eastern-Bengal and Assam.—The weather is seasonable. The rainfall was general during the week. Prospects of tea are generally good in Cachar, Nowgong, and Lakhimpur, and fair elsewhere. Sowing of early and late broadcast rice and jute is finished. Weeding of early rice and jute is in progress. Harvesting has commenced in places. Cultivation of late transplanted rice continues. The prospects of the crops are fair to good except in parts of Mymensingh, Dacca, and Sylhet, where insects have caused some damage to the standing rice crops. Fodder is scanty in parts of Pabna. Prices of common rice:—Manipur 14; Kohima, and Sibsagar 10; Noakhali, Chittagong, Tezpur, and Nowgong 9; Comilla 8$\frac{7}{8}$; Dinajpur 8$\frac{13}{16}$; Rampur Boalia 8$\frac{3}{4}$; Malda, Bogra, Dhubri, and Dibrugarh 8$\frac{1}{2}$; Pabna, and Dacca 8$\frac{1}{4}$; Jalpaiguri, Rangpur, Mymensingh, Rangamati, Sylhet, and Gauhati 8; Faridpur 7 to 8; Barisal and Silchar 7$\frac{1}{2}$; Tura 7; Shillong 6$\frac{1}{2}$; Aijal 5 seers per rupee. Prices have risen in five; fallen in eight; and remain stationary in the remaining districts.

Bengal.—Rain was fairly general all over the Province except in the Patna Division where there was practically no rain during the week. The 'fall was for the most part light to moderate except in Puri where it was heavy. More rain is generally needed for agricultural operations. Weeding of jute and sowing of paddy are going on. Some distress prevails in parts of Jessore and Nadia and the opening of test relief works is reported to be necessary in the Gangni thana of the Nadia district. Fodder and water are insufficient in one district. The price of common rice has risen in eight and fallen in seven districts, but continues high in most districts.

United Provinces.—There were slight to heavy showers during the week in 23 districts. Fields are being ploughed and manured and in irrigated areas sowings continue. Fodder is getting dear in Muzaffarnagar, Aligarh, Hardoi, and Sultanpur, and is still extremely scarce in parts of the Allahabad and Agra Divisions. Cholera has broken out in Tehri but is declining in Bundelkhand. Prices of food grains show a tendency to rise in thirteen districts.

The weekly report on the famine and scarcity is as follows:— There was slight rain in Hamirpur, Jhansi, and Muttra. Preparations and sowings for the autumn harvest continue. The numbers on relief have risen owing to the decline of cholera in Bundelkhand. Arrangements are now being made for the closure of road works and the removal of dependants to their homes in anticipation of the breaking of the rains. Scarcity of fodder and water continues and large numbers of cattle are still being sold in Jalaun, mainly to outsiders. The distribution of takavi for the purchase of bullocks has begun in Etawah and inquiries are proceeding in other districts: the demand is great. Prices of food grains have risen slightly in Cawnpore, Banda, and Jhansi. The numbers on relief are:—Allahabad Division—workers 80,000, on gratuitous relief 60,000; Agra Division—workers 11,000, on gratuitous relief 11,000; total 162,000.

Punjab.—Except in Multan the rainfall was general. The prices of food grains are unsettled; wheat is rising in four and falling in three districts. Harvesting of spring crops continues in places. Threshing of extra spring crops has commenced in Amritsar and Mianwali. Weeding of cotton, sugarcane, and tobacco is going on in Sialkot. Sowings of autumn crops continue. The outturn of spring crops is good all round, also the condition of the standing autumn and extra spring crops, and of opium in Lahore. Cotton has been somewhat damaged by locusts in Hissar; by grasshoppers in Gurgaon, Lahore, Amritsar, and Shahpur; indigo by insects in Multan; and melons by excessive

heat in Ambala. Locusts appeared in Mianwali but did no damage. Cattle are in good condition except in Gurgaon and Jullundur where they are lean from insufficiency of fodder and overwork. Dry fodder is sufficient in all districts except Gurgaon; green fodder is scanty or not available in Jullundur and Ferozepore. There are no complaints regarding the water-supply.

The weekly report on the famine and scarcity is as follows:—Rohtak—number on works 6,152, dependants 6,759; total 12,911. The people are generally resorting to the works. There is no wandering or emaciation reported. The physical condition of the workers is generally good. Relief measures are sufficient and the public health is generally good.

North-West Frontier Province.—The rainfall of the week averaged 31 to 93 cents all over the Province except in Peshawar. The condition of the standing crops on irrigated areas is good and on unirrigated average, except in Dera Ismail Khan, where it is below average. Sowings of autumn crops are in progress. Canal water is sufficient, except in Swabi. There is no irrigation from hill torrents in Dera Ismail Khan. Floods have occurred in Kurram and Gambila. The condition of cattle is generally good, except in certain villages of the Peshawar, Bannu and Dera Ismail Khan districts. Stocks of food-grains and fodder are sufficient. Prices are fluctuating. Prices;—wheat $15\frac{5}{16}$ to 19; maize $17\frac{1}{2}$ to 20; *bajra* 13 to 15; gram $15\frac{3}{16}$ to 19 seers per rupee.

Jammu.—There was slight rain generally all over the Province. Prices are fluctuating. Prices:—wheat 14 to 25 and maize 16 to 35 seers per rupee. The condition of the standing crops is fair. Fodder is sufficient. Harvesting and threshing are generally over and housing is in progress.

Kashmir.—The weather is bright and a little warm. Prices are stationary. Spring crops are ripe and autumn sowings are in progress.

Rajputana.—Rainfall in cents:—Marwar (ten districts), maximum 190; Jaisalmer 125; Mewar 51; Tonk 84; Jhalawar 85; Ajmer 110. There was also light rain in Bikanir, Sirohi, the hill tracts, Partabgarh, Shahpura Jaipur, Alwar, Bharatpur, Dholpur, and Merwara. Operations for autumn sowings continue and sowings have commenced in Marwar, Mewar, and Ajmer, where the rain was sufficient. Fodder is insufficient in scarcity tracts and in Kotah and here cattle are generally in poor condition. The water-supply is failing in hill tracts and in parts of Kotah, Jhalawar, Kishengarh, Dholpur, and Ajmer. Prices have risen in Bikanir, Kishengarh, and Alwar, and have fallen in Jhalawar and Merwara.

The weekly report on the famine and scarcity is as follows:—Ajmer—number on works 6,950, on gratuitous relief 3,285, total 10,235; Merwara—on works 18,627, on gratuitous relief 7,025, total 25,652. In Native States:—Marwar—on works 2,444, on gratuitous relief 1,644, total 4,088; Mewar—on works 2,495, on gratuitous relief 317, total 2,812; Shahpura—on works 40, on gratuitous relief 85, total 125; Tonk—on works 2,727, on gratuitous relief 836, total 3,563; Jaipur—on works 17,801, on gratuitous relief 737, total 18,538; Kishengarh—on works 3,580, on gratuitous relief 2,918, total 6,498; Alwar—on works 3,726, on gratuitous relief 2,492, total 6,218; Eastern States—on works 15,360, on gratuitous relief 5,762, total 21,122. Prices vary between $11\frac{3}{4}$ seers in Karauli and $14\frac{3}{4}$ seers per rupee in Alwar. Cholera has broken out on works in Dholpur and continues in some villages in Bharatpur and Ajmer-Merwara, but is nowhere severe at present. Other conditions are the same as last week. Emigrant cattle are still returning in considerable numbers.

Central India.—Rain was general in Bhopal and Bhopawar, and partial in Gwalior, Bundelkhand, and Malwa. Preparation of land for autumn sowings is in progress. Agricultural stock in bad condition in parts of Gwalior and fair in Indore, Bhopal, Malwa, and Bhopawar. Pasturage bad in parts of Gwalior and scarce in Bundelkhand. Prices are high in Gwalior, Indore, Bhopal, Baghelkhand, and steady in Malwa and Bhopawar.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. The numbers on relief are:—Gwalior—on works 47,000, on gratuitous relief 12,000, total 59,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs—on works 24,000, on gratuitous relief 3,600, total 27,600; grand total 86,600.

Central Provinces.—The weather continues to be unsettled; light to moderate rain fell in all districts except Seoni and Bilaspur; the rainfall in Nimar and Balaghat exceeds 3 inches, in Buldana, Betul, Akola, Saugor, Chanda, Damoh, Wardha, Drug and Amraoti the quantity received was between one inch and 2 inches; the remaining districts received from 25 to 75 cents. Sowing has commenced in parts of Jubbulpore, Narsinghpur, Chhindwara, Bhandara, and Balaghat and continues in Chhattisgarh and the Chanda district. Cotton is being sown in parts of Seoni, Wardha, Akola, Amraoti, and throughout

the Buldana district. About 11,000 immigrants have left the Saugor district for Bundelkhand. There is sufficient employment for labourers in Bilaspur and the condition of the people continues to be satisfactory. Locusts passed through parts of Narsinghpur and Balaghat but did no damage as there are no standing crops. Scarcity of fodder and water continues to exist in a few districts. The price of wheat has fallen by one seer per rupee in Mandla and Bilaspur and that of *juar* by one seer in Chhindwara; *juar* is dearer in Betul by 1¾ seers. The prices of food-grains are still equal to or above the warning rates in all districts except Saugor, Jubbulpore, Narsinghpur, and Betul. Rice in Chanda, Balaghat, and Bilaspur, and *juar* in Nimar and Wardha, are slightly dearer than the scarcity rates.

Baroda.—For week ending 9th June 1906. The numbers on relief are:—on works 2,719, on gratuitous relief 147, total 2,866.

Bombay.—There was good rain during the week in parts of the Konkan, Palanpur, Kolhapur, Ahmedabad, Broach, the Deccan, Kathiawar, and Mahi Kantha; moderate in parts of the Panch Mahals, Kaira, the Karnatak and Rewa Kantha; and slight in parts of Karachi, Larkana, Hyderabad, Baroda, and Cutch. The rainfall was general but insufficient for sowing in parts of Kaira, the Deccan, the Karnatak and Rewa Kantha. The standing crops have been benefited by recent rain and are generally in good condition. Irrigation canals, tanks, and wells are being replenished by rain. Sowing generally continues except in parts where moisture is insufficient. Except in parts of Belgaum, Dharwar, Kolhapur, Kathiawar, and Baroda the supply of drinking water has greatly improved owing to rain. Cattle are not yet improving in condition; the deficiency of agricultural stock is being made good from takavi advances. Fodder is still deficient but green grass should soon be available. The price of local fodder is two to four times the normal and imported grass finds ready sale. Stocks of food grains in the market are ample and imports are active. The quantity of grain purchasable per rupee in the Deccan is 28 to 57 per cent; in the Karnatak 37 to 49 per cent; in Gujarat 24 to 40 per cent; in Konkan 25 to 43 per cent; and in Sind 5 to 25 per cent less than normal. Distress is not yet acute; agricultural labourers are in fair to good condition. The condition of relief workers is generally good and relief measures are adequate. The numbers on relief have slightly fallen owing to cholera scare on works in Bijapur. Emigrants continue to return in large numbers and they get sufficient employment in fields and on other works in their villages. There is no aimless wandering or emaciation reported. The public health is generally good. Cholera is still prevalent in places in the Deccan, the Karnatak, and Kolhapur. The numbers on relief are —British districts:—Deccan—on works 27,903, on gratuitous relief 38,474, total 66,377; Karnatak—on works 15,541, on gratuitous relief 16,232, total 31,773; Native States:—on works 6,145, on gratuitous relief 2,407, total 8,552. The numbers on test works on the last day of the week ending 9th instant were:—Dharwar 200, Phaltan 154, Miraj Junior 194, Kathiawar 611, total 1,159.

Hyderabad.—The rainfall was general, the average during the week was 2 inches 47 cents. Autumn sowings have commenced in forty talukas and early rice sowings in one; in other parts lands are being prepared for sowings. Fodder scarcity prevails in sixty-six talukas. The attendance on road works amounted to 2,805 persons. The people are also employed on takavi wells. The number relieved in poor houses amounted to 784 persons. Prices:—wheat 8½; coarse rice 7½; and *juar* 14½ seers per rupee. The price of *juar* has risen from a half to one seer in 5 talukas and fallen from a half to four seers per rupee in 13.

Mysore.—There was good rain during the week in Bangalore, Kolar, Tumkur, Kadur, and Chitaldroog and fair rain in other parts of the Province. Markets are fairly well supplied but prices are high in Kolar, Hassan, and Shimoga. Crops are withering in parts of Mysore and Hassan: elsewhere they are in fair condition. Agricultural operations are generally in progress and prospects have been improved by the recent rains except in parts of Mysore where more rain is needed. Cattle are unhealthy in parts of Mysore, Hassan, and Kadur. Water is generally available except in parts of Mysore and Shimoga where it is scarce. Fodder is insufficient in parts of Bangalore, Tumkur, Hassan, and Shimoga.

Coorg.—Rainfall—5 inches 83 cents. Ploughing for rice continues. Prices of food grains are normal. Water and fodder are sufficient.

Madras.—The rainfall of the week was light in Coimbatore and Tinnevelly; fair in Guntur, Trichinopoly, Madura, and the Nilgiris; and good to heavy elsewhere. Irrigation supplies are insufficient except in Vizagapatam, Cuddapah, Nellore, and the Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Bellary, and Chingleput are withering or have withered. Harvests continue in parts with outturn poor to normal and bumper. Pasturage is insufficient except in Malabar and the Nilgiris. Fodder is scanty in parts of Bellary, Tanjore, and Anantapur. The condition of cattle is generally good. The price of rice is stationary in nine districts; has fallen in four; and slightly risen in ten. The prices of millets have fluctuated as follows:—*Ragi* is stationary in four districts; has fallen in six; and has slightly risen in eleven. *Cholam* is stationary in two districts; has fallen in

five, and has slightly risen in seven *Cumbu* is stationary in one district, has fallen in three, and has slightly risen in eleven.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table.

Name of Province or State	PRECEDING WEEK			PRESENT WEEK			Increase or decrease

NOTIFICATIONS.

PUBLIC.

Simla, the 27th June, 1906.

No. 1508.—The following rules are substituted for rules II and XIII of the rules for the submission, receipt and transmission of memorials and other papers of the same class to His Majesty the King, Emperor of India, or to the Right Hon'ble the Secretary of State for India, which were published with the Home Department notification no. 148, dated the 19th January 1905 :

Rule II :—Every memorial to His Majesty or to the Secretary of State for India should contain all material statements and arguments relied upon by the memorialist and be complete in itself ; and it should be accompanied by a letter requesting its transmission to the authority to which it is addressed.

Rule XIII :—The Government of India may withhold the transmission of a memorial to His Majesty or to the Secretary of State for India unless the memorialist has previously memorialized the Government of India and the local Government concerned on the same subject ; and the Government of Madras or Bombay may withhold the transmission of a memorial which under rule IV they are authorized to forward direct, unless the memorialist has previously memorialized the local Government concerned on the same subject : provided that, when the memorial is one for pardon which no authority in India has power to grant, it should be addressed to His Majesty and forwarded to the Secretary of State for India.

ESTABLISHMENTS.

The 26th June, 1906.

5300-Exc., „ „ 21st September 1905,
5616 Exc, „ „ 6th October 1905,
1670 Exc., „ „ 22nd March 1906

RULES UNDER THE INDIAN STAMP ACT, 1899.

CHAPTER I.

Preliminary.

Definition.

1. In these rules the expression "the Act" shall mean the Indian Stamp Act, 1899

Kinds of stamps.

2. There shall be two kinds of stamps for indicating the payment of duty on instruments chargeable with duty under the Act, namely.
   (a) impressed stamps, and
   (b) adhesive stamps.

CHAPTER II.

Of Impressed Stamps.

Hundis.

3. (1) Hundis, other than hundis which may be stamped with an adhesive stamp under section 11 of the Act, shall be written as follows, namely:
   (a) A hundi payable otherwise than on demand, but not at more than one year after date or sight, and for an amount not exceeding rupees thirty thousand in value, shall be written on paper on which the necessary stamp bearing the word "Hundi" has been engraved or embossed.
   (b) A hundi for an amount exceeding rupees thirty thousand in value, or payable at more than one year after date or sight, shall be written on paper, supplied for sale by the Government, to which a label has been affixed by the Controller of Printing, Stationery and Stamps at Calcutta, or the Superintendent of Stamps at Madras, Bombay, Lahore, Rangoon, Karachi or Nagpur, and impressed by such officer in the manner hereinafter prescribed by rule 10,

(2) Every sheet of such paper shall be of a size not less than $8\frac{3}{8} \times 5\frac{1}{8}$ inches, and no plain paper shall be joined to it.

(3) The provisions of sub-section (1) of rule 6 shall apply also in the case of hundis.

Promissory notes and bills-of-exchange.

4. A promissory note or bill-of-exchange shall, except as provided by section 11 of the Act and by these rules, be written on paper, on which the necessary stamp, with or without the word "Hundi", has been engraved or embossed.

5. Every other instrument chargeable with duty shall, except as provided by section 11 of the Act, be written on paper, on which the necessary stamp, not bearing the word "Hundi", has been engraved or embossed.

Other instruments.

6. (1) Where two or more sheets of paper on which stamps are engraved or embossed are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

Provision where single sheet of paper is insufficient.

(2) Where a single sheet of paper, not being paper bearing an impressed hundi-stamp, is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument:

Provided that in every such case the side of the sheet which bears the stamp shall be covered by a substantial part of the instrument before any part of the latter is written on the plain paper joined to such sheet.

7. The duty payable on any instrument which is chargeable with a duty of one anna under the Act may be denoted by a coloured impression marked on a skeleton form of such instrument by the Controller of Printing, Stationery and Stamps at Calcutta, the Superintendent of Stamps at Madras, Bombay, Lahore, Rangoon, Karachi or Nagpur, or the Commissioner of Stamps, United Provinces of Agra and Oudh.

One-anna impressed stamps.

8. The following officers are empowered to affix and impress labels, and each of them shall be deemed to be "the proper officer" for the purposes of the Act and of these rules:

"The proper officer."

(a) the Collector of Calcutta;

(b) the Collectors of Godavari, Tinnevelly, Malabar, and South Canara, and the Treasury Deputy Collectors of those districts when the Collectors are absent from head quarters;

(c) the Treasury Officers, Moulmein, Akyab and Bassein;

(d) the Deputy Commissioner of Kamrup (at Gauhati), and the Senior Assistant Commissioner present when the Deputy Commissioner is absent from head-quarters;

(e) the Collector of Chittagong, and the Treasury Deputy Collector when the Collector is absent from head-quarters;

(f) the Superintendents of Stamps at Madras, Bombay, Lahore, Rangoon, Karachi and Nagpur;

(g) the Commissioner of Stamps, United Provinces of Agra and Oudh; and

(h) the Superintendent of Stamps (Political Resident), Aden.

9. (1) Labels may be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix A, and of the counterparts thereof.

Affixing and impressing of labels by proper officer permissible in certain cases.

(2) Labels may likewise be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix B, when written in any European language, and accompanied, if the language is not English, by a translation into English.

10. (1) The proper officer shall, upon any such instrument, as is referred to in rule 9, being brought to him before it is executed and upon application being made to him for that purpose, affix thereto a label or labels of such value as the applicant may desire and pay for, and impress such label or labels by means of a stamping-machine, and also stamp or write on the face of the label or labels the date of impressing the same before returning the instrument to the applicant. In the case of instruments written on parchment, the labels shall be further secured by means of metallic eyelets.

Mode of affixing and impressing labels.

(2) On affixing any label or labels under this rule, the proper officer shall, where the duty amounts to rupees five or upwards, write on the face of the label or labels his initials, and where the duty amounts to rupees twenty or upwards, shall also attach his usual signature to the instrument immediately under the label or labels.

(3) In Calcutta, the Deputy Collector and the Superintendent of the Stamp Department of the Collector's Office; in Karachi, the Assistant Superintendent of Stamps; in Lahore, in the absence of the Superintendent of Stamps, the Superintendent of his office; and, generally, any principal assistant of the proper officer, if empowered by the Local

Government in this behalf, may discharge the functions of the proper officer under sub-section (2) of this rule.

Certain instruments to be stamped with impressed labels.

11. (1) Instruments (other than instruments which, under section 11 of the Act, may be stamped with adhesive stamps) executed out of British India and requiring to be stamped after their receipt in British India shall be stamped with impressed labels.

(2) Where any such instrument as aforesaid is taken to the Collector under section 18, sub-section (2), of the Act, the Collector, unless he is himself the proper officer, shall send the instrument to the proper officer, remitting the amount of duty paid in respect thereof; and the proper officer shall stamp the instrument in the manner prescribed by rule 10 and return it to the Collector for delivery to the person by whom it was produced.

CHAPTER III.

Of Adhesive Stamps.

Bills-of-exchange.

12. Bills-of-exchange payable otherwise than on demand and drawn in sets, when the amount of duty does not exceed one anna for each part of the set, may be stamped with adhesive stamps.

Supply of deficient duty on transfer of share.

13. When any instrument of transfer of shares in a Company or Association is written on a sheet of paper on which the necessary stamp is engraved or embossed and the value of the stamp so engraved or embossed is subsequently, in consequence of a rise in the market value of such shares, found to fall short of the amount of duty chargeable under Article No. 62 (*a*) of Schedule I of the Act, one or more adhesive stamps bearing the words "Share Transfer", as hereinafter prescribed, may be used to make up the amount required.

Adhesive stamp or stamps denoting duty of one anna or half an anna.

14. Except as otherwise provided by these rules, the adhesive stamp or stamps used to denote the duty of one anna shall bear the words "One-Anna" or "Half-Anna", as the case may be, and the adhesive stamp used to denote the duty of half an anna shall bear the words "Half-Anna", and such stamp or stamps may be superscribed either for postage or for revenue or for both postage and revenue.

Special adhesive stamps to be used in certain cases.

15. The following instruments, when stamped with adhesive stamps, shall be stamped in the manner hereinafter prescribed, that is to say.

(*a*) Bills-of-exchange, cheques, and promissory notes drawn or made out of British India and chargeable with a duty of more than one anna shall be stamped with adhesive stamps bearing the words "Foreign Bill".

(*b*) Transfers of shares of Public Companies and Associations shall be stamped with adhesive stamps bearing the words "Share Transfer".

(*c*) An entry as an advocate, vakil or attorney on the roll of any High Court shall be stamped with an adhesive stamp bearing the word "Advocate", "Vakil", or "Attorney". Such stamp shall be affixed under the superintendence and responsibility of a gazetted officer of the High Court, who shall obtain the stamp from the Superintendent of Stamps and account to him for it. Such officer shall, after affixing the stamp, write on the face of it his usual signature with the date thereof before parting with the instrument.

(*d*) Notarial acts shall be stamped with adhesive foreign bill stamps bearing the word "Notarial".

(*e*) Copies of maps or plans certified to be true copies shall be stamped with adhesive court-fee stamps.

CHAPTER IV.

Miscellaneous.

Provision for cases in which improper description of stamp is used.

16. When an instrument bears a stamp of sufficient amount, but of improper description, the Collector may, on payment of the duty with which the same is chargeable, certify by endorsement on the instrument that it is duly stamped:

Provided that if application is made within three months of the execution of the instrument, and the Collector is satisfied that the improper description of stamp was used solely because of the difficulty or inconvenience of procuring one of proper description, he may remit the further payment of duty prescribed in this rule.

Evidence as to circumstances of claim to refund or renewal.

17. The Collector may require any person claiming a refund or renewal under Chapter V of the Act, or his duly authorized agent, to make an oral deposition on oath or affirmation, or to file an affidavit, setting forth the circumstances under which the claim has arisen, and may also, if he thinks fit, call for the evidence of witnesses in support of the statement set forth in any such deposition or affidavit as aforesaid.

Payment of allowances in respect of spoiled or misused stamps or on the renewal of debentures.

When an application is made for the payment, under Chapter V of the Act, of an allowance in respect of a spoiled or misused stamp, or on the renewal of a debenture, and an order is passed by the Collector sanctioning the allowance or calling for further evidence in support of the application, then, if the amount of the allowance or the stamp given in lieu thereof is not taken, or if the further evidence required is not furnished, as the case may be, by the applicant within one year of the date of such order as aforesaid, the application shall be struck out and the spoiled or misused stamp (if any) sent to the Superintendent of Stamps for destruction."

Mode of cancelling original debenture in case under section 55 of Act.

18. Where the Collector makes a refund under section 55 of the Act, he shall cancel the original debenture by writing on or across it the word "Cancelled" and his usual signature with the date thereof.

Rewards.

19. On the conviction of any offender under Chapter VII of the Act, the Collector may grant to any person who appears to him to have contributed thereto a reward within a limit to be fixed by the Local Government.

(a) Imported. Figures for week ending 16th June 1906.

H. H. RISLEY,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 hrs., on Thursday, the 28th June 1906, based on the India Daily Weather Reports of the period.

The most important feature in the weather conditions at the beginning of the week was a depression in the neighbourhood of Saugor ; this advanced rapidly westward and had passed over Kurrachee into the Arabian Sea by the morning of the 23rd. Under its influence the Bombay monsoon gave light to moderate rain in the west of Central India, Rajputana, Gujarat and lower Sind. On the next day another depression appeared in the northwest angle of the Bay, but this remained near the head of the Bay for three days and then disappeared ; during its existence the monsoon current was cut off from northeast India, and in Burma the rainfall was increased.

In Burma precipitation has been rather light on the coast, and in the interior weather was dry for the first two days : rainfall then increased and became nearly general from the 24th to the end of the week. Skies were heavily overcast and temperature, which was approximately normal on the 22nd and 23rd, was in large defect in the north of Burma during the remainder of the period ; in the south it was in slight excess.

In northeast India and Orissa the rainfall has been generally light and largely confined to the northern and eastern districts, while on the 26th and 27th, owing to the depression at the head of the Bay, only a few scattered falls occurred. Skies were partially clear during the week and temperature was in slight excess except in Bihar.

In the Simla and Mussoorie districts the Bombay monsoon gave light rain on the 22nd and 23rd ; precipitation then began to extend southward on each side of the border between the United Provinces and the Punjab, and throughout the remainder of the period moderately heavy rain fell in these districts, extending to the greater part of the United Provinces on the 28th. Skies have been completely overcast from the 24th in the border districts and moderately overcast elsewhere in the United Provinces. A local disturbance appeared in the extreme north of India on the 27th and gave thunderstorms and duststorms accompanied with rain at a number of stations.

In the west of Central India, the south of Rajputana, Gujarat and Lower Sind the depression which passed through these areas gave light to moderate rain on the first two days of the week, and during the remainder local falls occurred daily in Gujarat and the south of Rajputana. In the Central Provinces rainfall diminished rapidly as soon as the depression passed out of the province, but the Bombay monsoon again gave heavy rain from Sunday to Tuesday and light rain on the next two days. In all these areas skies have been heavily overcast and in the Central Provinces temperature has been in considerable defect.

On the west coast the Arabian Sea current was fairly active on Friday and Saturday, but since then it has gradually weakened and only very light rain has fallen. The monsoon has also been rather weak in the Deccan, only isolated falls having occurred. Temperature has been practically normal in the Peninsula and skies generally completely overcast on the west coast, while moderately clouded over elsewhere.

The rainfall of the period from the 4th May to the 28th June is equal to or in excess of the normal everywhere, except in the Brahmaputra Valley, the Indo-Gangetic Plain East, the North-West Dry Area, Baluchistan, the northern subdivisions of the Central India Plateau, the East Coast South and in the subdivisions represented by the stations of Darbhanga, Lahore, Cuttack, Ranchi, Calicut and Rajkot. The excess is most marked in the West Satpuras and the subdivision of Hyderabad.

The following list summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day :—

June 22nd. Sibsagar 3·08", Neemuch 1·50", Udaipur 1·63" and Bhuj 2·35".

" 23rd. Bhamo 5·93", Gauhati 3·35" and Kurrachee 1·21".

" 24th. Lashio 6·30", Simla 3·17", Jhansi 1·73", Pendra 3·25", Raipur 2·82" and Chanda 1·71".

" 25th. Yamethin 1·28", Monywa 1·59", Darjeeling 4·03", Saugor Island 3·23", Agra 1·65", Hoshangabad 2·34", Jubbulpore 4·66" and Nagpur 1·81".

" 26th. Chakrata 2·68", Ahmedabad 2·96", Nowgong 2·67", Sutna 3·61" and Pachmarhi 4·88".

" 27th. Chittagong 3·98" and Rawalpindi 1·69".

" 28th. Akyab 7·84", Silchar 4·17", Ranchi 2·31", Hazaribagh 2·03", Lucknow 3·15", Cawnpore 3·98", Bareilly 6·38", Roorkee 4·12", Dehra Dun 2·83" and Delhi 0·86".

J. PATTERSON,

for Meteorological Reporter to the Government of India and Director General of Indian Observatories.

J. WILSON,

Secretary to the Government of India.

SIMLA;

The 28th June, 1906.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 23rd June 1906.

Burma.—The rainfall was heavy along the coast and in northern tracts; light in the central area; and moderate elsewhere. Ploughing for wet-weather paddy is progressing and sowing has commenced in Sandoway, Pyapon, Bassein, and Katha. Reaping of dry-weather paddy is completed in Thayetmyo and sowing of hill side paddy in Katha. Sowing of early sessamum is completed in the Myaing township of Pakokku. Cultivation of cotton, sessamum and ground-nut continues. Prospects are favourable. The price of paddy has risen slightly in five districts and fallen slightly in one district; otherwise it is unchanged.

Eastern-Bengal and Assam.—The weather is seasonable. There was heavy rain in Jalpaiguri, Rangpur, Dinajpur, and Upper Assam and moderate to slight rain in other districts. More rain is wanted in Chittagong and Cachar. The prospects of tea are good in Nowgong and Lakhimpur and fair elsewhere. Harvesting of early rice and jute are in progress in places. The cultivation of late transplanted rice continues. The prospects of crops are generally good in most of the Eastern Bengal districts and Nowgong and are fair in other districts; but insects are causing some damage to standing rice crops in parts of Dacca, Tippera and Sylhet. Fodder is scanty in parts of Pabna. Prices of common rice:—Manipur 13; Kohima 10; Comilla 9½; Noakhali, Tezpur, Nowgong, and Sibsagar 9; Dinajpur 8[illegible]; Malda and Dibrugarh 8½; Rampur Boalia, Pabna, and Dacca 8¼; Jalpaiguri, Rangpur, Mymensingh, Chittagong, Rangamati, Sylhet, Dhubri, and Gauhati 8; Faridpur 7 to 8; Barisal and Silchar 7½; Bogra 7¾; Tura 7; Shillong 6¼; and Aijal 5 seers per rupee. Prices have risen in seven; fallen in one; and remain stationary in the remaining districts. Scarcity is reported from the districts of Noakhali and Bakarganj where test works and gratuitous relief have been started; 48 men and 16 children are employed in the former district and 600 men and 13 children employed in the latter district on test works. In Faridpur the condition of the people is improving owing to harvesting of early rice.

Bengal.—Rain was general all over the Province and for the most part moderate, except at Darjeeling where it was heavy. The rainfall of the week has done much good by facilitating ploughing and sowing but more rain is generally needed. Weeding of jute and sugarcane and sowing of paddy are going on. Prospects are on the whole improved. Test relief work has been started in Nadia on account of the distress in thana Gangani and distress is also reported in parts of Jessore. Fodder and water are sufficient. The price of common rice has risen in ten districts and fallen in one; it continues high in most districts.

United Provinces.—Rain fell during the week throughout the Provinces and more has fallen since the close of the week. Fields are being ploughed for the autumn crops and sowings have commenced in places. Sugarcane is reported to be in good condition. Fodder is still scarce in a large number of districts but the condition of the cattle, except in Bundelkhand and in Agra and Unao, is generally good. Prices of food-grains have risen in thirteen districts. Cholera is declining in Jaunpur and the Bundelkhand districts, but is still bad in Tehri.

The weekly report on the famine and scarcity is as follows:—The rainfall during the week was unequal and generally insufficient. The numbers on relief in Bundelkhand have increased but since the end of the week good rain has fallen and prospects have improved. Ploughing for the autumn crops has commenced. Gratuitous relief is being extended. Departmental works have been closed in Banda, Cawnpur, Agra and Etawah. Takavi for bullocks is in great demand and seed for autumn crops is being distributed. Prices are stationary in Muttra, Etawah and Jalaun; are easier in Agra; and have risen in Cawnpur, Hamirpur and Banda. The numbers on relief are:—Allahabad Division—workers 85,000, on gratuitous relief 63,000; Agra Division—workers 11,000, gratuitous relief 10,000; total 169,000.

Punjab.—Rain fell during the week in all districts except Lahore, Lyallpur, and Multan. Prices of food-grains are unsettled; the price of wheat is rising in Hissar, Rohtak, Sialkot, Rawalpindi, and Lyallpur and falling in Gurgaon and Shahpur. Harvesting of spring crops is nearly over; weeding of cotton, sugarcane and tobacco is in progress in Sialkot; tobacco in Jullundur and extra spring crops in Mianwali are being reaped. Sowings

of autumn crops continue, but more rain is urgently wanted for further sowings in Hissar and Sialkot. The condition and prospects of the standing crops is good and the outturn of spring crops is good all round. Cotton is somewhat damaged by grasshoppers in Amritsar, Mianwali and Sialkot; and sugarcane in Sialkot, and indigo in Multan, by insects. Cattle are in good condition except in Gurgaon and Jullundur, where they are lean owing to insufficient fodder and overwork. Fodder is sufficient except in Gurgaon and in parts of the Delhi district. There are no complaints regarding the water-supply.

North-West Frontier Province.—There was no rain during the week except a fall of 33 cents reported from the Marwat tahsil. The condition of the standing crops on irrigated areas is good and on unirrigated average, except in Dera Ismail Khan, where it is below average and where rain is badly wanted for extra spring crops. Canal water is sufficient, except in Swabi. There is no irrigation from hill torrents in Dera Ismail Khan. The Indus river is rising. The condition of cattle is generally good, except in certain villages of the Peshawar and Bannu districts. Stocks of food-grains and fodder are sufficient. Prices are fluctuating. Prices.—wheat 15¼ to 19; maize 15½ to 20; gram 16 to 19; *bajra* 13 to 14⅝ seers per rupee.

Jammu.—There was slight rain during the week. Prices are rising. Prices:—wheat 12 to 25 and maize 16 to 32 seers per rupee. The condition of the standing crops is fair. Fodder is sufficient.

Kashmir.—The weather is bright and hot. Prices are stationary. Spring crops are ripe and autumn sowings are in progress.

Rajputana.—There was good rainfall during the week in Partabgarh, Udaipur, the Mewar hill tracts and in parts of Bikanir and Marwar, (in these places sowings have commenced); between 50 cents and 1 inch in Jaipur, Bharatpur, Alwar, Tonk, Shahpura and Beawar; and elsewhere less rain. Land is being prepared for autumn sowings everywhere. The rain has replenished the water-supply in hill tracts but the deficiency is still felt in parts of Kishengarh, Dholpur and Ajmer. The condition of cattle has not yet improved in affected tracts and in Kotah where fodder is generally scarce. Prices have fallen in Kishengarh, Marwar, and Partabgarh, and risen slightly in Tonk.

The weekly report on the famine and scarcity is as follows:—Ajmer—number of persons on works 8,333, on gratuitous relief 3,730, total 12,063; Merwara.—on works 19,597, on gratuitous relief 7,475, total 27,072; the numbers have increased in both districts where the rainfall has been uneven. Native States:—Marwar—on works 2,192, on gratuitous relief 1,589, total 3,781; Mewar—on works 2,312, on gratuitous relief 264, total 2,576; Shahpura—on works 40, on gratuitous relief 90, total 130; Tonk—on works 2,421, on gratuitous relief 818, total 3,239; Jaipur—on works 16,774, on gratuitous relief 679, total 17,453; Kishengarh—on works 3,625, on gratuitous relief 2,954, total 6,579; Alwar—on works 3,114, on gratuitous relief 2,445, total 5,559; Eastern States—on works 13,579, on gratuitous relief 5,516, total 19,095; total in Native States 58,412; grand total 97,538. Prices vary between 11¼ seers in Karauli and 14½ seers per rupee in Kishengarh and Alwar. Cholera has subsided in Dholpur but continues sporadically in Bharatpur and Ajmer-Merwara. Emigrant cattle are still returning.

Central India.—The rainfall of the week was partial in Gwalior and Baghelkhand and general elsewhere in the Agency. Ploughing and sowing are in progress. Agricultural stock are in bad condition in parts of Gwalior and Bundelkhand and fair to good elsewhere. Pasturage is bad in parts of Gwalior and Indore and scarce in Bundelkhand. Prices are high in Gwalior, Indore, and Baghelkhand; have fallen in Rutlam, and are steady elsewhere.

The weekly report on the famine and scarcity is as follows:—The general position is unaltered. The numbers on relief are:—Gwalior—on works 46,500, on gratuitous relief 12,500, total 59,000. In Orchha, Datia, Samthar, Baoni, Charkhari, Panna, Bijawar, Ajaigarh, Chhatarpur, Sarila, and Jagirs—on works 22,600, on gratuitous relief 3,600, total 26,200; grand total 85,200. Prices in Bundelkhand 13 seers per rupee.

Central Provinces.—Good rain was received during the week throughout the Provinces and the falls in some districts were very heavy; Balaghat received 22 inches; Nagpur 15¾ inches; Chanda 10½ inches; Jubbulpore, Seoni, Betul, Wardha, and Bhandara 9 inches; Narsinghpur 8 inches; Mandla and Amraoti 7 inches; Damoh, Chhindwara and Yeotmal 6 inches; elsewhere the rainfall ranged from 5½ inches in Drug to 2¼ inches in Saugor. Sowing of autumn crops has been started all over the Provinces. 6,000 immigrants passed through the Saugor district towards Bundelkhand. Sowings in Bilaspur provide ample work for labourers who are consequently forsaking other works and the condition of the people continues to be satisfactory. Swarms of locusts passed through Seoni, Hoshangabad,

and Balaghat but did no damage; their appearance is also reported in Bhandara where steps are being taken against them. Fodder is scarce in parts of Chhindwara and Chanda and is very dear in Wardha and Akola. Prices of food-grains show a slight tendency to rise in the Jubbulpore Division and are still equal to or above the warning rates in nearly all districts; they continue equal to the scarcity level in Nimar, Wardha, Chanda, Balaghat, and Bilaspur.

Baroda.—For week ending 16th June 1906. The numbers on relief are:—on works 2,757, on gratuitous relief 148, total 2,905.

Bombay.—There was good rain during the week in parts of Karachi, Hyderabad, Ahmedabad, Broach, Surat, the Konkan, the Deccan, Belgaum, and Native States; moderate in parts of Panch Mahals, Kaira, Bijapur, and Dharwar; and slight in parts of Sukkur, Larkana, Upper Sind Frontier, and Thar and Parkar. Sowing generally continues and seedlings are in good condition. Transplantation has commenced in parts of Karachi, Sukkur, Larkana, and Savantwadi. The drinking water-supply has much improved except in parts of Sholapur, Belgaum, Dharwar, Kolhapur, and Kathiawar. Irrigation canals, tanks, and wells are being replenished by rain. Agricultural stock is deficient in parts and takavi is being granted for purchase of bullocks. The condition of cattle is still deteriorating for want of fodder, but green grass is expected to be soon available. The price of local fodder is two to three times above the normal. Stocks of food-grains with merchants are sufficient. The quantity of grain purchaseable per rupee is in the Deccan 28 to 60 per cent; in the Karnatak 37 to 49 per cent; in Gujarat 20 to 40 per cent; in Konkan 25 to 43 per cent; and in Sind 10 to 25 per cent less than the normal. The numbers on test works on the last day of the week ending 16th instant were:—Dharwar 183, Phaltan 140, Miraj Junior 244, Kathiawar 873, total 1,440. The distress is not acute. The condition of agricultural labourers is fair to good; relief workers are generally in good condition and relief measures are adequate. The numbers on relief are decreasing owing to the advent of the rains and consequent demand for field work. Returning emigrants get sufficient employment in fields and on other works in their villages. There is no aimless wandering or emaciation reported. The public health is generally good. Cholera is still prevalent in places in the Deccan, Karnatak, and Kolhapur. The numbers on relief are:—British districts:—Deccan—on works 24,317, on gratuitous relief 38,395, total 62,712; Karnatak—on works 15,052, on gratuitous relief 16,495, total 31,547. Native States:—on works 5,822, on gratuitous relief 2,442, total 8,264.

Hyderabad.—Rainfall—4 inches 4 cents. Autumn crops have been generally sown. Early rice sowings have commenced in two talukas and lands are being prepared in parts. Fodder scarcity prevails in thirty-five talukas. The attendance on road works amounted to 1,244 persons and the number relieved in poor-houses to 754 persons. Prices have fallen from a half to three seers per rupee in twenty-three talukas and have risen from a half to one seer in four. Prices:—wheat 8½; coarse rice 7; and *juar* 14½ seers per rupee.

Mysore.—The rainfall was good in Kadur and Shimoga; fair in Hassan; and slight elsewhere. Markets are fairly well supplied but prices are high in Bangalore, Kolar, Hassan, and Shimoga. The standing crops are withering in parts of Mysore and Bangalore, elsewhere they are in fair condition. Prospects in Kolar are dependent on more rain and are hopeful in other parts of the Province. Cattle are in poor condition in parts of Kolar, Tumkur, and Kadur. Water is generally available except in parts of Shimoga. The fodder supply is limited in parts of Bangalore, Tumkur, Shimoga, and Chitaldrug.

Coorg.—Rainfall—10 inches 81 cents. Ploughing for rice continues. Prices of food-grains are rising slightly. Water and fodder are sufficient.

Madras.—The rainfall of the week was heavy in the Circars, the west coast districts and Nilgiris; fair in Kurnool; light or no rain elsewhere. Irrigation supplies are insufficient except in Vizagapatam, Godavari, Kistna, Cuddapah, Nellore, the west coast districts and Nilgiris. Ploughing, sowing, manuring, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Chingleput are withering or have withered. Harvests continue in parts with outturn bad to normal and bumper. Pasturage is insufficient except in Ganjam, Vizagapatam, North Arcot, Malabar and Nilgiris. Fodder is scanty in parts of Godavari, Bellary, and Tanjore. The condition of cattle is generally good. The price of rice is stationary in twelve districts; has fallen in one; and has slightly risen in ten. The prices of millets have fluctuated as follows:—*Ragi* is stationary in seven districts; has fallen in five; and has slightly risen in nine. *Cholam* is stationary in four districts; has fallen in six; and has slightly risen in four. *Cumbu* is stationary in five districts; has fallen in three; and has slightly risen in seven.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table :

Name of Province or State.	Preceding week. (Revised figures)			Present week.			Increase or decrease.

J. WILSON,
Secretary to the Government of India.

No. 5068-33.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

MERCHANT SHIPPING.

Simla, the 28th June, 1906.

The following Order in Council, dated the 4th April 1906, is published for general information :

W. L. HARVEY,

Secretary to the Government of India.

ORDER IN COUNCIL.

AT the Court at *Saint James's*, the 4th day of April, 1906.

PRESENT

LORD CHANCELLOR.

PRIME MINISTER. LORD PRESIDENT.

Lord Privy Seal.

Earl Carrington.

Mr. Sinclair.

WHEREAS His Majesty was pleased, by His Commission dated the 2nd day of March, 1906, to nominate and appoint the Lord High Chancellor of Great Britain, the Prime Minister, and the Lord President of the Council, in His Majesty's absence from His Realm in Foreign Parts, to hold, on His Majesty's behalf, His Privy Council, and to signify thereat His approval of any matter or thing whereunto they should be so authorized by writing under His Majesty's Sign Manual, and to do further on His behalf any matter or thing for the purposes of the said Commission whereunto they should be authorized in manner aforesaid :

And whereas by Section 418 of the Merchant Shipping Act, 1894, His Majesty is empowered from time to time on the joint recommendation of the Admiralty and the Board of Trade by Order in Council to make regulations for preventing collisions at sea :

And whereas by an Order in Council dated the 11th day of August, 1884, Her late Majesty was pleased to direct that the regulations contained in the First Schedule thereto (being regulations for preventing collisions at sea) should be substituted for the regulations in that behalf then existing :

And whereas by Article 10 of the said regulations provision was made as to the lights and signals of fishing vessels and boats :

And whereas by Orders in Council dated respectively the 30th day of December, 1884 and the 24th day of June, 1885, Her late Majesty was pleased to direct among other things that the said regulations contained in Article 10 as above mentioned should as regards British fishing vessels and boats be modified as is in the said Orders respectively mentioned :

And whereas by an Order in Council dated the 27th day of November, 1896, Her late Majesty was pleased to direct that on and after the 1st day of July, 1897, the said regulations scheduled to the said Order of the 11th August, 1884, except the said Article numbered 10 in such regulations should be annulled and that the regulations for Preventing Collisions at Sea contained in the First Schedule to the said Order of the 27th day of November, 1896, should be substituted therefor (with the exception aforesaid) and come into operation as regards British ships and boats :

And whereas by an Order in Council dated the 23rd day of October, 1905, His Majesty was pleased to direct that the said regulations contained in the said Article 10 of
